CALIFORNIA LIBRARIES.

All libraries are listed except elementary public school and church libraries and those which belong to private individuals. They are arranged alphabetically by place under counties and counties are arranged alphabetically. To determine the county in which any place is located see list following these introductory paragraphs.

Those libraries are marked with an asterisk (*) which are not free to the public for either loan or reference purposes.

Libraries marked with ‡ are United States depository libraries; those marked with § are depositories for the Official gazette of the Patent Office; those marked with || are geological depositories.

The months are abbreviated as follows:

January Ja	July Jl
February F	August Ag
March Mr	September S
April Ap	October O
May My	November N
June Je	December D

Statistics are printed for the quarter, but are sent in by the libraries for each month separately in most cases, and will be furnished to any one who wishes them in the monthly form upon application to California State Library. So that the figures for circulation may be uniform, current magazines are included in the total whether reported that way or not.

The annual incomes as quoted for the free public libraries are computed when possible from the city clerks' reports sent to the State Controller's office, and are based on the assessed valuation of non-operative property.

Blanks for October, November and December statistics were sent to all of the libraries in December.

There are in California 21 county free libraries; 1 library district library; 2 high school district libraries; 125 libraries supported by city taxation; 66 law libraries, of which 55 are county law libraries; 58 county teachers' libraries; 326 libraries in educational institutions, of which 5 are universities, 9 colleges, 6 normal schools, 240 public high schools, 66 private schools and other institutions; 48 miscellaneous institution libraries and 66 association or society libraries; 51 subscription libraries. In connection with the above libraries there are 391 branches and deposit stations.

There are 118 library buildings, of which 99 were gifts, and of these gifts 84 are from Andrew Carnegie. Of these 84 Carnegie buildings, 4 are under construction.

As the libraries are now listed under counties the following alphabetical list by place, giving county, is printed:

DIRECTORY FOR LIBRARY SUPPLIES AND OTHER ITEMS OF GENERAL INTEREST.

www.libtool.com.cn

Many public libraries waste a great deal of time and money before they find good places to get supplies. The plan is to give all libraries the benefit of the experience of the older libraries of the state by listing under different heads the houses that have been found to give satisfaction, the names and addresses being furnished by the older and larger libraries of California. In this way suggestions will be given as to where different sorts of books may be bought, where books may be rebound or periodicals bound, where library furniture may be bought, etc., both in California and in the East.

If any information is needed about the firms listed below which can not be obtained from the firms themselves, the names of the libraries recommending the different ones will be sent to any library upon application to the State Library.

In this same section space will be given to any libraries of California in which to list numbers of periodicals, etc., wanted to complete files; books especially needed at any time, either to purchase or borrow; needs of any sort, such as an assistant to catalog the library, or assist, etc. Space will also be given to any librarian who wants a permanent position in a library, or who wants special work, such as cataloging small libraries, etc.

The section is entirely at the disposal of libraries and librarians for the purpose of mutual aid.

Annual Meeting.

The annual meeting will be held at the Arlington Hotel, Santa Barbara, June 9 to 14, 1913.

First District Meeting.

A meeting of the First District was held January 4, 1913, at the Lane Medical Library, San Francisco.

Sixth District Meeting.

A meeting of the Sixth District of the California Library Association held in Symphony Hall, Los Angeles, December 5, 1912, was attended by about sixty library workers.

Miss Ardena M. Chapin, the district president, opened the first session by introducing Mrs Shelley P. Tolhurst, a trustee of the Los Angeles Public Library, who after a gracious welcome spoke inspiringly of the possibilities of librarianship. She asked special care for the person entering a library not knowing what he wants, that to his spirit of reverence may not be added a sense of futility; then made a plea for larger publicity of library affairs and pointed out the desirability of a library department in the more influential newspapers where results of research, successful ways to reach the people, any

library methods of general interest would be presented.

Joseph L. Wheeler, Associate Librarian of the Los Angeles Public Library, then presented the desired relation between the library and the business man. He said in part: "Libraries find many opportunities to carry library service to special groups of people. This has been done in the case of children, artisans, foreigners, and special effort has also been made with picture collections. Whether or not these special lines shall be developed should be judged by the survey of all the needs of the community rather than by the success of any one effort already made. Whether work with business men shall be made the subject of another effort depends entirely on the local needs and opportunities. These should, however, be given consideration. Business men represent an important class both numerically and by their influence either for or against the library. If the library can be of real service to them in furnishing books whether on their business subjects or on general literature, and through publicity keep them informed on the different parts of the library's activities, they will be sure to give cordial support to anything which the library wishes to undertake. Someone on the staff should be acquainted with business subjects and see that the important new books are added. When business men come to the library they should receive the same special attention that children, or mechanics, or art lovers are so widely receiving in our libraries. Magazines are a fruitful source of information and are much appreciated by business men. Some of the best means of publicity with business men are newspaper lists and special printed lists sent through the mails, but more especially by the librarian visiting the local Board of Trade and taking a few books so that she may make direct connection with the interests of the business men."

E. R. Perry, Librarian of the Los Angeles Public Library, opened the discussion as to the "advisability of a library school for southern California." He first showed the value of library schools in general, how they gave applicants a wider knowledge of the work, and improved the standard of service in libraries, and then stated that as soon as any section of the

country had enough libraries to give employment to graduates of a good library school a school should be established in that section. Southern California already has a sufficient number of libraries to support a library school and should not rely on any library school that might be established at the University of California. "The natural conclusion to these arguments is that we should establish a library school, but when we look around for the ways and means we find them lacking. The natural place for a library school is somewhere in Los Angeles, either at the Los Angeles public library or at the University of Southern California. The Los Angeles public library at present has no accommodations for the school, while the University of Southern California does not have a large enough library. Therefore it seems necessary to wait until conditions are more favorable." These remarks called forth an expression of general interest and an appreciation of the need of adequate provision for technical library training nearer than across the continent or even than the State University.

Mr Daniels and Mr Perry were made a committee on Library Training to work in connection with the Committee on Library Training School and to report at the annual meeting.

After some discussion it was decided not to hold another meeting of the Sixth District this year.

At the afternoon session Mrs George Barndollar spoke on "Advertising the Public Library." Mrs Barndollar, after quoting with conviction "Merit never made any library a circulating library," illustrated in a very practical way successful advertising of a library by the means used and the results obtained in the Long Beach public library of which she is a Trustee. The means used outside the library are the local newspapers in which library items appear almost daily; leaflets in church calendars; leaflets sent to industrial works; talks to Parent-Teachers' Associations, and a library notice on moving picture films. Inside the library the art gallery, a loan exhibit of minerals and an efficient staff give publicity to the work. Mr Daniels spoke of Riverside's reference department, espe-

cially its collection on citrus horticulture, which makes that library notable. Mrs Davison spoke of San Diego's experiment in advertising its public library in the street cars.

Helpful points on "Business methods of a public library" were brought out in a symposium, directed by Miss Waters of the San Bernardino library. Miss Waters spoke of the need of a scheme of accounts whereby we may learn where we are extravagant, where stingy; she showed blanks and budget sheets used by the San Bernardino library. Miss Jacobus spoke of gifts as assets; and Mr Daniels recommended close attention to the matter of the appropriation. We should be informed "on how to buy our money and how to sell our goods, that is, how to get our appropriation and how to give service and establish good will in the community." Mr Perry explained the new method in the Los Angeles library by which the financial record and accession record are combined by using the requisition blank instead of invoice and accession book.

Miss Kennedy, Principal of the Branch Department, Los Angeles Public Library, gave pleasure in her conduct of the Question box, answering the questions in a suggestive way, or calling out from others a composite answer. It was recommended that substitutes be employed in a library whenever possible and that pamphlets be cataloged by at least one subject card if they are worth adding to the library at all. Ways of keeping pamphlets and making them available were discussed.

Through the courtesy of the Los Angeles Public Library the members of the District who could remain over Friday had the privilege of visiting two of the branches, one deposit station situated in the building on the Echo Park playground, and the Hollywood library now a branch of Los Angeles library. Each branch had its individual interest. Hollywood library was reached about one o'clock and there a delicious luncheon was served by Mrs Jones, the librarian and the staff. A pleasant feature was making the acquaintance of Mr Frank Baum, author of the Oz stories, and listening to a reading of the scene at the crossways from "The Piper," charmingly rendered by Miss Brush of Boston.

Examinations.

The next examination will be given during the annual meeting of the California Library Association which is to be held June 9 to 14 at the Arlington Hotel, Santa Barbara. The date for the examination will be announced later. All who have applications on file with the Chairman of the Board will be duly notified.

A broad, diversified and practical experience in library work is necessary for the successful operation of the county free library. No application, therefore, will be considered from, and no examination given to, any person who does not present actual and successful library experience, and thorough knowledge of library science and technique as a prerequisite. A good, general education is necessarily implied in such a requirement.

The examinations are not of a conventional nature concerning literary and historical subjects, but cover (1) library science; (2) conduct of a county free library.

The Board of Library Examiners has decided that for the present no examinations will be given outside the State, for many reasons: (1) Experience has shown that only persons who have lived in the State and have done library work in a way to gain personal knowledge of California conditions really understand the county free library plan for California. The aim of the examination is to see how

thorough the applicant's knowledge is of the conditions under which the county free library work must be carried on, and of the problems to be met in the work as it is actually being done in this State. A real and sympathetic understanding of the work in California is thus absolutely necessary; (2) The members of the Board feel that the oral examination is very important. They feel that they cannot fairly judge of an applicant's qualifications without meeting him in this way.

Sample examination questions can not be furnished.

County free library law.

The "California county free library law

and circular of information for applicants for certificates of qualification to hold office of county librarian in California" was published in *News Notes of California Libraries*, April, 1911, and later reprinted in pamphlet form. Copies will be furnished by the State Librarian.

Application blanks.

All who wish to take the examination should file applications with the Chairman of the Board. For application blanks or further information address the Chairman of the Board, J. L. Gillis, State Librarian, Sacramento, California.

Reference Department.

SUSAN T. SMITH, in charge.

The Reference Department furnishes information to any inquirer. It furnishes books to public libraries, or any other educational institution, on application; to individuals through the signature of a state officer, of the Librarian of the local library or of the official head of any other educational institution or on receipt of a \$5.00 deposit; to a club or grange on request of its president, secretary or librarian.

The State Library pays the cost of transportation to any one borrowing through a county free library, but in every other instance the charges both ways are paid by the borrower. Wells Fargo Express Co. has granted a half-merchandise rate to the borrower on return shipments.

These last two years during which the State Library's fund has not been sufficient to keep up the book purchases, the coöperation of California libraries has been especially necessary. The Union Catalog has been very useful in locating copies of books needed by the State Library, and in every case, the response to a request for a book or books has been most prompt and generous.

Large Loans Collection.

The Reference Department also sends out groups of books up to 1000 volumes to counties starting county free libraries. These books are from a store room collection called Large loans collection. The greater part of the books in the collection are the traveling libraries books. Publishers' gifts and duplicates not needed in the general departments of the library are also being placed in this collection. The Model School Library, which was the property of the California Teachers' Association and the California Library Association, has been presented to the State Library, and is a part of the Large loans collection. A list of the books that are in this collection appeared in the *Western Journal of Education* for March and April, 1910.

These loans are sent by freight, the

county free libraries borrowing them paying the freight charges.

A request for 487 books has been received from Kings County Free Library, and is being filled at the present time.

Catalog Department.

IDA G. MUNSON, in charge.

The work of the Catalog Department is proceeding along two parallel lines; the cataloging of the regular additions of new books, and the recataloging of much material needing a fuller treatment than it has heretofore received.

During October, November and December, 2031 volumes were cataloged, adding 9770 cards to the catalog.

California Department.

EUDORA GAROUTTE, in charge.

The California Department aims to have a thoroughly good collection of books on the history and description, resources and industries of the State, as well as the works of California authors in all departments of literature. These are made accessible by means of a card catalog. Full names and biographical sketches of California authors, artists, musicians, pioneers and early settlers are being secured, together with their photographs. The collection of bound periodicals is quite large. The Department also contains about 5000 bound volumes of newspapers, a file of which is being indexed with reference to the history of the State. Students will be assisted in their work.

Pioneers and Early Settlers.

Madison Hollister Turrill arrived in 1849, having sailed around Cape Horn in the ship "Elizabeth Ellen." He mined for a short time, then opened the "Union House," a hotel on the road between what is now the town of Folsom and Mormon Island. At that place Mr Turrill planted a large orchard and vineyard of the choicest varieties. Later he owned and conducted a toll road near Markleeville. His death occurred June, 1907, in San Francisco, where he had resided for a number of years.

Joseph Goodridge, another '49er, mined at Coloma and at one time occupied a cabin with Marshall, the discoverer of gold. In early life he was an intimate friend of Daniel Webster. For a number of years Mr Goodridge was in the employ of the government at Mare Island. Although he lacked but five years of being a centenarian he was active and hearty, being custodian of the quarters of the

California Society of Pioneers in San Francisco up to the time of his death. He was an authority on California history and his death was a great loss to the Pioneer Society.

Estévan Carlos Munrás was the founder of one of California's prominent Spanish families. He arrived in 1817 and held the office of Elector de Partido-Diputado Vocál de Junta. Estévan Munrás was a staunch friend of the mission Padres, a most loyal subject of Spain, favoring the change of government from Mexican to American. He was looked upon with highest esteem by both English and American residents of Monterey. Larkin describes him as "a man of property and character." His death occurred at Monterey in 1850.

Other cards received are those of Thomas Jefferson McQuiddy, William Rennie, Theodore Frank Grant and Andrew Rugg.

Newspaper Index.

The index covers the following periods: August 15, 1846, to March 3, 1892; also January, 1894, to March, 1905.

Catalog.

483 cards have been added to the California catalog.

Donations.

A most valuable donation has been received from Henry D. Emerson. It consists of rare ballots, pamphlets, manuscripts, a large collection of Wells Fargo envelopes, newspaper directories and historic pictures.

An unusually large number of autograph copies of books has been received, together with pamphlets, bound periodicals, programs and catalogs.

Pictures.

Pictures of authors, artists, musicians and pioneers have come in as usual.

Books for the Blind Department.

MABEL R. GILLIS, in charge.

Embossed books in five different types are sent to any blind resident of California upon application. Circular and finding list, with Call slip postal, will be sent on request. Writing appliances and games for the blind are loaned as samples to those wishing to buy such articles, so that the different kinds can be tried before they are ordered. Addresses of firms supplying all articles loaned will be furnished on request.

Books sent to individuals from an institution distributing embossed literature are carried free through the mails.

The first book was loaned June 13, 1905. There are now 540 blind borrowers, 16 borrowers having been added during October, November and December, and 3 borrowers having been lost by death during 1912. Total accessions are 2609, as follows: New York point books, 600; New York point music 63; American Braille books 584; American Braille music 176; European Braille books 133;

Issued quarterly in the interests of the libraries of the State by the CALIFORNIA STATE LIBRARY.

All communications should be addressed to the California State Library, Sacramento, California.

NOTE.—Standing matter is set solid and new matter leaded.

www.libtool.com.cn

The above cut shows the shipping slips for shipments from the State Library in the years 1909, 1910, 1911, and 1912.

The very decided increase in the number of loans in 1911 as compared with 1910 is due, of course, to the starting of so many county free libraries in that year. The fact that 1912 does not show a corresponding increase over 1911 is due, without doubt, to the decrease in the State Library fund, which prevented the usual additions of new books.

CALIFORNIA LIBRARIES.

All libraries are listed except elementary public school and church libraries and those which belong to private individuals. They are arranged alphabetically by place under counties and counties are arranged alphabetically. To determine the county in which any place is located see list following these introductory paragraphs.

Those libraries are marked with an asterisk (*) which are not free to the public for either loan or reference purposes.

Libraries marked with ‡ are United States depository libraries; those marked with § are depositories for the Official gazette of the Patent Office; those marked with ¶ are geological depositories.

The months are abbreviated as follows:

January Ja	July Jl
February F	August Ag
March Mr	September S
April Ap	October O
May My	November N
June Je	December D

Statistics are printed for the quarter, but are sent in by the libraries for each month separately in most cases, and will be furnished to any one who wishes them in the monthly form upon application to California State Library. So that the figures for circulation may be uniform, current magazines are included in the total whether reported that way or not.

The annual incomes as quoted for the free public libraries are computed when possible from the city clerks' reports sent to the State Controller's office, and are based on the assessed valuation of non-operative property.

Blanks for January, February and March statistics were sent to all of the libraries in March.

There are in California 21 county free libraries; 1 library district library; 2 high school district libraries; 125 libraries supported by city taxation; 66 law libraries, of which 55 are county law libraries; 58 county teachers' libraries; 326 libraries in educational institutions, of which 5 are universities, 9 colleges, 6 normal schools, 240 public high schools, 66 private schools and other institutions; 48 miscellaneous institution libraries and 66 association or society libraries; 51 subscription libraries. In connection with the above libraries there are 541 branches and deposit stations.

There are 122 library buildings, of which 102 were gifts, and of these gifts 87 are from Andrew Carnegie. Of these 87 Carnegie buildings, 3 are being planned, and 3 are under construction.

As the libraries are now listed under counties the following alphabetical list by place, giving county, is printed:

 Special request books 236; pictures 24.

Visits have been made during the quar-
 ter to all branches.

Alvarado, Antone, Decoto and San Lo-
 renzo school districts have become a part
 of the County Free Library.

In April the branches are to make their
 first exchange of pictures (Braun prints),
 two of which were placed in each branch.
 A strong packing case, sent around in a
 definite order, carries two prints (with-
 out the frames) to one branch and re-
 ceives in exchange the two pictures that
 branch had had. It is planned to send
 with each picture a short sketch of the
 artist and the history of the particular
 picture.

The radiopticon with a screen and sets
 of postals has been sent to Livermore,
 where it will be left for a month.

Alvarado Branch has grown to such an
 extent that it was necessary to take down
 the partitions between two small rooms
 adjoining the present reading room. This
 month the one large room thus made will
 be papered and painted. Several of the
 other branches will soon need an enlarge-
 ment of quarters.

Mrs Tom M. Egan has been appointed custodian at Altamont to take the place of Miss Ella Johnson, whose position as school teacher did not require her to be in Altamont during any of the school vacations. It seemed wiser to have as custodian some one who could be there through the entire year.

During January and February the Hayward Public Library of about 4000 volumes was cataloged with author, title and subject entries arranged in dictionary plan.

The Alameda County Free Library was represented by Mr Greene and Miss Jean Baird at the meeting of the Second District, C. L. A., held in San Mateo, February 22.

A lot was purchased for a public library April 30, 1907, by the Woman's Imp. Club from Wm. Brown. The deed provides that a free library shall be established on the lot.—Gridley *Globe*, May 1, 1908.

No library has been started as yet.

Andrew Carnegie has replied to request made for a gift for a library building that he would allow only \$7000, as the assessed valuation of the town did not warrant an \$8000 library building.

On Feb. 13, the city trustees accepted the plans for the library building that were submitted by W. H. Castner, Jr., of Napa.—Gridley *Herald*, F 15

On March 22, the plans and specifications for the Gridley Carnegie library building were forwarded to the Carnegie Corporation of New York for approval.—Oroville *Mercury*, Mr 28

Total vols. 1093. Added 170, by purchase. Rep'd 200. Cardholders 2296: central 1188; branches 1108. Added 626; cancelled 132. Circulation 11,288: central 5258; branches 6030 (for 245 books ret'd). Special request books from State Library 43; special request books to branches in the county 717.

During the quarter new branches have been opened at Alamorio, Dixieland, Imperial Junction, Meloland School District, Riverdrive School District and Westmoreland School District.

Additional branch has been requested by Eucalyptus School and arrangements are being made for a branch.

Visits have been made during the quarter to Dixieland, Imperial Junction and Seeley and to the following school districts: Alamorio, Magnolia, Mulberry, Rockwood, Spruce, and Westmoreland.

Nine school districts have become a part of the County Free Library and of these five have turned in their collections and seven have received school deposits.

The latest idea for a branch for Imperial County is in a box car. One has been established at Imperial Junction. The postmaster has his little collection of mail in one of these cars and it takes up little room, so the Southern Pacific, which is co-operating, erected some shelves, sent down chairs and tables and the result is a cosy and neat reading room with a post-office and circulating library all in one car.

DIRECTORY FOR LIBRARY SUPPLIES AND OTHER ITEMS OF GENERAL INTEREST.

www.libtool.com.cn

Many public libraries waste a great deal of time and money before they find good places to get supplies. The plan is to give all libraries the benefit of the experience of the older libraries of the State by listing under different heads the houses that have been found to give satisfaction, the names and addresses being furnished by the older and larger libraries of California. In this way suggestions will be given as to where different sorts of books may be bought, where books may be rebound or periodicals bound, where library furniture may be bought, etc., both in California and in the East.

If any information is needed about the firms listed below which can not be obtained from the firms themselves, the names of the libraries recommending the different ones will be sent to any library upon application to the State Library.

In this same section space will be given to any libraries of California in which to list numbers of periodicals, etc., wanted to complete files; books especially needed at any time, either to purchase or borrow; needs of any sort, such as an assistant to catalog the library, or assist, etc. Space will also be given to any librarian who wants a permanent position in a library, or who wants special work, such as cataloging small libraries, etc.

The section is entirely at the disposal of libraries and librarians for the purpose of mutual aid.

EXAMINATIONS.

The next examination will be given during the annual meeting of the California Library Association which is to be held June 9 to 14 at the Arlington Hotel, Santa Barbara. The date for the examination will be announced later. All who have applications on file with the Chairman of the Board will be duly notified.

A broad, diversified and practical experience in library work is necessary for the successful operation of the county free library. No application, therefore, will be considered from, and no examination given to, any person who does not present actual and successful library experience, and thorough knowledge of library science and technique as a prerequisite. A good, general education is necessarily implied in such a requirement.

The examinations are not of a conventional nature concerning literary and historical subjects, but cover (1) library science; (2) conduct of a county free library.

The Board of Library Examiners has decided that for the present no examinations will be given outside the State, for many reasons: (1) Experience has shown that only persons who have lived in the State and have done library work in a way to gain personal knowledge of California conditions really understand the county free library plan for California. The aim of the examination is to see how thorough the applicant's knowledge is of the conditions under which the county free library work must be carried on, and of the problems to be met in the work as it is actually being done in this State. A real and sympathetic understanding of the work in California is thus absolutely necessary; (2) The members of the Board feel that the oral examination is very important. They feel that they cannot fairly judge of an applicant's qualifications without meeting him in this way.

Sample examination questions can not be furnished.

COUNTY FREE LIBRARY LAW.

The "California county free library law and circular of information for applicants for certificates of qualification to hold office of county librarian in California" was published in *News Notes of California Libraries*, April, 1911, and later reprinted in pamphlet form. Copies will be furnished by the State Librarian.

First District Meeting.

A meeting of the First District, California Library Association, was held at the Lane Medical Library, San Francisco, on the evening of January 4, 1913. The meeting was called to order by the District President, Harold L. Leupp, who welcomed the members and expressed the hope that those who did not belong to the Association would take this opportunity of joining.

Charles S. Greene, librarian of the Oakland Free Library, was called upon for a report of the Ottawa meeting of the American Library Association. He spoke of the cordial reception given by the Canadian librarians and of the spirit of friendship and helpfulness engendered by attendance at an American Library Association conference.

Interlibrary loans and department libraries were the chief subjects for the evening's discussion. Carleton B. Joekel, of the University of California, opened the subject by outlining the policy of the

University in regard to loaning books to other libraries. He stated that the University Library was primarily a reference library and that the needs of the faculty and students must be given first place. He further said that it was the policy not to lend books which were inexpensive and readily obtainable through the customary book trade channels, those which were in demand or were likely to be in demand at the University, or those of more than ordinary rarity or value. Mr Park, Miss James, Mr Greene and Mr Rowell took part in the discussion that followed.

Miss Frances S. C. James, librarian in charge of the Lane Medical Library, traced the history of that collection and spoke of some of the problems of classification and arrangement of a medical library. She closed her remarks with a cordial invitation to those who desired to inspect the new building. Miss James and her assistants conducted the visitors through the library, and a pleasant session was brought to a close.

EDITH M. COULTER, Secretary.

Second District Meeting.

A meeting of the second district of the California Library Association was held in the private dining room of the Peninsula Hotel, San Mateo, on February 22, 1913.

The meeting was called to order by the District President, Miss Inez M. Crawford, of the San Mateo Public Library, at eleven o'clock a.m. A vocal solo was rendered by Mrs A. W. Gunn, after which C. M. Morse, a trustee of the San Mateo Library, gave an address of welcome, stating how important it was for library trustees to attend these conventions and assist the librarians in their work. He further said that the national government and the State are lending a helping hand to the people through libraries and called attention to the value of the work going on throughout the State. Miss Nell McGinley of the San Jose Library spoke in response to Mr Morse's address. Following this a very instructive lecture was given by B. B. Futernick of San Francisco on the repairing of books. He gave some very interesting illustrations and answered many questions. The meeting was then adjourned for luncheon.

The afternoon session was called to order at two o'clock. First on the pro-

gram was a piano solo, delightfully rendered by Mrs Eugenie O. McClellan of the San Mateo Library, after which Guy C. Miller, trustee of the Palo Alto Public Library, discussed the subject "Reaching the people."

Miss M. H. Waterman, librarian of the Santa Cruz Public Library, discussed "The Library as a social center," giving the Santa Cruz Library as an example, its entertainments and meetings of various kinds making the library very popular.

Miss Anne Hadden, of the Palo Alto Public Library, read an interesting paper on "Historical records," which was very much appreciated.

All the discussions were heartily entered into by all present.

A resolution was adopted approving of the establishment of county free libraries in Santa Clara, Monterey and San Mateo counties and urging that librarians be immediately appointed and service commenced. Another resolution approved of the following bills now before the legislature and recommended their favorable consideration by members of the legislature, namely: A. B. 1687, introduced by Mr Benedict, and S. B. 1490, introduced by Sen. Hewitt, both of which propose a legislative reference bureau as an integral part of the State Library; and S. B. 873 by Senator Caminetti, which provides an admirable method of co-operation between libraries and the University of California for university extension.

In the evening, Dr H. D'Arcy Power of Burlingame entertained a large number of people in the hotel parlors by giving an illustrated lecture, "Photography as a Fine Art." It was very much appreciated by all. The exhibition of color photography with the explanation of how accomplished with perfect truth to nature, was especially interesting. Following are the names of those who attended: Burlingame, Mrs M. E. Jones; Los Gatos, Mrs M. C. Proctor; Monterey, Etta Eckhardt; Oakland, Jean D. Baird, Charles S. Greene; Pacific Grove, Leslie M. Burwell, Elizabeth S. Jones; Palo Alto, Ethel P. Gale, Mrs C. H. Gilbert, Anne Hadden, Guy C. Miller, Mrs Alice Park, Frances Patterson; Richmond, Mrs H. M. Grover, Mrs A. G. Whitbeck, Josephine Whitbeck; Sacramento, Harriet G. Eddy; San Francisco, B. B. Futernick;

San Jose, Nell McGinley; San Mateo, Inez M. Crawford, C. M. Morse, Mrs E. O. McClellan, Racine McRoskey; Santa Clara University, Mrs Mira B. Bennett; Santa Cruz, Tillie E. Doeltz, Minerva H. Waterman; Watsonville, Belle M. Jenkins.

M. E. JONES, Secretary.

Third District Meeting.

The President of the Third District, Mrs M. E. Gorlinski, plans to hold a meeting at Willits, April 11-12, 1913.

Fourth District Meeting.

A meeting of the Fourth District of the California Library Association was held at Modesto, February 22, 1913. The District President, Miss Cornelia D. Provines, called the meeting to order, giving a warm welcome to those present, and extending greetings from the State Librarian, J. L. Gillis.

The president then asked the secretary to read the bills pending in the State Legislature regarding library administration. The first dealt with the establishment of a Legislature Reference Bureau in the State Library, the second with co-operation between the University of California, the California State Library and the various county free libraries of California for the purpose of carrying on a practical system of university extension. The third bill dealt with the need of providing a fund for State buildings, particularly a State Library building. After a general discussion, resolutions in favor of the passage of these bills, namely: Assembly Bill 1687, Assembly Bill 1325 and Senate Bill 873, were unanimously adopted.

The program consisted of informal discussions on binding and mending of books, binding of newspapers, magazines best suited for branches, charging systems, gathering of debate material, turning over school libraries to the county libraries.

"California libraries in connection with California history" was the title of a

paper read by Mrs Alice Hare, custodian of the Winton branch of the Merced County Free Library. She urged the collecting of material for historical societies, and the desirability of forming County Historical Associations. Mrs Hare has been holding meetings in her library, where talks on California writers and men of great deeds of this state have been given.

The president called on the principal of the Modesto High School who responded to the invitation in a few words.

A motion was made and seconded to send Miss Reagan a night letter expressing the sympathy of the association and regret at her absence from the Modesto meeting. This motion carried unanimously.

A vote of thanks was tendered Miss Clara Dills for her assistance in acting as secretary of the meeting.

Those who attended the meeting were: Fresno County and Public Library, Miss S. E. McCardle, Miss Isabel Hoover and Miss S. P. Clark; Kern County Library, Miss C. C. Field; Kings County Library, Miss Clara Dills; Merced County Library, Miss Winifred Bigley, Miss M. L. Stoddard, Miss L. L. Landram, and Miss Stella Peterson, Irwin Branch, and Mrs Alice Hare, Winton Branch; Porterville Public Library, Mrs D. D. Fowler; Selma Public Library, Mrs R. C. Gibbs, trustee, and Miss Edith Staley; Stanislaus County Library, Miss C. D. Provines, Miss M. J. Coleord, Miss Laura Watson, and Miss Vada Kirk, Patterson Branch, Mrs Anabelle Hadley, Rivertank Branch; State Library, Miss M. V. Provines; Tulare County Library, Miss Bessie Herrman; Turlock Public Library, Mrs J. H. Love; Visalia Public Library, Mrs M. J. McEwen.

The Reference Department furnishes information to any inquirer. It furnishes books to public libraries, or any other educational institution, on application; to individuals through the signature of a state officer, of the Librarian of the local library or of the official head of any other educational institution or on receipt of a \$5.00 deposit; to a club or grange on request of its president, secretary or librarian.

The State Library pays the cost of transportation to any one borrowing through a county free library, but in every other instance the charges both ways are paid by the borrower. Wells Fargo Express Co. has granted a half-merchandise rate to the borrower on return shipments.

The fact that every department of the State Library is necessary in order to do successful legislative reference work, has been proved once more during the present Legislature. The Reference Department has been kept busy looking up and furnishing material on every subject before the Legislature. Many of the books and much other material were not such as would ever have been thought of as of use for legislative purposes.

Large Loans Collection.

The Reference Department also sends out groups of books up to 1000 volumes to counties starting county free libraries. These books are from a store room collec-

tion called Large loans collection. The greater part of the books in the collection are the traveling libraries books. Publishers' gifts and duplicates not needed in the general departments of the library are also being placed in this collection. The Model School Library, which was the property of the California Teachers' Association and the California Library Association, has been presented to the State Library, and is a part of the Large loans collection. A list of the books that are in this collection appeared in the *Western Journal of Education* for March and April, 1910.

These loans are sent by freight, the county free libraries borrowing them paying the freight charges.

Loans have been made to the following counties: Imperial, Riverside, Kings and San Diego.

CATALOG DEPARTMENT.

IDA G. MUNSON, in charge.

The work of the Catalog Department is proceeding along two parallel lines; the cataloging of the regular additions of new books, and the recataloging of much material needing a fuller treatment than it has heretofore received.

During January, February and March, 3259 volumes were cataloged, adding 9581 cards to the catalog.

CALIFORNIA DEPARTMENT.

EUDORA GAROUTTE, in charge.

The California Department aims to have a thoroughly good collection of books on the history and description, resources and industries of the State, as well as the works of California authors in all departments of literature. These are made accessible by means of a card catalog. Full names and biographical sketches of California authors, artists, musicians, pioneers and early settlers are being secured, together with their photographs. The collection of bound periodicals is quite large. The Department also contains about 5000 bound volumes of newspapers, a file of which is being indexed with reference to the history of the State. Students will be assisted in their work.

Pioneers and Early Settlers.

Thomas Beck was born in Ireland but came to California in early days. He served the State as senator eight years and as Secretary of State four years. He was also U. S. Appraiser for some time.

At the time of his death, which occurred October 2, 1910, he was Superintendent of the new building at Represa for the criminal insane.

Benjamin Brooke Glascock, an early

settler, also served as senator and was a member of the Constitutional Convention of 1879. Mr Glascock is now a resident of Sacramento.

Milton Wolfskill was a pioneer horticulturist and stock raiser. He came to the State in 1849 and did much toward the development of its many resources. His death occurred at Los Angeles, June 5, 1906.

Other cards of much interest are those of James Cabell Brown, John Albert Chittenden, David S. Ross, Smith Troy, Alfred Cridge, John Minot Stanyan and Mr and Mrs Christopher G. McCormick.

Catalog.

198 cards have been added to the California catalog.

Donations.

Nineteen bound books have been donated by California authors. Most of these books are autograph copies. We have also received fifty-six unbound books

*Native Californians.

and pamphlets together with a large number of circulars, programs, autograph letters and posters.

Mr John T. Hall presented a typed history of the McNeill Club and several historical relics which will receive mention later.

Pictures.

The California Transportation Company presented two framed pictures of the steamship Fort Sutter, Major Edwin A. Sherman a picture of the unveiling of the Sloat monument, Charles B. Turrill a photograph of Modoc Indian children and T. Johnson an illustrated directory of San Francisco containing pictures of all the business buildings in the city prior to the disaster of April 18, 1906.

We have also received in exchange for a number of duplicate pamphlets about seventy-five historical pictures. These pictures are of the greatest interest and can be seen in the California department.

Photographs of authors, artists, musicians and pioneers have been received as usual.

BOOKS FOR THE BLIND DEPARTMENT.

MABEL R. GILLIS, in charge.

Embossed books in five different types are sent to any blind resident of California upon application. Circular and finding list, with Call slip postal, will be sent on request. Writing appliances and games for the blind are loaned as samples to those wishing to buy such articles, so that the different kinds can be tried before they are ordered. Addresses of firms supplying all articles loaned will be furnished on request.

Books sent to individuals from an institution distributing embossed literature are carried free through the mails.

The first book was loaned June 13, 1905. There are now 550 blind borrowers, 10 borrowers having been added during January, February and March. Total accessions are 2659, as follows: New York point books 618; New York point music 63; American Braille books 598; American Braille music 177; European Braille books 138; European Braille music 7; Moon books 850; Moon music 3; Boston line letter books 107; Ink print books 51; Appliances 31; Games 10; Maps 6.

CALIFORNIA LIBRARY ASSOCIATION ANNUAL MEETING

AND

CALIFORNIA COUNTY LIBRARIANS' CONVENTION SANTA BARBARA, JUNE 9 TO 14, 1913.

The eighteenth annual meeting of the California Library Association was held at the Arlington, Santa Barbara, June 9 to 14, 1913, jointly with the fourth annual convention of the California County Librarians. The President, J. L. Gillis, called the meeting to order at 2 o'clock on the afternoon of June 9th.

The addresses, papers and discussions will be given as fully as possible in the "Handbook and Proceedings of the Annual Meeting, 1913," to be published by the Association at an early date.

The register shows an attendance of 148, representing 42 public libraries, 15 county libraries, 5 university and college libraries, 2 school libraries, and the State library.

Ballads.

A very interesting feature of the meeting was the reading of a paper on "Ballads and lyrics" written a number of years ago for the Chit-chat Club by Judge T. H. Rearden of San Francisco. At each session Charles S. Greene read a part of the paper and Miss Edith A. Hibberd of the Oakland Free Library sang a group of ballads illustrating it.

The library and commission government.

In his paper on "The library under commission government," Charles S. Greene, Librarian of the Oakland Free Library, said that "the whole matter of the relation of the library to the municipality is an extremely live subject now in the minds of library people, because of the multitudes of towns and cities that are adopting new charters, mostly on commission lines. Further, the earliest commission charters were adopted in southern cities and smaller towns, where the library has not assumed the relative importance assigned to it in other places, so that the first commission charters gave scant consideration to the question, and they are being followed, often rather

blindly, by many cities to-day." In some charters the library is given into complete control of one commissioner. "In other cities, library boards have been discontinued, and the librarian reports directly to the commission or to some one commissioner. In some the effective control of the staff is put in the hands of a civil service commission. In most, the method of library support is left uncertain and generally inadequate."

Immigration.

A member of the State Immigration Commission, Simon J. Lubin, addressed the meeting on "Immigration; factors in assimilation." After reviewing the limited literature on immigration, Mr Lubin considered three conceptions of assimilation. First, that the foreigner should forget every ambition and ideal, every standard and custom he brings with him and in their place substitute the ideals and customs approved by us Americans. Second, that the alien should become like ourselves. But neither of these is satisfactory.

"The thing of real value which we have to offer to the stranger is not the practice, but the ideal. We say, then, to the immigrant, if you would be of us and with us, become not as we are, but as we are striving to be. We expect you to be better than we are, for that is our goal, too.

"To my mind, that scheme which would hold up before the stranger the ideal is a more rational theory of assimilation than that which would eradicate all the immigrant brings and by some mysterious, and I believe impossible, process substitute something of our own creation; more rational than that doctrine which preaches—become as we are.

"But as it stands, it is one-sided; only half way complete. It overlooks completely the possible contribution to our welfare which the visitor is prepared to

make. May we not learn something of philosophy from the Greek, of art from the Italian, of science from the German, of patriotism from the Pole, of culture from the Frenchman or the Englishman?

"We have now a suggestion of the right kind of assimilation. Not a one-sided affair, where we only impart and the other only receives; but a mutual give-and-take, where each gives and takes only the best that is in each."

Of the factors in assimilation, he mentioned briefly employment, labor unions, political parties—the socialization of politics—newspapers, the church, social settlements, the Young Men's Christian Association; public and semi-public recreational facilities as the playground, moving pictures, public parks, public concerts, the theatre, while finally speaking more at length of the schools and libraries.

"As a foreword, let me state very briefly the immigration situation in California as it is to-day and as it is likely to become in the near future. Three years ago, at the time the census was taken, there were more than half a million foreign born in this state. To what degree this number will be augmented by the opening of the Panama Canal, no one knows positively. The number of immigrants entering United States ports, who give California as their destination, is not far from 30,000 annually. From the intimate knowledge that I have of the methods, direct and indirect, pursued by the transportation companies to drum up trade in European countries, and after a consideration of the similarity of our climate to the climate of certain portions of Europe which are sending us to-day many of our immigrants; considering further the present political unrest in eastern Europe, the pronounced success made by many of the immigrants who are now residents of California, the immense efforts that the Panama-Pacific Exposition Company is making to get the name of California favorably before the world, I am led to expect a large influx annually for several years after the canal opens, considerably more than 30,000 a year.

"In treating this portion of my paper, I am assuming that the library is desirous of extending its field of usefulness over as broad a territory as possible. I am assuming that the library is prepared

to take on as many subsidiary activities as may be shown necessary to enlarge the scope of its work; I am assuming that the librarians in the State of California are willing to show that same enthusiastic co-operation as has been manifested by the librarians of the East in their efforts to serve the state and community through directing specialized attention upon the newcomer."

Stated briefly, Mr Labin's suggestions were collections of books in foreign languages; where possible, assistants familiar with the principal languages spoken by the library's clientele; classes in English for the older people; branch libraries; increased facilities for rural readers; story telling; halls for lectures, clubs and classes; assistance to debating clubs; sympathetic introduction to books of individual interest.

"Throughout this discussion, I have assumed that the library is a much freer factor than most of the other forces enumerated; that it is more flexible; that fewer rules and traditions limit its activities. Through their very nature, the church, the press, the theatre, the labor union, must recognize certain limitations; but the library is privileged to touch upon the subject matter of those and of every other social agency. That consideration leads me to look upon the library as the greatest possible force to put our own people in the mood where they will receive the alien in a friendly and helpful spirit, to present to the stranger the best America has to offer, and to develop in the immigrant to the fullest that marvelous heritage he surely has received from his ancestors. The opportunity to do these things carries with it a tremendous responsibility, a sacred duty. It remains with you to say how far this responsibility and this duty will be carried into effect."

Book buying.

Robert Rea, Librarian of the San Francisco Public Library, spoke on "Book buying for a public library." He emphasized the importance of thoroughly investigating the value of books before buying by consulting all the reviews available, as well as getting the opinion of experts. He advised each library to associate itself with an Eastern importing house in order to facilitate buying

books published abroad. He cautioned against buying subscription books and "one-man" books. In closing, he suggested that in California we found a Bureau of Library Research, to which publishers should send samples of editions, binderies samples of binding, and libraries samples of forms and blanks, illustrative of their methods. As an auxiliary to this Bureau he suggested that small libraries pool their orders for books and binding, putting them in the hands of a purchasing agent.

Bookbinding.

W. Elmo Reavis of Los Angeles distributed a printed outline and used samples of binding in illustration of his paper, "How to criticize a rebound book." "The essence of binding a book is putting the leaves together so they will stay, and yet open conveniently, and putting a cover on so it will stay. The book need not last quite so long as the 'Deacon's one hoss shay,' but when it does go to pieces, it should go in much the same way—all at once." He discussed methods of sewing, of attaching the cover, and in conclusion the materials for binding, especially urging the use of "acid free" leather.

In his talk on "Binding and binding materials." B. B. Futernick of San Francisco brought out the points that it is poor economy to bind books over and over again even at a low cost; that it is better to buy books in publishers' binding rather than reinforced binding, and after circulating 18 or 20 times have them rebound; that though library buckram is serviceable in many cases, the best binding for fiction and class books is red cowhide back and imperial morocco cloth sides; that it is a wise plan to make the shelves look as attractive as possible.

Library publicity.

In discussing the "Aims and methods of library publicity," Joseph L. Wheeler of the Los Angeles Public Library, said that the subject of library publicity is certainly a live one at the present time, the aim being to reach a large class of people who do not realize what the library has because they never use it. The library reaches only 20 per cent of the people. About 40 per cent it may not hope to reach, leaving 40 per cent which

it ought to reach. The library will never be a complete success until it reaches all the people.

Of various means of library publicity four were particularly mentioned, the newspaper, library bulletins, moving picture shows, and window displays of books. Satisfaction is best sort of publicity.

College and Reference day.

Wednesday was College and reference day, J. C. Rowell presiding at the morning session and G. T. Clark at the afternoon session.

The first paper was by Miss Louise Ophüls of the Lane Medical Library, San Francisco, on "Medical libraries," a technical subject which she made of general interest. "The magazines of California" by Robert E. Cowan, of San Francisco, was read by L. W. Ripley. After reviewing social conditions in the early days, the paper gives sketches of the quartet of notable early magazines which survived the first few numbers, the Pioneer, Hutchings' California Magazine, the Hesperian, and the California Mountaineer. Then follows the Overland, "the great glory of California's many magazines." Of later magazines are mentioned Land of sunshine, Out west, Sunset, and the Pacific monthly. That the existence even of many journals has gone out of record is because "the libraries of early days neglected their opportunities and at the present time disaffection is not altogether unknown. Much of the material for the history of California has disappeared forever because of the failure of those in responsibility to heed the fine old counsel *carpe diem*." A bibliographical study of California magazines will accompany this paper when it is printed in the proceedings of the meeting.

Miss Edith M. Coulter of the University of California Library presented a "Plan for a proposed co-operative list of serials." She said the four points to be considered are: What libraries shall be represented; What classes of publications included; What form of entry adopted; How shall the publication be edited and financed? After discussion it was decided to leave the carrying out of the plan to a board of three libraries, Stanford University Library, University of California Library and the State Library.

In the afternoon Dr Herbert E. Bolton, Professor of American History of the University of California, spoke on "Material for early California history." All our history has been written in New England, and from the New England standpoint. A new viewpoint is needed and a proper conception of the fact that California history did not begin with 1849. The remarkable background of California history was sketched and attention called to the great opportunities of libraries in bringing to the people the knowledge of their past.

Dr John M. Stillman, Vice-President of Stanford University, gave a most interesting paper on Japanese color prints, illustrated by an exhibit of prints from his own collection.

Santa Clara University library.

Of great interest to the meeting was the address of Father Conlon, Librarian of Santa Clara University. He said that the library as it stands to-day is just about one year old, part of the collection having been destroyed by fire and much of it stored on account of inadequate quarters. The library contains many rare and interesting books, and as the work of putting it in order goes on new treasures are constantly discovered. The oldest book was printed in 1481. Books of the eighteenth century are so common that they pay little attention to them. Last April the library was opened to the public and every effort is being made to make it available to students, scholars and writers who are making use of it.

Library legislation.

Mr Gillis reviewed the bills passed by the 1913 Legislature and awaiting approval by the Governor, which are of interest to library people. The bill of greatest interest to the State Library and to library interests of the State is the general appropriation bill, which provides for an income for the State Library of \$190,000 for the sixty-fifth and sixty-sixth fiscal years.

Assembly bill 1144 amends the State Library law, and provides that the library shall index the statutes and journals of each session of the Legislature, and revise and bring up to date the "Index to the laws of California"; also to prepare compilations of laws and other matter on request of state officers and

with the approval of the Board of Control.

A. B. 1134 provides for increasing the salary of the State Librarian from \$3600 to \$5000. A. B. 2080 is the Civil Service law which excepts all the library interests of the State but the State Library. A. B. 1314 enables a city to donate land to the State for site of state buildings. Sacramento will be able to donate two blocks of land for two state buildings—an office building and a State Library and courts building. A. B. 1325 is a three-million dollar state bonding measure to construct these buildings.

A. B. 2137 authorizes the State Library to accept a gift from the heirs of the Sutro estate. The Sutro collection of rare books consists of about 125,000 volumes valued at more than a million dollars. The heirs felt that the collection should go to the State Library because of the state-wide service given by the Library. It is to be maintained in San Francisco as a branch of the State Library and known as the Sutro Library. A. B. 1605 authorizes the construction of a state building in San Francisco. If it is built the Sutro Library will undoubtedly be placed there.

A. B. 490 repeals section 16 of the county free library law.

Senate bill 873 provides for friendly co-operation between the University of California, the county free libraries and the State Library.

NOTE.—Of the bills given above the following were signed by the Governor: General appropriation bill (chap. 680); A. B. 1144 (chap. 617); A. B. 1314 (chap. 234); A. B. 1325 (chap. 235); A. B. 1605 (chap. 542); A. B. 2080 (chap. 590).

University extension work in agriculture.

The attendance at this meeting of three members of the faculty of the University of California College of Agriculture, E. B. Babcock, Miss Lillian D. Clark, and W. G. Hummel, marks the beginning of a close association between the libraries of California and the University of California. They spoke on different phases of university extension work in agriculture. Prof. Babcock outlined the extension work as divided into distribution of printed matter, farmers' institutes, the demonstration train, service to the public in answering questions relating to agriculture, study clubs, and correspondence

courses. He said that he hoped that all would carry away the idea that the University wants to be the servant of the state and that the College of Agriculture will welcome suggestions from librarians toward making the work more effective.

Miss Clark told of her work in organizing study clubs in rural districts, of the enthusiasm and interest of the people and the rapid formation of the clubs. After arranging the courses of study and making lists of the books there is always the question of where the books are to come from. This is definitely solved by the co-operation of the county libraries and the State Library. By giving the county libraries the lists in advance it is expected to have the books when needed by the clubs.

Prof. Hummel said that the correspondence courses of the College of Agriculture are the beginning of greater things. The courses are to be centered around the special industries of the State, taking up everything that the farmer will want to know about. There are thirty courses in preparation, covering agricultural and horticultural subjects, dairying, poultry, irrigation, etc. There is a big opportunity for co-operation between the county libraries and the College of Agriculture in this work. Printed announcements of the courses will soon be ready and will be sent to all who wish them.

Progress in County library work.

In reporting on "Progress in establishing county free libraries since June, 1912," Miss Harriet G. Eddy, county library organizer of the State Library, said that four counties had established libraries since last year's meeting, Santa Clara, Monterey, San Mateo, and Los Angeles. In the first three the work has not yet been begun, but in Los Angeles the librarian was appointed and work was begun on the first of January. But progress is not on the wane. Inquiries have come in from nearly every county asking that some one be sent to help in county library organization. "We could make use of sixteen instead of just one organizer."

Three counties have started work since June, 1912. Miss Clara B. Dills reported for Kings County that 2000 books have been put into circulation, four reading rooms and five deposit stations have

been established, not including service to two high schools and to Hanford Public Library. For Los Angeles County, Miss Celia Gleason reported that the Supervisors established the library in September, 1912; the librarian was appointed in December and work was begun January 1, 1913. There are now 6600 books out in the county in about ten different branches. The people all through the county are extremely enthusiastic and very anxious to have the service. Miss Jennie Herrman, of San Diego County, reported that work began on February 17, 1913. Over 1200 books are ready for use, 500 accessioned but not cataloged, 500 more ordered that will be received soon, 345 borrowed from the State Library. Eight branches are in operation. The Supervisors and the people are all heartily interested in the library.

The older county free libraries all reported substantial progress, more books in circulation, more borrowers and better service in every respect.

Co-operation plans.

What the State Library can do for the counties and some of the things the counties can do for the State Library were discussed by members of the State Library staff, M. J. Ferguson speaking on law books, Miss Susan T. Smith on reference work and Californiana and Miss Alice J. Haines on documents material. Co-operation with other libraries in the county was discussed by Miss W. H. Bigley of Merced County.

Advertising the county library.

In discussing "Advertising by means of county fair exhibits," Miss Jennie Herrman said that the Tulare County Library was the first in California to have a library exhibit at the county fair. They not only reached a great many people in their own county, but people from the adjoining counties who came to the fair learned of their county libraries through the Tulare County exhibit.

Miss Provines of Stanislaus County said that they found the county fair exhibit more effective than any other way of reaching new people. Mr Clowdsley, of San Joaquin County, said that their exhibits at different fairs had attracted a great deal of attention.

Miss McCardle of Fresno County cited

many experiences to show that satisfactory library service is the best advertisement.

Other discussions.

A discussion of the staff of the county library clearly brought out the fact that to have trained library assistants is of the greatest importance, but unfortunately it is not always possible to have them. An interesting discussion of "Records" showed that as the county work grows the need of more detailed records is felt, also the need of uniform methods of record keeping for all the counties. The committee on uniform sign for the branches was not able to report on a sign for adoption by the meeting.

Trustees' section.

The session was held on Tuesday afternoon, June 10, with C. S. Greene, the president, in the chair. First on the program was a lively discussion of one of the points of "The library under commission government," the question of library board or no board.

Guy C. Miller, trustee of the Palo Alto Public Library, gave a talk on "The moving picture show and the library," in which he spoke of the value and importance of the "movies" and suggested co-operation between them and the library, here being one of the big opportunities of the library to reach the people who do not read.

The trustees present at the business meeting of the section were Miss Sarah E. Blanchard of Santa Paula, Mrs W. K. Freeman of Mill Valley, Charles S. Greene of Oakland, Guy C. Miller of Palo Alto, Mrs J. W. Wilkinson of Pomona. In the absence of Secretary C. W. Salterback, Mr Greene appointed Mr Miller acting secretary.

Charles S. Greene was re-elected president, Guy C. Miller was elected vice-president, the choice of secretary being deferred with the understanding that it should be some one from the south, preferably San Diego.

Social features.

On Monday afternoon following the first session of the meeting, many accepted the invitation from the President and Trustees of the State Normal School of Manual Arts and Home Economics to visit the school's new building now under

construction. The principal, Miss Ednah Rich, and members of the faculty received the visitors. The trip was arranged by the Chamber of Commerce and included a visit to the Santa Barbara Mission.

On Monday evening the usual very informal reception was held.

On Tuesday afternoon Mrs Linn and Miss Tracy extended delightful hospitality, a tea and garden party at their home. On Tuesday evening Dr H. D'Arcy Power of San Francisco gave his lecture on "Photography as a fine art," illustrated by beautiful lantern slides of pictures accepted in art exhibits. An impromptu program on Thursday evening afforded much pleasure. Miss Hibberd sang a number of songs while other members did various "stunts" which were received with much applause. A concert by the Municipal Band on the hotel veranda on Wednesday evening was greatly enjoyed. On Friday evening many visited the manual training exhibits of the schools and later the Neighborhood House.

Reports of officers and committees.

That co-operation is the all-important thing in the library business as in any other business was emphasized by the President in reporting for the year. The success of the California Library Association and of library development in the state depends on the spirit of helpfulness, the desire for the success of the work as a whole rather than of any one person or any one place. This spirit of all working together for the common good is the keynote of the work and of this meeting. This spirit has made possible the present development and will bring about that state-wide library service which is our goal.

The report of the Secretary-Treasurer showed that the balance on June 14, 1912, was \$695.59, the receipts during the year were \$479.31, the expenditures were \$633.76, leaving a balance on June 3, 1913, of \$541.14. This report was verified by the Auditing Committee.

For the Committee on Library Training School, C. S. Greene reported the establishment of a library training class at the Riverside Public Library, the continuance of the training class at the Los Angeles Public Library, and the summer school course at the University of Cali-

fornia, but that the regular library school at the University had not come appreciably nearer, so far as could be ascertained. The need grows ever more imperative.

The chairman of the Bibliographic work Committee, Miss Eudora Garoutte, reported that cards for 24 volumes had been added to the Index to California magazines during the year. No progress had been made toward publishing the index, because neither the Association nor the State Library was able to undertake the necessary editing. M. J. Ferguson reported for the Publication Committee that the "Handbook and Proceedings of the annual meeting, 1912," had been issued as No. 13 of the publications of the Association.

The Nominating Committee presented the following ticket: President, J. L. Gillis; Vice-President, Victoria Ellis; Secretary-Treasurer, Alice J. Haines. There were no other nominations and the ticket was unanimously elected.

The Resolutions Committee, J. F. Daniels chairman, presented the following resolutions which were adopted:

Resolved, That the California Library Association repeats the cordial invitation extended to the American Library Association to hold its conference for 1915 in San Francisco at the time of the Exposition which will commemorate the opening of the Panama Canal;

And, That Mr Everett R. Perry, a member of the California Library Association Executive Committee and in attendance at the American Library Association Conference, be instructed to present the invitation.

Resolved, That Mr Everett R. Perry, a member of the Executive Committee of the California Library Association and in attendance at the American Library Conference 1913, be instructed and empowered to make suitable arrangements, by request or by invitation, to the end that the exhibit being prepared for the International Exposition of Book Industries and Graphic Arts at Leipzig in 1914, and showing the history of the making of books may be secured as a part of the exhibit of the American Library Association at the 1915 Conference.

Resolved, That, in response to communications from the American Library Association Committee on Relation of the American Library Association and state library associations, during the necessary period of American Library Association deliberations over such matters, the Cali-

fornia Library Association again states its belief that affiliation with the national organization would be advantageous and suggests as the first step toward such affiliation state representation in the American Library Association Council on a basis of one delegate for each state having an association.

Resolved, That the California Library Association regrets that not all California libraries have recognized the duty of sending representatives to this conference. While the state law does not require this of the municipal libraries as it does of the county free libraries, and as it requires the attendance of teachers at Teachers' Institutes, we believe it quite as important that every California library should take part by librarian and trustee in the annual conferences of the California Library Association.

Resolved, That this Association has suffered the loss of an earnest and helpful friend in the death of Francis Fisher Browne, whose contribution to the Pasadena meeting and whose kindly presence at Lake Tahoe and at other meetings of this Association have endeared him to all of us.

Resolved, That the hearty thanks of the California Library Association are hereby extended to the management of the Arlington Hotel, to the Chamber of Commerce, to the press of Santa Barbara, to the Mission Fathers, and to all the good people of Santa Barbara who have made our visit a memorable one. To those who have contributed to the program we are also grateful for excellent music, beautiful pictures, and many courtesies. Especially we would record Simon J. Lubin, Dr H. D'Arcy Power, Mrs E. C. Overman and Miss Edith Hibberd, B. B. Futernick, W. Elmo Reavis, Dr John M. Stillman, Dr Herbert Bolton.

Amendment to constitution.

An amendment to the Constitution was submitted as follows:

Under provisions of Section 16 of the Constitution of the California Library Association, notice is hereby given of the following amendment to the Constitution submitted:

Section 6 now reading as follows: The above officers, excepting District Presidents, shall be elected by ballot at the last regular session of the annual meeting, to hold office for one year or until their successors are elected. Past Presidents of the Association shall constitute a Nominating Committee. At the call of the President they shall meet on or before the first day of the annual meeting and

make nominations for all elective offices. One nomination shall be made for each office, but upon petition of five members for each name so placed, additional names of candidates must be placed upon the official ballot, which shall be publicly posted. Three members of the Nominating Committee shall constitute a quorum.

Be amended so as to read:

Section 6. The above officers, excepting District Presidents, shall be elected by ballot at the last regular session of the annual meeting, to hold office for one year or until their successors are elected. The Nominating Committee shall consist of the Past Presidents of the Association together with one nominator from each library district chosen by the members in session at any regular meeting of such li-

brary district or at any special meeting of a library district called for that purpose, and the nominator from each library district shall be chosen under the rule, choice or custom of that district. At the call of the President they shall meet on or before the first day of the annual meeting and make nominations for all elective offices. One nomination shall be made for each office, but upon petition of five members for each name so placed, additional names of candidates must be placed upon the official ballot, which shall be publicly posted. Five members of the Nominating Committee shall constitute a quorum.

Submitted this 11th day of June, 1913.—Joseph F. Daniels.

The laws become effective on August 10, 1913, with some exceptions.

Abbreviations used are the following: A.B., assembly bill; S.B., senate bill; A.C.A., assembly constitutional amendment; S.C.A., senate constitutional amendment; Stat., Statutes and amendments to the codes, fortieth session, 1913; Resol., Concurrent and joint resolutions and constitutional amendments, fortieth session, 1913.

ADMINISTRATION MEASURES.

Facetiously termed the "Ten Commandments" (see *Outlook*, June 7, 1913, p. 268).

Conservation.

The "water commission act" (A. B. 642, Stat. 1913, chap. 586) provides a state agency as authorized by the Constitution (art. 14, sec. 1) for the regulation and control of the water and water power of the state. The water commission created consists of five members. The act lays down as rule of law that the riparian right shall be limited to use for the actual needs of the riparian land and that the surplus shall be available to appropriation by other users.

Workmen's compensation.

S. B. 905, Stat. 1913, chap. 176, provides for compensation to workmen injured while in the performance of their

labor, or insurance to their wives and minor children in case death results. A board of three to be known as the Industrial Accident Commission shall carry out the provisions of the act. \$187,000 appropriation. Related bills to S. B. 905 are senate bills 1089, 1457, 1458, 1459, 1774 (chaps. 177, 178, 179, 180, 561), the first one named providing for the organization and management of mutual workmen's compensation insurance companies.

Blue sky law.

A. B. 2086, Stat. 1913, chap. 353, is an act for the protection of investors and the public and the fostering of legitimate enterprises. A commissioner of corporations is created by the act for the purpose of passing on the organization of investment companies so as to weed out the so-called "wild-cat" concerns. Appropriation, \$10,000.

Non-partisan elections.

A. B. 1812, Stat. 1913, chap. 600, provides for non-partisan elections in counties, and the taking of such elections from the domain of partisan politics.

Civil service.

A. B. 2080, Stat. 1913, chap. 590, provides for civil service for state offices, the principal exceptions being the state university and normal schools, and the railroad commission. A civil service commission of three persons to be named by the governor is provided. Appropriation, \$50,000.

Minimum wage.

A. B. 1251, Stat. 1913, chap. 324, provides for an appropriate investigation by an industrial welfare commission of five members as to the conditions of industry of women and children with power to fix a minimum wage and maximum hours. \$15,000 appropriation.

A constitutional amendment (A. C. A. 90, Resol. 1913, chap. 98) permits the

legislature to provide for establishment of a minimum wage.

Weights and measures.

S. B. 32, Stat. 1913, chap. 597. An endeavor to preserve common honesty in weights and in measures and to require that those who sell shall honestly deliver what they represent they sell.

Rural credits.

S. B. 165, Stat. 1913, chap. 34, provides for the investigation of the system of rural credits in vogue in European countries, so that if deemed advisable ultimately to be for the benefit of the farmers, the plan may be made applicable to California.

The Governor has appointed Harris Weinstock of Sacramento, and Prof E. J. Wickson of the University of California, the two delegates to represent the state on the commission which, under the auspices of Southern Commercial Congress, is to visit in 1913 the various countries of Europe.

Aid to orphans.

A. B. 1108, Stat. 1913, chap. 323, provides for an appropriation to institutions and to counties and cities supporting orphans, and further allows counties and cities to pay for support of each half orphan maintained at home by its mother an amount equal that paid by the state. The state board of control is authorized to appoint three agents to visit homes and institutions in order to obtain information needed by the board in carrying out the provisions of the act.

A. B. 1550, Stat. 1913, chap. 681, provides for a commission of five to investigate and report regarding a system of mothers' pensions (also old age pensions). \$3,000 appropriation.

Immigration.

S. B. 451, Stat. 1913, chap. 318, provides for solution of problem of increased immigration anticipated because of the opening of the Panama canal. A commission of five members to serve without pay will collect information as to agricultural possibilities and demand for labor in the state in order best to prepare for the care of all immigrants, and to prevent their congestion in centers of population.

OTHER IMPORTANT LAWS.

Alien land act.

S. B. 5, Stat. 1913, chap. 113, provides that aliens eligible to citizenship may own real property in the State; all others to such extent only as prescribed by treaty except that they may lease land for agricultural purposes for three years.

Banking.

A. B. 1137, Stat. 1913, chap. 104, amends and modifies the entire existing bank act.

A. B. 1421, Stat. 1913, chap. 192, provides that any married woman or minor shall have exclusive right to any bank deposit in their names.

Bill drafting.

A. B. 970, Stat. 1913, chap. 322, provides for a legislative counsel bureau of five members, with authority to appoint a chief, who with his assistants shall aid the legislature in the drafting of bills. Under suggestions properly made and filed, this aid shall be extended to the governor and judges. \$20,000 appropriation.

Capitol extension.

A. B. 1325, Stat. 1913, chap. 235, is the three million dollar state bonding measure for capitol extension buildings, to include a state library and courts structure, and a state office building. The plan is to relieve the congestion in the capitol and also provide quarters for state departments now located elsewhere. The proposition will be voted upon at the next general election, November, 1914.

A. B. 1314, Stat. 1913, chap. 234, authorizes cities to donate property to the State for site for public buildings, thus giving the city of Sacramento power to purchase the two blocks necessary for the capitol extension buildings and to donate them to the State.

Elections.

A. B. 1183, Stat. 1913, chap. 134, provides that the polls shall remain open until 7 p.m.

See also Non-partisan elections, above.

Fish and game.

A. B. 862, Stat. 1913, chap. 575, redivides the state into fish and game districts. The sale of any wild game, including wild ducks except in November,

is prohibited by the terms of A. B. 1289, Stat. 1913, chap. 579. The fishing license act (A. B. 813, Stat. 1913, chap. 574) is a new measure which provides for a license fee for the right to catch game fish, one dollar for every citizen over 18 years. The business of raising domesticated game, including elk, deer, etc., is provided for in the act A. B. 6, Stat. 1913, chap. 570.

Flood control.

The "Shinn bill" (S. B. 1218, Stat. 1913, chap. 170) has for its object the control of the flood problem in the Sacramento and San Joaquin rivers. It provides that the control and management of the drainage district shall be in the state reclamation board, its membership being raised from three to seven. Appropriation, \$100,000.

A. B. 1194, Stat. 1913, chap. 384, provides for height of levees and width of American River channel so as to insure safety to Sacramento from flood waters.

S. B. 1669, Stat. 1913, chap. 313, makes available the appropriation made in 1909 of \$400,000 for "uncorking" the mouth of the Sacramento River.

Foodstuffs.

A. B. 1252, Stat. 1913, chap. 233, prohibits the destruction of any foods for purpose of maintaining a market price.

Full crew act.

S. B. 847, Stat. 1913, chap. 168, amends the 1911 act by establishing standards of train crews and qualification of trainmen.

Health, board of.

S. B. 160, Stat. 1913, chap. 422, provides for prevention of introduction of contagious diseases into the state, and for their investigation and suppression in case found. \$100,000 appropriation.

S. B. 580, Stat. 1913, chap. 358, amends the pure drug law by including under misbranded drugs those containing any false statement regarding their curative effect.

S. B. 627, Stat. 1913, chap. 360, places cold storage establishments under the supervision of the state board of health. Foods must be marked showing date when placed in cold storage and date when removed therefrom.

A. B. 236, Stat. 1913, chap. 373, makes it unlawful for any one to supply

for domestic purposes water which is polluted or dangerous to health. Investigation of water supply must be made by the state board of health before permit is granted for furnishing of water.

A. B. 237, Stat. 1913, chap. 374, amends the public health act by requiring that full plan of any proposed sewerage system discharging into waters which may thereby become a menace to health must be filed with the state board of health, so that a thorough investigation may be made. The board has power to grant or deny, in accordance with the facts ascertained.

S. B. 526, Stat. 1913, chap. 319, provides for a department under the state board of health for the examination and registration of graduate nurses. The purpose is to promote the better education of nurses and the better care of the sick.

S. B. 1713, Stat. 1913, chap. 369, prevents introduction of rabies into parts of state not infected and places control of spread of that, and similar diseases, in state board of health. Provides special fund from dog tax and fines from violations of the act, for expenses incurred in connection with carrying out provisions of act.

A. B. 1234, Stat. 1913, chap. 385, provides for a department of tuberculosis with physician director under a non-salaried advisory board of four members. The object sought is to lessen tuberculosis in the state by eradicating conditions favorable to its spread.

Labor.

S. B. 1413, Stat. 1913, chap. 282, places private employment agencies under control of the bureau of labor statistics, provides for the payment of a license fee to operate, and prohibits any charge for registering applications for help or employment.

A. B. 249, Stat. 1913, chap. 333, provides that in case of labor trouble, the employer in advertising for labor must state that his establishment is involved in a strike.

A. B. 1118, Stat. 1913, chap. 350, is the anti-blacklisting act which forbids employers from placing employees who have left for any reason on the blacklist so as to prevent them from securing employment elsewhere.

S. B. 343, Stat. 1913, chap. 182, regu-

lates sanitation of camps, and is designed to correct conditions prevailing in railroad and other construction camps.

S. B. 568, Stat. 1913, chap. 186, fixes eight hours as the labor day in mines, and S. B. 1608, Stat. 1913, chap. 368, provides for installation of telephones in mines.

A. B. 1343, Stat. 1913, chap. 275, regulates use of elevators on buildings being constructed so that there shall be a system of signals in use, and requiring the inspection of all such elevators by the commissioner of the bureau of labor statistics.

S. B. 292, Stat. 1913, chap. 198, provides that payment of seasonal labor may be in presence of commissioner of bureau of labor statistics and further that said commissioner shall decide all disputes arising from wages earned in seasonal labor.

A. B. 609, Stat. 1913, chap. 227, creates office of attorney for the state bureau of labor statistics, carrying salary of \$2,400 per annum.

S. B. 756, Stat. 1913, chap. 278, provides that in factories and shops free medical appliances shall be kept for treatment of persons injured or taken ill upon the premises.

See also, Workmen's compensation above.

Medical practices act.

S. B. 813, Stat. 1913, chap. 354, creates a board of medical examiners consisting of ten physicians to conduct examinations for certification of applicants and the prosecution of those violating the provisions of the act. The act specifies what requirements are necessary for certificates and defines unprofessional conduct, applicants guilty of which must be denied certificates.

Motor vehicles.

A. B. 2095, Stat. 1913, chap. 326, provides for the transfer of automobile and other motor vehicle registration from the office of the Secretary of State and places it in the hands of the State Engineer and the State Treasurer; half of the receipts shall be returned to the counties from which received for the benefit of the road fund. The act also provides a new schedule of licenses, sets forth the rules of the road, fixes the speed limit at 35 miles per hour, and prohibits use of

muffler cut-outs within any incorporated city. The law goes into effect January 1, 1914.

Net container.

S. B. 788, Stat. 1913, chap. 167, provides that the containers for foods shall be plainly marked with the true weight of the contents.

Pipe lines.

S. B. 1763, Stat. 1913, chap. 285, declares combinations between railroads and pipe lines for transportation of oil to be in restraint of trade, and requires such pipe lines either to become common carriers or to procure license and pay fees.

A. B. 2105, Stat. 1913, chap. 327, declares pipe lines to be common carriers and subject to the provisions of the Public utilities act, under jurisdiction of the state railroad commission, and compels these lines to transport oil from the independent oil fields to the markets and to the refineries.

Prison reform.

A. B. 664, Stat. 1913, chap. 165, provides that any person who, having been convicted and imprisoned, is later discharged because found to be innocent, may secure indemnity.

A. B. 7, Stat. 1913, chap. 583, makes unlawful the using of cruel or unusual punishments in prisons or reformatories.

S. B. 139, Stat. 1913, chap. 591, provides that a prisoner serving his first term may be eligible to parole after one year. A second offender must have served two years, while "life-termers" are not subject to parole until they have served at least seven years. Parole headquarters are provided (A. B. 2044, Stat. 1913, chap. 589) whereby money may be advanced to any boy or girl out on parole or discharge. Provision is also made for assisting paroled and discharged prisoners and securing employment for the same (A. B. 1517, Stat. 1913, chap. 540).

S. B. 1538, Stat. 1913, chap. 593, requires wardens to classify prisoners, and to recognize good behavior.

A. B. 274, Stat. 1913, chap. 584, provides for protection for paroled prisoners in attempting to secure work.

Railroad commission.

A. B. 743, Stat. 1913, chap. 339, amends railroad commission act by providing that the railroad commission shall

have power to determine compensation that a county or city or municipal water district should pay for taking in eminent domain proceedings any existing public utility or property.

A. C. A. 87, Resol. 1913, chap. 96, proposes amendment to ~~vstate constitution~~ giving the railroad commission the power conferred by the legislature and embodied in the above act.

A. B. 196, Stat. 1913, chap. 553, amends the public utility act of 1911, raises the salary of state railroad commissioners from \$6000 to \$8000, and extends the power of the commission.

A. B. 1267, Stat. 1913, chap. 261, provides for organization of public utility districts for purpose of acquiring property and constructing works, with power to incur bonded indebtedness and to levy and collect taxes to pay such indebtedness.

A. C. A. 62, Resol. 1913, chap. 93, provides that every public utility organization shall be subject to such control of the railroad commission as may be provided by the legislature.

Red-light district abatement act.

A. B. 353, Stat. 1913, chap. 17, is an effort to suppress the evil of prostitution by placing the responsibility of disorderly houses upon the owners and lessees, rather than upon the inmates, and forbidding such houses.

Revenue and taxation.

A. C. A. 7, Resol. 1913, chap. 87, proposes to amend Constitution by providing that any county or city may exempt from taxation for local purposes, certain classes of property. Styled "Home rule in taxation."

S. C. A. 15, Resol. 1913, chap. 52, proposes amendment to Constitution whereby certain property of colleges may be exempt from taxation.

S. B. 1088, Stat. 1913, chap. 320, relates particularly to the taxing of public service corporations.

A. B. 197, Stat. 1913, chap. 6, amends revenue and taxation act by increasing rate of tax on railroads, public utility corporations, and insurance companies; and providing that legislature may change rates of taxation.

The "inheritance tax act" (A. B. 2117,

Stat. 1913, chap. 595) provides for an increase of rates on bequests and devises in excess of a quarter of a million dollars, and for revision of procedure.

Roads.

S. B. 1719, Stat. 1913, chap. 181, provides for improvement of county roads and establishment of county highway commissions, to have charge of such highways.

A. B. 505, Stat. 1913, chap. 256, permits counties to acquire rights of way for state highways, and to pay part of expense of constructing such highways and bridges within their limits.

A. B. 1559, Stat. 1913, chap. 263, provides for the construction and maintenance in counties and towns, by the state, of state aid highways.

Saloons.

CALIFORNIA LIBRARIES.

All libraries are listed except elementary public school and church libraries and those which belong to private individuals. They are arranged alphabetically by place under counties and counties are arranged alphabetically. To determine the county in which any place is located see list following these introductory paragraphs.

Those libraries are marked with an asterisk (*) which are not free to the public for either loan or reference purposes.

Libraries marked with ‡ are United States depository libraries; those marked with § are depositories for the Official gazette of the Patent Office; those marked with || are geological depositories.

The months are abbreviated as follows:

January Ja	July Jl
February F	August Ag
March Mr	September S
April Ap	October O
May My	November N
June Je	December D

Statistics are printed for the quarter, but are sent in by the libraries for each month separately in most cases, and will be furnished to any one who wishes them in the monthly form upon application to California State Library. So that the figures for circulation may be uniform, current magazines are included in the total whether reported that way or not.

The annual incomes as quoted for the free public libraries are computed when possible from the city clerks' reports sent to the State Controller's office, and are based on the assessed valuation of non-operative property.

Blanks for April, May and June statistics were sent to all of the libraries in June, except to those of the public high schools and private schools.

There are in California 21 county free libraries; 1 library district library; 3 high school district libraries; 127 libraries supported by city taxation; 66 law libraries, of which 55 are county law libraries; 58 county teachers' libraries; 326 libraries in educational institutions, of which 5 are universities, 9 colleges, 6 normal schools, 240 public high schools, 66 private schools and other institutions; 48 miscellaneous institution libraries and 66 association or society libraries; 51 subscription libraries. In connection with the above libraries there are 608 branches and deposit stations.

There are 123 library buildings, of which 103 were gifts, and of these gifts 88 are from Andrew Carnegie. Of these 88

Carnegie buildings, 3 are being planned, and 3 are under construction.

As the libraries are now listed under counties the following alphabetical list by place, giving county, is printed:

DIRECTORY FOR LIBRARY SUPPLIES AND OTHER ITEMS OF GENERAL INTEREST.

Many public libraries waste a great deal of time and money before they find good places to get supplies. The plan is to give all libraries the benefit of the experience of the older libraries of the State by listing under different heads the houses that have been found to give satisfaction, the names and addresses being furnished by the older and larger libraries of California. In this way suggestions will be given as to where different sorts of books may be bought, where books may be rebound or periodicals bound, where library furniture may be bought, etc., both in California and in the East.

If any information is needed about the firms listed below which can not be obtained from the firms themselves, the names of the libraries recommending the different ones will be sent to any library upon application to the State Library.

In this same section space will be given to any libraries of California in which to list numbers of periodicals, etc., wanted to complete files; books especially needed at any time, either to purchase or borrow; needs of any sort, such as an assistant to catalog the library, or assist, etc. Space will also be given to any librarian who wants a permanent position in a library, or who wants special work, such as cataloging small libraries, etc.

The section is entirely at the disposal of libraries and librarians for the purpose of mutual aid.

ANNUAL MEETING.

A short account of the annual meeting is given on page 289. The meeting will be more fully reported in the Handbook and proceedings of the annual meeting, 1913.

Third District Meeting.

A meeting of the Third District California Library Association was held at the Willits Library, April 10, 1913. After some pleasing piano music, the meeting was called to order at 2.30 p.m. by the District President, Mrs M. E. Gorkinski. Her informal, cheery words followed by the hearty, cordial address of welcome by Con H. Goldberg, president of the board of library trustees, made every one feel much at home.

The meeting was open to the public and over forty people, aside from the delegates, were present, showing the interest of the Willits people in library work.

Miss Harriet G. Eddy from the State Library presented to us in a most forceful and pleasing way the question of "the county free library." This being the first

time the subject had come before the Mendocino County people, she was listened to with closest attention, and we hope her talk may prove the entering wedge for the system in our county.

Following this number, L. W. Babcock, County Superintendent of Schools, spoke on "The co-operation of schools and libraries." Always enthusiastic along lines educational, his words were earnest and instructive, getting close to his hearers by his plea for the benefits of such co-operation to reach into the homes as well as the schools and libraries.

Next a vocal solo by Mrs Ralph Duncan was much enjoyed. Miss Margaret Adelle Barnett, librarian of the Santa Rosa Public Library, read a paper on "The selection of juvenile books." Her thoughts so well chosen, together with the lists of books she had compiled and brought, gave very material help where help is so much needed.

Mrs Frank Roberts, librarian of the Fort Bragg Library, gave us an outline of the establishing of their library, an example of what co-operation and willing workers can accomplish in a short time. The solo of Miss Isabelle Winsor finished the program.

At the close of the meeting, souvenirs made of birdseye or curly redwood were given the visitors. We all went away seeing more possibilities, and feeling more enthusiasm in our work from this gathering in the far north of this district—"the call of the wild," as the district president quite fittingly named it in her remarks.

The reception to the visitors by the Women's Improvement Club was a most enjoyable evening for all present. I must mention here the interest that the club has always taken in the Willits library, and the material help given. The thanks of the convention are offered to this Club for their special assistance in preparing for and helping to make this meeting so pleasant.

Long to be remembered is the personal offering of Mrs Gorkinski, who in the hour following the close of the session, opened her beautiful home and served refreshments to the visiting delegates—such a rest hour it proved to be.

The library people present were: Fort Bragg, Mrs Frank Roberts; Littleriver, Mrs W. B. Coombs; Sacramento, Miss

Harriet G. Eddy; San Rafael, Miss May Cooper and Mrs Stevenson; Santa Rosa, Miss Margaret Adelle Barnett; Ukiah, L. W. Babcock and Mrs I. S. Perkins; Vallejo, Miss Gertrude Doyle and Miss Margaret McPherson; Willits, Mrs M. E. Gorkinski, Mrs W. L. Blodgett, Mrs A. J. Fairbanks, Con H. Goldberg, Mrs L. A. Wilson.

IMOGENE S. PERKINS, Secretary.

Fifth and Ninth Districts Meeting.

A joint meeting of the Fifth and Ninth districts of California Library Association was held in the municipal building at Chico, April 19, 1913.

The meeting was called to order at 11 a.m. Miss Laura Sawyers, president of the ninth district, presiding, the subject being County Free Libraries in California. Williams Robbie, mayor of Chico, delivered the address of welcome.

J. L. Gillis, State Librarian, gave a very interesting and instructive talk on the Beginning of the County Free Libraries in California, and Miss Harriet G. Eddy, County Library organizer, told of the growth of the county free libraries in the four and one half years since the first county free library began. In the last year more than \$100,000 has been appropriated for county free library service which is now being carried on in counties in the state.

Miss Susan T. Smith, Reference Librarian of the State Library, gave a very interesting account of the work of the State Library with the county libraries.

Mrs Joseph Burroughs of Chico spoke

of the help the State Library is to Study Clubs, in supplying them with the proper reference books.

L. W. Ripley and W. F. Cloudsley spoke on the County Libraries of Sacramento and San Joaquin counties.

Mrs J. A. Henshall, county superintendent of schools of Yolo County, and Miss Stella Huntington, County Librarian, gave many reasons for the schools joining the County Library.

A vote of thanks was extended to the board of trustees of the Chico Library and Miss Sawyers, the Librarian, for the hospitality received.

In closing the meeting, Mr Ripley spoke in appreciation of the work of Mrs Josephine Morse as organizer of the Chico Public Library.

Those present from the Fifth District were: Fair Oaks, H. J. Lawrence; Lincoln, Mrs B. C. Landis; Sacramento, Miss H. G. Eddy, J. L. Gillis, Miss G. M. Kidd, L. W. Ripley and Mrs Ripley, Miss S. T. Smith; Stockton, W. F. Cloudsley; Woodland, Mrs J. A. Henshall, Miss Stella Huntington, Miss N. C. Langenour, Miss Jennie Rumsey, Miss H. G. Thomas. From the Ninth District: Biggs, J. M. Brough; Chico, Mrs J. Burroughs, C. H. Deuel, Miss Lily Earl, Miss Clara Fisher, Mrs W. P. Jackson, Miss Amy Jones, Mrs Guy Kennedy, Mrs J. Morse, William Robbie, S. P. Robbins, Miss Helen Sawyers, Miss Laura A. Sawyers, H. P. Short, Mrs C. B. Swain; Oroville, Mrs Minnie Abrams; Redding, Mrs Jennie Taylor.

MRS JENNIE TAYLOR, Secretary.

EXAMINATIONS.

Examinations will be held twice a year, at the annual meeting of the California Library Association, and in December at San Francisco, Los Angeles and Sacramento during the same week. The next examination will be held in December, 1913. All who have applications on file with the Chairman of the Board will be duly notified.

A broad, diversified and practical experience in library work is necessary for the successful operation of the county free library. No application, therefore, will be considered from, and no examination given to, any person who does not present actual and successful library experi-

ence, and thorough knowledge of library science and technique as a prerequisite. A good, general education is necessarily implied in such a requirement.

The examinations are not of a conventional nature concerning literary and historical subjects, but cover (1) library science; (2) conduct of a county free library.

The Board of Library Examiners has decided that for the present no examinations will be given outside the State, for many reasons: (1) Experience has shown that only persons who have lived in the State and have done library work in a way to gain personal knowledge of California conditions really understand the county free library plan for California. The aim of the examination is to see how thorough the applicant's knowledge is of the conditions under which the county free library work must be carried on, and of the problems to be met in the work as it is actually being done in this State. A real and sympathetic understanding of the

work in California is thus absolutely necessary; (2) The members of the Board feel that the oral examination is very important. They feel that they cannot fairly judge of an applicant's qualifications without meeting him in this way.

Sample examination questions can not be furnished.

COUNTY FREE LIBRARY LAW.

The "California county free library law and circular of information for applicants for certificates of qualification to hold office of county librarian in California" was published in *News Notes of California Libraries*, April, 1911, and later reprinted in pamphlet form. Copies will be furnished by the State Librarian.

APPLICATION BLANKS.

All who wish to take the examination should file applications with the Chairman of the Board. For application blanks or further information address the Chairman of the Board, J. L. Gillis, State Librarian, Sacramento, California.

CALIFORNIA STATE LIBRARY.

The bill establishing the California State Library was signed by Governor Peter H. Burnett, April 9, 1850.

Annual income for 1912-13, \$49,200.

The income for the next two fiscal years beginning July 1, 1913, and ending June 30, 1915, will be \$197,200, or about \$98,600 annually.

Total accessions 163,466, exclusive of 14,658 in Large loans collection and 2747 accessions in Books for the Blind Department.

LIBRARY HOURS.

Week days	9 a.m. to 4 p.m.
Sundays	10 a.m. to 3 p.m.
Legislative session	9 a.m. to 9 p.m.

During July, August and September all departments of the Library will be closed on Sundays except the Law Department, which will be open as usual.

During July and August, all departments of the Library will be closed Saturday afternoons, except the Law Department, which will be open as usual.

Use of material for reference during those times can be arranged for in one of two ways: (1) It can be sent to the Sacramento Public Library to be used there. (2) It can be sent to the Law Department to be used there.

In either case, the material must be requested before 12 o'clock noon Saturdays, as the assistant in charge of the Law Department will not be able to leave the department.

LAW DEPARTMENT.

MILTON J. FERGUSON, in charge.

The Law Department is fully equipped with the latest reports, digests, encyclopædias and text-books, and is entirely free to the public for reference purposes. State officers are entitled to borrow books, and private individuals are accorded the same privilege upon presentation of an order signed by a Supreme, Appellate or Superior Judge. Books may be kept three weeks, and will be once renewed for two weeks. All books are subject to recall, if required by a state officer.

DOCUMENTS DEPARTMENT.

ALICE J. HAINES, in charge.

The Documents Department aims to collect, arrange and make available government publications, federal, state and foreign.

State Publications.

Copies of twenty-one State publications have been received for distribution:

Deaf and Blind Institution. Report, 1910-12.

Engineering Dept. Report, 1910-12.

Equalization Board. Bulletin: tax laws.

Fish and Game Comn. Teachers' bull. 4-5.

Harbor Comrs. Eureka. Report, 1912.

Highway Comn. Bull. vol. 1, no. 2.

— San Diego. Bull. v. 1, nos. 1-3.

Prison Directors. Report, 1910-12.

Public Instruction Supt. California schoolhouse.

Railroad Comn. Special report, 1911-12.

A list of State publications received during April, May and June, 1913, is given on page 434.

REFERENCE DEPARTMENT.

SUSAN T. SMITH, in charge.

The Reference Department furnishes information to any inquirer. It furnishes books to public libraries, or any other educational institution, on application; to individuals through the signature of a state officer, of the Librarian of the local library or of the official head of any other educational institution or on receipt of a \$5.00 deposit; to a club or grange on request of its president, secretary or librarian.

The State Library pays the cost of

transportation to any one borrowing through a county free library, but in every other instance the charges both ways are paid by the borrower. Wells Fargo Express Co. has granted a half-merchandise rate to the borrower on return shipments.

The announcements of the correspondence courses to be given by the University of California show that no provision is being made to meet the book needs of the students; nor has any thought been given to the books required by the study clubs that are assisted in other ways by the College of Agriculture. When the students are residents of the large cities with large public libraries or of counties that have county free libraries, these book needs of the student will be easily met and with no expense to the student. In the other cases, although the books for the work can doubtless be obtained from the State Library, it will be necessary for the student to pay the transportation, and this will prevent many from taking the correspondence courses. This new undertaking of the University of California will be another strong argument for the county free library. When there is such a library in every county, the people of California will have reached the ideal condition of having education absolutely free to every one—even all books being free.

Large Loans Collection.

The Reference Department also sends out groups of books up to 1000 volumes to counties starting county free libraries. These books are from a store room collection called Large loans collection. The greater part of the books in the collection are the traveling libraries books. Publishers' gifts and duplicates not needed in the general departments of the library are also being placed in this collection. The Model School Library, which was the property of the California Teachers' Association and the California Library Association, has been presented to the State Library, and is a part of the Large loans collection. A list of the books that are in this collection appeared in the *Western Journal of Education* for March and April, 1910.

These loans are sent by freight, the county free libraries borrowing them paying the freight charges.

A loan of 313 volumes was made in June to the Sacramento County Free Library. These books were to be used as a nucleus of a collection to be sent to the Folsom State Prison at Represa. This

is the first large branch to be started by any county free library in a state institution.

Loans have been made to the following counties: Imperial, Riverside, Kings, Sacramento and San Diego.

CATALOG DEPARTMENT.

IDA G. MUNSON, in charge.

The work of the Catalog Department is proceeding along two parallel lines; the cataloging of the regular additions of new books, and the recataloging of much material needing a fuller treatment than it has heretofore received.

During April, May and June 3443 volumes were cataloged, adding 9876 cards to the catalog.

CALIFORNIA DEPARTMENT.

EUDORA GAROUTTE, in charge.

The California Department aims to have a thoroughly good collection of books on the history and description, resources and industries of the State, as well as the works of California authors in all departments of literature. These are made accessible by means of a card catalog. Full names and biographical sketches of California authors, artists, musicians, pioneers and early settlers are being secured, together with their photographs. The collection of bound periodicals is quite large. The Department also contains about 5000 bound volumes of newspapers, a file of which is being indexed with reference to the history of the State. Students will be assisted in their work.

Pioneers and Early Settlers.

Two valuable cards received are those of Mr and Mrs George Warren Bird.

Mr Bird as an engineer and contractor superintended the construction of the first railroad in the State, known as the Sacramento Valley road and extending from Sacramento to Folsom. He was also a member of both vigilance committees.

Mrs Ruth Delano Bird was one of the first public school teachers, occupying the position of principal in the San Francisco schools. She started the Greenwich-street school in the old smallpox hospital, and was a much loved and influential teacher. Her death occurred in 1865.

Henry Perrin Coon held many public offices such as Police judge, Tideland commissioner and Mayor of San Francisco during the civil war period, serving two terms. An exhaustive sketch of Mayor

Coon together with his photograph has been placed on file.

William Hancock Knight was a pioneer of '49. He was a public man, filling at various times the following offices: Bank commissioner, Harbor commissioner and Public administrator of Alameda County. He was also a member of the "Laura Virginia" party, the first to enter Humboldt Bay. Mr Knight lived to participate in the State's development up to the present year, his death occurring in Oakland April 7, 1913.

Ezekiel Jewett was another 49er, a scientist who spent his time in research both as a geologist and conchologist. Prior to taking up his scientific work he was an officer in the United States army.

Other interesting cards received are those of Henry L. Lightner, a mining expert and inventor, and Frederick Elihu Fish, who came to California in 1849, but after a few exciting years spent in the mines returned to his home in Rhode Island.

California Artists.

The following musician card has been received since the last issue of *News Notes of California Libraries*:

Brown, John Wallace.
Patten, Mary Caverly.

California Musicians.

The following musician card has been received since the last issue of *News Notes of California Libraries*:

Pomeroy, Everett.

California Authors.

The following author cards have been received since the last issue of *News Notes of California Libraries*:

Bohan, Mrs Elizabeth (Baker) Mrs Michael Bohan.

Kirkham, Stanton Davis.
Lawson, William Alexander.
Pomeroy, Everett.
Taber, Cornelia.
Taylor, Hugh Woodruff.

Newspaper Index.

The index covers the following periods: August 15, 1846, to March 21, 1893; also January, 1894, to March, 1905.

Catalog.

613 cards have been added to the California catalog.

Donations.

Several items of interest to our University friends have recently been received, among them the program of the first graduating exercises of the College of California, 1864, also the original manuscript of the valedictory address delivered on that occasion. The program shows the names of four graduates, James Alexander Daly, David Leeman Emerson, Albert Franklin Lyle and Charles Turner Tracy. Mr Emerson was the valedictorian, Bret Harte the poet, while the address was delivered by Hon. Newton Booth.

Mrs R. S. Gray gave to the department a scrap book containing concert and opera programs, while Mr R. S. Gray presented a set of relief passes used during the San Francisco disaster of 1906.

A large number of autographed books and pamphlets has been received as usual.

Pictures.

Among many interesting pictures we note one of the laying of the corner stone of the City Hall, San Francisco; also early pictures of Oakland.

BOOKS FOR THE BLIND DEPARTMENT.

MABEL R. GILLIS, in charge.

Embossed books in five different types are sent to any blind resident of California upon application. Circular and finding list, with Call slip postal, will be sent on request. Writing appliances and games for the blind are loaned as samples to those wishing to buy such articles, so that the different kinds can be tried before they are ordered. Addresses of firms supplying all articles loaned will be furnished on request.

Books sent to individuals from an institution distributing embossed literature are carried free through the mails.

The first book was loaned June 13, 1905. There are now 561 blind borrowers, 11 borrowers having been added during April, May and June. Total accessions are 2747, as follows: New York point books 645; New York point music 68; American Braille books 613; American Braille music 180; European Braille books 144; European Braille music 9; Moon books 858; Moon music 3; Boston line letter books 107; Ink print books 56; *Appliances 31; Games 10; Maps 6.

All magazines except *The Moon maga-*

*Appliances are loaned as samples to any one wishing to try them.

zine, Braille musical magazine, Weekly review for the blind, and Progress are donated. Copies have been donated during the last three months by Mrs H. W. Bruning, Mrs A. W. Joy, Miss B. M. Julian, Wm. A. Miller, the Ziegler Publishing Co., Society for Providing Evangelical Religious Literature for the Blind, Theosophical Society of Boston, Christian Record Publishing Co., New York Association for the Blind, British and Foreign Blind Association, Western Pennsylvania Institution for the Blind, and a congregation in Oakland.

Other gifts are indicated in the following list of books, etc., which have been added to the library during the last three months:

In New York Point.

ADOLPH SUTRO, Collector of the Sutro Library.

THE SUTRO LIBRARY

By M. J. FERGUSON, Assistant State Librarian.

The heirs of the late Adolph Sutro, desiring in some measure to carry out the intention of its collector, have given to the State Library the collection of books known as the Sutro Library. The conditions of the gift are remarkably few; the main one being that the State Library shall establish a deposit station in San Francisco in which to house the collection. For several years the trustees of the State Library have contemplated the establishment of a branch in San Fran-

cisco, in order that the great center of population around the bay might be more easily and adequately served. The advantage of opening up to the use of all the people of the state of such a remarkable collection of books as those composing the Sutro Library can readily be seen. It was doubtless this fact that influenced the heirs and especially the executrix, Dr Emma L. Merritt, who is familiar with the state-wide activities of the State Library, to make the gift.

Adolph Sutro, a man of wide experience and marvelous activity in public matters, early saw the advantages of a scholars' library located at such a center of population as San Francisco is and is destined to become. The public libraries throughout the state could be depended upon to meet the usual needs of the people for reading matter. It was his idea to gather the books needed by the scholar. With his customary energy he began collecting his books about 1877. Agents were employed in all the book centers of Europe, and were sent into out-of-the-way places wherever collections of books were to be found. Whole libraries in Europe and Mexico were purchased. And wherever a notable sale was being held there the Sutro buyers were in evidence. As a result of such activities the Sutro Library numbered about 250,000 volumes at the time of its founder's death in 1898.

While many plans had been made for the erection of a fine library building and the opening of the collection to the public, nothing had resulted. The books were stored in two buildings, one on Battery street and the other on Montgomery. There the books remained waiting for the settlement of the estate and their final disposition. Meanwhile, in 1906, came the great fire and the books on Battery street, consisting among other things of a very fine collection of Bibles of every age and every language and a collection of incunabula not surpassed in America, were destroyed. By some great good fortune the old Montgomery block escaped and here were housed the 100,000 volumes which have just come into the state's possession.

Of what the collection consists no one knows definitely, for a catalog has never been made. But in the opinion of scholars who have spent many days inspecting and using its treasures and in the estimate of the State Library forces who spent three weeks packing the books preparatory to moving them away from the old Montgomery block, the collection is one of rare merit and its opening up to the people of California will mean much in the educational history of the state.

The following quotation from a letter written by Andrew J. White in 1892 will give some idea of that eminent scholar's

estimate of the importance of the Sutro Library:

"I must confess that of all the amazing things on the Pacific coast—and I encountered surprise after surprise—the most unexpected was the discovery of the Sutro Library, and of the fact that so few people in California knew anything about it . . .

Many of the works are of the costliest. Among them are numbers of rare illuminated manuscripts, a very large collection of early printed works, especially of the Reformation and renaissance periods, with over thirty thousand volumes, many of them exceedingly costly, dating from the Civil Wars and Cromwellian or Commonwealth periods in England."

Professor Burr of Cornell made a special trip to California to inspect the Sutro Library in order to determine whether to accept an offered professorship in Stanford University. In writing to Mr Sutro in June, 1892, he says in part:

". . . No, I am not coming to California—at least, not at present. But it is no longer for want of books. The Sutro Library removes that obstacle entirely. I came back from California wholly prepared to accept President Jordan's offer. But, when the authorities of Cornell not only met the ultimatum they asked me to make, but met it unanimously and so generously that I could not doubt the heartiness of their action, I could not turn my back on my old home. Here, too, I have a work, and one very dear to me.

But, believe me, I shall never forget the Sutro Library nor your generous hospitality to me as its visitor. There is much I want to say to you about it. My enthusiasm over the remarkable collection you have brought together does not abate."

In numbers the books bearing upon the history and life of Mexico and the Pacific coast are the greatest. Revolution and climate are both hard on the libraries of our southern neighbor and it is a fortunate thing that the buyers of Adolph Sutro went into the country and rescued the volumes which now form so considerable a part of the Sutro Library. Spanish literature in all departments is likewise well represented.

Of the rare books the most precious are the four Shakespeare folios, of which the collection not only boasts a complete and remarkably fine set but also a duplicate of the priceless folio of 1623. Early editions of Ben Johnson's works and of Chaucer are also found. There are about 150 Hebrew manuscripts of great age and value; one of them in fact dating from the year 1298. Much manuscript matter dating from the 17th century offers to the student of men and manners a mass of material as yet untouched. The scrap books of connoisseurs, into which have gone all sorts of rare and curious things from oil paintings of merit to the autographed portrait of the then reigning stage favorite add a touch of personality which will delight the searcher after the unusual. San Francisco papers of an early date mercifully saved from the flames will reveal to the present day city what its predecessor was.

The material which once formed the San Francisco military library, consisting of books, plans, maps, etc., on all phases of military science, is now a part of the Sutro Library. The San Francisco military library was probably the first con-

siderable collection on this subject on the Pacific coast.

Chinese and Japanese books and manuscripts are also found in considerable number. Notable among these books are two series of water color drawings, consisting of several hundred feet of paper in the form of rolls, depicting military manoeuvres before the introduction into China of modern or western methods and ideas.

These are only a few of the many treasures in a large collection covering every field of art, philosophy and science.

The books were recently removed to the Lane Medical Library Building at Sacramento and Webster streets, of which the State Library has leased the second floor. For all practical purposes the collection is still in storage; for the stacks have not yet been installed. It is hoped that the work of opening the boxes and putting books upon the shelves may be begun by the first of the new year. As nothing in the way of classifying and cataloging has been done it will be several months before any part of the library can be opened to the public. Announcements of progress in the work will be made in later issues of *News Notes of California Libraries*.

PRELIMINARY ANNOUNCEMENT OF THE CALIFORNIA STATE LIBRARY SCHOOL.

FACULTY

James L. Gillis, State Librarian.
 Milton J. Ferguson, Assistant Librarian and in charge of Law Department.
 Sarah S. Oddie, Head of Catalog Department and in charge of the Library School.
 Margaret Dold, Assistant in Library School.
 Mary E. G. Morton, Head of the English Department of the Sacramento High School, Lecturer in Modern Literature.
 Julia K. Blanchard of the faculty of the Commercial Department, Sacramento High School, Lecturer in business practice as applied to library administration.
 Lauren W. Ripley, Librarian of the Sacramento Public Library, Lecturer in public library methods, the relation between the public library and the schools, etc.
 The faculty will be assisted by the heads of departments of the California State Library, as follows:
 Laura Steffens, Second Assistant Librarian and Editor of News Notes of California Libraries.
 Melvin G. Dodge, Legislative Reference Librarian.
 Margaret Eastman, Head of Order Department.
 Susan T. Smith, Reference Librarian.
 Eudora Garoutte, Head of California Department.
 Alice J. Haines, Head of Documents Department.
 Mabel R. Gillis, Head of Books for the Blind Department.
 Harriet G. Eddy, County Library Organizer.
 Mrs Annie L. Blanchard, Shelf Lister.
 Annie Lowry, in charge of Periodicals and Binding.

A list of special lecturers will be announced later, which will include various State Officers and representatives from the faculties of the Universities of the State.

To meet an increasing demand for librarians and library assistants who have had the benefit of technical training as well as experience, the California State Library has planned to establish in January, 1914, a library school.

The purpose of this school is to offer, to carefully selected candidates, a one-year course in library economy, which is designed to qualify the students for library service.

For this training the California State Library offers a well equipped laboratory,

having a library of about 165,000 volumes, including its law library; the collection of federal, state and municipal documents; the collection of books for the blind; and the special collection in the California Department.

These and other departments are in the hands of skilled specialists and offer varied opportunities for special students, as well as a broad field for the necessary general training.

The course of study will include the usual technical subjects of cataloging, classification and general problems of library administration, but the broader educational and literary side of the work will receive special emphasis.

A detailed course of study will be published later.

Arrangements have been made by which practical experience in public library methods will be obtained in the Sacramento Public Library and in other libraries throughout the state.

No tuition will be charged for this course of instruction.

Students are expected to devote their entire time to this work, but if for financial or other reasons, this is not possible, special arrangements may be made.

Under the direction of the California State Civil Service Commission an entrance examination will be conducted during the first week in December (the exact date to be announced later), in preparation for which a review of general and current history and literature is suggested. This examination will follow the general plan of those given by other library schools.

Only a limited number of students can be admitted and those who are interested should apply without delay to the State Librarian for application blanks.

CALIFORNIA LIBRARIES.

All libraries are listed, except elementary public school and church libraries and those which belong to private individuals. They are arranged alphabetically by place under counties and counties are arranged alphabetically. To determine the county in which any place is located see list following these introductory paragraphs.

Those libraries are marked with an asterisk (*) which are not free to the public for either loan or reference purposes.

Libraries marked with ‡ are United States depository libraries; those marked with § are depositories for the Official gazette of the Patent Office; those marked with || are geological depositories. This information was revised in September, 1913.

The months are abbreviated as follows:

January Ja	July Jl
February F	August Ag
March Mr	September S
April Ap	October O
May My	November N
June Je	December D

Statistics are printed for the quarter, but are sent in by the libraries for each month separately in most cases, and will be furnished to any one who wishes them in the monthly form upon application to California State Library. So that the figures for circulation may be uniform, current magazines are included in the total whether reported that way or not.

The annual incomes as quoted for the free public libraries are computed when possible from the city clerks' reports sent to the State Controller's office, and are based on the assessed valuation of non-operative property.

As it is not possible as yet to obtain complete returns for incomes for 1913-14, this information can not be given until the January issue of *News Notes of California Libraries*. In the present issue, such information, where given, is printed in the notes following the different libraries.

Blanks for July, August and September statistics were sent to all of the libraries in September.

There are in California 23 county free libraries; 1 library district library; 3 high school district libraries; 129 libraries supported by city taxation; 66 law libraries, of which 55 are county law libraries; 58 county teachers' libraries; 334 libraries in educational institutions, of which 6 are universities, 7 colleges, 7

normal schools, 248 public high schools, 66 private schools and other institutions; 48 miscellaneous institution libraries and 68 association or society libraries; 46 subscription libraries. In connection with the above libraries there are 626 branches and deposit stations.

There are 125 library buildings, of which 108 were gifts, and of these gifts 91 are from Andrew Carnegie. Of these 91 Carnegie buildings, 6 are being planned, and 2 are under construction.

As the libraries are now listed under counties the following alphabetical list by place, giving county, is printed:

During the quarter new branches have been opened at the Apricot, Fairfield, Gordon, Guinda, Montgomery, Plainfield, Pleasant Prairie and Willow Spring Schools, and the Woodland Sanitarium. 26 districts have now joined the county free library, of which 4 have turned over their libraries.

Cañon, North Grafton and Prairie schools have not yet joined again for the present school year.

When the schools were visited, they were found to be having difficulty over the handling of the state text-books; so it was decided that the county free library should act as a "clearing house." (See Directory, page 573.)

Hitherto school contracts have been yearly. The form of contract has now

DIRECTORY FOR LIBRARY SUPPLIES AND OTHER ITEMS OF GENERAL INTEREST.

www.libtool.com.cn

Many public libraries waste a great deal of time and money before they find good places to get supplies. The plan is to give all libraries the benefit of the experience of the older libraries of the State by listing under different heads the houses that have been found to give satisfaction, the names and addresses being furnished by the older and larger libraries of California. In this way suggestions will be given as to where different sorts of books may be bought, where books may be rebound or periodicals bound, where library furniture may be bought, etc., both in California and in the East.

If any information is needed about the firms listed below which can not be obtained from the firms themselves, the names of the libraries recommending the different ones will be sent to any library upon application to the State Library.

In this same section space will be given to any libraries of California in which to list numbers of periodicals, etc., wanted to complete files; books especially needed at any time, either to purchase or borrow; needs of any sort, such as an assistant to catalog the library, or assist, etc. Space will also be given to any librarian who wants a permanent position in a library, or who wants special work, such as cataloging small libraries, etc.

The section is entirely at the disposal of libraries and librarians for the purpose of mutual aid.

LIBRARY CO-OPERATION WITH SCHOOLS.**Collateral Reading.**

The following extract from a letter dated August 1, 1913, from Mrs Thomas B. Beeman, Librarian of the Imperial County Free Library, is of interest toward economical service of material for collateral reading:

"Here is a suggestion which might be of value to small libraries such as ours. The principal himself suggested this. In the collateral reading, take for instance, last year all the schools studied Ivanhoe and we had calls which we could not begin to supply because they all asked for them at once. Now the principal is going to make out the course of study for this line of reading and meet with the principals of the other High Schools in the valley and get them to make their course out and take up the same reading at a different time. Now when El Centro wants Ivanhoe, and we will probably have thirty or forty copies so as to supply the whole class, Brawley High School or Calexico will not be studying it at that time but will take it up later in the year, so you see one set of books will work for all four schools. I am going to attend the meeting of the principals when they have it and see if there are any other ways of saving expense and service. I think this will work out splendidly."

State Text-Books.

Yolo County has worked out a plan for a "Clearing House" which will doubtless be suggestive to the State Board of Education when it comes to the problems connected with the economical distribution of free text-books. The plan as outlined in the following communication has proved a success in every way:

"We have visited sixteen schools in the last two weeks and in almost every school we find the same condition in regard to the state text-books: some of the books that are needed have not been received and of others there are extra copies that will not be needed in the school this year at all.

"So we have decided to establish a 'Clearing House' for the State Series for schools that belong to the County Free Library. If you have state text-books that you do not need please bring or send them to the Yolo County Free Library. If you send them use the yellow express tag enclosed, send by express, collect, and mark with the name of your school.

"Keep a list of the books that you send so that when you get your new register you can enter in it just what you have done with each book you received. At the same time send in a list of your wants, that is, the State Series that your school is short of, and we will fill the orders as far as possible, in the order they are received. You understand that we have no stock of State Series books; this is simply a book exchange among the schools.

"At the State Printing Office they are very short of books, so if each teacher will attend to this *at once* you will probably get your books much quicker than by sending in another order to the State Office for the books you need.

"Do not send books that you expect to need for pupils that are coming in a little late, just the books that you do not expect to have any use for this year.

"Very cordially yours,

"MAY DEXTER HENSHALL,
"Superintendent of Schools.

"STELLA HUNTINGTON,
"County Librarian.

"Yolo County Free Library, Woodland, California, Sept. 5, 1913."

Up to October 1, 1913, 361 books were sent in and 189 wants were filled. So the experiment has worked out very successfully even in the short period of less than one month.

EXAMINATIONS.

Examinations will be held twice a year, at the annual meeting of the California Library Association, and in December at San Francisco, Los Angeles and Sacramento during the same week. The next examination will be held in December, 1913. All who have applications on file with the Chairman of the Board will be duly notified.

A broad, diversified and practical experience in library work is necessary for the successful operation of the county free library. No application, therefore, will be considered from, and no examination given to, any person who does not present actual and successful library experience, and thorough knowledge of library science and technique as a prerequisite. A good, general education is necessarily implied in such a requirement.

The examinations are not of a conventional nature concerning literary and historical subjects, but cover (1) library science; (2) conduct of a county free library.

The Board of Library Examiners has decided that for the present no examinations will be given outside the State, for many reasons: (1) Experience has shown that only persons who have lived in the State and have done library work in a way to gain personal knowledge of Cali-

fornia conditions really understand the county free library plan for California. The aim of the examination is to see how thorough the applicant's knowledge is of the conditions under which the county free library work must be carried on, and of the problems to be met in the work as it is actually being done in this State. A real and sympathetic understanding of the work in California is thus absolutely necessary; (2) The members of the Board feel that the oral examination is very important. They feel that they cannot fairly judge of an applicant's qualifications without meeting him in this way.

Sample examination questions can not be furnished.

COUNTY FREE LIBRARY LAW.

The "California county free library law and circular of information for applicants for certificates of qualification to hold office of county librarian in California" was published in *News Notes of California Libraries*, April, 1911, and later reprinted in pamphlet form. Copies will be furnished by the State Librarian.

APPLICATION BLANKS.

All who wish to take the examination should file applications with the Chairman of the Board. For application blanks or further information address the Chairman of the Board, J. L. Gillis, State Librarian, Sacramento, California.

CALIFORNIA STATE LIBRARY.

The bill establishing the California State Library was signed by Governor Peter H. Burnett, April 9, 1850.

LAW DEPARTMENT.

MILTON J. FERGUSON, in charge.

The Law Department is fully equipped with the latest reports, digests, encyclopædias and text-books, and is entirely free to the public for reference purposes. State officers are entitled to borrow books, and private individuals are accorded the same privilege upon presentation of an order signed by a Supreme, Appellate or Superior Judge. Books may be kept three weeks, and will be once renewed for two weeks. All books are subject to recall, if required by a state officer.

DOCUMENTS DEPARTMENT.

ALICE J. HAINES, in charge.

The Documents Department aims to collect, arrange and make available government publications, federal, state and foreign.

State Publications.

Copies of sixteen State publications have been received for distribution:

Agriculture Board, Report, 1912.

Building and Loan Comm. Laws governing building and loan associations.

Health Board. Report 1910-12.

Horticulture Comm. Monthly Bull. vol. 2, nos. 7-9.

Industrial Accident Board. First report. 1911-1912.

Legislature. Final calendar. 1913.

— Farewell message of Wm. J. Bryan.

— Tenement house act.

Normal School, San Francisco. Bull. drill exercise 1, 2 and 4.

—, San Jose. Bull. 1913-14.

Railroad Comm. Public utilities act. Secy. of State. Roster.

A list of State publications received during July, August and September, 1913, is given on page 592.

REFERENCE DEPARTMENT.

SUSAN T. SMITH, in charge.

The Reference Department furnishes information to any inquirer. It furnishes books to public libraries, or any other educational institution, on application; to individuals through the signature of a state officer, of the Librarian of the local library or of the official head of any other educational institution or on receipt of a \$5.00 deposit; to a club or grange on request of its president, secretary or librarian.

The State Library pays the cost of transportation to any one borrowing through a county free library, but in every other instance the charges both ways are paid by the borrower. Wells Fargo Express Co. has granted a half-merchandise rate to the borrower on return shipments, and a half merchandise rate both ways on shipments sent to libraries.

As the demand for separate reproductions of works of art is very great, the State Library is adding to its collection as fast as possible. The only ones it has had up to the present were of the pictures of the London National Gallery, the Museo del Prado at Madrid, the Vienna Academy and the Hermitage at St. Petersburg. Reproductions are now being ordered of pictures of the French and Italian Schools in the Louvre, and in the Florence and other galleries. These reproductions are used by study clubs and

groups of students for special exhibit days.

French, German and Spanish periodicals of the more popular sort are also being ordered, so that the California libraries can borrow them in order to find out what the local demand for such material is before ordering extensively themselves.

Large Loans Collection.

The Reference Department also sends out groups of books up to 1000 volumes to counties starting county free libraries. These books are from a store room collection called Large loans collection. The greater part of the books in the collection are the traveling libraries books. Publishers' gifts and duplicates not needed in the general departments of the library are also being placed in this collection.

These loans are sent by freight, the county free libraries borrowing them paying the freight charges.

The Model School Library, which was the property of the California Teachers' Association and the California Library Association, has been presented to the State Library. A list of the books that are in this collection appeared in the *Western Journal of Education* for March and April, 1910. These books, not being in duplicate, can be sent out only for short loans and according to the usual rules of the Reference Department.

Requests for loans from the Large Loans Collection for Contra Costa and Inyo counties are now being filled.

The collection loaned to the Riverside County Free Library has nearly all been returned.

Loans are still out in the following counties: Imperial, Kings, Sacramento and San Diego.

CATALOG DEPARTMENT.

SARAH S. ODDIE, in charge.

The work of the Catalog Department is proceeding along two parallel lines; the cataloging of the regular additions of new books, and the recataloging of much material needing a fuller treatment than it has heretofore received.

During July, August and September 663 volumes were cataloged, adding 2810 cards to the catalog.

CALIFORNIA DEPARTMENT.

EUDORA GAROUTTE, in charge.

The California Department aims to have a thoroughly good collection of books on the history and description, resources and industries of the State, as well as the works of California authors in all departments of literature. These are made

accessible by means of a card catalog. Full names and biographical sketches of California, authors, artists, musicians, pioneers and early settlers are being secured, together with their photographs. The collection of bound periodicals is quite large. The Department also contains about 5000 bound volumes of newspapers, a file of which is being indexed with reference to the history of the State. Students will be assisted in their work.

Pioneers and Early Settlers.

John Hames was a pioneer of the pioneers, having arrived in California in 1843. He located the town of Soquel and built the first sawmill in that locality. His marriage to Drucilla Shadden occurred at Monterey in 1846, the time of the conquest.

Revielo Appleton Swain came to the State on the ship Magnolia in 1849. He lived in San Francisco from that time until his death, which occurred in 1905. Mr Swain was a member of both vigilance committees and also helped in the establishment of the chamber of commerce and the board of trade.

Judge Elisha Cotton Winchell was a pioneer of Sacramento and Fresno counties. He was City Attorney and Justice of the Peace in Sacramento and Superintendent of Schools and District Judge of Fresno County. His wife, Laura Alsip Winchell, taught in the public schools of Sacramento from 1852 to 1858. She also established the first school in Fresno County, it being a private boarding and day school for girls.

The cards of Edmund Griffith Morton, Max Morgenthau, George Holton Beach and Charles Augustus Yoerk are of much interest to the Department and are now on file.

California Authors.

The following author cards have been received since the last issue of *News Notes of California Libraries*:

- *Beatty, Elizabeth Mary (Bessie Beatty)
- *Garlick, Mrs Etha Rebecca (Mrs P. G. Garlick)
- *Gregory, Thomas Jefferson
- Peebles, James Martin
- Saunders, Charles Francis
- Tait, Asa Oscar

*Native Californians.

Newspaper Index.

The index covers the following periods: August 15, 1846, to May 28, 1893; also January, 1894, to March, 1905.

Catalog.

210 cards have been added to the California catalog.

Donations.

Miss Mary E. Morton of Sacramento presented a book containing court records kept by her father, Judge E. G. Morton, at Indian Gulch in 1856. These records are of much historic value. She also added a number of old deeds and manuscripts to the collection.

A number of commercial documents were donated by Miss Lizzie Beach of St. Helena, together with several nursery catalogs having the imprint Marysville, 1859. These early catalogs were used by Charles Howard Shinn soon after their acquisition and have been mentioned by him in several newspaper articles.

H. D. Emerson assisted by supplying copies of great registers of voters, thereby filling in numbers missing from our early files.

Three old account books were found in an old mill in Plumas County and on request were sent to the department by J. C. Young.

Many valuable books, pamphlets, leaflets and early newspapers have also been received.

Charles B. Turrill of San Francisco continues his good offices and as a result a number of historic pictures have been added to the collection. Among pictures of pioneers sent by Mr Turrill we note Broderick, Vallejo, Brannan, Dana, Alvarado and Mayor Coon.

Nine colored lithographs of Burbank fruits and flowers were kindly sent us by Mr Burbank himself.

Aside from the above the usual number of pictures have come in of authors, pioneers, etc.

In compliance with many requests we will publish in the next issue of *News Notes of California Libraries* a list of fiction having California coloring.

Pseudonyms of California Authors.
