REPORT
OF
THE ADJUTANT GENERAL
OF THE
STATE OF NORTH CAROLINA

FOR THE PERIOD JANUARY 1, 1941—DECEMBER 31, 1942

To: His Excellency, The Governor of North Carolina and Commander-in-Chief of the State's Military Forces, Raleigh, North Carolina.

Sir:—I have the honor to submit a report of the operation of the Adjutant General's Department for the years 1941 and 1942.

THE ADJUTANT GENERAL'S DEPARTMENT

The Adjutant General of the State is the head of the Adjutant General's Department and is responsible to the Governor, the Commander-in-Chief of the State's military forces. The present Adjutant General, in addition to his duties as such, was recommended by the Governor and appointed by the President as State Director of Selective Service, assuming these duties September 17, 1940. For a few months he drew no pay from the State, since which time, upon voluntary suggestion to the former Governor, the State has augmented the amount provided by Headquarters, Selective Service, by \$700 per year, from the amount of \$5,000 as set by the General Assembly for the salary of the Adjutant General. Though occupying a dual position, through longer hours of work, as is necessary, the office of the Adjutant General is given as much time and work in the affairs of the department as formerly.

The department is responsible for the organization, equipping and training of the military forces organized under State and Federal laws, and by authority of the Governor. Federal property and equipment issued the National Guard or State Guard, for which the State is accountable to the Federal Government, is cleared through an officer of this department, designated as the United States Property and Disbursing Officer for the National Guard, and a property officer for the State Guard. All records of

property and financial accounts pertaining to federal issue are kept in this department.

At the time the National Guard was called into Federal service in September, 1940, the various units over the State had in their possession Federal ~~property~~ ^{property} approximating in value \$3,500,000 and the State was accountable for such property. This property was returned to the Federal Government, under War Department regulations, in its entirety involving thousands of articles without having to make reimbursement for a single article, and the State has been furnished a clearance and release from all accountability.

State appropriations of funds made to the Adjutant General are expended in the interest of maintaining the military forces and for the administration of the office. At such times as the Governor deems it necessary to order any part of the military forces into active service of the State, this is accomplished through the Adjutant General and this department.

ORGANIZATION OF THE STATE GUARD

Based upon the authority of the War Department, and under the military laws of the State as amended by the General Assembly, 1941, and by authority of the Governor, the first companies of the North Carolina State Guard were organized in February 1941. There is now an organization of forty-two companies of Infantry, constituting a Brigade, commanded by Brigadier General James W. Jenkins of Henderson, composed of two regiments of twenty-one companies each. Colonel William W. Sharp, Jr. of Greensboro commands the First Regiment, and Colonel James H. Howell of Waynesville, the Second Regiment. Total strength authorized is 172 officers and 2,132 enlisted men. The companies are stationed in the many cities and towns throughout the State and are so located as to provide quick or immediate assistance to strategic localities in case of need, or to provide assistance to civil authorities in case of insurrection, riots or mob violence.

The State Guard is subject to the same laws, with a few proper exceptions, as the National Guard, which was inducted into Federal service September 16, 1940, and which at that time came under direction of the War Department.

Six companies were ordered into active service of the State during the month of April, 1942, for guard duties in the areas of a conflagration in Pisgah National Forest and in the vicinity of Lenoir-North Wilkesboro. The average number of days' duty

was eight, at a total cost of \$9,700. Though these troops had received little training at the time, and had no experience in such duties, they carried out their mission in a most creditable manner.

During the months of July and August, 1942, camps of instruction were held for training of officers and non-commissioned officers of the State Guard. One camp was established at the armory at Henderson for those of the eastern section of the State, and one at Gastonia for those of the western section. A program of instruction was well prepared by the Brigade Commander and General Weatherred, the commanding general, Internal Security District No. 2, with headquarters at Fort Bragg, N. C. Three Regular Army instructors were furnished through General Weatherred's efforts, and this program was carried out most efficiently under the direction of these officers and was very valuable to the officers and non-commissioned officers of the State Guard. In the lack of equipment and in the necessity to improvise and to rent or purchase certain articles of equipment, the total cost of these camps of instruction was approximately \$17,500. It must be realized that, in case of enemy activities within the state, or the necessity for the Governor to call any part of the State Guard into active service because of insurrection, riots or mob violence, these troops must be efficiently trained, that no unnecessary acts of violence may happen on their part; that the officers have proper knowledge of handling such affairs and that the men be disciplined and trained, that they obey directions from proper authority—all of which requires discipline and military training. An organization equipped with guns or rifles and without proper training, placed on such duties, can create more trouble than the mob itself.

The State Guard is a volunteer organization, the personnel giving its services, except when called away from their civil pursuits into active service of the State, under orders of the Governor, when all expenses are paid from the Emergency Fund, and officers and men are allowed service pay in accordance with their grade or rank.

UNIFORMS AND EQUIPMENT

Upon organization of the State Guard, uniforms and some other equipment were furnished by the State. The Chatham Manufacturing Company furnished the material for uniforms at practically cost price. W. P. A. made the uniforms without cost, and cotton shirts were provided, the cloth purchased and the

shirts made by N. Y. A. There were made up approximately 2,350 uniforms and 4,500 shirts (two shirts per man), including cloth, buttons, sleeve emblems, insignia, thread, lining, etc. at a total cost of \$25,732.05, or \$10.95 per uniform. Equipment, including cartridge belts, officers and enlisted men's insignia, mess kits, First Aid packs was \$7,227.14. Drill regulations and training manuals, \$439.63.

There was no authority, originally, to secure uniforms and equipment from the Federal Government other than rifles, which were received. Later these rifles were called in and the government replaced them with shotguns. A recent act of Congress authorized the Secretary of War to furnish such equipment as he deemed necessary, and we are now receiving uniforms such as were formerly used by the C.C.C. The State pays transportation charges.

There is need of other equipment, such as tentage, blankets, cooking equipment, steel helmets and a few other minor items. The effort has been, and is being, made to ascertain just what equipment the War Department will furnish, but so far we have not been able to secure the desired information. Further request for State allotment of funds for equipment is based upon that necessary equipment which the War Department may provide.

In addition to the State Guard being available to the Governor's orders in case of normal disturbances, as was the National Guard, in the national emergency this organization may play an important part. Plans are being perfected for the utilization of the Guard in case of enemy activities within the state, or as a reserve to the Eastern Coast command, which has Federal troops along the coastline of the State. Officers of the State Guard are making a survey for the purpose of rendering assistance to vital installations and industries of importance to the government, in case of fifth column activities, sabotage, etc. The Guard will have important duties in case of air raids.

APPROPRIATIONS AND FINANCES

\$166,842.00 was appropriated by the General Assembly for the biennium July 1939-41. The National Guard being under State control to September 16, 1940, the unexpended balance was utilized in the interest of the State Guard. Though the General Assembly of 1941 provided \$30,000 for uniforming and equipping the State Guard, this amount was not called for, but the cost of such uniforms and equipment was paid from the original appropriation.

\$53,391.00 was appropriated for each year of the biennium 1941-43. This amount seems sufficient to provide the needs of this department to the end of the fiscal year ending June 30, 1943. The accounts of the department have been audited each year and found in order. www.libtool.com.cn

The budget submitted to the Budget Commission for the biennium 1943-45 included an amount of \$16,000 each year to provide a training school for officers and non-commissioned officers during the summer months, which is deemed vitally important, that these officers and non-commissioned officers may be sufficiently instructed to properly and efficiently train their organizations. There is no provision made for a camp of instruction annually for the entire personnel of the State Guard, as was provided by the War Department for the National Guard. Such a camp is most desirable and, should the State Guard continue in existence for the next few years, these camps would be justified in the training for those duties as may devolve upon the Guard.

It was rather difficult to prepare an estimated budget for submission to the Budget Commission covering the next biennium, since the National Guard is now in Federal service and there is a question as to the end of the emergency when the National Guard will be returned to State control. In the meantime, the State Guard has been organized and will remain in service until the return of the National Guard to the State. It may be realized that, in the preparation of the budget for the next biennium, it was necessarily an anticipation of the future, over which this department has no control.

The estimated requirement under conditions mentioned, for the first year of the biennium, anticipating that the National Guard will then be in Federal service, is \$65,190. The estimate for the second year of the biennium, anticipating or guessing the probability of the return of the National Guard to the State within the year, totals \$105,176. These figures do not include an amount for the purchase of additional equipment for the State Guard, much of which is needed, as formerly stated herein, except an amount of \$3,000 for minor items. To properly equip the State Guard would probably require around \$30,000 additional, such equipment to include blankets, overcoats and cooking utensils. Should the Federal Government through the War Department provide all or a part of this equipment, this cost would be reduced that much. An amount to cover such equipment is not included in our regular budget submitted, in the thought that, should the War Depart-

ment furnish much of this equipment, the amount would not be necessary; however, should this equipment not be secured from the War Department, it was explained to the Budget Commission that a separate bill may be submitted to the General Assembly to cover such amount as deemed necessary, for its consideration.

Respectfully submitted,

J. VAN B. METTS,
The Adjutant General.

AMENDMENTS STATE MILITARY LAW SINCE ISSUANCE OF GENERAL ORDERS NO. 20, OCTOBER 1, 1935

6802. **Adjutant General.**—The Governor shall appoint an Adjutant General, who shall have not less than five years commissioned service in the National Guard, Naval Militia, Regular Army, United States Navy, Marine Corps or Organized Reserve Corps of the United States, who, while holding such office, may be a member of the active National Guard or Naval Militia or Organized Reserve Corps of the United States. (As amended by Act of Legislature, ratified February 24, 1925, and as amended by Act of Legislature February 7, 1939.)

6824. **Amendment.**

(a) **SECTION 1.** The officers and enlisted men of the North Carolina National Guard be, and they are hereby authorized to wear, as a part of the official uniform, service medals to be selected as herein prescribed.

SECTION 2. The Adjutant General of the State of North Carolina is hereby authorized and directed to appoint a committee from the officer personnel of the North Carolina National Guard to be composed of three regimental commanders, and two other officers of the National Guard, to act as a committee to select suitable state service medals to be worn by the officers and enlisted men of the North Carolina National Guard as a part of the regulation uniform. (As amended by Act of Legislature April 3, 1939.)

6869. **Leave of Absence for State Officers and Employees.**—All officers and employees of the State who shall be members of the National Guard, Naval Militia, Officers Reserve Corps, Enlisted Reserve Corps, or the Naval Reserves shall be entitled to leave of absence from their respective duties, without loss of pay, time, or efficiency rating, on all days during which they shall be engaged in field or coast defense training, ordered or authorized under the provisions of this Act, or as may be directed by the President of the United States. (As amended by Act of Legislature March 17, 1937.)

6870. **Exemption from Road and Jury Duty.**—That all members of the National Guard, Naval Militia, Officers Reserve Corps and Enlisted Reserve Corps who comply with and perform all duties required of them as members of said National Guard, Naval Militia, Officers Reserve Corps and Enlisted Reserve Corps, be and they are hereby exempted from duty upon the public roads of the counties in which they reside, and shall also be exempt from service as jurors. That on the first day of January and July of each year beginning with the first day of July, one thousand nine hundred and seventeen, the commanding officers of each company, troop, battery, detachment, or division of the National Guard, Naval Militia,

Officers Reserve Corps, or Enlisted Reserve Corps of North Carolina, residing in the above mentioned counties, shall file with the clerk of the Superior Court of the County in which said company, troop, battery, detachment, or division is located, a statement giving the name and rank of each member of his organization who has performed all military duties during the preceding six months, and any member of such military organization whose name does not appear upon said statement shall not receive the benefit of the exemption provided for herein during the six months immediately following the filing of said statement. (As amended by Act of Legislature March 17, 1937.)

AMENDMENT TO MILITARY LAWS, GENERAL ASSEMBLY 1941

SECTION 1. That Chapter one hundred and eleven of the Consolidated Statutes of North Carolina be and same hereby is amended by adding between Articles Five and Six an additional article and section and subsections to be in words and figures as follows:

"Art. 5 ½

STATE GUARD

6859a. Authority to Organize and Maintain State Guard of North Carolina.

1. Whenever the President of the United States shall order or call all or any part of the National Guard of the State into active Federal service, the Governor is authorized, subject to such regulations as the Secretary of War may prescribe, to organize such part of the unorganized militia as a state force, for discipline and training, into companies, battalions, or regiments, as may be deemed necessary for the defense of the state; to maintain, uniform, and equip such military force within the appropriation available; to exercise discipline in the same manner as is now or may be hereafter provided by the state laws for the National Guard; to train such force in accordance with training regulations issued by the War Department. Such military force to be subject to the call or order of the Governor to execute the law, suppress riots or insurrections, or to repel invasion, as is now or may hereafter be provided by law for the National Guard and for the unorganized militia. Units of the State Guard will be disbanded upon return of the National Guard to state control, or as soon thereafter as practical.

2. Such military force shall be designated as the "North Carolina State Guard" and shall be composed of men of the unorganized militia as shall volunteer for service therein, or as shall be drafted as provided by law. They shall be additional to and distinct from the National Guard organized under existing law. They shall not be required to serve outside the boundaries of this State.

3. The Governor is hereby authorized to prescribe the rules and regulations governing the appointment of officers, the enlistment of men, the organization, administration, equipment, discipline and discharge of the personnel of such military force; to requisition from the Secretary of War such arms and equipment as may be in possession of and can be spared by the War Department, and to extend thereto the facilities of available

armories and their equipment and such State premises and property as may be available for the purpose of drill and instruction.

4. Such force shall not be called, ordered, or in any manner drafted, as such, into the military service of the United States, but no person shall by reason of his membership in any such unit or organization be exempted from military service under any Federal law.

5. The Governor is hereby authorized to appropriate to the benefit of the State Guard any and all unexpended monies found by the Governor to be unnecessary for use of the National Guard in the appropriation made to the National Guard by the General Assembly, for the present or for subsequent fiscal years and, if necessary, to make allotment of monies from the contingent and emergency fund with the concurrence of the Council of State. Upon the disbandment of the State Guard any monies or balance to the credit of the units of this organization shall be paid into the State Treasury for the benefit of the National Guard, and all property, clothing, and equipment belonging to the State shall be transferred to the account of the National Guard for disposition in accordance with the best interests of the State and as deemed advisable by the Governor. Upon the disbandment of any one or more units of the State Guard on a date prior to the disbandment of the entire organization, the Governor is authorized to have transferred any state property or balance of funds of said disbanded unit to any new unit or units organized to fill such vacancies, or otherwise as the Governor may direct.

6. The North Carolina State Guard shall be subject to the military laws of the State not inconsistent with or contrary to the provisions contained in this Article with the following exceptions:

The provisions of Section 6870, 6871, 6872, and 6889, C. S. of North Carolina, 1919, as amended, shall not be applicable to the personnel and units of the State Guard.

7. (a) There shall be allowed annually to each unit or company of the State Guard such funds as may be necessary to be applied to the payment of armory rent, heat, light, stationery, printing, and other expenses. The allowance to each unit annually will not exceed \$600.00.

(b) All payments are to be made by the Adjutant General in accordance with state laws in semi-annual installments on the first day of July and the first day of January of each year, but no payment shall be made unless all drills and parades required by law are duly performed by all organizations named.

(c) The commanding officer of all organizations participating in the appropriation herein named shall render an itemized statement of all funds received from any source whatsoever for the support of their respective organizations in such manner and on such forms as may be prescribed by the Adjutant General. Failure on the part of any officer to submit promptly, when due, the financial statement of his organization will be sufficient cause to withhold all appropriations for such organizations."

Sec. 2. That this Act shall be in full force and effect from and after its ratification.

ACT OF GENERAL ASSEMBLY 1941

SECTION 1. That for the purposes stated in the preamble of this Act, there is hereby appropriated from the General Fund of this State the sum of thirty thousand dollars (\$30,000.00), to be expended for the purchase of suitable uniforms to be furnished to the personnel of the Home Guard of this State free of charge, to be worn by them while on active duty in the service of the Home Guard: Provided, that the funds herein provided, and any part thereof, shall be expended only upon the finding by the Governor that said fund, or any part thereof, are needed for the purposes herein expressed.

SEC. 2. That the uniforms provided for in this Act shall be purchased, if practical, through the Division of Purchase and Contract upon the requisition of the Adjutant General of the State of North Carolina.

SEC. 3. That the appropriation provided for in this Act, shall, within the discretion of the Governor and Council of State, be made immediately available from the Contingency and Emergency Fund.

SEC. 4. That the Adjutant General, with the approval of the Governor, shall be charged with the responsibility for the selection of the uniforms so purchased as to grade, quality, color, texture, and design, and his decision shall be final and determinative in this regard.

SEC. 5. That all laws and clauses of laws in conflict with the provisions of this Act are hereby repealed.

SEC. 6. That this Act shall be in full force and effect from and after its ratification.

GENERAL ORDERS
No. 1

February 27, 1941.

1. The National Guard of the State was inducted into Federal service September 16, 1940, pursuant to Executive Order No. 1 issued by the Governor of North Carolina, September 10, 1940 in accordance with Executive Order No. 8530 of the President of the United States, dated August 31, 1940.

2. By virtue of authority conferred upon the Governor by the military laws of the State, including an act of the General Assembly, 1941, an organization of the unorganized militia into companies for discipline and training, as a force to execute the law, suppress riots or insurrection or to repel invasion and in aid to the Civil authorities, will be organized under the direction of the Adjutant General.

3. The organization will be known as the North Carolina State Guard and will be subject to the military laws of the State as pertains to the National Guard; except where such laws are not applicable. The organization will be disbanded upon the return of the National Guard to State control, or as soon thereafter as is practicable, or as further directed.

4. The Adjutant General is proceeding with the organization of units of the North Carolina State Guard.

GENERAL ORDERS
No. 1

November 17, 1941.

1. With profound sorrow, the death of

FIRST LIEUTENANT JAMES CLYDE ARROWOOD

Infantry, North Carolina State Guard on November 2, 1941, is announced.

2. Lieutenant Arrowood was born in Gaston County, June 7, 1888, and spent the latter years of his life in Lincolnton to which community he moved in 1921. He was one of Lincolnton's honored and most prominent citizens and formed the J. Clyde Arrowood Cement Company with which he was associated at the time of his death. He was also associated with the Star Lumber Company. Lieutenant Arrowood became the first commander of the David Warren post of the American Legion of Shelby; was past commander of the David Milo Wright post, No. 30, in Lincolnton; was a charter member of the Forty and Eight; and a charter member of the Veterans of Foreign Wars. He was very highly respected as a business man and citizen by all who knew him. In his death, the State Guard has lost an energetic, interested, and capable officer. His death is mourned by both friends and comrades. Sincere sympathy is extended his family.

Record of Service

Lieutenant Arrowood enlisted from Gastonia and served with the 115th Machine Gun Battalion of the 30th Division in the American Expeditionary Force, 1917-18. He was promoted to the grade of Corporal and returned to the States in 1919. He was commissioned Second Lieutenant, Infantry, North Carolina State Guard, February 12, 1941, upon the organization of the 29th Company, North Carolina State Guard, stationed at Lincolnton; was promoted to First Lieutenant September 24, 1941, and served in this rank until the time of his death.

1. Officers and non-commissioned officers, N. C. State Guard, will assemble for training at places and dates as follows:

Henderson, N. C., Armory

1st Battalion, First Regiment, and 2nd Battalion, First Regiment,
July 12-18, 1942.

3rd Battalion, First Regiment, and 4th Battalion, First Regiment,
July 19-25, 1942.

Gastonia, N. C., Armory

5th Battalion, Second Regiment, and 6th Battalion, Second Regiment, August 9-15, 1942.

7th Battalion, Second Regiment, and 8th Battalion, Second Regiment, August 16-22, 1942.

www.libtool.com.cn

The first date given for each assembly will be a day of travel and on the last date noted, the return trip to home stations will be made. Junior officers and non-commissioned officers only for good and sufficient reasons may be excused by their company commander and in the case of the inability of a non-commissioned officer to attend this training period, commanding officers may substitute an intelligent private deemed to be non-commissioned officer material. Attendance at these camps of instruction is compulsory and all officers and non-commissioned officers are expected to attend except as may be excused by proper authority.

2. Colonel James W. Jenkins, First Regiment, is designated as the Commanding Officer for all assemblies and under his direction, the ranking Battalion Commander present will have immediate command of the camp of which his battalion officers and non-commissioned officers are in training. Colonel Jenkins will designate an executive officer, an adjutant, and such other personnel necessary in the operation of the respective camps. The relief from this duty of any officer or non-commissioned officer before the expiration of the period of camp will be only upon authority of Colonel Jenkins.

3. **TRANSPORTATION:** Via automobiles, not exceeding four cars per unit at the rate of 3¢ per car per mile is authorized. Bus or rail travel as may be necessary and in the absence of available personal cars for such transportation is authorized. Until such time as the next planned registration for the rationing of gasoline on or about July 22, 1942, presentation of this order at gasoline stations by the officer or non-commissioned officer responsible for the personal automobile used in this official travel, will provide the opportunity to secure the necessary gasoline for this service. Further notice will be given as to securing the necessary gasoline for official travel following the registration on or about July 22. It is recommended that company commanders contact their respective rationing boards with a view of securing for the necessary number of cars from his unit an extra gasoline rationing card for the amount of gasoline necessary for this travel including return trip.

4. It is anticipated that officers and non-commissioned officers will be quartered in tents in close proximity to the armory. A mess will be established in the armory.

5. A progressive training program has been prepared. A Corps of Instructors under the direction of Brigadier General Preston A. Weathered of Fort Bragg will be provided. Instructions will be under the direction of Colonel Jenkins in collaboration with General Weathered and the Instructors.

6. (a) Unit Commanders will take, for use at the camps, such number of copies of the respective Training Regulations, in possession of the company.

(b) It is recommended that, in addition to the prescribed gray uniform, officers and non-commissioned officers provide themselves with:

An additional uniform, such as may have been provided for their command, or overalls, or with extra civilian trousers and shirts, if no type of uniform is available; toilet articles, towels, extra pairs of shoes, ~~sex~~ sufficient underclothing.

7. Officers and non-commissioned officers will be authorized service pay for six (6) days, on the basis of the old Regular Army pay table, base pay.

8. Opportunity for recreation will be provided. Medical attention and hospitalization will be arranged under direction of Colonel Jenkins who will contact Major Dameron H. Williams, Sixth Battalion, Headquarters, Gastonia, N. C., reference to these matters in connection with the camps at Gastonia.

NORTH CAROLINA STATE GUARD REGULATIONS

February 27, 1941.

www.libtool.com.cn

The following is published with a view to giving instructions and information and to provide regulations in matters pertaining to the North Carolina State Guard.

Section 1. Name and Composition: The organization now in the process of being organized from the unorganized militia of the State shall be known as the NORTH CAROLINA STATE GUARD. The organizations shall be Infantry, and at some subsequent date may be organized into Battalions. Companies are allotted a maximum strength of fifty (50) men with three (3) officers: one Captain, one 1st Lieutenant and one 2nd Lieutenant.

Sec. 2. The Governor as Commander-in-Chief: The Governor shall be Commander-in-Chief and shall have power to call out all or any part of the State Guard to execute the law in case of riots or insurrection, to repel invasion and to serve in aid to civil authorities.

Sec. 3. The Adjutant General's Department: The Adjutant General's Department as provided by law will administer the affairs of the State Guard in a similar manner as is provided for the administration of the National Guard.

Sec. 4. Enlistment in the State Guard: Enlistments and reenlistments in the State Guard shall be for a period of one year and shall consist of able bodied white male citizens of the State and all other able bodied males who have or shall have declared their intention to become citizens of the United States, who shall be more than eighteen (18) years of age and not more than forty-five (45) years of age; except that men, between the ages provided in Selective Service laws, between the ages of twenty-one (21) and thirty-six (36), shall not be enlisted except, that there are good and reasonable grounds to feel that such a man because of good and sufficient reason as provided may be certain that he will not be subject to call into Federal Service under said Selective Service System. It is desired that enlisted personnel shall be representative of the community at large and not confined to any particular organization or group of individuals.

Technical physical examinations of men upon enlistment will not be required, but the candidate for enlistment will be required to state to the effect that, to the best of his knowledge and belief, he does not have any disability which will interfere with the performance of his duties as a member of the State Guard; that his organs of locomotion are physically sound (including bones, joints, muscles, tendons and feet). The enlisting officer will inspect the candidate prior to his subscribing to the Oath of Enlistment and ascertain to the best of his judgment that the man is mentally sound, that he fulfills all legal requirements and possesses the necessary physical and mental qualifications to perform such duties as may be required of him as a soldier in the State Guard.

Record of Enlistment will be made on form submitted for this purpose by the Adjutant General's Department and will be completed in duplicate. The original will be kept in the files of the organization and the duplicate forwarded to the Adjutant General of North Carolina. Care must be exercised that all questions on the enlistment form are answered properly and completely. Recruiting Officers are cautioned to be careful not to enlist anyone who may have tendencies towards fifth column activities or any such tendencies in opposition to our American Government.

Sec. 5. Discharge of Enlisted Men: Enlisted men will be discharged by the Adjutant General upon application made by the Commanding Officer on Form 21, A.G.O., N.C. for the following reasons:

Upon disbandment of the Unit.

At expiration of term of enlistment.

Upon acceptance of a commission to enter Federal Service, including the United States Military Academy, the United States Naval Academy, and the United States Coast Guard Academy.

Upon Change of Residence to another State, or within the State (except that a man may be transferred from one unit to another within the State by the Adjutant General upon request.)

On certificate of disability.

Because of inaptness or misconduct.—When an enlisted man is found to be inapt, or does not possess the required degree of adaptability for the military service, or gives evidences of habits or traits of character which serve to render his retention in the service undesirable, or is disqualified for service morally or mentally, or in character through his own misconduct, his unit commander will report the facts to the Adjutant General and will notify the enlisted man of his action.

Because of Fraudulent Enlistment.—In case a man should obtain his enlistment by fraudulent misrepresentation or concealment of a disqualification for enlistment.

Because of continued Absence from Military Duties.

By State Authority.—Because of Business Interference, To Enroll in C.C.C. (Civilian Conservation Corps), or for other sufficient reason that may be justified.

Sec. 6. Final Indorsement: Upon discharge of an enlisted man, the Final Indorsement provided on the Enlistment Record form will be completed on the original copy (in files of the organization) and forwarded to the Adjutant General. The duplicate copy of the enlistment record will be returned to the unit commander for his files, replacing the original copy which has been forwarded the Adjutant General.

Sec. 7. Officers: Officers shall be appointed by the Governor through the Adjutant General's Department. Officers must be reasonably sound physically and mentally that they may withstand such duties as may be placed upon them, realizing some hardships must be endured in case they are called into the service of the State in any emergency which may develop and in case they are so ordered by the Governor. The age for officers as prescribed is between twenty-one (21) and sixty-four (64) years.

Sec. 8. Responsibility of Officers: Officers are responsible for the military requirements of their respective positions. Officers serving with units are directly responsible for the discipline and training of the individual soldier and the organization under their command. The Commanding Officer is responsible for arms, equipment and other material issued to the unit, and for public funds, property or books issued for the use of the organization.

Sec. 9. Leaves of Absences of Officers: No officer of the State Guard shall absent himself from his home station for a period of more than fifteen (15) days without having made application to the Adjutant General and granted a leave of absence. During the absence of the senior officer on duty with a unit, the next senior officer will assume command and responsibility for the care of property, administration and training. Leaves of absences for junior officers should first be approved by the commanding Officer.

Sec. 10. Furloughs. Commanding Officers are authorized to grant furloughs to enlisted men who may desire to be absent from their home station for a period of time in which they may be absent from a number of drills. It is not deemed necessary that furloughs be granted in individual cases for a man who may miss two or three drills and who has been granted verbal permission for such absence. It is suggested that should one be away from his home station for a period greater than thirty (30) days that a furlough be granted.

Sec. 11. Discipline of the State Guard. The discipline of the State Guard shall conform normally to the system which is now or may hereafter be prescribed in the military laws of the State.

Sec. 12. Uniform of the State Guard: The uniform of the State Guard will be that prescribed by the State through the Adjutant General's Department which will be announced later. The uniforms will be grey in color consisting of slacks or long trousers and a jacket to conform in style with jacket recently provided for the regular Army as far as practicable.

Sec. 13. Regulations Enforced on Actual Service: Whenever any portion of the State Guard shall be called into service of the State to execute the law, suppress riot or insurrection or to repel invasion, the articles of war governing the Army of the United States and the regulations prescribed for the Army of the United States and the regulations issued thereunder, in so far as the State law provides, shall be enforced until said forces shall be duly relieved from such duty.

Sec. 14. Compensation: There is no pay or other compensation provided for officers or enlisted men other than when on active duty under order of the Governor.

Sec. 15. Rations and Pay While on Active Duty: The State Guard, when called into the service of the State, shall be rationed and shall receive the same pay as is provided for corresponding officers and enlisted men of the regular service and the National Guard; provided, however, that when called in aid of the civil authorities, enlisted men shall receive, in addition to said pay, the sum of one dollar (\$1.00) per day.

Sec. 16. Pay and Care of Soldiers Injured in the State Service: A member of the State Guard, who shall, when on duty or assembled therefor in case of riot, tumult, breach of peace, insurrection or invasion or to repel invasion or in aid of the civil authorities, receive any injury, or incur or contract any disability or disease, by reason of such duty or assembly therefor, or who shall, without fault or neglect on his part, be wounded or disabled while in line of duty, which shall temporarily incapacitate him from pursuing his usual business or occupation, shall, during the period of such incapacitation, receive the actual necessary expenses for care and medicine and medical attendance, to be paid from State funds.

Sec. 17. Support of the State Guard: The State, through the Adjutant General's Department, will allot to each unit of the State Guard the sum not to exceed six hundred (\$600.00) dollars per year to be applied to the payment of armory rent, heat, light, stationery, printing and other necessary expenses. All payments shall be made by the State budget officer in semi-annual installments on or about the first day of July and the first day of January each year; but no payments shall be made unless all drills and other normal duties required by law and regulations are duly performed by the organization.

The Commanding Officer of all organizations participating in such allotments herein made shall render an itemized statement of all funds from whatsoever source received for the support of their respective organizations on forms to be provided by the Adjutant General's Department for the six-months period on June 30 and December 31. Failure on the part of any officer to submit promptly when due final statement of his organization will be sufficient cause to withhold all appropriation for such organization.

Sec. 18. County appropriations: The State law provides that county commissioners may appropriate monies for the various military organizations within their counties and at such times as the Board may deem proper.

Sec. 19. Municipalities: Municipalities have authority under the laws of the State to make appropriations to military organizations as a protective force under the same laws that authorize the maintenance of a police force.

Sec. 20. Financial Accounts: Financial accounts as rendered by the commanding Officer of each unit at such times as called for will properly account for all monies received from funds appropriated by county, municipality, state, or other sources, such funds having been appropriated or paid to the Company as a military organization and for military purposes.

Sec. 21. Lease or Rent of Armory: In cases where it is necessary that an armory be rented or leased, the making of such lease or contract is the responsibility of the Commanding Officer.

Sec. 22. Discipline and Training: The North Carolina State Guard must be disciplined and trained to that degree of efficiency which will enable it to perform its duties properly in any emergency within the State

to which it may be called. Officers should study training regulations and should give sufficient time to the training of the men that the Company may attain the degree of efficiency which will assure its performing properly such duties as may be imposed upon it.

Training of the individual soldier and of the organization will be in accordance with Training Regulations to be issued.

Officers serving with units should begin the training of enlisted men with the position of the soldier, facing and length of the step, the cadence and other basic training for the individual. It is advisable that training then proceed with the squad, and then a platoon and the Company. At such time as men receive the rudiments of training they should then be trained with a rifle, then taught how to shoot and the nomenclature of the rifle.

Units will drill weekly on such days or evenings as may be deemed best suitable. It is urged, however, that extra drills be held as far as practicable until such time as the unit may receive a reasonable training and that extra drills may not be necessary. The drill period will be for not less than one and one-half ($1\frac{1}{2}$) hours' duration.

Sec. 23. Drill Attendance: Officers and enlisted men will be required under the military laws to attend regularly constituted drills and are subject to discipline for failure to perform such duties. The Commanding Officer may excuse an officer or enlisted man from attending a particular drill, but the request for absence should properly be made and granted prior to the drill. Military laws and regulations are applicable to all during drill periods and when officially in uniform. The uniform will be worn when in attendance at drills and during training periods and when on other official duty; except that civilian clothing may be worn until uniforms are provided.

Sec. 24. Care of Military Property: All military property, including arms, equipment and uniforms, except when being used in the performance of military duty, shall be kept in armories or other properly designated places of deposit; and it shall be unlawful for any person charged with the care and safe-keeping of such property to allow the same out of his custody, except as above specified.

Sec. 25. Property Kept in Good Order: Every noncommissioned officer and private belonging to any company equipped with public arms shall keep and preserve his arms and accoutrements in good order and in a soldierly manner; and for neglect to do so is subject to proper discipline under the military laws.

Sec. 26. Transfer of Property: All officers accountable or responsible for public funds, property, or books, before being relieved from duty as such accountable or responsible officer, shall, with the officer to become accountable or responsible, check the property and shall turn over the same to the officer so relieving him.

Sec. 27. Responsibility for Military Property: The commanding officer of a unit is responsible for military property issued to his unit and will keep records of same covering types of equipment separately or providing

separate columns on sheets to show under different headings, such as: blouses, trousers, caps; rifles, bayonets, scabbards, cartridge belts, etc. A column should be given showing date of receipt of each article.

The commanding officer, before being relieved of his command, either permanently or because of absence with leave, will in company with the next senior officer of his command, or the officer designated to relieve him, make a physical check of said property and transfer the property on hand to his successor. Any shortage found to exist will be placed upon a Report of Survey (forms to be furnished by the Adjutant General's Department) and forwarded to the Adjutant General, North Carolina.

An enlisted man to whom arms and military equipment is issued and charged is responsible to his issuing officer for same.

Sec. 28. Reports of Survey: Reports of Survey on forms to be furnished by the Adjutant General's Department will be prepared by responsible officers to cover any shortage of property which may exist in order to relieve them of their responsibility. Reports of Survey should be accompanied by statements or certificates to show the cause of or reason for the loss, damage or destruction of the property reported. Should it appear that the loss, damage or destruction was due to carelessness or neglect or that loss, damage or destruction could have been avoided by the use of reasonable care, the money value of such property shall be charged to the account of the responsible officer or enlisted man, the latter to whom such property may have been issued and who may be charged with responsibility for loss, damage or destruction. Reports of Survey will be forwarded to the Adjutant General, North Carolina, who will refer same to a surveying officer for investigation, report and recommendation as to accountability and responsibility.

Sec. 29. Member of State Guard Failing to Return Property: If any member of the State Guard shall willfully fail to return any military property of the State or the Federal Government to the armory or other place of deposit when notified by competent authority so to do, he shall be guilty of a misdemeanor and may be fined not exceeding fifty (\$50.00) dollars or imprisoned not exceeding thirty (30) days as a court or court martial may direct.

J. VAN B. METTS,
The Adjutant General.

(To be attached to Regulations
issued February 27, 1941.)

May 22, 1941.

Sec. 1. Correspondence: Information is furnished with reference to military correspondence.

a. Following the place and date, the letter is begun:

SUBJECT: (Not to exceed ten words.)

TO: (Address, such as, "The Adjutant General, North Carolina, Raleigh, N. C.")

b. There is no salutation. The letter should refer to one subject only, and begin with Paragraph 1.

c. Words used to express an idea should be carefully selected and so employed as to convey clearly and forcefully the exact meaning intended and no other. Brevity and conciseness, while desirable, should not be sought at the expense of a clear, accurate and agreeable style. Each paragraph should be numbered 1, 2, 3, etc. While no definite instructions with regard to arrangement of paragraphs are found in the regulations, the following rule is a good one to follow: Put in paragraph 1 the essential elements of the report or request which is being made or what is wanted; and in the succeeding paragraphs, amplify or explain as may be necessary.

d. Communications signed by the Commanding Officer should be as follows:

(Signature)

John P. Smith, Captain, Infantry,
Co. X, N.C.S.G., Commanding.

e. If the letter is signed by a junior officer, there should be placed above his signature and to the left, "For the Commanding Officer:" followed by the signature of the officer as stated above, except the word, "Commanding" is left off:

For the Commanding Officer:

(Signature)

John B. Doe, 1st Lt., Inf.
Co. X, N.C.S.G.

f. The original and one copy of official letters should go forward and another copy be retained for organization files.

g. Official communications are answered by **Indorsements** as follows:

File No.----- 1st Ind. JBD:hs
C.O., Co. X, N.C.S.G., Asheville, N. C., May 1, 1941. To: The
Adjutant General, North Carolina, Raleigh, N. C.

If the letter is addressed through a Battalion or other higher commander to the Adjutant General, or from a junior officer through the Commanding Officer to higher authority, the words "Through Channels" should follow the address. The communication is then forwarded in turn to each headquarters, each of whom adds his indorsement thereto.

Sec. 2. **Orders.** Company Commanders are advised as to the method of issuing orders. All orders are issued, "By Order of Captain-----" and signed by the 1st Sergeant.

a. **Announcing a drill or period of training:**

Private James Green to be Corp. Vice Sam Smith, demoted.

By order of Captain Jones:

(signed)

John B. Smith, 1st Sgt.
Asheville Co., N.C.S.G.

Sec. 3. Non-commissioned Officers' Warrants: In the absence of Battalion or Regimental commander, appointments of non-commissioned officers are made by the Commanding Officer of the Company; and he will sign the Warrant, leaving blank that part to be signed by an "Adjutant."

Sec. 4. **Certificates of Discharge:**

- a. A Certificate of Discharge is signed by the Commanding Officer of the Company. The blank as now issued is to be used in cases where it is desired to give the man an **honorable discharge**.
- b. Should it be necessary to discharge one whose service has not been honest and faithful and whose character is given as only "fair" or "poor," a **simple discharge** (This is discharge without honor) will be given. The word "Honorable" as shown in the body of the form will be ruled out and initialed by the Commanding Officer.
This discharge may be issued in the case of a man who remains continuously and willfully absent from his military duties. In all instances when an enlisted man is discharged "Under sentence of a civil court," he is given a discharge without honor.
- c. A **dishonorable discharge** is given only in the case of one who has been convicted by a General Court Martial and sentenced to a dishonorable discharge.

J. VAN B. METTS,
The Adjutant General.

(To be attached to Regulations
issued February 27, 1941.)

June 23, 1941.

Sec. 1. **Maximum strength.** The maximum strength of a Company of the North Carolina State Guard is fifty (50) men. The officer and non-commissioned officer personnel authorized are as follows:

1 Captain
1 1st Lieutenant
1 2nd Lieutenant

Total 3 Commissioned Officers

Enlisted men.

1 1st Sergeant (technical Sergeant)
9 Sergeants
4 Corporals
36 Privates

Total 50 Enlisted men

There being 36 privates under Regulations, Privates 1st Class may be appointed in the ratio of one to two, which will provide a unit based upon the total strength of 36 Privates, 12 Privates 1st Class. If the strength of the organization is reduced below 36 Privates, upon a vacancy existing in Privates First Class a new appointee will not be made that the ratio of Privates 1st Class to Privates will be as stated. Upon the increase of the number of Privates, Privates First Class may be appointed and vacancies filled in accordance with the fluctuation of the total number of Privates that this ratio may be maintained and not exceeded. It is not necessary to have the full number of Privates First Class unless competent men are available for appointment.

J. VAN B. METTS,
The Adjutant General.

(To be attached to Regulations
issued February 27, 1941.)

July 18, 1941.

Sec. 1. Monetary accounts and rendition of accounts current:

Monies received from State, County and Municipal appropriations or allotments and other monies from whatsoever source received for the account of the military organization will be entered on the Company Council Book; and all expenditures from such funds will be accounted for and carried on the Council Book. Company funds will be carried in a reputable bank and all payments from this fund will be made by check. It is not advisable to carry cash on hand except under extenuating circumstances. State Voucher Form No. 14-A in favor of the concern from which purchase is made will be prepared and signed in duplicate by the vendor. Such vouchers will be numbered beginning with No. 1 consecutively throughout the six months' period, beginning January 1 and ending June 30, and July 1 ending December 31, of each year.

An account current will be rendered on Form 14 covering receipts and expenditures in accordance with the records on the council book. The accounts will be closed and an account rendered to this office semi-annually as of June 30 and December 31. In submitting this account there will be forwarded therewith the original copy of vouchers covering the period, Company Council Book, cancelled checks and copy of the last bank statement showing balance on hand.

Commanding Officers, Companies
N. C. State Guard

March 3, 1942.

My dear Captain:

The first units of the North Carolina State Guard were organized and recognized in February and March, 1941, and others subsequently recognized; and now we have 40 units with an authorized maximum strength of 50 men, which strength would give us 2,000 men throughout the State. The strength report at the end of January showed 1,893 enlisted men. It is realized that due to Selective Service and removal of residence of many men seeking employment, that it may be a little hard for some units to keep their strength up to the maximum. It has been suggested by many that because of these conditions, authority be given to enlist men above the age of 45 and up to 55 years. Unfortunately, the State law would prohibit increasing this age limit; yet, if deemed advisable, we may ask the General Assembly to change the law as it affects the State Guard.

It is realized that you, your officers, and the enlisted personnel have met with obstacles both in the organization and maintenance of your command; yet, you have given your time and thought to military matters, and today I feel that our Guard is reasonably efficient, considering its approximate one year of existence. Under the existing conditions confronting us all in this country, the business man has had his difficulties, yet, I know that those of you, as officers, and the enlisted personnel have displayed the fact that your military work is taken seriously and that you have the interest of your organization at heart.

The past 1½ years, particularly, have been extremely strenuous for me and the normal work of the Adjutant General's Department, and in the effort to properly organize and start the State Guard, and to maintain it under military discipline has created deep thought and personal work. In addition to this, as State Director of Selective Service, my problems have increased. I have been unable to get away from the office for any length of time and at such times as I have left my desk, it has been because of necessity. It has been my purpose and desire for many months to visit each of the units throughout the State which, not alone my personal and official desire, but because as I realize the necessity that those composing these organizations may at least know and see the officer who endeavors to guide them in their activities. Officially, I know that a visit from the Adjutant General of the State would have a moral effect upon all, and I still look for the time when I may organize trips to see and be with those of you who are carrying on such an excellent work. Don't think that

because of my failure to come to see you that I am not interested, I do have your organization at heart.

As the first year of existence of the State Guard rolls around and in spite of the many difficulties which have confronted you, I wish to congratulate the officer personnel upon the work and accomplishments and to commend the enlisted personnel who, though in many instances somewhat older than the average soldier, have accepted their training in the spirit of usefulness and pleasure—all of whom, both officers and men, are rendering a sincere and patriotic service to the State in this emergency. My regards to you and your command, I am

Sincerely,

J. VAN B. METTS,
The Adjutant General.

MEMORANDUM TO:

1. A Conference of the Governors of the States of the Union, at which is anticipated that several Foreign Ambassadors will be present, will be held at Asheville, N. C., June 22, 23, and 24, headquarters, Grove Park Inn.

2. It is desired to have a military aide for each Governor and Ambassador in attendance at this convention selected from the officer personnel of the State Guard. You have been recommended to this office by your Battalion Commander.

3. It will be necessary that such officer personnel report to Grove Park Inn, Asheville, N. C., by 11:00 A.M. Saturday, June 20, and to remain on this duty through Wednesday, June 24.

4. No service pay for this duty is authorized but all expenses will be borne by the State. It is anticipated that the officer personnel will be lodged at the Club close to Grove Park. The duties of such aide require that he be present at all times for the Governor and his party for such services as may be desired. Aides will accompany Governors on all occasions including such trips around Asheville as may be taken, for State Banquet, and should be present with the Governor and his party at meals; at all times looking after the comfort, pleasure, and conveniences of the Governor and his party. The uniform will be prescribed later.

5. It is requested that you advise without delay as to whether or not you can or will volunteer for this special duty that our list of aides may be definitely completed at the earliest practicable date. It is desired, also, to know if you desire to travel by train or automobile.

The Adjutant General.

REPORT OF THE ADJUTANT GENERAL

STATE OF NORTH CAROLINA
GOVERNOR'S OFFICE
RALEIGH

June 25, 1942.

Adjutant General J. Van B. Metts
Raleigh, N. C.

Dear General Metts:-

Now that the notable meeting of the National Governors Conference at Asheville is over, I desire to express to you and through you to Col. Smith and the other officers of the State Guard my personal and official appreciation of the very helpful cooperation that was given in making this event a success.

Virtually all of the Governors were kind enough to refer especially to the courtesies and efficient assistance given them by the officers of the State Guard who served as aides.

I have already expressed my appreciation in person to these officers as a group and I am writing simply to repeat the statement that this event added tremendously to my already great pride in the State Guard of North Carolina.

With personal regards and best wishes, I am

Cordially yours,

J. M. BROUGHTON.

EXTRACTS FROM NATIONAL GUARD REGULATIONS

Par. 7, NGR 75-3

"Safeguarding clothing and equipment issued to enlisted men.—Responsible officers will see to it that clothing and equipment issued to enlisted men are protected against unlawful removal from the armory when not in use for military purposes."

Par. 4, NGR 75-3

"Protection of small arms not being used.—Small arms will not be kept in individual clothing lockers or left in the hands of individuals after being used but will be returned to the strongroom and kept in arms racks or lockers."

Par. 2, NGR 75-3

"a. Strongrooms.—Each National Guard armory, or other building where Federal property issued for use of the National Guard is stored, should include a strongroom for the storage of all items as prescribed in this NGR or other National Guard Bureau instructions. This strongroom should be of extra heavy or reinforced construction which will offer strong resistance to forcible entry. The following are considered minimum requirements:

(1) The construction, including hinges and locks, of all doors, and all windows to which access might readily be obtained, should be of such strength that they cannot be forced by ordinary means.

(2) Doors of iron bars or similar construction may be used to prevent access to ordinary doors which do not meet the requirements of (1) above.

(3) Accessible glass windows should be protected by heavy iron bars and similar construction securely attached and of minimum spacing to prevent entry.

(4) Metal mesh is not acceptable for the construction of any part of storerooms, including doors and windows, or for the protection of windows.

(5) Padlocks are not acceptable. Locks on doors of storerooms and strongrooms should be of an interior type designed to give special protection against being picked or forced.

b. Items to be stored in strongrooms.—Strongrooms will be used for the safekeeping and storage of firearms, machine guns, mortars, 37-mm. guns, small arms ammunition, and other costly items of property such as field glasses, stop watches, compasses, sights for guns, and other fire-control equipment.

c. Doors and windows of armory buildings.—Doors and windows in general of armory buildings should also meet the requirements given in subparagraphs a(1) to a(5) above.

d. Excess property.—Excess Federal property issued to a State or unit may be stored in a State Warehouse or arsenal under minimum protection equivalent to that described in a and b above.

e. Optical instruments.—Optical instruments, such as field glasses, range finders, B.C. telescopes, and aiming circles, will be stored in such manner as to protect them from harm by dust or moisture.

f. Motor vehicles, tires and tubes.—For storage and safekeeping of motor vehicles, and tires and tubes, see Technical Regulations 1075-55.

g. Protection against insects and mildew.—Property subject to damage by mildew, or by moths or other insects, will be protected by storage in a dry place and by the use of ample amounts of naphthalene or other substances provided for the purpose. Such property will be inspected periodically to determine its condition and the need for replacement of protective substances.

h. Care and storage of gas masks.—The care and storage of gas masks prescribed in Technical Regulations 1120-35 will be observed."

Par. 8, NGR 75-3

"Reports required in cases of unlawful removal or disposal of Federal property.—When a loss of Federal property occurs through unlawful removal or disposal, the member of the National Guard discovering such loss will immediately notify the local, county, and State police, and his unit commander. Police authorities will be furnished a statement of the circumstances and a list and description of the missing articles. The unit

commander will check to see that this information has been given, and will notify the nearest representative of the Department of Justice, giving him the same information. He will also make a full report to the Adjutant General of the State, who will at once report the matter to the corps area commander and the Chief of the National Guard Bureau. In the event of recovery of firearms or other property having a serial number, report will be made through the same channels."

Par. 9, NGR 75-3

"Fire Protection.—The obligation of a State to protect Federal property extends to protection against fire. No building will be approved for property storage unless fire-fighting equipment is installed and maintained in accordance with the laws and regulations of the State and city or town."

Par. 5 ½, NGR 75-4

"Records of ordinance serial numbers.—a. General.—Each United States property and disbursing officer will cause to be maintained a record of the following items of Ordnance property, which will be arranged numerically according to serial numbers, showing location and organization to which issued: Pistols, revolvers, shotguns, rifles, automatic rifles, machine rifles, and machine guns. This record will be kept in the most feasible manner consistent with having the desired information readily available and will be in agreement with balances shown on the stock-record accounts. It should be checked against corps area ordinance inspection reports.

b. Entries in record of serial numbers.—All changes in accountability or responsibility of the items of Ordnance property, listed in subparagraph a above, which affect location and organization to which issued will be promptly posted to the record of serial numbers, with cross reference to the vouchers or other data upon which the changes are made.

c. Organization record.—Organization commanders will maintain suitable permanent serial-number records of all small arms in their custody."

SPECIAL ORDERS
No. 8

February 28, 1941.

1. The following regulations pertaining to the organization and maintenance of the North Carolina State Guard are announced:

- a. The maximum strength of a company is:
3 Officers
50 Enlisted men.
- b. The original or recognition strength:
2 Officers
45 Enlisted men.
- c. The maintenance or minimum strength:
2 Officers
40 Enlisted men.

2. The State will officially recognize a Company when two officers have prescribed to the Oath of Office and forty-five men have prescribed to the Oath of Enlistment and the forms have been received by the Adjutant General.

3. The maintenance strength of an unit is the minimum to be maintained at all times and failure to maintain such minimum for a period of thirty days will subject the unit to disbandment; except that special authority for an unit to remain under strength for a longer period may be granted by The Adjutant General.

4. It may be realized that a community accepting an unit of the State Guard would be expected to organize the unit with a sufficient number of officers and enlisted men to justify its organization and, similarly, that the unit be maintained at a sufficient strength to justify the expenses incident to its existence, and that such strength may afford the State, County and municipality an efficient force.

**BRIEF FOR CONSIDERATION OF JOINT COMMITTEE
ON APPROPRIATIONS**

I. (a) As explained to the Budget Commission, our estimate of the budget made in August, 1942, for the biennium beginning July 1, 1943, was a difficult matter. The National Guard being in federal service, without any opportunity to judge the time of its return to State control, and in the administration of the State Guard, the organization of which began in February, 1941, and which is to be disbanded upon the return of the National Guard to State control or as soon thereafter as the National Guard may be properly re-organized for State service, there was no background of definite information to determine an estimated necessity for the biennium 1943-45. At this time it is not possible to estimate or determine when this condition will cease to exist.

(b) The appropriation made to this department for the biennium 1937-39 was approximately \$91,000 per year. The appropriation for the biennium 1939-41 was \$83,421 per year. Our request to the Budget Commission was based upon requirements for the State Guard for the first year of the biennium, and a possibility of the return of the National Guard within the second year of the biennium. The Budget Commission has recommended approximately the same amount for each of the two years, based upon our estimate for the first year. Their guess may be correct.

(c) The State Guard will need additional equipment such as blankets, overcoats, cooking utensils and some other minor equipment necessary, especially, when called into active service of the State by the Governor. No provision is made in our budget estimate, nor in the amount recommended by the Budget Commission, for this purpose. It is anticipated that a separate bill will be prepared to take care of an estimated amount to cover these needs. It is, at present, roughly estimated that to take care of the total of these necessities, approximately \$30,000 will be required. There was authorized by the General Assembly of 1941 \$30,000 for the purchase of uniforms and other equipment to initially uniform and equip the State Guard. However, this amount was not used, since the former appropriation made while the National Guard was under state control, was sufficient to take care of this item. This, of course, was due to the fact that the National Guard entered Federal service in September, 1940, and the beginning of the organization of the State Guard was in February, 1941.

II. Request is made for additional amounts in the following items:

ITEM 102. SALARIES—STAFF.

Budget recommendation: \$11,166. Request increase to \$11,786.

This request is made to cover difference between salary of \$2,500 for new employee, as considered in original estimate, and salary of \$3,000 which is now being paid to said new employee, and embodying increases desired for others in the department within the next biennium.

ITEM 301. ALLOTMENTS TO ORGANIZATIONS—STATE GUARD

Budget recommendation: \$24,200 (each year). Request increase to \$26,550 (each year).

The Budget Commission recommended the figures as presented by the department, but we find that the amount stated in the estimate does not include two newly organized companies and the organization of regiments and the brigade. The amount requested is set up as follows:

42 companies at \$600 per year, as provided by law.....	\$25,200
Brigade commander, expenses of his office.....	150
2 regimental commanders at \$100 per year.....	200
8 battalion commanders at \$75 per year.....	600
2 medical detachments (small units) at \$200 per year ..	400
Total.....	\$26,550

The amount paid to companies and medical detachments is for the expenses of armory, rental, stationery, postage and other incidental expenditures necessary to the maintenance of their organizations. The amount to the brigade, regimental and battalion commanders is the estimated amount necessary to defray the expenses of their respective offices, which require correspondence, mimeographing, postage and such expenses.

ITEM 303. BONDING OF OFFICERS

Budget recommendation: \$400 for 1943-44. None for 1944-45.

Request increase to \$400 for the year 1944-45.

Each company commander is the responsible officer, responsible for the proper care and protection of Federal and State property and the finances of his organization. It is for the purpose of paying the premiums on a schedule bond for each of these offices each year that the same amount of \$400 is estimated to be necessary in the second year of the biennium.

ITEM 304. EQUIPMENT—STATE GUARD

Budget recommendation: \$2,000 for 1943-44. None for 1944-45.

Request increase to \$1,000 for the year 1944-45.

As stated, in submitting our estimate, our figures were based on the probability of the National Guard's return to State control in the year 1944-45, and for this reason we did not request an amount under this item for this year. Assuming the State Guard will be in existence then, as now seems to be the case, \$1,000 for the year 1944-45 is estimated necessary to take care of small items of equipment.

III. Officers and men of the State Guard give their services voluntarily and are subject to the call of the Governor in any emergency. The allotments to the officers mentioned above are not made as service pay, but only to take care of their administrative necessities. In the case of the allotments to the companies and the two medical detachments, the law provides the amount of \$600 per year necessary to the maintenance of these organizations.

IV. There is a possibility that the War Department may authorize an increase in the strength and number of units for the State Guard, and it is known that the Governor is desirous of an increase. Based upon this thought, it may be the Governor's desire to organize not exceeding ten new, or addi-

tional companies. Should this number be organized during the year, creating a necessity to reorganize the State Guard into three regiments, an extra or increased allotment of approximately \$6,500 per year would be necessary.

RECAPITULATION: Based upon requests made herein.

	<i>Total Budget Recommended By Budget Commission</i>	<i>Increase Requested By This Department</i>	<i>Total Budget Requested</i>
1943-44	\$66,234.00	\$2,770.00	\$69,004.00
1944-45	63,318.00	4,170.00	67,488.00
