The State Senate
Atlanta, GA 30034

March 21, 2005

Honorable Frank Eldridge, Jr.
Secretary of the Senate
353 State Capitol
Atlanta, GA 30334

Re: Minority Report

Dear Mr. Eldridge,

Pursuant to Senate Rule 2-1.6 (a), Please accept this Minority Report regarding HB 244 to be included in the Senate Journal. The passage of this measure from the Senate State and Local Governmental Operations Committee is contrary to the public interest. The objections and/or proper amendments are attached to this report.

Senate rules allow for the engrossment of bills after the passage from the Committee preventing the duly elected representatives of over 3.3 million Georgians from representation during open debate on this legislation.

A vote for engrossment and passage from the Committee should be considered as a vote against all amendments attached hereto. All 3 pages of attachments to this letter shall be considered part of this Minority Report.

Respectfully Submitted,

/s/ Emanuel Jones
State Senator District 10

The Senate State and Local Government Committee has unfairly dealt with House Bill 244. Few would deny the great debate surrounding this bill, yet the Committee has refused to allow a true debate and discussion on this piece of legislation. A number of my fellow Senators believe that this bill violates the Voting Rights Act, disproportionately affects Hispanic and African American voters, and completely ignores the real issue of Absentee Ballot voter fraud. We must take far more time and consideration on this issue, and allow the input of the general public and experts in the field.

No specific reason was given for this legislation, except for the general accusation of voter fraud. However, not a single shred of evidence was presented showing that a large number of cases of voting fraud exists, nor was any empirical evidence provided to show that photo identification would substantially reduce any cases of voter fraud. A plethora of evidence exists proving that those most affected by a photo identification requirement would be the elderly, the poor, African Americans and Hispanics. Even Harry MacDougald, a Fulton County election official who provided favorable testimony to the bill, admitted that even one voter disenfranchised by this legislation would be too many. Furthermore, he stated that preventing voter disenfranchisement is equally as important as preventing voter fraud. Therefore, a legitimate argument can be made that HB 244 violates the voting rights act, yet the Committee failed to seriously take this argument into account. Indeed, the sponsor of the legislation, Representative Sue Burmeister, testified in the hearing that she did not believe Georgia needs the Voting Rights Act. More empirical and statistical evidence must be considered by this legislative body before this bill goes forward.

Nor did the Committee listen to those affected the most by this legislation: the general public. The NAACP, AARP, League of Women Voters and other mainstream, bi-partisan organizations representing a large and diverse population of Georgia have come out against this legislation. With so many constituents in my district and throughout the state with very strong opinions on this legislation, the Committee and the bill's sponsors should have conducted numerous public hearings throughout the state to allow our citizens to speak on this bill. Moreover, greater time should have been given for the public to hear about and learn about this legislation, so that they could have attended this Committee hearing. In fact, this public hearing began hours after its 5 P.M. start time,

and a number of our concerned citizens may have attempted to attend this hearing only to find it rescheduled without any public notice.

The office of the Secretary of State has strongly come out against this bill, finding the requirements of HB 244 far too onerous to a substantial number of citizens. A large number of voter registration offices throughout the state have also come out against this bill, as have quite a few Probate Judges. Representatives from both organizations repeatedly expressed concern that HB 244 offered no funding to alert voters of the change in requirements to vote. This is in sharp contrast to the recent change to electronic voting, where the legislation also provided full funding to repeatedly alert voters of the change in voting practices. It is rather odd that a change to electronic voting, which could also be explained to each voter when they arrive at their polling location, shall receive funding to notify the public. Yet a substantial change in voting requirements that cannot simply be corrected when a voter arrives at a polling place shall not receive a penny in funds to notify voters. The Committee instead chose to ignore the experience, wisdom and advice provided by the foremost experts in the field of Georgia elections, and instead chose to adopt a bill supported by a partisan bloc.

The largest cases of voter fraud involve absentee balloting and voter registration, yet this bill does nothing to correct this. Instead, this bill achieves something I thought impossible when I entered this esteemed chamber: it turns back the clock in Georgia, and begins a new era of Jim Crow in the 21st Century. This bill is illegal, irresponsible and indefensible, and this Committee failed to do its duty in properly examining this bill. I feel that this Committee should have instead suggested to do not pass this bill.

The Chairman of the State and Local Government Committee and its members have refused to allow a roll call vote on HB 244. The people of Georgia have the right to know the true feelings of their Senators on this important piece of legislation, and I have included my own recording of the vote. Senator Kasim Reed has verified this to be a fully truthful and accurate record of the vote.

"(b.1)(1) Products whose sole active ingredient is pseudoephedrine may be offered for retail sale only if sold in blister packaging. Such products may not be offered for retail sale by self-service, but only from behind a counter or other barrier so that such products are not directly accessible by the public but only by a retail store employee or agent.

(2) No person shall deliver in any single over the counter sale more than three packages of any product containing pseudoephedrine as the sole active ingredient or in combination with other active ingredients or any number of packages that contain a combined total of more than nine grams of pseudoephedrine or its base, salts, optical isomers, or salts of its optical isomers.

(3) It shall be unlawful for a retail distributor to purchase any product containing pseudoephedrine from any person or entity other than a manufacturer or a wholesaler licensed by the Georgia Board of Pharmacy.

(4) This subsection shall not apply to:

(A) Pediatric products labeled pursuant to federal regulation as primarily intended for administration to children under 12 years of age according to label instructions; and

(B) Products that the Georgia Board of Pharmacy, upon application of a manufacturer, exempts because the product is formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine or its salts or precursors.

(5) This subsection shall preempt all local ordinances or regulations governing the retail sale of over the counter products containing pseudoephedrine by a retail business.

(6)(A) Except as otherwise provided herein, it shall be unlawful for any person knowingly to violate any prohibition contained in paragraph (1), (2), or (3) of this subsection.

(B) Any person convicted of a violation of paragraph (1) or (2) of this subsection

shall be guilty of a misdemeanor which, upon the first conviction, shall be punished by a fine of not more than \$500.00, and, upon the second or subsequent conviction, shall be punished by not more than six months' imprisonment or a fine of not more than \$1,000.00, or both.

For purposes of this subsection only, the term 'Georgia Meth Watch' shall mean that program entitled 'Georgia Meth Watch' or similar program which has been promulgated, approved, and distributed by the Georgia Council on Substance Abuse.

The successor shall acquire the experience rating record of the predecessor except as otherwise provided in this Code section or in the rules and regulations of the Department of Labor. If the successor is not already an employer at the time of the acquisition, the rate of contributions applicable to the predecessor shall continue to be applicable to the successor; provided, however, if the existing rate of contributions of the predecessor exceeds the new employer rate as specified in Code Section 34-8-151, the successor shall be assigned a new employer rate of contributions; in such event, the experience of the predecessor shall not be considered for purposes of rate calculations and the successor shall be otherwise treated as a new employer.

(b) Subject to the provisions of subsections (g) and (h) of this Code section, if If the successor is already an employer at the time of the acquisition, the rate of contributions applicable to the successor shall continue until the end of the quarter in which the acquisition occurred. The rate of contributions applicable to the successor beginning on the first day of the quarter following the acquisition will be determined by the combined experience of the predecessor and successor as of the applicable computation date; provided, however, the experience of the predecessor shall not be combined with that of the successor for purposes of rate calculation if the predecessor's rate of contributions immediately preceding the acquisition exceeded the rate already in effect for the successor; in such event, the experience of the predecessor shall not be considered for purposes of rate calculations unless this combination of experience results in a reduction of rates.

(c) Subject to the provisions of subsections (g) and (h) of this Code section, any Any employing unit which acquires by any means any clearly identifiable or separable portion of the trade or business of an employer and is an employer at the time of the acquisition or becomes an employer within six months from the end of the quarter in which the acquisition is made may be deemed to be a partial successor to the employer

from whom the portion of the trade or business was acquired. A portion of the predecessor's experience rating records which are attributable to the portion of trade or the business which was acquired may be transferred to the successor. Mutual consent of both parties must be given to effectuate the partial transfer. The Commissioner shall prescribe by regulation the time frame for notification to the department of partial acquisitions and the method by which the portion of the experience rating record to be transferred will be determined.

(d) Subject to the provisions of subsections (g) and (h) of this Code section, if ~~if~~ the conditions of subsection (c) of this Code section are met and the partial successor is not already an employer at the time of the acquisition, the rate of contributions applicable to the predecessor shall be applicable to the successor. Future rates will be determined by combining the transferred portion of the predecessor's experience rating record with the successor's own experience rating record as of the applicable computation date.

(e) Subject to the provisions of subsections (g) and (h) of this Code section, if ~~if~~ the conditions of subsection (c) of this Code section are met and the partial successor is already an employer at the time of the acquisition, the rate of contributions applicable to the successor shall continue until the end of the quarter in which the acquisition occurred. The rate of contributions applicable to the successor beginning on the first day of the quarter following the acquisition will be determined by combining the transferred portion of the predecessor's experience rating record with the successor's own experience rating record as of the applicable computation date.

(f) Nothing in this Code section shall be construed to affect liens which are created pursuant to Code Section 34-8-167

(g) Notwithstanding any other provision in this chapter to the contrary, effective July 1, 2006:

(1) If an employer transfers its trade or business, or any portion thereof, to another employer and, at the time of the transfer, there is substantially common ownership, management, or control of the two employers then the rate of contributions attributable to the predecessor shall be transferred to the successor employer to whom such business is so transferred. The rates of contributions of both employers shall be recalculated and made effective immediately upon the date of the transfer of the trade or business.

(2) Whenever the successor is not already an employer at the time of the acquisition, the unemployment experience of the acquired business shall not be transferred to the successor if the Commissioner determines that the successor acquired the business solely or primarily for the purpose of obtaining a lower rate of contribution. Instead, the successor shall be assigned the new employer rate under Code Section 34-8-151. In determining whether the trade or business was acquired solely or primarily for the purpose of obtaining a lower rate of contributions, the Commissioner shall use objective factors which may include the following:

(A) The cost of acquiring the trade or business;

(B) Whether the successor actually continued the business enterprise of the acquired trade or business;

(C) How long the acquired trade or business was continued; and

(D) Whether or not a substantial number of new employees were hired for the performance of duties unrelated to the business activity conducted by the predecessor prior to acquisition.

(h)(1) Any person who knowingly violates or attempts to violate subsection (g) or any other provision of this chapter related to determining the assignment of a rate of contributions or any person who knowingly advises another person in a manner that results in a violation of such provision shall be subject to the following penalties.

(A) If the person is an employer, then such employer shall be assigned the highest rate assignable under this chapter for the rate year during which such violation or attempted violation occurred and the three rate years immediately following that rate year; provided, however, that if:

(i) The person's business is already at the highest rate; or

(ii) If the amount of increase in the rate of contributions for such person would be less than 2 percent for such year,

then a penalty rate of contributions of 2 percent of taxable wages shall be imposed for such year;

(B) If the person is not an employer, such person shall be subject to a civil money penalty of not more than \$5,000.00 per violation. Any such fine collected shall be deposited in the penalty and interest account established under Code Section 34-8-92.

(2) For the purposes of this Code section, the term 'knowingly' means having actual knowledge of or acting with deliberate ignorance or reckless disregard for the prohibited act or omission.

(3) For the purposes of this Code section, the term 'violates or attempts to violate' includes, but is not limited to, intent to evade, misrepresentation, and willful nondisclosure.

(4) For the purposes of this Code section, the term 'person' shall have the meaning given such term by Section 7701(a)(1) of the Internal Revenue Code of 1986, as amended.

(5) For the purposes of this Code section and administration of the Employment Security Law, the terms 'trade, business, or assets' and 'trade or business' shall include:

(A) The employer's work force or any part of the employer's work force; and

(B) Any part of the employer's trade, business, or assets, whether or not clearly identifiable or separable within the meaning of subsection (c) of this Code section.

Tax liability under Chapter 7 of Title 48 shall not be affected by the definitions of 'trade, business, or assets' and 'trade or business' in this Code section.

(6) In addition to the penalty imposed by paragraph (1) of this subsection, any violation of this Code section may be prosecuted as a felony under Code Section 16-10-20.

(7) The Commissioner shall establish procedures to identify the occurrence of any transfer or acquisition of a business that violates any provision of this Code section."

**A BILL TO BE ENTITLED
AN ACT**

To amend Code Section 48-5-7.4 of the Official Code of Georgia Annotated, relating to bona fide conservation use property, so as to change certain provisions regarding qualification of conservation use property for current use assessment; to provide for additional acts which shall not constitute a breach of a conservation use covenant; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 48-5-7.4 of the Official Code of Georgia Annotated, relating to bona fide conservation use property, is amended by striking paragraph (1) of subsection (b) and inserting in its place a new paragraph (1) to read as follows:

"(1) When one-half or more of the area of a single tract of real property is used for a qualifying purpose, then such tract shall be considered as used for such qualifying purpose unless some other type of business is being operated on the unused portion; provided, however, that such unused portion must be minimally managed so that it does not contribute significantly to erosion or other environmental or conservation problems. The lease of hunting rights or the use of the property for hunting purposes shall not constitute another type of business. The charging of admission for use of the property for fishing purposes shall not constitute another type of business;"

SECTION 2.

Said Code section is further amended by striking subsection (p) and inserting in its place a new subsection (p) to read as follows:

"(p) The following shall not constitute a breach of a covenant:

(1) Mineral exploration of the property subject to the covenant or the leasing of the property subject to the covenant for purposes of mineral exploration if the primary use of the property continues to be the good faith production from or on the land of

agricultural products;

(2) ~~Allowing all or part of the~~ property subject to the covenant to lie fallow or idle for purposes of any land conservation program, for purposes of any federal agricultural assistance program, or for other agricultural management purposes;

(3) Allowing all or part of the property subject to the covenant to lie fallow or idle due to economic or financial hardship if the owner notifies the board of tax assessors on or before the last day for filing a tax return in the county where the land lying fallow or idle is located and if such owner does not allow the land to lie fallow or idle for more than two years of any five-year period; ~~or~~

No person shall be entitled to transfer more than 25 acres of such person s property in the aggregate under this paragraph.

(B) Any property transferred under subparagraph (A) of this paragraph shall not be used by the transferee for any purpose other than for a purpose which would entitle such property to the applicable exemption from ad valorem taxation provided for under subsection (a) of Code Section 48-5-41 or subsequently transferred until the expiration of the term of the covenant period. SUBJECT: Fiscal Note
House Bill 211 (LC 18 4021)

Dear Chairman O'Neal:

This bill would exempt from ad valorem taxation aircraft that are for sale and held in inventory by aircraft dealers. The exemption would be effective for all tax years beginning after January 1, 2006.

The Georgia State University Fiscal Research Center determined that the estimated revenue loss to the state is very small (under \$20,000) for FY 2007 and FY 2008. Most of the revenue loss will be borne by local governments and is estimated to be approximately \$2 million for FY 2007 and FY 2008.

The data used comes from the current sales inventories gathered from the websites of Georgia-based aircraft dealers. In most cases, asking prices were obtained from these on-line advertisements. Where asking prices were not available, they were estimated using the price of identical models of similar age for sale in other states. Where comparable models were not available, the average price of current Georgia inventories was used. Asking prices range from \$33,500 to \$19,995,000. It was estimated that there is currently \$178 million in aircraft inventories in the state of Georgia. Note that it is common practice to fly aircraft out state at the time inventory would be valued for property tax purposes. Assuming that 40 percent of the asking price is the assessed value, and using

an average property tax rate of 28 mills, the resulting revenue is estimated to be \$2.0 million in FY 2007. We expect the loss would be the same in FY 2008. Since the state's property tax rate is only 0.25 mills, the revenue loss to the state would be less than one percent of the total revenue loss.

Sincerely,

SUBJECT: Fiscal Note
House Bill 487 (LC 18 4102)

Dear Chairman O'Neal:

This bill would change the sales tax exemption on the sale of electricity for operation of irrigation systems used on farm crops. The exemption would be broadened to refer to "electricity or other fuel"

The Georgia State University Fiscal Research Center indicates that the exemption of these fuel expenditures from the sales tax would reduce Georgia tax revenue by \$204,000

per year. The Center indicated that based on the latest data available, fuel expenses for on-farm pumping of irrigation water in the State of Georgia totaled \$10,905,000 in 2003. Of this total, expenditures on fuels other than electricity equaled \$5,100,000. This data was reported by the USDA National Agricultural Statistics Service, 2002 Census of Agriculture, 2003 Farm and Ranch Irrigation Survey.

This estimate was calculated by multiplying the 4% state sales tax rate times \$5,100,000, the additional expenditures on fuels that would be exempt under the proposed legislation. The long range impact of this proposed legislation is expected to remain in the range of this estimate. Energy consumption for irrigation is not projected to increase substantially over time. While prices for petroleum products increased substantially in late 2004, they are likely to moderate somewhat over the near term and then, on average, rise gradually.

House Bill 389 (LC 18 4111-EC)

www.libtool.com.cn

Dear Chairman O'Neal:

This bill modifies the existing job tax credit program. The bill provides for an additional state income tax credit for certain businesses that have operated within the state for the immediately preceding three years. These businesses would be allowed, under certain conditions, a one year tax credit of \$500 for each new full-time employee job. The credit would be claimed in year two after the job was created and would apply only to new jobs created in taxable years beginning on or after January 1, 2006, and ending no later than taxable years beginning prior to January 1, 2011. The additional tax credit cannot be carried forward. Eligible industries and the required minimum number of jobs created are the same as for the current job tax credit.

The Georgia State University Fiscal Research Center indicates that for the five tax years 2007 through 2011, the total estimated revenue loss is \$21.2 million, or \$4.24 million per year. This assumes that the additional credit is allowed for only one year. The modification to paragraph (e)(2) in Section 1 of the bill states that the additional credit is allowed for one year after the creation of the job. This paragraph also states that the credit shall not be allowed during a year if the employment increase falls below the required number of new jobs. This seems to imply that the credit can be taken for more than one year.

The Center provided the following narrative regarding the calculation of their revenue estimate:

Using employment security records, an estimate of the number of jobs that would have been eligible for each year 1996 through 2004 was determined. To be eligible, a firm had to be in an eligible industry, had to be in existence for three years, and had to have created the minimum number of jobs. Employment growth over the past four years has been low. To be more reflective of future job growth, the estimated number of jobs determined to have been eligible for the period 1996 through 2000 was used for the revenue estimation.

Experience with the job tax credit program suggests that not all firms that appear to be eligible take the job tax credit. The most recent estimate of the participation rate is 30 percent. Multiplying the number of eligible jobs by \$500 times the participation rate yields the revenue estimate. Table 1 presents the annual estimated revenue loss.

For the five tax years, 2007 through 2011, the total estimated revenue loss is \$21.2 million, or \$4.24 million per year.

Table 1. Annual Estimated Revenue Loss

Year	Revenue Loss (in millions)
2007	\$ 3.8
2008	\$ 4.2
2009	\$ 4.4
2010	\$ 4.8
2011	\$ 4.0
Total	\$21.2

Note that if the credit can be taken for five years, then the estimated revenue loss for the next five years would be as seen in Table 2.

Table 2. Annual Estimated Revenue Loss

Year	Revenue Loss (in millions)
2007	\$ 3.8
2008	\$ 8.0
2009	\$12.4
2010	\$17.2
2011	\$21.2

SUBJECT: Fiscal Note
House Bill 404 (LC 21 8121)

Dear Chairman Yates:

www.libtool.com.cn

This bill would amend unemployment benefit insurance provisions to provide that persons leaving an employer to accompany a spouse who has been reassigned from one military assignment to another are not disqualified from receiving benefits by that fact alone.

Depending on Georgia's economy and the related number of unemployment insurance beneficiaries, the fiscal impact of this bill to the Unemployment Insurance Trust Fund could approximate from \$2.1 million to \$3.7 million annually. The assumptions used to calculate these amounts are described below

The Georgia Department of Labor (DOL) does not maintain data on the number of persons who do not qualify for unemployment benefits for the reason cited in this bill. However, DOL obtained information from another state, which indicates the number of persons receiving unemployment insurance benefits there increased by $\frac{1}{2}$ of 1 percent after implementation of similar legislation. Assuming that Georgia would have a similar experience, this percentage increase was applied to the total number of unemployment insurance beneficiaries in Georgia. DOL noted that the state providing unemployment data has only three military bases so the extent to which this percentage would approximate actual experience in Georgia cannot be determined.

The low estimate of \$2.1 million is based on data from 1999 which, according to DOL, was a non-recession year. In 1999, DOL data shows that there were 199,853 persons in Georgia who received unemployment insurance benefits for an average of 9 weeks. Consequently, if Georgia experiences a similar non-recession year in the future, this bill could increase the number of beneficiaries by 999 ($199,853 \times 0.5\%$). Multiplying this potential number of new beneficiaries (999) by the average number of benefit weeks (9) and by the current average weekly benefit of \$235 would yield a fiscal impact of approximately \$2.1 million.

The high estimate of \$3.7 million is based on year 2004 DOL data. In 2004, this data shows that there were 265,324 persons in Georgia who received unemployment insurance benefits for an average of 12 weeks. Using these figures, this bill could increase the number of beneficiaries by 1,327 ($265,324 \times 0.5\%$). Multiplying the number of new beneficiaries (1,327) by the average number of benefit weeks (12) and the current average weekly benefit of \$235 would yield a fiscal impact of approximately \$3.7 million.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Part 1 of Article 22 of Chapter 1 of Title 10 of the Official Code of Georgia Annotated, relating to general considerations regarding motor vehicle franchises, is amended by striking paragraph (10) of Code Section 10-1-622, relating to definitions relative to motor vehicle franchises, and inserting in its place the following:

"(10) 'Motor vehicle' means every self-propelled vehicle intended primarily for use and operation on the public highways, except farm tractors and other machines and tools used in the production, harvesting, and care of farm products, ~~and except construction equipment, and recreational vehicles as defined in paragraph (5) of subsection (a) of Code Section 10-1-679.~~"

SECTION 2.

Chapter 1 of Title 10 of the Official Code of Georgia Annotated, relating to selling and other trade practices, is amended by inserting a new Article 22B to read as follows:

"ARTICLE 22B

10-1-679.

(a) As used in this article, the term:

(1) 'Community of interest' means a continuing financial interest between the grantor and the grantee in either the operation of the dealership business or the marketing of such goods or services.

(2) 'Franchise' means an oral or written agreement for a definite or indefinite period of time in which a manufacturer grants to a recreational vehicle dealer permission to use a trade name, service mark, or related characteristic and in which there is a community of interest in the marketing of recreational vehicle products or services related thereto at wholesale or retail, whether by leasing, sale, or otherwise.

(3) 'Grantor' means a person who grants a recreational vehicle dealership.

(4) 'Person' means a natural person, partnership, joint venture, corporation, or other entity.

(5) 'Recreational vehicle' means a vehicular type unit primarily designed as temporary living quarters for recreational, camping, or travel use which either has its own motive power or is mounted on or towed by another vehicle. The basic entities are as follows: travel trailer, camping trailer, truck camper, motor home, park trailer.

and fifth wheel travel trailer.

(6) 'Recreational vehicle dealer' or 'dealer' means a person who is a grantee of a recreational vehicle dealership situated in Georgia.

(7) 'Recreational vehicle dealership' means an established place of business engaged in the marketing of new recreational vehicle products or services related thereto at wholesale or retail, whether by leasing, sale, or otherwise, and which is marked by an appropriate permanent sign, a working telephone with a telephone number listed in the local phone directory, and which derives at least 75 percent of its revenue from the sale of new recreational vehicles and recreational vehicle related products and services.

(8) 'Warrantor' means a person, firm, corporation, or business entity that gives a warranty in connection with a new recreational vehicle or parts, accessories, or components thereof. Such term does not include service contracts, mechanical or other insurance, or extended warranties sold for separate consideration by a dealer or other person not controlled by a manufacturer.

(b) For purposes of this article when determining whether there is 'good cause' for a proposed action, the trier of fact shall consider:

- (1) The volume of the affected dealer's business in the relevant market area;
- (2) The nature and extent of the dealer's investment in its business;
- (3) The adequacy of the dealer's service facilities, equipment, parts, supplies, and personnel;
- (4) The effect of the proposed action on the community;
- (5) The extent and quality of the dealer's service under recreational vehicle warranties; and
- (6) The dealer's performance under the terms of its franchise agreement.

10-1-679.1.

(a) This article shall be liberally construed and applied to promote its underlying remedial purposes and policies.

(b) The underlying purposes and policies of this article are:

- (1) To promote the compelling interest of the public in fair business relations between recreational vehicle dealers and grantors and in the continuation of recreational vehicle dealerships on a fair basis;
- (2) To protect recreational vehicle dealers against unfair treatment by grantors who inherently have superior economic power and superior bargaining power in the negotiations of recreational vehicle dealerships;
- (3) To provide recreational vehicle dealers with rights and remedies in addition to those existing by contract or common law; and
- (4) To govern all franchise agreements for recreational vehicle dealerships, including any renewals or amendments, to the full extent consistent with the Constitutions of Georgia and the United States.

(c) The effect of this article may not be varied by contract or agreement. Any contract or agreement purporting to do so is void and unenforceable to that extent only.

10-1-679.2.

The grantor shall designate in writing the area of sales responsibility assigned to a recreational vehicle dealer and shall not change such area nor establish another recreational vehicle dealer in the same area unless the grantor can show good cause for the addition of the new recreational vehicle dealer, including reasonable evidence that the market will support the establishment of a new dealership.

10-1-679.3.

Sales of recreational vehicles by grantors or distributors shall be in accordance with published prices, charges, and terms of sale in effect at any given time.

10-1-679.4.

No grantor, directly or through any officer, agent, or employee, may terminate, cancel, fail to renew, or substantially change the competitive circumstances, including the area of sales responsibility, of a recreational vehicle dealership agreement without good cause. The burden of proving good cause shall be on the grantor.

10-1-679.5.

(a) Except as provided in this Code section, a grantor shall provide a recreational vehicle dealer at least 120 days' prior written notice of termination, cancellation, nonrenewal, or substantial change in competitive circumstances and shall provide that the recreational vehicle dealer has 120 days in which to rectify any claimed deficiency. The notice shall state all the reasons for termination, cancellation, or nonrenewal and shall further state that if, within 30 days following the receipt of the grantor's notice, the recreational vehicle dealer provides to the grantor a written notice to cure all claimed deficiencies, the recreational vehicle dealer shall then have 120 days from the date of the notice to rectify such deficiencies. If the deficiency is rectified within 120 days, the notice shall be void. The notice provisions of this Code section shall not apply if the reason for termination, cancellation, or nonrenewal is insolvency, the occurrence of an assignment for the benefit of creditors, or bankruptcy.

(b) The 120 days' notice shall be reduced to 30 days' notice if the grounds for termination, cancellation, or nonrenewal is due to:

- (1) Conviction or pleas of nolo contendere to a felony of a recreational vehicle dealer or one of its principal owners;
- (2) The business operation of the recreational vehicle dealer has been abandoned or closed for ten consecutive days, unless the closing is due to an act of God, strike, or labor difficulty or other cause over which the dealer has no control;
- (3) The suspension, revocation, or refusal to renew the recreational vehicle dealer's license; or
- (4) A significant misrepresentation by the recreational dealer.

10-1-679.6.

(a) If a recreational vehicle dealership franchise agreement is terminated, canceled, or

not renewed by the grantor, the grantor, at the option of the recreational vehicle dealer, shall repurchase:

- (1) All new, untitled recreational vehicle inventory acquired from the manufacturer within 12 months prior to the effective date of the termination, cancellation, or nonrenewal which has not been materially altered or substantially damaged. The grantor shall reimburse the dealer for 100 percent of the net invoice cost of such inventory, including transportation, less applicable rebates and discounts to the dealer.
- (2) All functioning diagnostic equipment, special tools, other equipment and machinery, accessories and proprietary parts, and signage as were required to meet the dealer's service responsibilities in accordance with manufacturer's guides and applicable customer service bulletins and signs sold under the recreational vehicle dealership agreement.
- (b) The manufacturer shall reimburse the dealer for 100 percent of the current net prices as published in the manufacturer's current price lists or catalogs on accessories and parts, including superseded parts, provided it was purchased by the dealer within five years before termination and can no longer be used in the normal course of the dealer's business, plus 5 percent of the current net price of all manufacturer's accessories and parts returned to compensate the dealer for handling, packing, and loading the parts, plus the cost of freight to return said parts. The grantor shall pay the dealer within 30 days of receipt of the returned items. This Code section shall apply only to merchandise with a name, trademark, label, or other mark on it which identifies the grantor or with proof of purchase from the grantor.

10-1-679.7.

It shall be unlawful for any grantor, directly or through any officer, agent, or employee:

- (1) To coerce, or attempt to coerce, any dealer to accept delivery of any parts or accessories or any other commodities which have not been ordered by such dealer; or
- (2) To coerce, or attempt to coerce, any dealer to enter into an agreement with such grantor or do any other act unfair to such dealer by threatening to cancel any recreational vehicle dealership franchise agreement existing between such grantor and such dealer.

10-1-679.8.

It shall be unlawful for any grantor to prevent or refuse to approve the sale or transfer of the ownership of a recreational vehicle dealership by the sale of the business assets, stock transfer, or otherwise, or a change in executive management or principal operator of the dealership if the new owner, principal operator, or management is creditworthy, has not been convicted of a felony, and is properly licensed; the sale or transfer shall not result in a relocation of the business; and the sale or transfer is otherwise reasonable under the circumstances. The recreational vehicle dealer must give the manufacturer 30 days written notice prior to the closing of such agreement. If the manufacturer rejects a proposed change or sale, the manufacturer shall give written notice of its reasons to the recreational vehicle dealer within 30 days after receipt of the dealer notification and

complete documentation. If no such notice is given to the recreational vehicle dealer, the change or sale shall be deemed approved. The burden of proving that any sale or transfer is not reasonable shall be on the grantor.

10-1-679.9.

(a) It shall be unlawful for any grantor to fail to provide a recreational vehicle dealer with an opportunity, at the time of signing a recreational vehicle dealership franchise agreement or at a reasonable time thereafter, to designate a member of his or her family as a successor to the dealership in the event of the death, incapacity, or retirement of the dealer. A dealer may from time to time during the term of the franchise agreement change the beneficiary by providing a written notification to the manufacturer.

(b) It shall be unlawful to prevent or refuse to honor the succession to a dealership by a family member of the deceased, incapacitated, or retired dealer unless the grantor has provided to the family member so designated written notice of its objections. The burden of proving that such transfer is not reasonable shall be on the grantor.

(c) Grounds for objection shall be lack of creditworthiness, conviction of a felony, inability to obtain necessary and required licenses by the beneficiary, lack of required licenses, or other conditions which make such succession unreasonable under the circumstances, but the grantor shall bear the burden of proving the unreasonableness of such succession. No family member of the deceased, incapacitated, or retired dealer may succeed to a recreational vehicle dealership unless the succession to the recreational vehicle dealership will not involve, without the grantor's consent, a relocation of the business.

10-1-679.10.

(a) Each grantor or warrantor, where applicable, shall specify in writing to each of its recreational vehicle dealers licensed in Georgia the dealer's obligation for preparation, delivery, and warranty service on its products; shall compensate the dealer for warranty service required of the dealer by the grantor or warrantor; and shall provide the dealer the schedule of compensation to be paid to such dealers for parts, work, and service in connection with warranty service and the time allowances for the performance of such work and service. In no event shall such schedule of compensation fail to include reasonable compensation for diagnostic work as well as repair service and labor.

(b) Time allowances for the diagnosis and performance of warranty work and service shall be reasonable and adequate for the work to be performed. In the determination of what constitutes reasonable compensation under this Code section, the principal factors to be considered shall be the actual wage rates being paid by the dealer and the actual retail labor rates being charged by the dealer in the community in which the dealer is doing business. In no event shall such compensation of a dealer for warranty labor be less than the retail rates charged by the dealer for like service to retail customers for nonwarranty labor and repairs as long as such rates are reasonable.

(c) A grantor or warrantor, where applicable, shall reimburse the dealer for warranty parts at actual wholesale costs plus a minimum 30 percent handling charge and the cost,

if any, of freight to return warranty parts to the grantor or warrantor. Warranty audits of dealer records may be conducted by the grantor or warrantor, where applicable, on a reasonable basis. A grantor or warrantor, where applicable, must disapprove warranty claims in writing within 30 days of the date of submission by the dealer in the manner and form prescribed by the grantor or warrantor. Claims not specifically disapproved in writing within this 30 day period shall be construed to be approved and shall be paid within 45 days.

(d) Dealer claims for warranty compensation shall not be denied except for good cause, such as performance of nonwarranty repairs, lack of material documentation, fraud, or misrepresentation. Claims for dealer compensation must be submitted within 45 days of completing the work. The dealer must notify the warrantor verbally or in writing if the dealer is unable to promptly perform material or repetitive warranty repairs. All claims shall be paid within 30 days of dealer submission or rejected in writing for stated reasons.

(e) It shall be a violation of this article for any grantor or warrantor, where applicable, to:

- (1) Fail to perform any of its warranty obligations with respect to a recreational vehicle and recreational vehicle components;
- (2) Fail to assume all responsibility for any liability resulting from structural or production defects;
- (3) Fail to include written notices of factory recalls to vehicle owners and dealers and the expected date by which necessary parts and equipment will be available to dealers for the correction of such defects. The grantor or warrantor, where applicable, may ship parts in quantity to the dealer to effect such campaign work, and if such parts are in excess of the dealer's requirements, the dealer may return unused parts to the grantor or warrantor for credit after completion of the campaign;
- (4) Fail to compensate any of its recreational vehicle dealers licensed in Georgia for repairs effected by such dealer of merchandise damaged in manufacture or transit to the dealer where the carrier is designated by the grantor, factory branch, distributor, or distributor branch;
- (5) Fail to compensate its recreational vehicle dealers licensed in this state for warranty parts, work, and service in accordance with the schedule of compensation provided the dealer pursuant to subsection (a) of this Code section if performed in a timely and competent manner, or for legal costs and expenses incurred by such dealers in connection with warranty obligations for which the grantor or warrantor, where applicable, is legally responsible or which the grantor or warrantor imposes upon the dealer;
- (6) Misrepresent in any way purchases of recreational vehicles that contain warranties with respect to the manufacture, performance, or design of the vehicles which are made by the dealer, either as warrantor or co-warrantor; or
- (7) Require the dealer to make warranties to customers in any manner related to the manufacture of a recreational vehicle.

(f) Notwithstanding the terms of any agreement, it shall be a violation of this article for

any grantor or warrantor, where applicable, to fail to indemnify and hold harmless its recreational vehicle dealers against any losses or damages arising out of claims, costs, judgments, and expenses, including reasonable attorney's fees, or suits relating to the manufacture, assembly, or design of recreational vehicles, parts, or accessories, or other functions by the grantor or warrantor beyond the control of the dealer, including, without limitation, the selection by the grantor or warrantor, where applicable, of parts or components for the recreational vehicle or any damages to merchandise occurring in transit to the dealer where the carrier is designated by the grantor or warrantor. The dealer shall give notice to the grantor or warrantor of pending suits in which allegations are made which come within this subsection whenever reasonably practicable to do so. Any recreational vehicle dealer franchise agreement issued to, amended, or renewed for recreational vehicles in Georgia on or after July 1, 2005, shall be deemed to incorporate provisions consistent with the requirements of this subsection.

(g) On any new recreational vehicle, any uncorrected and significant damage, or any corrected damage exceeding 5 percent of the manufacturer's suggested retail price or \$500.00 or more in paint damage, must be disclosed to the dealer in writing prior to delivery. Factory mechanical repair and damage to glass, tires, and bumpers is excluded from disclosure when properly replaced by identical manufacturer's or distributor's original equipment or parts.

(h) Whenever a new recreational vehicle is damaged in transit when the carrier or means of transportation is determined by the manufacturer or distributor or whenever a recreational vehicle is otherwise damaged prior to delivery to the recreational vehicle dealer or if a new recreational vehicle is found to have substantial box or chassis defects upon arrival at the recreational vehicle dealership, the dealer must notify the grantor or distributor of such damage or such defects within three business days from the date of delivery or within a reasonable amount of additional time or such time as specified in the recreational vehicle dealership franchise agreement and either:

- (1) Request from the grantor, warrantor, or distributor authorization to replace the components, parts, and accessories damaged or otherwise correct the damage; or
- (2) Reject the vehicle within the three day grace period.

If the dealer exercises the option to refuse delivery of the vehicle, the recreational vehicle grantor must immediately repurchase such vehicle.

(i) If the grantor, warrantor, or distributor refuses or fails to authorize repair of such damage within ten days after receipt of notification or if the dealer rejects a recreational vehicle because of damage, ownership of the new recreational vehicle shall revert to the grantor or distributor and the recreational vehicle dealer shall have no obligations, financial or otherwise, with respect to such recreational vehicle.

(j) It shall be a violation of this article for any recreational vehicle dealer to:

- (1) Fail to perform predelivery inspection functions, if required, in a competent and timely manner;
- (2) Fail to perform warranty service work, authorized by the vehicle warrantor, in a reasonably timely and competent manner on any transient customer's vehicle of the same line-make, whether sold by that dealer or not;

(3) Intentionally misrepresent the terms of any warranty.

(k) All grantors, warrantors, and distributors of recreational vehicle components shall be subject to the provisions of this article.

10-1-679.11.

If any grantor or warrantor violates this article, a recreational vehicle dealer may bring an action against such grantor or warrantor in a court of competent jurisdiction in the county of the recreational vehicle dealer for damages sustained as a consequence of the grantor's or warrantor's violation, together with the actual costs of the action including reasonable attorney's fees, and the dealer also may be granted injunctive relief against unlawful termination, cancellation, nonrenewal, or substantial change of competitive circumstances and refusal to permit transfer of ownership in accordance with Code Sections 10-1-679.2 and 10-1-679.3.

10-1-679.12.

In any action brought by a recreational vehicle dealer against a grantor or warrantor under this article, any violation of this article by the grantor or warrantor shall be deemed an irreparable injury to the recreational vehicle dealer for determining if a temporary injunction should be issued.

10-1-679.13.

It shall be unlawful for a grantor to establish a new recreational vehicle dealership unless the dealer meets the requirements and definitions provided in this article.

10-1-679.14.

It shall be unlawful for any dealer to sell or distribute any new recreational vehicle in Georgia unless the dealer has a franchise dealership agreement with a grantor with the express right to sell or distribute recreational vehicles in Georgia and meets the requirements and definitions provided in this article. Any dealer who does not meet the requirements of this article may participate in events where recreational vehicles are exhibited or demonstrated and seminars are provided but shall be prohibited from contracting to sell or distribute recreational vehicles to the public. Notwithstanding the foregoing, this section shall not apply to the sale of recreational vehicles at events sponsored by a Georgia based recreational vehicle grantor with manufacturing facilities located in the state, where recreational vehicles are sold or contracted for by its franchised out-of-state recreational vehicle dealers.

10-1-679.15.

Any person who violates the provisions of this article shall be guilty of a misdemeanor."

Honorable Larry O'Neal, Chairman
House Ways and Means Committee

SUBJECT: Revised Fiscal Note
House Bill 306 (LC 18 4096)

Dear Chairman O'Neal:

This bill would exempt from state use tax purchases of tangible personal property by a government or bona fide department thereof which is furnished to a contractor for incorporation into a construction, renovation or repair project pursuant to a contract with the government or department.

The Georgia State University Fiscal Research Center estimated the revenue impact for this proposed legislation as an annual decrease in state tax revenue of \$127 million. Local sales taxes would be reduced by approximately \$95 million per year. The combined impact on state and local revenues would be approximately \$222 million. The Center provided the following narrative regarding these estimates:

Potentially, this legislation could exempt from use tax all purchases of materials, supplies, and other tangible items that are used in government funded construction projects. The U.S. Census Bureau survey of state and local government finance lists contract expenditures for fiscal year 2001 of \$4,315 million for Georgia local governments and \$2,387 million for Georgia state government. In addition, U.S. federal contract expenditures totaled \$84,760 million. Assuming that Georgia's share of this federal activity is equal to Georgia's share of total U.S. personal income of 2.78%, this equates to an additional \$2,357 million in contract expenditures.

Adding these three categories together yields an estimate of total government contract expenditures of approximately \$9.1 billion per year. The U.S. Census Bureau estimated the cost of materials, components, supplies and fuels to represent 32.7% per dollar of construction work for Heavy Construction Contractors and to represent 37.1% per dollar of construction work for Highway & Street contractors. An estimate of 35% was used to calculate the dollar value of tangible property based on the \$9.1 billion in total contract expenditures. This equals just under \$3.2 billion in expenditures on tangible property that could be exempt under the proposed legislation.

Applying the state sales and use tax rate of 4% to this estimate yields the estimate of a decrease in state revenues of approximately \$127 million per year.

Applying a local sales tax rate of 3% yields an estimate of approximately \$95 million in reduced local tax revenue per year.

Sincerely,

/s/ Russell W Hinton
State Auditor

WHEREAS, a play inspired by his writings, "The Reach of Song," was declared the official drama of the State of Georgia in 1990; and

WHEREAS, despite enduring hardships, this remarkable man created a literary oeuvre which has reflected great honor on his beloved mountain community and the State of Georgia.

SUBJECT: Fiscal Note
House Bill 539 (Substitute)
(LC 18 4279S)

Dear Chairman O'Neal:

The proposed bill strikes Code Section 48-7-40.13 thereby eliminating the current rapid growth tax credit. The bill also provides for a tradable tax credit for qualified production activities including films, videos, and commercials. The new tax credit is available under certain conditions to production companies whose base investment in the state meets or exceeds \$500,000. Base investment includes funds invested and expended as production expenditures in Georgia, including salaries paid to non-Georgia labor. The credit is equal to 9 percent of base investment. If the production takes place in a tier 1 or tier 2 county, the credit is increased by 3 percentage points for a total credit of 12 percent. There is an additional 3 percent credit on the total aggregate payroll of Georgia residents and an additional 2 percentage point credit on base investment that exceeds \$20 million on multiple television projects.

The Georgia State University Fiscal Research Center provided the following narrative on the provisions of this bill:

The revenue impact of the first part of the bill (elimination of the rapid growth credit) is estimated to yield a \$5 million increase in annual tax revenue based on information from the Department of Revenue.

The revenue implications of the film credit portion of the bill are very difficult to determine with a high level of confidence due to the large number of possible options for types of productions, a lack of data on various production budgets, and the number of assumptions that must be made regarding where in the State the production will occur. Two types of estimates are provided: static and behavioral. The static estimate considers only the value of the credits provided. The behavioral estimate accounts for increases in tax revenue due to the increase in activity resulting from the credit. The static revenue estimate ranges from a revenue loss of \$14.8 million if all production takes place in tier 1 or 2 counties, to a revenue loss of \$12.3 million if most of the production takes place

outside of tier 1 or 2 counties (as is suggested by the Georgia Department of Economic Development), to a revenue loss of \$12.1 million if all activity takes place outside of tier 1 and 2 counties. The estimates including behavioral impacts of the increased economic activity range from a revenue loss of \$2.7 million if all activity takes place in tier 1 or 2 counties, to a revenue loss of \$140,000 if most of the production takes place outside of tier 1 and 2 counties, to an approximately revenue neutral impact if all production takes place outside of tier 1 or 2 counties.

The net revenue effect of the bill therefore ranges from a loss of \$9.8 million to a gain of approximately \$5 million depending on the location of the filming activity as noted in the paragraph above.

There are very little data from which to develop a reasonable revenue estimate of this bill. "Representative" production budgets for a low-budget film (\$11.8 million budget), one commercial (\$149,000 budget), and one music video (\$195,000 budget) were provided by the Georgia Department of Economic Development as adequate representations of the mix of expenditures by type and by in-state versus out-of-state. The analysis used to develop this fiscal note assumes that these budgets are truly representative and represent the "average" budget for production companies. Since the representative budgets that were provided for the video and commercial would not be eligible for the credit, the values of those budgets were inflated to a total of \$500,000, where all components retain their relative share to the total budget.

There are no data available to estimate which county the production would occur in, so the revenue impacts are presented for a number of scenarios. Also, there are no empirical estimates from other states and countries of the increase in the number of productions due to tax credits. The estimates below assume that in the first two years of the credit, the number of productions of films and commercials would increase to the 2002 levels, which is a recent "high" in terms of productions in Georgia for films and commercials and to the 2001 level for videos based on the same trend analysis. The expected increase in productions is assumed to equal the difference between the number of productions in 2002 and 2003 for films and commercials and between 2001 and 2003 for videos. For videos and commercials, it is assumed that half of the new productions would be eligible for the credit as they must reach a minimum base expenditure of \$500,000; for films, it is assumed that 65 percent of new productions would be eligible. These assumptions lead to projected increases in credit-eligible productions of 16 for films (including feature films, television episodes, etc.), 2 for commercials, and 4 for videos. The analysis was made based on the three representative budgets. Note that if the representative budgets are not the average for the industry, these impacts may be overstated or understated based on the composition of actual budgets.

Static revenue impacts and those including behavioral changes are provided in the table on the following page for the three types of production: films, videos and commercials.

For each type of production, the value of the credit and the net revenue impact including behavior responses are shown in the table on the following page for two extreme cases. In the first case, the production is assumed to be done in a tier 1 or 2 county, while in the second case, the production is assumed to be done in a non-tier 1 or 2 county. The true impact is probably some combination of those two extremes.

The static impacts (column 7 of the table) report only the cost of the credit, using the available representative budgets. It is expected that the infusion of productions will increase economic activity through standard behavioral response channels—local hires will increase the income and sales tax base and spending by the companies will increase the state and local tax base as well. This analysis was developed using the IMPLAN model. The revenue impacts considering these behavioral impacts are provided in the last column in the table below. The net revenue impact to the state is determined from the last column in the table below and depends on how many or how much of the productions occur in tier 1 and 2 counties versus other counties for each of the three types of production. The most costly credit is given if all production occurs in tier 1 or 2 counties. In this case, the static cost of the credit is the sum of the credits for film, commercial and video, i.e., the sum of \$14.5 million, \$73,000, and \$104,000. The middle estimates presented above assume that 5 percent of the production occurs in tier 1 or 2 counties and the remaining 95 percent occurs in other counties.

Type of Production	Tier	Total Base investment Credit	Georgia-labor Credit	Total credit per production	Increase in eligible productions	Static Revenue Impact	Net Revenue Impact with Behavioral Impacts (Loss or Gain)

Such suspension shall continue until such resident furnishes evidence of his or her compliance with the laws of such other state relating to the showing of proof of financial responsibility; or reinstatement of operating ~~or registration~~ privilege.

Reserved. (a) ~~If an owner's vehicle registration has been suspended under this chapter, such registration shall not be transferred nor shall the vehicle in respect to which such registration was issued be registered in any other name until the department is satisfied that such transfer of registration is proposed in good faith and not for the purpose or with the effect of defeating the purposes of this chapter.~~

Only one such fee shall be paid by any one person irrespective of the number of licenses ~~and registrations~~ to be reinstated. The fees paid pursuant to this Code section shall be expendable receipts to be used only by the department toward the cost of administration of this chapter.

Each state and local law enforcement agency shall submit to the Department of ~~Motor Vehicle Safety~~ Transportation the original document of any accident report prepared by such law enforcement agency or submitted to such agency by a member of the public. 40-9-32.

(a) The department, not less than 30 days after receipt of an accident report or notice of an accident with respect to which a person claims under oath to have suffered damages and requests determination of security, shall determine the amount of security sufficient in its judgment to satisfy any judgment or judgments for damages resulting from such accident that may be recovered against each operator and owner. Such determination shall be made on the basis of the reports or other information submitted. Notwithstanding any other provisions of this chapter, the department shall not consider or take any action with respect to an accident report, notice of accident, or any claim filed under this Code section which is received more than six months after the date of the accident.

(c)(1) ~~Any person so notified~~ may, within ten days after receipt of such notification, make a written request to the department for a hearing. Such request shall operate as a stay of any suspension pending the outcome of such hearing. The scope of such hearing, for the purposes of this Code section, shall cover the issues of whether there is a reasonable possibility that a judgment could be rendered against such person in an action arising out of the accident and whether such person is exempt from the requirement of depositing security under Code Section 40-9-34. The department may also consider at such hearing the amount of security required. The requirements of depositing security under this Code section shall not apply to any person against whom the department has found that there is not a reasonable possibility of a judgment being rendered.

(2) For the purposes of this Code section, a hearing may consist of a department determination of such issues, such determination to be based solely on written reports submitted by the operator or owner and by investigatory officers, provided that the owner or operator in his or her request to the department for a hearing has expressly consented to this type of hearing and that the department has also consented thereto.

(d) Any person required to give security after a hearing as provided in subsection (c) of this Code section may petition for judicial review of the decision of the department, but suspension of such person's driver's license; or operating privilege; ~~or vehicle registration~~ shall not be stayed while such appeal is pending. The superior court upon such appeal may consider the written reports considered by the department at the hearing as authorized by subsection (c) of this Code section.

40-9-33.

(a) In the event that any person required to deposit security fails to deposit such security within 30 days from the date of mailing of notice as provided in Code Section 40-9-32 and such person does not make a timely request for a hearing, or in the event any person fails to deposit security after the department has determined that there exists a reasonable possibility of a judgment being rendered against such person, the department shall thereupon suspend:

(1) The driver's license of such person; and

~~(2) The registration of all vehicles owned by such person which are subject to registration under the laws of this state; and~~

~~(3)~~(2) If such person is a nonresident, the privilege of operating or permitting the operation of a vehicle within this state.

(b) The license ~~and registration~~ or nonresident's operating privilege shall remain so suspended and shall not be restored, nor shall any such license ~~and registration~~ be issued to such person, nor shall such nonresident's operating privilege be restored, until:

(1) Such person shall deposit or there shall be deposited on his or her behalf the security and proof of financial responsibility for the future as required by this chapter:

(2) One year shall have elapsed following the date of such suspension and evidence

satisfactory to the department has been filed with it that during the period of suspension ~~on no action for damages~~ arising out of the accident has been instituted; or

(3) Evidence satisfactory to the commissioner has been filed with him or her of a release from liability or a final adjudication of nonliability.

SECTION 20-3.

Said Chapter 9 of Title 40 is further amended by striking Code Section 40-9-41, relating to inadmissibility of proceedings as evidence, and inserting in its place a new Code section to read as follows:

40-9-41.

SECTION 20-4.

Said Chapter 9 of Title 40 is further amended by striking Code Sections 40-9-61 relating to suspension of driving privileges and registrations for violations, 40-9-62 relating to duration of suspensions, and 40-9-63 relating to installment payment of judgments, and inserting in their place new Code sections to read as follows:

40-9-61.

(b) If the judgment creditor consents, in writing, in such form as the department may prescribe, the department, in its discretion, may allow the judgment debtor to retain his or her license ~~and registration~~ or nonresident's operating privilege for six months from the date of such consent and thereafter until such consent is revoked in writing, notwithstanding default in the payment of such judgment or of any installments as provided in Code Section 40-9-63.

(c) The department shall take no action pursuant to subsection (a) of this Code section if it shall find that an insurer was obligated to pay the judgment upon which suspension is based, at least to the extent and for the amounts required in this article, but has not paid such judgment for any reason. Such finding shall not be binding upon such insurer and shall have no legal effect whatever except for the purposes of administering this Code section. Whenever, in any judicial proceedings, it shall be determined by any final judgment, decree, or order that an insurer is not obligated to pay any such judgment, the department, notwithstanding any contrary finding theretofore made by it, shall forthwith suspend the license ~~and registration and any~~ or nonresident's operating privilege of any person against whom such judgment was rendered.

40-9-62.

(a) A ~~driver's license, vehicle registration,~~ or nonresident's operating privilege suspended pursuant to Code Section 40-9-61 shall remain so suspended and shall not be renewed, nor shall any such license or registration be thereafter issued in the name of the judgment debtor, whether or not he or she was previously licensed, unless and until every such judgment is stayed, or satisfied in full or to the extent provided in subsection (b) of this Code section, subject to the exceptions provided in this article.

(b) Judgment referred to in this article, which is based upon an accident which occurred on or after January 1, 2001, shall, for the purpose of this chapter only, be deemed satisfied:

(1) When \$25,000.00 has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident;

(2) When, subject to such limit of \$25,000.00 because of bodily injury to or death of one person, \$50,000.00 has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or

(3) When \$25,000.00 has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident.

(c) Reserved.

(d) Payments made in settlement of any claims because of bodily injury, death, or property damage arising from the accident shall be credited in reduction of the amounts provided for in this Code section.

40-9-63.

(a) A judgment debtor, upon due notice to the judgment creditor, may apply to the court in which such judgment was rendered for the privilege of paying such judgment in installments, and the court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order and fix the amounts and times of payment of the installments.

(b) The department shall not suspend a ~~license, registration,~~ or nonresident's operating privilege and shall restore any ~~license, registration,~~ or nonresident's operating privilege suspended following nonpayment of a judgment, when the judgment debtor obtains such an order permitting the payment of any such judgment in installments, and while the payment of any such installments is not in default.

24-9-84.1.

(a) General rule. For the purpose of attacking the credibility of a witness, or of the defendant, if the defendant testifies:

(1) Evidence that a witness has been convicted of a crime shall be admitted if the crime was punishable by death or imprisonment of one year or more under the law under which the witness was convicted if the court determines that the probative value of admitting the evidence outweighs its prejudicial effect to the witness; and

(2) Evidence that the defendant has been convicted of a crime shall be admitted if the crime was punishable by death or imprisonment of one year or more under the law under which the defendant was convicted if the court determines that the probative value of admitting the evidence substantially outweighs its prejudicial effect to the defendant; and

(3) Evidence that any witness or the defendant has been convicted of a crime shall be admitted if it involved dishonesty or making a false statement, regardless of the punishment that could be imposed for such offense.

(b) Time limit. Evidence of a conviction under subsection (a) of this Code section is not admissible if a period of more than ten years has elapsed since the date of the conviction or of the release of the witness or the defendant from the confinement imposed for that conviction, whichever is the later date, unless the court determines, in the interest of justice, that the probative value of the conviction supported by specific facts and circumstances substantially outweighs its prejudicial effect. However, evidence of a conviction more than ten years old, as calculated herein, is not admissible unless the proponent gives to the adverse party sufficient advance written notice of intent to use such evidence to provide the adverse party with a fair opportunity to contest the use of such evidence.

(c) Effect of pardon or annulment. Evidence of a conviction is not admissible under this Code section if:

(1) The conviction has been the subject of a pardon or annulment based on a finding of the rehabilitation of the person convicted and such person has not been convicted of a subsequent crime that was punishable by death or imprisonment for one year or more; or

(2) The conviction has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence.

(d) Juvenile adjudications. An adjudication of delinquency in juvenile court shall be inadmissible against a defendant in a criminal case. An adjudication of delinquency in juvenile court shall be presumed to be inadmissible against a witness in a criminal case; however, this presumption may be rebutted only if it is shown that:

(1) The factual basis for the proven allegations of delinquency would have constituted a crime under the laws of the state of the juvenile court if committed by an adult at the time they were committed by the juvenile;

(2) The probative value of the evidence substantially outweighs the prejudicial effect of its admission; and

(3) The court finds that admission of the adjudication into evidence is necessary for a

fair determination of the issue of guilt or innocence of the defendant.
(e) Pendency of appeal. The pendency of an appeal from a conviction does not render evidence of a conviction inadmissible. Evidence of the pendency of an appeal shall be admissible.

SECTION 17.

This Act shall apply to all trials which commence on or after July 1, 2005.

SECTION 18.

All laws and parts of laws in conflict with this Act are repealed.

Any additional information requested by the independent review organization shall be submitted within five business days of receipt of the request, or an explanation of why the additional information is not being submitted shall be provided.

(c) Additional information obtained from the eligible enrollee shall be transmitted to the managed care entity, which may determine that such additional information justifies a reconsideration of the outcome of the grievance procedure. A decision by the managed care entity to cover fully the treatment in question upon reconsideration using such additional information shall terminate independent review.

(d) The expert reviewer of the independent review organization shall make a determination within 15 business days after expiration of all time limits set forth in this Code section, but such time limits may be extended or shortened by mutual agreement between the eligible enrollee and the managed care entity. The determination shall be in writing and state the basis of the reviewer's decision. (c) In the event that, in the judgment of the treating health care provider, the health

condition of the enrollee is such that following the provisions of Code Section 33-20A-36 would jeopardize the life or health of the eligible enrollee or the eligible enrollee's ability to regain maximum function, as determined by the treating health care provider, an expedited review shall be available. The expedited review process shall encompass all elements enumerated in Code Sections 33-20A-36 and 33-20A-40; provided, however, that a decision by the expert reviewer shall be rendered within 72 hours after the expert reviewer's receipt of all available requested documents.

33-20A-38.

Neither an independent review organization nor its employees, agents, or contractors shall be liable for damages arising from determinations made pursuant to this article, unless an act or omission thereof is made in bad faith or through gross negligence, constitutes fraud or willful misconduct, or demonstrates malice, wantonness, oppression, or that entire want of care which would raise the presumption of conscious indifference to the consequences.

 - (5) The eligible enrollee or the eligible enrollee's representative; or
 - (6) The development or manufacture of the treatment proposed for the eligible enrollee whose treatment is under review
- (c) As used in subsection (b) of this Code section, the term 'conflict of interest' shall not be interpreted to include a contract under which an academic medical center or other similar medical research center provides health care services to eligible enrollees of a managed care plan, except as subject to the requirement of paragraph (4) of subsection (b) of this Code section; affiliations which are limited to staff privileges at a health care facility; or an expert reviewer's participation as a contracting plan provider where the expert is affiliated with an academic medical center or other similar medical research center that is acting as an independent review organization under this article. An agreement to provide independent review for an eligible enrollee or managed care entity is not a conflict of interest under subsection (b) of this Code section.
- (d) The independent review organization shall have a quality assurance mechanism in place that ensures the timeliness and quality of the reviews, the qualifications and independence of the experts, and the confidentiality of medical records and review materials.

WHEREAS, in order for the state to protect its moral and ethical integrity, the state must ensure a justice system which is impartial, uncorrupted, equitable, competent, and in line with evolving standards of decency.

NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

There is created the Georgia Capital Punishment Study Commission. The commission shall be composed of 13 members. Appointments should reflect the diversity of the population of Georgia. Members shall be appointed as follows: three members appointed by the Governor, two of whom shall be appointed from the religious community in Georgia and one from the social work profession; two members appointed by the Senate Committee on Assignments; two members appointed by the Speaker of the House of Representatives; the director of the Office of the Georgia Capital Defender or his or her designee; the director of the Georgia Public Defender Standards Council or his or her designee; the director of District Attorneys' Association of Georgia or his or her designee; the Attorney General or his or her designee; the president of the State Bar of Georgia or his or her designee; and the director of Murder Victims' Families for Reconciliation or his or her designee. Members shall be appointed within three months of enactment of this resolution. The commission shall choose a chairperson from among its members. Any vacancy in the membership shall be filled in the same manner as the original appointment.

SECTION 2.

(a) The commission shall study all aspects of the death penalty as currently administered in the State of Georgia, including, but not limited to, the following issues:

- (1) Whether the selection of defendants in Georgia for capital trials is arbitrary, unfair, or discriminatory in any way and whether there is unfair, arbitrary, or discriminatory variability in the sentencing phase or at any stage of the process including, but not limited to, the issue of race, socioeconomic status, or geography;
- (2) Whether there is a significant difference in the crimes of those selected for the punishment of death as opposed to those who receive life in prison;
- (3) Whether the death penalty is serving the needs of families of victims and the general safety needs of the public, taking into account any other services that might better serve their needs and whether those services are being provided;
- (4) Whether the death penalty rationally serves a legitimate penological interest such as deterrence;
- (5) Whether the death penalty as it is currently applied is consistent with evolving standards of decency; and
- (6) Whether there is a significant difference between the cost of the death penalty from indictment to execution and the cost of life in prison without parole. In considering the overall cost of the death penalty in Georgia, the cost of all the capital

trials that result in life sentences as well as the death sentences that are reversed on appeal must be factored into the equation.

- (b) The commission shall review:
- (1) The June, 2001, Protocols of the American Bar Association Section of Individual Rights and Responsibilities;
 - (2) Mandatory Justice: Eighteen Reforms to the Death Penalty, a report of The Constitution Project's bipartisan, blue ribbon commission of capital punishment supporters and opponents; and
 - (3) Other nonpartisan, academic, or government inquiries into the administration of capital punishment at state and national levels.
- (c) The commission shall make recommendations to guarantee that the application and administration of capital punishment in this state and the public policy of this state regarding capital punishment is free from bias and error and designed to guarantee fairness and accuracy and propose new legislation, if appropriate.

SECTION 3.

The commission is entitled to the assistance and service of the employees of any state, county, or municipal department, board, bureau, commission, or agency as it may require and as may be available to it for its purposes and to employ stenographic and clerical assistance.

SECTION 4.

The commission shall undertake a study of the conditions, needs, issues, and problems mentioned above or related thereto and recommend to the Governor and the General Assembly any action or legislation which the commission deems necessary or appropriate. The commission may conduct such meetings at such places and at such times as it deems necessary or convenient to enable it to exercise fully and effectively its powers, perform its duties, and accomplish the objectives and purposes of this resolution. The legislative members of the commission shall receive the allowances provided for in Code Section 28-1-8 of the Official Code of Georgia Annotated. Citizen members shall receive a daily expense allowance in the amount specified in subsection (b) of Code Section 45-7-21 of the Official Code of Georgia Annotated as well as the mileage or transportation allowance authorized for state employees. Members of the commission who are state officials, other than legislative members, and state employees shall receive no compensation for their services on the commission, but they shall be reimbursed for expenses incurred by them in the performance of their duties as members of the commission in the same manner as they are reimbursed for expenses in their capacities as state officials or employees. The funds necessary for the reimbursement of the expenses of state officials, other than legislative members, and state employees shall come from funds appropriated to or otherwise available to their respective departments. All other funds necessary to carry out the provisions of this resolution shall come from funds appropriated to the House of Representatives and the Senate. The expenses and allowances authorized by this resolution shall not be received by any member of the commission for more than five days unless additional days are authorized. The

commission shall make a report of its findings and recommendations, with suggestions for proposed legislation if any; such report shall be made on or before December 31, 2006. The commission shall stand abolished on December 31, 2006.

SECTION 5.

The General Assembly acknowledges the seriousness of the questions raised herein. The General Assembly also acknowledges that the commission will need to dispassionately examine all questions surrounding the use of the death penalty in the State of Georgia. It is further acknowledged that the pressures of a pending execution might affect the deliberations of the commission. It is therefore recommended that no execution shall be carried out until the commission has completed its report. The General Assembly urges the State Board of Pardons and Paroles to issue appropriate stays of execution so that no execution shall be carried out prior to the issuance of the report and final action of the General Assembly and the Governor in response to the Georgia Capital Punishment Study Commission's report and recommendations.

 House Bill 373 (LC 21 8113)

Dear Representative Brooks:

This bill would amend provisions relating to membership under the Teachers Retirement System. Specifically, this bill would repeal a provision that allows any teacher or school employee who is employed in a public school and covered by a local retirement system to continue membership in the local system if they become employed in a nonsectarian private school in this State that is attended by students who are eligible for grants from the State.

This is to certify that this is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

SUBJECT: Fiscal Note
House Bill 431 (LC 22 5776ER)

Dear Chairman O'Neal:

This bill would amend the Disposition of Unclaimed Property Act so as to allow Electric Membership Corporations to dispose of dividends or capital credits which are presumed abandoned. Currently, these dividends or capital credits are remitted to the Commissioner of Revenue.

The Georgia State University Fiscal Research Center estimates that the impact of this proposed legislation is to reduce revenue to the state under the Disposition of Unclaimed Property Act by \$900,000 to \$1,900,000 per year.

The Georgia Electric Membership Corporation (GEMC) is the trade group representing the 42 electric membership cooperatives in the state of Georgia. In 2002, GEMC surveyed its members regarding levels of capital credits over the five-year period 1997 – 2001. It found annual abandoned capital credits ranged from a low of \$900,000 to a high of \$1,900,000 summed across its members.

The revenue estimate assumes that these historical levels will continue into the future.

Sincerely,

SECTION 4.

Title 15 of the Official Code of Georgia Annotated, relating to courts, is amended by striking subparagraph (c)(2)(A) of Code Section 15-11-28, relating to jurisdiction of juvenile court, and inserting in lieu thereof a new subparagraph (c)(2)(A) to read as follows:

(A) In any case where a child is alleged to be a deprived child as defined in paragraph (8) of Code Section 15-11-2, the juvenile court upon a finding of deprivation shall have jurisdiction to order temporary child support for such child to be paid by that person or those persons determined to be legally obligated to support such child. In determining such temporary child support, the juvenile court shall apply the child support guidelines provided in Code Section 19-6-15 or 19-6-15.1, as applicable. Where there is an existing order of a superior court or other court of competent jurisdiction setting child support for the child, the juvenile court may order the child support obligor in the existing order to make such payments instead to the caretaker of the child on a temporary basis but shall not otherwise modify the terms of the existing order. A copy of the juvenile court's order shall be filed in the clerk's office of the court that entered the existing order. The juvenile court shall

have jurisdiction to order temporary child support for the child to be paid by any other ~~person determined to be~~ legally obligated to support such child.

SECTION 5.

SECTION 6.

Said title is further amended by adding a new Code Section 19-5-12.1 to read as follows: 19-5-12.1.

(a) This Code section shall apply to all final judgments of divorce entered on and after March 1, 2006. A final judgment of divorce shall be prepared so as to conform to the pleadings and the evidence and may restore a maiden or prior name, if requested. It shall be prepared in form substantially as follows:

FINAL JUDGMENT AND DECREE

Upon consideration of this case, upon evidence submitted as provided by law, it is the judgment of the court that a total divorce be granted, that is to say, a divorce a vinculo matrimonii, between the parties to the above stated case upon legal principles.

It is considered, ordered, and decreed by the court that the marriage contract heretofore entered into between the parties to this case, from and after this date, be and is set aside and dissolved as fully and effectually as if no such contract had ever been made or entered into.

(b) Where applicable, any one or more of the following clauses shall be included in the form of the judgment:

The court restores to (Petitioner/Respondent) his/her prior or maiden name, to wit:

(c) In any case which involves the determination of child support, the form of the judgment shall also include provisions indicating both parties' incomes, the number of children for which support is being provided, the presumptive award calculation, and, if the presumptive award is rebutted, the award amount and the basis for the rebuttal award.

SECTION 7

Said title is further amended by striking subsection (a) of Code Section 19-6-15, relating to guidelines for calculating child support, and inserting in lieu thereof a new subsection (a) to read as follows:

(a) This Code section shall apply to all temporary orders and final verdicts and decrees entered prior to March 1, 2006, and to any modifications of such final verdicts and decrees at any future time after the entry of such final verdicts and decrees. The provisions of this Code section shall not apply with respect to any divorce case in which there are no minor children, except to the limited extent expressly authorized in subsection (e) of this Code section; and in a divorce case in which there are no minor children the requirements of this Code section for findings of fact and inclusion of findings in the verdict or decree shall not apply. In the final verdict or decree, the trier of fact shall specify in what amount and from which party the minor children are entitled to permanent support. The final verdict or decree shall further specify as required by Code Section 19-5-12 in what manner, how often, to whom, and until when the support shall be paid. The final verdict or decree shall further include a written finding of the gross income of the father and the mother and the presence or absence of special circumstances in accordance with subsection (c) of this Code section. The trier of fact must also determine whether the accident and sickness insurance for the child or the children involved is reasonably available at reasonable costs through employment

related or other group health insurance policies to an obligor. For purposes of this Code section, accident and sickness coverage shall be deemed available if the obligor has access to any policy of insurance authorized under Title 33 through an employer or other group health insurance plan. If the accident and sickness insurance is deemed available at reasonable cost, the court shall order the obligor to obtain the coverage; provided, however, if the obligee has accident and sickness insurance for the child or children reasonably available at reasonable costs through employment related or other group health insurance policies, then the court may order that the child or children be covered under such insurance and the obligor contribute as part of the child support order such part of the cost of providing such insurance or such part of any medical expenses incurred on behalf of the child or children not covered by such insurance as the court may deem equitable or appropriate. If currently unavailable or unreasonable in cost, the court shall order the obligor to obtain coverage when it becomes available at a reasonable cost, unless such insurance is provided by the obligee as provided in this subsection. When support is awarded, the party who is required to pay the support shall not be liable to third persons for necessities furnished to the children embraced in the verdict or decree. In any contested case, the parties shall submit to the court their proposed findings regarding the gross income of the father and the mother and the presence or absence of special circumstances. In any case in which child support is determined by a jury, the court shall charge the provisions of this Code section and the jury shall be required to return a special interrogatory similar to the form of the order contained in Code Section 19-5-12 regarding the gross income of the father and the mother and the presence or absence of special circumstances. Furthermore, nothing contained within this Code section shall prevent the parties from entering into an enforceable agreement to the contrary which may be made the order of the court pursuant to the review by the court of child support amounts contained in this Code section; provided, however, any such agreement of the parties shall include a written statement regarding the gross income of the father and the mother and the presence or absence of special circumstances in accordance with subsection (c) of this Code section.

SECTION 8.

Said title is further amended by adding a new Code Section 19-6-15.1 to read as follows:
19-6-15.1.

(a) As used in this Code section, the term:

- (1) 'Adjusted gross income' means the net determination of a parent's income, calculated by deducting from that parent's gross income any applicable self-employment taxes being paid by the parent and any preexisting child support order for current child support which is being paid by the parent.
- (2) 'Adjusted support obligation' means the basic child support obligation from the child support obligation table, adjusted for parenting time, health insurance, and work related child care expenses.
- (3) 'Basic child support obligation' means the amount of support displayed on the child support obligation table which corresponds to the combined adjusted gross

income of both parents and the number of children for whom support is being determined. This amount is rebuttably presumed to be the appropriate amount of basic child support to be provided by both parents in the case immediately under consideration, prior to consideration of any adjustments for parenting time or additional expenses.

(4) 'Caretaker' means the person or entity providing care and supervision of a child more than 50 percent of the time. The caretaker may be the child's custodial parent. The caretaker may be a parent of the child or a nonparent relative of the child who voluntarily or otherwise, pursuant to court order or other legal arrangement, is providing care and supervision of the child. A caretaker may also be a private or public agency providing custodial care and supervision for the child through voluntary placement by the child's parent, nonparent relative, or other designated caretaker or by court order or other legal arrangement.

(5) 'Child support obligation table' means the chart created by the Georgia Child Support Commission which displays the dollar amount of the basic child support obligation corresponding to various levels of combined adjusted gross income of the children's parents and the number of children for whom a child support order is being established or modified. The table shall be used to calculate the basic child support obligation according to the provisions of this Code section. Deviations from the table shall comply with the requirements of this Code section.

(6) 'Combined adjusted gross income' means the amount of adjusted gross income calculated by adding together the adjusted gross incomes of both parents. This amount is then used to determine the basic child support obligation for both parents for the number of children for whom support is being calculated in the case immediately under consideration.

(7) 'Credit worksheet' means the worksheet used for listing information regarding a parent's preexisting child support order and self-employment tax.

(8) 'Custodial parent' means the parent with whom the child or children resides more than 50 percent of the time. The term also means a nonparent caretaker who has been given physical custody of the child or children. If each parent spends exactly 50 percent of the time with the child or children, then the court shall designate the parent with the lesser child support obligation as the custodial parent and the other parent as the noncustodial parent. If a custodial parent has not been designated, the caretaker with whom the child resides more than 50 percent of the time shall be the custodial parent.

(9) 'Day' or 'days' means that a child spends more than 12 hours of a calendar day with or under the control of a parent and that parent expends a reasonable amount of resources on the child during such time period, such as the cost of a meal or other costs directly related to the care and supervision of the child. Partial days of parenting time that are not consistent with this definition shall not be considered a 'day' under the child support guidelines. A 'day' under the control of a parent includes a day the child is not in the parent's home, but is under the parent's control, for example, with the parent's permission at camp or with friends.

(10) 'Final child support order' means the presumptive child support order adjusted by any deviations ordered by the court.

(11) 'Health insurance' means accident, sickness, health, medical, or dental insurance.

(12) 'Noncustodial parent' means the parent with whom the child resides less than 50 percent of the time.

(13) 'Parenting time adjustment' means an adjustment to the noncustodial parent's portion of the basic child support obligation based upon the noncustodial parent's parenting time with the child.

(14) 'Percentage of income' for each parent is obtained by dividing each parent's adjusted gross income by the combined total of both parents' adjusted gross income. The percentage of income is used to determine each parent's pro rata share of the basic child support obligation and each parent's share of the amount of additional expense for health insurance and work related child care. The percentage of income is also used to designate the amount of uninsured medical expenses that each parent is financially responsible to pay, absent an order of a court setting a different amount.

(15) 'Preexisting orders' means:

(A) An order in another case that requires a parent to make child support payments for another child or children, which child support the parent is actually paying, as evidenced by documentation including, but not limited to, payment history from a court clerk, Title IV-D agency, as defined in Code Section 19-6-31, the Department of Human Resources computer system, the department's Internet child support payment history, or canceled checks or other written proof of payments paid directly; and

(B) That the date of filing of the initial order for each such other case is earlier than the date of filing of the initial order in the case immediately before the court, regardless of the age of any child in any of the cases.

(16) 'Presumptive child support order' means the amount of support to be paid for the child or children derived from the parent's proportional share of the basic child support obligation, adjusted for parenting time, plus the parent's proportional share of any additional expenses. This amount is rebuttably presumed to be the appropriate child support order.

(17) 'Pro rata' means the proportion of one parent's adjusted gross income to both parents' combined adjusted gross income, or the proportion of one parent's support obligation to the whole support obligation. A parent's pro rata share of income is calculated by combining both parents' adjusted gross income and dividing each parent's separate adjusted gross income by the combined adjusted gross income. A parent's pro rata share of the basic support obligation is calculated by multiplying the basic child support obligation obtained from the child support obligation table by each parent's pro rata percentage of the combined adjusted gross income.

(18) 'Split parenting' can only occur in a child support case if there are two or more children of the same parents, where one parent is the custodial parent for at least one child of the parents, and the other parent is custodial parent for at least one other child of the parents. In a split parenting case, each parent is the custodial parent of any

child spending more than 50 percent of the time with that parent and is the noncustodial parent of any child spending more than 50 percent of the time with the other parent. A split parenting situation will have two custodial parents and two noncustodial parents, but no child will have more than one custodial parent or noncustodial parent.

(19) 'Standard parenting' means a child support case in which all of the children supported under the order spend more than 50 percent of the time with the same custodial parent. There is only one custodial parent and one noncustodial parent in a standard parenting case.

(20) 'Theoretical support order' means a hypothetical order which allows the court to determine the amount of a child support obligation if an order existed. A theoretical support order is used to determine the amount of credit allowed as a deduction from a parent's gross income for a parent's qualified other child or children who are not under a preexisting child support order.

(21) 'Uninsured health care expenses' means the child's or children's uninsured medical expenses including, but not limited to, health insurance copayments, deductibles, and such other costs as are reasonably necessary for orthodontia, dental treatment, asthma treatments, physical therapy, vision care, and any acute or chronic medical or health problem or mental health illness, including counseling and other medical or mental health expenses, that are not covered by insurance.

(22) 'Work related child care costs' means expenses for the care of the child or children for whom support is being determined which are due to employment of either parent. In an appropriate case, the court may consider the child care costs associated with a parent's job search or the training or education of a parent necessary to obtain a job or enhance earning potential, not to exceed a reasonable time as determined by the court, if the parent proves by a preponderance of the evidence that the job search, job training, or education will benefit the child or children being supported. The term shall be projected for the next consecutive 12 months and averaged to obtain a monthly amount.

(23) 'Worksheet' or 'child support worksheet' means the worksheet used to record information necessary to determine and calculate gross income and child support.

(b)(1) The child support guidelines contained in this Code section are a minimum basis for determining child support obligations and shall apply as a rebuttable presumption in all legal proceedings involving the child support obligation of a parent, including, but not limited to, orders entered in criminal and juvenile proceedings, orders entered pursuant to Article 3 of Chapter 11 of this title, the 'Uniform Interstate Family Support Act,' and voluntary support agreements and consent orders approved by the court. The child support guidelines do not apply to orders for prior maintenance for reimbursement of child care costs incurred prior to the date an action for child support is filed or to child support orders entered against stepparents or other persons or agencies secondarily liable for child support. The child support guidelines shall be used when the court enters a temporary or permanent child support order in a contested or noncontested hearing. The rebuttable

presumption award provided by these child support guidelines may be increased according to the best interest of the child for whom support is being considered, the circumstances of the parties, the grounds for deviation set forth in subsection (i) of this Code section, and to achieve the state policy of affording to children of unmarried parents, to the extent possible, the same economic standard of living enjoyed by children living in intact families consisting of parents with similar financial means.

(2) The provisions of this Code section shall not apply with respect to any divorce case in which there are no minor children, except to the limited extent authorized by subsection (d) of this Code section. In the final judgment or decree in a divorce case in which there are minor children, or in other cases which are governed by the provisions of this Code section, the court shall:

(A) Specify in what amount and from which party the minor children are entitled to permanent support as determined by use of the worksheets;

(B) Specify as required by Code Section 19-5-12 in what manner, how often, to whom, and until when the support shall be paid;

(C) Include a written finding of the gross income of the father and the mother as determined by the factfinder;

(D) Determine whether health insurance for the child or children involved is reasonably available at a reasonable cost to either parent. If the insurance policy is reasonably available at a reasonable cost to the parent, then the court may order that the child or children be covered under such insurance; and

(E) Include written findings of fact as to whether one or more of the deviations allowed under this Code section are applicable; and if one or more such deviations are applicable, the written findings of fact shall further set forth:

(i) The reasons the court deviated from the presumptive amount of child support;

(ii) The amount of child support that would have been required under the child support guidelines if the presumptive amount had not been rebutted; and

(iii) A finding that states how application of the child support guidelines would be unjust or inappropriate in the case immediately under consideration considering the relative ability of each parent to provide support and how the best interests of the child or children who are subject to the support award determination are served by deviation from the presumptive guideline amount.

(3) When support is awarded, the party who is required to pay the support shall not be liable to third persons for necessities furnished to the child or children embraced in the judgment or decree. In any contested case, the parties shall submit to the court their worksheets and the presence or absence of other factors to be considered by the court pursuant to the provisions of this Code section. In any case in which the gross incomes of the father and the mother are determined by a jury, the court shall charge the provisions of this Code section applicable to the determination of gross income and the jury shall be required to return a special interrogatory. Based upon the jury's verdict as to gross income, the court shall determine the child support obligation in accordance with the provisions of this Code section.

(4) Nothing contained within this Code section shall prevent the parties from entering

into an enforceable agreement to the contrary which may be made the order of the court pursuant to the review by the court of the adequacy of the child support amounts negotiated by the parties, including the provision for medical expenses and health insurance; provided, however, that if the agreement negotiated by the parties does not comply with the provisions contained in this Code section and does not contain findings of fact as required to support a deviation, the court shall reject such agreement. To assist in this determination by the court, the parties shall provide all child support worksheets utilized by the parties to determine the child support amounts proposed in the agreement.

(c) In the event of a hearing or trial on the issue of child support, the guidelines enumerated in this Code section are intended by the General Assembly to be guidelines only and any court so applying these guidelines shall not abrogate its responsibility in making the final determination of child support based on the evidence presented to it at the time of the hearing or trial.

(d) The duty to provide support for a minor child shall continue until the child reaches the age of majority, dies, marries, or becomes emancipated, whichever first occurs; provided, however, that, in any temporary or final order for child support with respect to any proceeding for divorce, separate maintenance, legitimacy, or paternity entered on or after March 1, 2006, the court, in the exercise of sound discretion, may direct either or both parents to provide financial assistance to a child who has not previously married or become emancipated, who is enrolled in and attending a secondary school, and who has attained the age of majority before completing his or her secondary school education, provided that such financial assistance shall not be required after a child attains 20 years of age. The provisions for support provided in this subsection may be enforced by either parent or the child for whose benefit the support is ordered.

(e) Gross income.

(1)(A) Gross income of each parent shall be determined in the process of setting the presumptive child support order and shall include all income from any source, before deductions for taxes and other deductions such as preexisting child support orders and credits for other qualified children, whether earned or unearned, and includes, but is not limited to, the following:

- (i) Salaries;
- (ii) Commissions, fees, and tips;
- (iii) Income from self-employment;
- (iv) Bonuses;
- (v) Overtime payments;
- (vi) Severance pay;
- (vii) Recurring income from pensions or retirement plans including, but not limited to, Veterans Administration, Railroad Retirement Board, Keoughs, and individual retirement accounts;
- (viii) Interest income;
- (ix) Dividend income;
- (x) Trust income;

- (xi) Income from annuities;
 - (xii) Capital gains; [l.com.cn](http://www.l.com.cn)
 - (xiii) Disability or retirement benefits that are received from the Social Security Administration pursuant to Title XI of the federal Social Security Act;
 - (xiv) Workers' compensation benefits, whether temporary or permanent;
 - (xv) Unemployment insurance benefits;
 - (xvi) Judgments recovered for personal injuries and awards from other civil actions;
 - (xvii) Gifts that consist of cash or other liquid instruments, or which can be converted to cash;
 - (xviii) Prizes;
 - (xix) Lottery winnings;
 - (xx) Alimony or maintenance received from persons other than parties to the proceeding before the court; and
 - (xxi) Assets which are used for the support of the family.
- (B) Excluded from gross income are the following:
- (i) Child support payments received by either parent for the benefit of a child or children of another relationship; and
 - (ii) Benefits received from means-tested public assistance programs such as, but not limited to:
 - (I) PeachCare for Kids Program, Temporary Assistance for Needy Families, or similar programs in other states or territories under Title IV-A of the federal Social Security Act;
 - (II) Food stamps or the value of food assistance provided by way of electronic benefits transfer procedures by the Department of Human Resources;
 - (III) Supplemental security income received under Title XVI of the federal Social Security Act;
 - (IV) Benefits received under Section 402(d) of the federal Social Security Act for disabled adult children of deceased disabled workers; and
 - (V) Low Income Heating and Energy Assistance Program payments.
- (2)(A) When establishing an initial order of child support, if a parent fails to produce reliable evidence of income, such as tax returns for prior years, check stubs, or other information for determining current ability to support or ability to support in prior years, and the court has no other reliable evidence of the parent's income or income potential, gross income for the current year shall be determined by imputing gross income based on a 40 hour workweek at minimum wage.
- (B) When cases with established orders are reviewed for modification and a parent fails to produce reliable evidence of income, such as tax returns for prior years, check stubs, or other information for determining current ability to support or ability to support in prior years, and the court has no other reliable evidence of that parent's income or income potential, the court may enter an order to increase the child support obligation of the parent failing or refusing to produce evidence of income by an increment of at least 10 percent per year of that parent's pro rata share of the

basic child support obligation for each year since the support order was entered or last modified;

(C) In either circumstance in subparagraph (A) or (B) of this paragraph, either parent may later provide within 90 days, upon motion to the court, the reliable evidence necessary to determine the appropriate amount of support based upon reliable evidence. The court may increase or reduce the amount of current support from the date of filing of either parent's initial filing or motion to modify child support, but arrearages or retroactive amounts entered in an order based upon imputed income shall not be forgiven. When a parent, whose income has been imputed under subparagraph (A) or (B) of this paragraph, provides reliable evidence to support a modification of the amount of income imputed for that parent, the parent is not required to demonstrate the existence of a significant variance otherwise required for modification of an order pursuant to subsection (l) of this Code section.

(3)(A) Income from self-employment includes income from, but not limited to, business operations, work as an independent contractor or consultant, sales of goods or services, and rental properties, less ordinary and reasonable expenses necessary to produce such income. Income from self-employment, rent, royalties, proprietorship of a business, or joint ownership of a partnership, limited liability company, or closely held corporation is defined as gross receipts minus ordinary and necessary expenses required for self-employment or business operations. Ordinary and reasonable expenses of self-employment or business operations necessary to produce income do not include:

- (i) Excessive promotional, travel, vehicle, or personal living expenses, depreciation on equipment, or costs of operation of home offices; or
- (ii) Amounts allowable by the Internal Revenue Service for the accelerated component of depreciation expenses, investment tax credits, or any other business expenses determined by the court to be inappropriate for determining gross income.

In general, income and expenses from self-employment or operation of a business should be carefully reviewed by the factfinder and the court to determine an appropriate level of gross income available to the parent to satisfy a child support obligation. Generally, this amount will differ from a determination of business income for tax purposes.

(B)(i) An additional deduction of 6.2 percent of FICA and 1.45 percent of medicare, or in any amount subsequently set by federal law as FICA and medicare tax, shall be deducted from a parent's gross income earned from self-employment, up to the amounts allowed under federal law.

(ii) Any self-employment tax paid shall be deducted from gross income as part of the calculation of a parent's adjusted gross income.

(4)(A) Fringe benefits for inclusion as income or 'in kind' remuneration received by a parent in the course of employment, or operation of a trade or business, shall be counted as income if they significantly reduce personal living expenses.

(B) Such fringe benefits might include, but are not limited to, use of a company car, housing, or room and board.

(C) Basic allowance for housing, basic allowance for subsistence, and variable housing allowances for members of the armed services are considered income for the purposes of determining child support.

(D) Fringe benefits do not include employee benefits that are typically added to the salary, wage, or other compensation that a parent may receive as a standard added benefit, including, but not limited to, employer paid portions of health insurance premiums or employer contributions to a retirement or pension plan.

(5)(A) Benefits received under Title XI of the federal Social Security Act by a child on the obligor's account shall be counted as child support payments and shall be applied against the child support obligation ordered to be paid by the obligor for the child.

(B) If after calculating the obligor's gross income as defined in this subsection, including the countable Social Security benefits in division (1)(A)(xiii) of this subsection, and after calculating the amount of the child support obligation using the child support worksheet, the amount of the child support obligation is greater than the Social Security benefits paid on behalf of the child on the obligor's account, the obligor shall be required to pay the amount exceeding the Social Security benefit as part of the child support obligation in the case.

(C)(i) If after calculating the obligor's gross income as defined in this subsection, including the countable Social Security benefits in division (1)(A)(xiii) of this subsection, and after calculating the amount of the child support obligation using the child support worksheet, the amount of the child support obligation is equal to or less than the Social Security benefits paid to the caretaker on behalf of the child on the obligor's account, the child support obligation of that parent is met and no further child support obligation shall be paid.

(ii) Any benefit amounts under Title XI of the federal Social Security Act as determined by the Social Security Administration sent to the caretaker by the Social Security Administration for the child's benefit which are greater than the child support obligation ordered by the court shall be retained by the caretaker for the child's benefit and shall not be used as a reason for decreasing the child support order or reducing arrearages.

(D) The court shall make a written finding of fact in the child support order regarding the use of the Social Security benefits in the calculation of the child support obligation.

(6) Variable income such as commissions, bonuses, overtime pay, and dividends shall be averaged by the factfinder over a reasonable period of time consistent with the circumstances of the case and added to a parent's fixed salary or wages to determine gross income. When income is received on an irregular, nonrecurring or one-time basis, the court may, but is not required to, average or prorate the income over a reasonable specified period of time or require the parent to pay as a one-time support amount a percentage of his or her nonrecurring income, taking into

consideration the percentage of recurring income of that parent.

(7)(A) A determination of whether a parent is willfully or voluntarily unemployed or underemployed shall ascertain the reasons for the parent's occupational choices and assess the reasonableness of these choices in light of the parent's obligation to support his or her child or children and to determine whether such choices benefit the child or children. A determination of willful and voluntary unemployment or underemployment is not limited to occupational choices motivated only by an intent to avoid or reduce the payment of child support. A determination of willful and voluntary unemployment or underemployment can be based on any intentional choice or act that affects a parent's income.

(B) Factors for the court to consider when determining willful and voluntary unemployment or underemployment include, but are not limited to:

- (i) The parent's past and present employment;
- (ii) The parent's education and training;
- (iii) Whether unemployment or underemployment for the purpose of pursuing additional training or education is reasonable in light of the parent's obligation to support his or her child or children and, to this end, whether the training or education may ultimately benefit the child or children in the case immediately under consideration by increasing the parent's level of support for that child or those children in the future;
- (iv) A parent's ownership of valuable assets and resources, such as an expensive home or automobile, that appear inappropriate or unreasonable for the income claimed by the parent; and
- (v) The parent's role as caretaker of a handicapped or seriously ill child of that parent, or any other handicapped or seriously ill relative for whom that parent has assumed the role of caretaker, which eliminates or substantially reduces the parent's ability to work outside the home, and the need of that parent to continue in that role in the future.

(C) When considering the income potential of a parent whose work experience is limited due to the caretaker role of that parent, the court shall consider the following factors:

- (i) Whether the parent acted in the role of full-time caretaker immediately prior to separation by the married parties or prior to the divorce or annulment of the marriage or dissolution of another relationship in which the parent was a full-time caretaker;
- (ii) The length of time the parent staying at home has remained out of the workforce for this purpose;
- (iii) The parent's education, training, and ability to work; and
- (iv) Whether the parent is caring for a child or children who are four years of age or younger.

(D) If the court determines that a parent is willfully and voluntarily unemployed or underemployed, child support shall be calculated based on a determination of potential income, as evidenced by educational level or previous work experience. In

the absence of any other reliable evidence, income may be imputed to the parent pursuant to a determination that gross income for the current year is based on a 40 hour workweek at minimum wage.

(E) A determination of willful and voluntary unemployment or underemployment shall not be made when an individual is activated from the National Guard or other armed forces unit or enlists or is drafted for full-time service in the armed forces of the United States.

(8)(A) An adjustment to the parent's gross income shall be made on the child support worksheet for current preexisting orders actually being paid under an order of support for a period of not less than 12 consecutive months immediately prior to the date of the hearing before the court to set, modify, or enforce child support.

(B) In calculating the adjustment for preexisting orders, the court shall include only those preexisting orders where the date of entry of the initial support order precedes the date of entry of the initial order in the case immediately under consideration.

(C) The priority for preexisting orders is determined by the date of the initial order in each case. Subsequent modifications of the initial support order shall not affect the priority position established by the date of the initial order.

(D) Adjustments are allowed for current preexisting support only to the extent that the payments are actually being paid as evidenced by documentation including, but not limited to, payment history from a court clerk, a Title IV-D agency, as defined in Code Section 19-6-31, the Department of Human Resources computer system, the department's Internet child support payment history, or canceled checks or other written proof of payments paid directly. The maximum credit allowed for a preexisting order is an average of the amount of current support actually paid under the preexisting order over the past 12 months prior to the hearing date.

(E) All preexisting orders shall be entered on the credit worksheet for the purpose of calculating the total amount of the credit to be included on the child support worksheet, but the preexisting orders shall not be used on the credit worksheet as a deduction against gross income for the purpose of calculating a theoretical child support order.

(F) Payments being made by a parent on any arrearages shall not be considered payments on preexisting or subsequent orders and shall not be used as a basis for reducing gross income.

(9)(A) In addition to the adjustments to gross income for self-employment tax provided in subparagraph (B) of paragraph (3) of this subsection and for preexisting orders provided in paragraph (8) of this subsection, credits for either parent's other child or children qualified under this paragraph may be considered by the court for the purpose of reducing the parent's gross income or as a reason for deviation. Credits may be considered for a qualified child:

- (i) For whom the parent is legally responsible and in whose home that child resides;
- (ii) The parent is actually supporting;
- (iii) Who is not subject to a preexisting order for child support; and

(iv) Who is not before the court to set, modify, or enforce support in the case immediately under consideration.

Stepchildren and other minors in the home that the parent has no legal obligation to support shall not be considered in the calculation of this credit. To consider a parent's qualified other child or children for credit, a parent must present documentary evidence of the parent-child relationship to the court.

(B) Credits against income pursuant to this paragraph may be considered in such circumstances in which the failure to consider such child or children would cause substantial hardship to the parent. Use of this credit is appropriate when a child support order is entered. Credits may also be appropriate when a child support order is modified to rebut a claim for increased child support brought by the custodial parent. If the court, in its discretion, decides to apply this credit, a parent's current financial responsibility for his or her natural or adopted child or children who currently reside with the parent, other than a child or children for whom child support is being determined in the pending action, can be no greater than an amount (i) equal to the basic child support obligation for that child or those children based on the parent's income if the other parent of such child or children does not live with the parent and child or children or (ii) one-half of the basic child support obligation for such child or children based on the combined incomes of both of the parents of such child or children if the other parent of such child or children lives with the parent and the child or children.

(C) Credits against income for another qualified child or other qualified children shall be calculated and recorded on the credit worksheet and then entered on the child support worksheet for the purpose of reducing the parent's gross income on the child support worksheet. However, except for self-employment taxes paid, no other amounts shall be subtracted from the parent's gross income on the credit worksheet when calculating a theoretical support order under this paragraph.

(10) Actual payments of alimony should not be considered as a deduction from gross income but may be considered as a factor to vary from the final presumptive child support order. If the court considers the actual payment of alimony, the court shall make a written finding of such consideration as a basis for deviation from the final presumptive child support order.

(11) In multiple family situations, the adjustments to a parent's gross income shall be calculated in the following order:

(A) Preexisting orders according to the date of the initial order; and

(B) After applying the deductions on the child support worksheet for preexisting orders, if any, in subparagraph (E) of paragraph (8) of this subsection, any credit for a parent's qualified other child or children may be considered using the procedure set forth in subparagraph (A) of this paragraph.

(f) The basic child support obligation is determined based upon the parent's gross income and by using the corresponding child support obligation table as established and maintained by the Georgia Child Support Commission. If the combined monthly adjusted gross income falls between the amounts shown in the table, then the child

support obligation shall be based on the income bracket mostly closely matched to the combined monthly adjusted gross income. The number of children column on the table corresponds to children for whom parents share joint legal responsibility and for whom support is being sought.

(g)(1) The child support obligation table does not include the cost of the child's work related child care costs or the cost of health insurance premiums or uninsured health expenses. The additional expenses for the child's health insurance premium and work related child care shall be included in the calculations to determine child support.

(2)(A) Work related child care expenses necessary for the parent's employment, education, or vocational training that are determined by the court to be appropriate, and that are appropriate to the parents' financial abilities and to the lifestyle of the child or children if the parents and child or children were living together, shall be averaged for a monthly amount and entered on the child support worksheet in the column of the parent initially paying the expense. Work related child care expenses of a nonparent caretaker shall be considered when determining the amount of this expense.

(B) If a child care subsidy is being provided pursuant to a means-tested public assistance program, only the amount of the child care expense actually paid by either parent shall be included in the calculation.

(C) If either parent is the provider of child care services to the child or children for whom support is being determined, the value of those services shall not be added to the basic child support obligation when calculating the support award.

(D) If child care is provided by a family member, other unpaid person, or provided by a parent's employer without charge to the parent, then the value of these services shall not be added to the basic child support obligation.

(3)(A) The amount that is, or will be, paid by a parent for health insurance for the child or children for whom support is being determined shall be added to the basic child support obligation and prorated between the parents based upon their respective incomes. Payments made by a parent's employer for health insurance and not deducted from the parent's wages are not included. When a child or children for whom support is being determined are covered by a family policy, only the health insurance premium actually attributable to that child or those children is added. If this amount is not available or cannot be verified, the total cost of the premium shall be divided by the total number of persons covered by the policy and then multiplied by the number of covered children for whom support is being determined.

(B) The amount of the cost for the child's or children's health insurance premium and work related child care expenses shall be determined and added to the basic child support obligation as 'additional expenses' whether paid directly by the parent or through a payroll deduction.

(C) The total amount of the cost for the child's or children's health insurance premium and work related child care shall be divided between the parents pro rata to determine the total presumptive child support order and shall be included in the

worksheet and written order of the court together with the amount of the basic child support obligation!

(4)(A) If health insurance that provides for the health care needs of the child or children can be obtained by a parent at reasonable cost, then an amount to cover the cost of the premium shall be added to the basic child support obligation. A health insurance premium paid by a nonparent caretaker shall be included when determining the amount of this expense. In determining the amount to be added to the order for this cost, only the amount of the insurance cost attributable to the child or children who are the subject of the support order shall be included.

(B) If coverage is applicable to other persons and the amount of the health insurance premium attributable to the child or children who are the subject of the current action for support is not verifiable, the total cost to the parent paying the premium shall be prorated by the number of persons covered so that only the cost attributable to the child or children who are the subject of the order under consideration is included. This amount shall be determined by dividing the total amount of the insurance premium by the number of persons covered by the insurance policy and taking the resulting amount and multiplying it by the number of children covered by the insurance policy. This monthly cost shall be entered on the child support worksheet in the column of the parent paying the premium.

(C) Eligibility for or enrollment of the child or children in Medicaid shall not satisfy the requirement that the child support order provide for the child's or children's health care needs.

(h)(1) The court shall determine each parent's pro rata share of the additional expenses by multiplying the percentage of income of each parent by the combined total additional expenses.

(2)(A) In standard parenting situations, the adjusted support obligation is the parent's share of the basic child support obligation plus the parent's share of any additional expenses for the child's or children's health insurance premium and work related child care.

(B) In split parenting situations, the adjusted support obligation is each parent's basic child support obligation for the child or children in the other parent's care plus each parent's share of any additional expenses for the child or children's health insurance premium and work related child care.

(C) If a parenting time adjustment has been calculated in either a standard or split parenting situation and that parent's share of the basic child support obligation is adjusted as specified in paragraph (5) of this subsection, then each parent's adjusted support obligation is calculated pursuant to this paragraph.

(3)(A) If a parent pays directly or through payroll deduction the child's or children's health insurance premium, or pays through payroll deduction work related child care costs, the total amount of the expenses paid in this manner shall first be entered on the child support worksheet to be used in calculating total additional expenses and each parent's adjusted support obligation.

(B) Once the adjusted support obligation has been calculated, the expenses paid by

the parent as indicated in subparagraph (A) of this paragraph shall be deducted from the adjusted support obligation of that parent to credit the parent for the payment of these expenses. The amount of the deduction for the health insurance premium or payroll deduction for the work related child care expense shall be included in the child support order to identify the amount and nature of the child support obligation. These expenses shall not be included in the noncustodial parent's income deduction order. The order shall require that these expenses continue to be paid in the same manner as they were being paid prior to the instant action.

(C) To the extent that work related child care expenses are not included in subsection (g) of this Code section, the expense shall be accounted for in the noncustodial parent's income deduction order as part of the child support order. The custodial parent shall pay this expense in full out of his or her income and the child support award.

(4)(A) The child's or children's uninsured health expenses, including, but not limited to, deductibles, copayments, and dental, orthodontic, counseling, psychiatric, vision, hearing, and other medical needs not covered by insurance, shall be the financial responsibility of both parents. The order of the court shall include provisions for payment of the uninsured medical expenses. The parents shall divide these expenses pro rata, unless otherwise specifically ordered by the court.

(B) If a parent fails to pay his or her pro rata share of the child's or children's, uninsured medical expenses, as specified in the child support order, within a reasonable time after receipt of evidence documenting the uninsured portion of the expense, the other parent, the nonparent caretaker, or the state or its Title IV-D agency, as defined in Code Section 19-6-31, may enforce payment of the expense by any means permitted by law.

(5) No adjustment to gross income shall be made in the calculation of a child support obligation which seriously impairs the ability of the custodial parent in the case immediately under consideration to maintain minimally adequate housing, food, and clothing for the child or children being supported by the order and to provide other basic necessities, as determined by the court.

(i)(1) The amount of child support established by this Code section and the child support obligation table are rebuttable, and the court may deviate from the presumptive child support order in compliance with this subsection. In deviating from the child support guidelines, primary consideration shall be given to the best interest of the child or children for whom support under the child support guidelines are being determined.

(2) When ordering a deviation from the presumptive amount of child support established by the child support guidelines, the court's order shall contain written findings of fact stating:

(A) The reasons for the change or deviation from the presumptive child support order;

(B) The amount of child support that would have been required under the child support guidelines if the presumptive child support order had not been rebutted; and

(C) How, in its determination,

- (i) Application of the child support guidelines would be unjust or inappropriate in the case immediately under consideration; and
- (ii) The best interests of the child for whom support is being determined will be served by deviation from the presumptive child support order.

No deviation in the amount of the child support obligation shall be made which seriously impairs the ability of the custodial parent in the case immediately under consideration to maintain minimally adequate housing, food, and clothing for the child or children being supported by the order and to provide other basic necessities, as determined by the court.

(3)(A) For purposes of this paragraph, parents are considered to be high-income parents if their combined adjusted gross income exceeds \$20,000.00 per month.

(B) For high-income parents, the court shall set the child support obligation at the highest amount allowed by the child support obligation table but may consider upward deviation to attain an appropriate award of child support for high-income parents which is considered in the best interest of the child or children.

(4) Deviation from the child support guidelines may be appropriate for reasons in addition to those established under subsection (g) of this Code section when the court finds it is in the best interest of the child, in accordance with the requirements of subsection (e) of this Code section and the following procedures:

(A) In making its determination regarding a request for deviation pursuant to this subsection, the court shall consider all available income of the parents and shall make a written finding that an amount of child support other than the amount calculated under the child support guidelines is reasonably necessary to provide for the needs of the child or children for whom support is being determined in the case immediately under consideration. If the circumstances which supported the deviation cease to exist, the child support order may be modified to eliminate the deviation;

(B) In cases where the child or children are in the legal custody of the Department of Human Resources, the child protection or foster care agency of another state or territory, or any other child caring entity, public or private, the court may consider a deviation from the presumptive child support order if the deviation will assist in accomplishing a permanency plan or foster care plan for the child or children that has a goal of returning the child or children to the parent or parents and the parent's or parents' need to establish an adequate household or to otherwise adequately prepare herself or himself or themselves for the return of the child or children clearly justifies a deviation for this purpose;

(C) If parenting time related travel expenses are substantial due to the distance between the parents, the court may order the allocation of such costs by deviation from the basic child support obligation, taking into consideration the circumstances of the respective parties as well as which parent moved and the reason that the move was made; and

(D)(i) The child support obligation table includes average child rearing

expenditures for families given the parents' monthly combined income and number of children. Extraordinary expenses are in excess of these average amounts and are highly variable among families. For these reasons, extraordinary expenses, other than the health insurance premium and work related child care, shall be considered on a case by case basis in the calculation of support and added to the basic support award as a deviation so that the actual amount of the expense is considered in the calculation of the final child support order for only those families actually incurring the expense.

(ii)(I) Extraordinary educational expenses may be added to the basic child support as a deviation. Extraordinary educational expenses include, but are not limited to, tuition, room and board, lab fees, books, fees, and other reasonable and necessary expenses associated with special needs education or private elementary and secondary schooling that are appropriate to the parent's financial abilities and to the lifestyle of the child or children if the parents and child or children were living together.

(II) In determining the amount of deviation for extraordinary educational expenses, scholarships, grants, stipends, and other cost reducing programs received by or on behalf of the child or children shall be considered.

(III) If a deviation is allowed for extraordinary educational expenses, a monthly average of these expenses shall be based on evidence of prior or anticipated expenses and entered on the child support worksheet in the deviation section.

(iii)(I) Special expenses incurred for child rearing, including but not limited to expense variations related to the food, clothing, and hygiene costs of children at different age levels, which can be quantified may be added to the child support obligation as a deviation from the presumptive child support order. Such expenses include, but are not limited to, summer camp, music or art lessons, travel, school sponsored extra curricular activities, such as band, clubs, and athletics, and other activities intended to enhance the athletic, social, or cultural development of a child but are not otherwise required to be used in calculating the child support order as are health insurance premiums and work related child care costs.

(II) A portion of the basic child support obligation is intended to cover average amounts of special expenses incurred in the rearing of a child. When special expenses exceed 7 percent of the monthly basic child support obligation, the court shall consider additional amounts of support as a deviation to cover the full amount of these special expenses.

(iv) In instances of extreme economic hardship, such as in cases involving extraordinary medical needs not covered by insurance or other extraordinary special needs for the child or children of a parent's current family, deviation from the child support guidelines may be considered. In such cases, the court shall consider the resources available for meeting such needs, including those available from agencies and other adults.

(5)(A) For purposes of this paragraph, a parent is considered to be a low-income

person if his or her annual gross income is at or below the federal poverty level for a single person. btool.com.cn

(B) The court may consider the low income of the custodial parent or the noncustodial parent as a basis for deviation from the guideline amounts.

(C) The court shall consider all nonexempt sources of income available to each party and all expenses actually paid by each party.

(D) The party seeking a low-income deviation shall present to the court documentation of all his or her income and expenses or provide sworn statements of all his or her income and expenses in support of the requested deviation.

(E) The court shall make a written finding in its order that the deviation from the child support guidelines based upon the low income and reasonable expenses of a party are clearly justified and shall make the necessary written findings pursuant to this paragraph.

(F) The court may deviate from the lowest amount of child support provided for in the basic child support guideline table and shall make the necessary written findings if it chooses to deviate.

(j)(1) The child support guidelines presume that when parents live separately, the child or children will typically reside primarily with the custodial parent and stay overnight with the noncustodial parent a minimum of every other weekend from Friday to Sunday, two weeks in the summer, and two weeks during holidays throughout the year, for a total of 80 days per year. The child support guidelines also recognize that some families may have different parenting situations and thus allow for an adjustment in the noncustodial parent's child support obligation, as appropriate, in compliance with the criteria specified in this subsection. The calculations made for each parenting situation shall be based on specific factual information regarding the amount of time each parent has with the child or children.

(2)(A) If the noncustodial parent spends 100 or more days per calendar year with a child or children, an assumption is made that the noncustodial parent is making greater expenditures on the child or children due to the duplication of some child rearing expenditures between the two households, for example, housing or food, and a reduction to the noncustodial parent's child support obligation may be made to account for these expenses.

(B) The noncustodial parent's child support obligation may be reduced for the days of additional parenting time based upon the following schedule:

<u>Number of Days</u>	<u>Percent Reduction in Support</u>
<u>100-136 days</u>	<u>10 percent</u>
<u>137-151 days</u>	<u>20 percent</u>
<u>152-166 days</u>	<u>30 percent</u>
<u>167-181 days</u>	<u>40 percent</u>

182 or more days

50 percent

(C) The presumption that more parenting time by the noncustodial parent shall result in a reduction to the noncustodial parent's support obligation may be rebutted by evidence.

(D) If there is more than one child in the case with whom the noncustodial parent spends 100 days or more per year, and the noncustodial parent is spending different amounts of time with each child, then the time the noncustodial parent spends with each child shall be averaged to determine the parenting time adjustment.

(3)(A) If the noncustodial parent spends 60 or fewer days per calendar year with a child or children, an assumption is made that the custodial parent is making greater expenditures on the child or children for items such as food and baby-sitting associated with the increased parenting time by the custodial parent, and an increase in the noncustodial parent's child support obligation may be made.

(B) The noncustodial parent's child support obligation may be increased for the reduction in days of the noncustodial parent's parenting time based upon the following schedule:

<u>Number of Days</u>	<u>Percent Increase in Support</u>
<u>60-39 days</u>	<u>10 percent</u>
<u>38-24 days</u>	<u>20 percent</u>
<u>23-9 days</u>	<u>30 percent</u>
<u>8-0 days</u>	<u>35 percent</u>

(C) The presumption that less parenting time by the noncustodial parent shall result in an increase to the noncustodial parent's support obligation may be rebutted by evidence.

(D) If there is more than one child in the case with whom the noncustodial parent spends 60 or fewer days per year, and the noncustodial parent is spending different amounts of time with each child, then the time the noncustodial parent spends with each child is averaged to determine the parenting time adjustment.

(4) If there are additional children for whom support is being calculated with whom the noncustodial parent spends more than 60 days but less than 100 days per calendar year, the days with these children are not included in the calculation for the parenting time adjustment.

(5) If a child support obligation is being calculated for multiple children, and the noncustodial parent spends 100 days or more per year with at least one child and 60 or fewer days with at least one child, then the percentage increase is offset against the percentage decrease and the resulting percentage is applied to the child support obligation.

(k) In the event a parent suffers an involuntary termination of employment, has an extended involuntary loss of average weekly hours, is involved in an organized strike,

incurs a loss of health, or similar involuntary adversity resulting in a loss of income of 25 percent or more, then the portion of child support attributable to lost income shall not accrue from the date of the filing of the petition for modification, provided that service is made on the other parent.

(1)(1) The adoption of these child support guidelines constitutes a significant material change in the establishment and calculation of child support orders. In any proceeding to modify an existing order, an increase or decrease of 15 percent or more between the amount of the existing order and the amount of child support resulting from the application of these child support guidelines shall be presumed to constitute a substantial change of circumstances as may warrant a modification based upon the court's considerations of the parent's financial circumstances and the needs of the children. This differential shall be calculated by applying 15 percent to the existing award. If there is a material change in the father's income, the mother's income, the needs of the child or children, or the needs of either parent, either parent shall have the right to petition for modification of the child support award regardless of the length of time since the establishment or most recent modification of the child support award. If there is a difference of 30 percent or more between a new award and a prior award, the court may, at its discretion, phase in the new child support award over a period of up to one year with the phasing in being largely evenly distributed with at least an initial immediate adjustment of not less than 25 percent of the difference and at least one intermediate adjustment prior to the final adjustment at the end of the phase-in period.

(2) In proceedings for the modification of a child support award pursuant to the provisions of this Code section, the court may award attorneys' fees, costs, and expenses of litigation to the prevailing party as the interests of justice may require.

(3) No petition to modify child support may be filed by either parent within a period of two years from the date of the final order on a previous petition by the same parent except where the child support obligation table created by the Georgia Child Support Commission creates a difference of 15 percent or more between a new award and a prior award.

(m) For split custody situations, a worksheet shall be prepared separately for the child or children for whom the father is custodial parent and for the child or children for whom the mother is the custodial parent; and that worksheet shall be entered into the record. For each of these two custodial situations, the court shall enter which parent is the obligor, the presumptive award, and the actual award, if different from the presumptive award; how and when the net cash support owed shall be paid; and any other child support responsibilities for each of the parents.

(n) The child support obligation table shall be proposed by the Georgia Child Support Commission and set as determined by joint resolution of the General Assembly.

(o) This Code section shall apply to all temporary orders and final verdicts and decrees entered on and after March 1, 2006, and to any modifications of such final verdicts and decrees at any future time after the entry of such final verdicts and decrees.

SECTION 9.

As used in this subsection, the word 'cohabitation' means dwelling together continuously and openly in a meretricious relationship with another person, regardless of the sex of the other person. In the event the petitioner does not prevail in the petition for modification on the ground set forth in this subsection, the petitioner shall be liable for reasonable attorney's fees incurred by the respondent for the defense of the action.

SECTION 15.

Said title is further amended by designating the existing matter in Chapter 6 as Article 1 and adding a new Article 2 to the end of the chapter to read as follows:

ARTICLE 2

19-6-50.

There is created the Georgia Child Support Commission for the purposes of studying and collecting information and data relating to awards of child support and to create and revise the child support obligation table. The commission shall be responsible for conducting a comprehensive review of the child support guidelines, economic conditions, and all matters relevant to maintaining effective and efficient child support guidelines and modifying child support orders that will serve the best interest of Georgia's children and take into account the changing dynamics of family life. Further, the commission shall determine whether adjustments are needed to the child support obligation table taking into consideration the guidelines set forth in Code Section 19-6-53. Nothing contained in the commission's report shall be considered to authorize or require a change in the child support obligation table without action by the General Assembly.

19-6-51.

(a) The Georgia Child Support Commission shall be composed of 15 members. The Governor shall appoint all of the members as follows:

- (1) Three members who shall be judges in a superior court;

SECTION 16.

Said title is further amended by striking in its entirety Code Section 19-7-2, relating to parents obligations to child, and inserting in lieu thereof the following:

19-7-2.

It is the joint and several duty of each parent to provide for the maintenance, protection, and education of his or her child until the child reaches the age of majority, dies, marries, or becomes emancipated, whichever first occurs, except as otherwise authorized and ordered pursuant to subsection (e) of Code Section 19-6-15 or subsection (d) of Code Section 19-6-15.1 and except to the extent that the duty of the parents is otherwise or further defined by court order.

SECTION 17

Said title is further amended by striking subsection (a) of Code Section 19-7-46.2, relating to temporary order of support, and inserting in lieu thereof a new subsection (a) to read as follows:

- (a) Upon motion by a party to a paternity action, a temporary order shall be issued in

accordance with the guidelines prescribed in Code Section 19-6-15 or 19-6-15.1, as applicable, if there is clear and convincing evidence of paternity. Such temporary order will be valid pending an administrative or judicial determination of parentage.

SECTION 18.

Said title is further amended by striking Code Section 19-11-12, regarding determination of ability to support, and inserting in lieu thereof a new Code Section 19-11-12 to read as follows:

19-11-12.

(a) The IV-D agency shall determine the ability of the noncustodial parent to support his or her child or children in accordance with the guidelines prescribed in Code Section 19-6-15 or 19-6-15.1, as applicable.

(b)(1) The IV-D agency shall periodically give notice to the obligor and obligee who are subject to a IV-D court order for child support, as defined in paragraph (1) of Code Section 19-11-3, of the right of each to request a review of the order by the IV-D agency for possible recommendation for adjustment of such order. Such notification should be provided within 36 months after the establishment of the order or the most recent review; however, failure to provide the notice within 36 months shall not affect the right of either party to request a review nor the right of the IV-D agency to conduct a review and to recommend an adjustment to the order. The notice can be included in the initial order or review recommendation.

(2) The establishment of a child support order or the entry of an order to modify a child support order or a determination of no change to a child support order under this Code section shall commence a 36 month cycle, the purpose of which is to provide the parties the right to a review of the order at least every 36 months or in such shorter cycle as the IV-D agency may determine. The failure of either party to request a review at least once every 36 months shall not affect the right of either party to request a review nor the right of the IV-D agency to conduct a review and to recommend an adjustment to the order at any time beyond the 36 month cycle.

(c)(1) The IV-D agency shall review IV-D court orders for child support, as defined in paragraph (1) of Code Section 19-11-3, for possible modification under this chapter. The review shall be performed upon the written request of either the obligor or obligee, or, if there is an assignment under subsection (a) of Code Section 19-11-6, upon the request of the IV-D agency or of the obligor or obligee. Exceptions to this procedure are cases where the IV-D agency determines that such a review would not be in the best interest of the child or children involved.

(2) If the request for the review occurs less than 36 months since the last issuance or last review of the order, the IV-D agency shall review, and if the requesting party demonstrates a substantial change in circumstances, seek to modify the order in accordance with the guidelines as provided by paragraph (2) of subsection (d) of this Code section.

(3) If the request for the review occurs at least 36 months after the last issuance or last review, the requesting party shall not be required to demonstrate a substantial

change in circumstances, the need for additional support, or that the needs of the child have decreased. The sole basis for a recommendation for a change in the award of support under this paragraph shall be a significant inconsistency between the existing child support order and the amount of child support which would result from the application of Code Section 19-6-15 or 19-6-15.1, as applicable.

(d)(1) The IV-D agency shall notify the obligor and obligee at least 30 days before the commencement of a review of a child support order.

(2) The IV-D agency shall review and, if there is a significant inconsistency between the amount of the existing child support order and the amount of child support which would result from the application of Code Section 19-6-15 or 19-6-15.1, as applicable, the agency shall make a recommendation for an increase or decrease in the amount of an existing order for support. The IV-D agency shall not be deemed to be representing either the obligee or obligor in a proceeding under this Code section.

(3) Upon completion of a review, the IV-D agency shall send notice by first-class mail to the obligor and obligee at their last known addresses of a proposed adjustment or a determination that there should be no change in the child support award amount. Each party shall have 30 days from the date of the notice to object in writing to the IV-D agency's proposed adjustment or determination of no change.

(4)(A) In the case of an administrative order, the agency shall request the administrative law judge to increase or decrease the amount in the existing order in accordance with the agency recommendation. If either the obligor or the obligee files with the agency within 30 days written objections to the agency's proposed adjustment to the child support order or determination of no change to the child support order, the matter shall be scheduled for an administrative hearing within the Office of State Administrative Hearings. The administrative order adjusting the child support award amount which results from a hearing or the failure to object to the agency's proposed adjustment or determination of no change shall, upon filing with the local clerk of the court, have the full effect of a modification of the original order or decree of support. As part of the order adjusting the child support award the administrative law judge shall issue an income and earnings deduction order which shall also be filed with the court pursuant to Code Sections 19-6-30 through 19-6-33.

(B) In the case of a judicial order, the agency shall file a petition asking the court to adopt the agency's recommendation for an increase or decrease in the amount in the existing order. Upon the filing of a written objection to the agency's proposed adjustment or determination of no change with the clerk of the superior court and with the agency, a de novo proceeding shall be scheduled with the court on the matter. If neither party files an objection within the 30 day notice period, the court shall issue an order adopting the recommendation of the IV-D agency. As part of the order adjusting the child support award, the court shall issue an income and earnings deduction order pursuant to Code Sections 19-6-30 through 19-6-33.

(e) When the trier of fact, the administrative law judge for administrative orders, or a judge of the superior court for court orders, as the case may be, determines that there is

a significant inconsistency between the existing child support order and the amount of child support which would result from the application of Code Section 19-6-15 or 19-6-15.1, as applicable, the trier of fact may use this inconsistency as the basis to increase or decrease the amount of support ordered. The trier of fact may also address the repayment of any arrears accumulated under the existing order.

(f) An obligor shall not be relieved of his or her duty to provide support when such obligor has brought about his or her own unstable financial condition by voluntarily incurring subsequent obligations.

(g) The department shall be authorized to promulgate rules and regulations to implement the provisions of this Code section.

SECTION 19.

Said title is further amended by striking subsection (a) of Code Section 19-11-15, relating to voluntary support agreement, and inserting in lieu thereof a new subsection (a) to read as follows:

(a) When the department has completed its investigation, has determined the ability of the absent parent to support his or her child or children in accordance with guidelines prescribed in Code Section 19-6-15 or 19-6-15.1, as applicable, and believes that the absent parent is able to furnish a certain amount of support, the department may, as an exception to Code Section 9-12-18, request the absent parent to enter into a proposed consent order and income deduction order to provide the support amount and accident and sickness insurance coverage consistent with Code Section 19-11-26 prior to the filing of an action with the superior court. The orders may not be set aside on the grounds that the parties consented thereto prior to the filing of the action. An income deduction order shall issue consistent with Code Sections 19-6-30 through 19-6-34. If the department is unable to secure a proposed consent order from the parent, the department may file an action in superior court or may initiate an administrative action pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

SECTION 20.

Section 15 of this Act shall become effective upon its approval by the Governor or upon its becoming law without such approval, and the remaining sections of this Act shall become effective on March 1, 2006.

SECTION 21.

All laws and parts of laws in conflict with this Act are repealed.

HB 366. By Representatives Murphy of the 23rd, Knox of the 24th, Amerson of the 9th, Hill of the 21st, Byrd of the 20th and others:

A BILL to be entitled an Act to amend Chapter 12 of Title 17 of the Official Code of Georgia Annotated, relating to legal defense for indigents, so as to allow alternative delivery systems to opt out from having a public defender system under certain circumstances; to correct cross-references; to amend Code Section 15-21-77 of the Official Code of Georgia Annotated, relating to collections to be appropriated for indigent defense, to correct a cross-reference; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

SR 297 By Senators Mullis of the 53rd, Wiles of the 37th, Hudgens of the 47th and Meyer von Bremen of the 12th:

A RESOLUTION urging the United States Congress to establish a domestic energy policy that will ensure an adequate supply of energy and the appropriate infrastructure; and for other purposes.

The Senate Regulated Industries and Utilities Committee offered the following substitute to SR 297: www.libtool.com.cn

A RESOLUTION

Urging the United States Congress to establish a domestic energy policy that will ensure an adequate supply of energy and the appropriate infrastructure; and for other purposes.

WHEREAS, the price of natural gas in the United States, already the highest in the industrial world, has again spiked and shows continued volatility; and

WHEREAS, the current price of natural gas is equivalent to paying \$16.00 for a gallon of milk, \$12.70 for a pound of ground beef, or \$9.21 for a gallon of gasoline; and

WHEREAS, abnormally high natural gas prices have been a \$111 billion unanticipated burden on the economy of the United States over the past 30 months; and

WHEREAS, the United States is over reliant on natural gas in our national energy supply, creating a tremendous imbalance between natural gas supply and demand; and

WHEREAS, Georgia's manufacturers, farmers, small businesses, local governments, retailers, and residential consumers are struggling from skyrocketing natural gas prices. Further, thousands of jobs in these industries are threatened since many of these businesses use natural gas as a raw material as well as an energy supply; and

WHEREAS, the natural gas imbalance is not a free market problem. The high price of natural gas is created by governmental policies that increase demand for natural gas while impeding the development of a greater supply by discouraging more exploration and production. Since natural gas is domestically produced and very hard to import, the United States cannot correct the imbalance by the importation of natural gas; and

WHEREAS, the Georgia Senate supports a sound, rational, and domestic energy policy.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE that this body urges the United States Congress to enact legislation in the 109th Congress establishing a domestic energy policy that will ensure an adequate supply of natural gas and the appropriate infrastructure. Such energy policy should develop a concerted national effort to promote greater energy efficiency, and open promising new areas for environmentally responsible natural gas production.

BE IT FURTHER RESOLVED that the Secretary of the Senate is authorized and directed to transmit an appropriate copy of this resolution to President George W. Bush, the President of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Georgia congressional delegation.

The Honorable Ron Borders
State Representative
LOB, Room 607
Atlanta, Georgia 30334

SUBJECT: Fiscal Note
House Bill 5 (LC 18 3816)

Dear Representative Borders:

This bill would continue the "sales tax holiday", first implemented in 2003, by making the period of exemption go from 12:01 A.M. on July 28, 2005 to 12:00 Midnight on July 31, 2005. As was the case in the previous two years, within those four days three categories of otherwise taxable purchases would be exempted. Sales of clothes and footwear priced at no more than \$100 per article would not be taxed. Up to \$1,500 of sales transactions involving personal computers, peripheral devices, computer-related accessories, and non-recreational software would go tax-free. Finally, sales of school supplies and books on approved lists for pre-kindergarten through twelfth grade priced at no more than \$20 per unit would be exempted.

The Georgia State University Fiscal Research Center estimated the total revenue impact for the State from the proposed 2005 "sales tax holiday" to be \$10.38 million. For local jurisdictions, the Center estimates the revenue impact to be \$6.5 million. The Center provided the following information regarding the estimate:

The revenue impact of the 2005 exemption was estimated by adjusting the estimated revenue impact of the 2004 exemption. For 2004, the revenue impact for the State was estimated to be \$7.1 million from the clothing exemption, \$1.5 million from the computer

exemption, and \$1.3 million for the school supply exclusion, for a total of \$9.9 million. The revenue impact for local governments was estimated to be \$6.0 million.

To estimate the revenue impact for 2005 of the clothing and computer exemptions, it was assumed that expenditures on these items increase with an increase in per capita income and with an increase in the population. National consumption patterns (Consumer Expenditure Survey) imply that expenditures on clothing increase at a slower rate than per capita income. It was assumed that expenditures on clothing increase at 80 percent of the increase in income per capita. For computers, it was assumed that expenditures increase 20 percent faster than income per capita increases. Given a forecasted increase in total income of 6 percent and assuming that population increases at the same rate as last year, namely 1.8 percent, it follows that clothing expenditures will increase 4.9 percent and that computer expenditures will increase 6.5 percent. This implies a revenue impact of \$7.45 million for the clothing exemption and \$1.60 million for the computer exemption.

To estimate the revenue impact for 2005 of the school supply exemption it was assumed that expenditures on school supplies increase at the same rate as the increase in the number of children. This was measured by the increase in the number of public school students in K-12, essentially assuming that pre-K and private school students increase at the same rate as public school K-12 students. Between 2003 and 2004, the number of public school children in K-12 increased by 2.0 percent. This implies a revenue impact of \$1.33 million for the school supply exemption.

The total estimated revenue impact for the State from the proposed 2005 "sales tax holiday" is thus \$10.38 million. For local jurisdictions, the revenue impact is estimated to be \$6.5 million.

Experience with sales tax holidays in other states suggests that over time consumers are more likely to plan for them by putting off planned expenditures until the sales tax holiday and, as a result, the revenue impact increases over time. Since the sales tax holiday in Georgia is still relatively new, the size of this effect is likely to be small so no adjustment to the revenue impact is made for this behavioral response.

Sincerely,

/s/ Russell W. Hinton
State Auditor

HB 530. By Representative Smith of the 129th:

A BILL to be entitled an Act to amend Article 4 of Chapter 2 of Title 32 of the Official Code of Georgia Annotated, relating to the Department of Transportation's power to contract, so as to revise the criteria for design-build contracts entered into by the department; to provide for related matters; to repeal conflicting laws; and for other purposes.

Senate Sponsor: Senator Whitehead, Sr. of the 24th.

The Senate Transportation Committee offered the following substitute to HB 530:

A BILL TO BE ENTITLED
AN ACT

To amend Article 4 of Chapter 2 of Title 32 of the Official Code of Georgia Annotated, relating to the Department of Transportation's power to contract, so as to revise the criteria for design-build contracts entered into by the department; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 4 of Chapter 2 of Title 32 of the Official Code of Georgia Annotated, relating to the Department of Transportation's power to contract, is amended by striking subsections (b), (d), and (f) of Code Section 32-2-81, relating to criteria for design-build contracts, and inserting in their respective places the following:

(b) The department may use the design-build procedure for buildings, bridges and approaches, rail corridors, and limited or controlled access projects or projects that may be constructed within existing rights of way where the scope of work can be clearly defined or when a significant savings in project delivery time can be attained ~~and when the estimated bid cost does not exceed \$10 million.~~

(d) The department shall adopt by rule procedures for administering design-build

contracts. Such procedures shall include, but not be limited to:

- (1) ~~Prequalification requirements;~~
- (2) Public advertisement procedures;
- (3) Scope of service requirements;
- (4) Letters of interest requirements;
- (5) Request for proposals. Requests for proposal shall include the applicable percentage to be applied to each evaluation criterion and the relative weight to be assigned to each;
- (6) Criteria for evaluating technical information and project costs;
- (7) Criteria for selection and award process, provided that the rules shall specify that the criteria for selection shall consist of the following minimum two components:
 - (A) A statement of qualifications from which the department will determine a list of qualified firms for the project; and
 - (B) From the list of qualified firms as provided in subparagraph (A) of this paragraph, a price proposal from each firm from which the department shall select the lowest, ~~most responsive~~ qualified bidder; provided, however, that a proposal will only be considered nonresponsive if it does not contain all the information and level of detail requested in the request for proposal. A proposal shall not be deemed to be nonresponsive solely on the basis of minor irregularities in the proposal that do not directly affect the ability to fairly evaluate the merits of the proposal. Notwithstanding the requirements of Code Section 36-91-21, under no circumstances shall the department use a 'best and final offer' standard in awarding a contract; ~~and. The department may provide for a stipulated fee to be awarded to the short list of qualified proposers who provide a responsive, successful proposal. In consideration for paying the stipulated fee, the department may use any ideas or information contained in the proposals in connection with the contract awarded for the project, or in connection with a subsequent procurement, without obligation to pay any additional compensation to the unsuccessful proposers;~~
- ~~(8)~~ (9) Identification of those projects that the department believes are candidates for design-build contracting, with the understanding that in general this type of contract should have minimal right of way or utility issues which are unresolved; provided, however, the failure of the department to identify such projects does not prevent the department from using design-build contracting in extraordinary circumstances including emergency work, unscheduled projects, or where loss of funding might occur; and
- ~~(8)~~ (9) Criteria for resolution of contract issues. The department may adopt a method for resolving issues and disputes through negotiations at the project level by the program manager up to and including a dispute review board procedure with final review by the commissioner or his or her designee. Regardless of the status or disposition of the issue or dispute, the design-builder and the department shall continue to perform their contractual responsibilities. The department shall have the authority to suspend or provide for the suspension of Section 108 of the department's standard specifications pending final resolution of such contract issues and disputes.

This paragraph does not prevent an aggrieved party from seeking judicial review.

(f) In contracting for design-build projects, the department shall be limited to contracting for no more than \$100 million per fiscal year 15 percent of the total amount of construction projects awarded in the previous fiscal year.

SECTION 2.

33-36-4.

(a) There shall be a board of trustees of the Georgia Insurers Insolvency Pool which shall be known as the Insurers Solvency Board and which shall consist of seven members. At all times, the board shall contain at least one member from a domestic insurer. The members of the board shall not be considered employees of the department. The remaining members of the board shall be appointed as follows:

(1) The Commissioner shall compile a list of the three stock insurers most likely to incur the largest assessment, per insurer, for each of the accounts prescribed in Code Section 33-36-7; and he shall also compile a list of the three nonstock insurers most likely to incur the largest assessment, per insurer, for each of the accounts prescribed in Code Section 33-36-7. The Commissioner shall solicit from these 18 insurers the names of 18 individuals as nominees for members to the board. Persons who are nominated for the board shall reside in this state. The Commissioner shall certify the nominations in writing, separately for stock and nonstock insurers and separately for each account;

(2) From the nominations so certified for each account, the Commissioner shall appoint one stock member and one nonstock member to the board of directors until six directors are appointed. Then the Commissioner shall appoint the chairman of the board, who shall also be its chief executive officer; and

(3) In approving selections or in appointing members to the board, the Commissioner shall consider, among other things, whether all member insurers are fairly represented. The members of the board shall be selected by the Commissioner. Each board member so selected shall represent a company licensed to do business in Georgia. Any member may be removed from office by the Commissioner when, in his or her judgment, the public interest may so require. Each member appointed shall serve for a term of three years and until his or her successor has been appointed and qualified and, in case of a vacancy for any reason in the office of any such member, the Commissioner shall appoint a member to fill the unexpired term of such vacant office.

(b) ~~Any member may be removed from office by the Commissioner when, in his judgment, the public interest may so require~~ In approving selections to the board, the Commissioner shall consider among other things whether all member insurers are fairly represented.

(c) ~~Each member appointed shall serve for a term of three years and until his successor has been appointed and qualified and, in case of a vacancy for any reason in the office of any such member, the Commissioner shall appoint a member to fill the unexpired term of the vacant office from the nominations provided for in paragraph (1) of subsection (a) of this Code section.~~

(d) The actual expenses of the members of the board incurred in attending meetings shall be paid out of the assets of the insolvency pool, but members of the board shall not otherwise be compensated by the association pool for their services. The board shall hold its regular meetings at such time and places as shall be fixed by the board. The board shall meet at any time on call of the Commissioner or the chairman of the board. The chairman of the board shall call a meeting, upon not less than two days' notice, upon the written request of any two members of the board. The board may by

~~resolution provide for a shorter notice of a meeting by telegraph, telephone, or otherwise. The board shall keep a record of all its proceedings and shall appoint a secretary and such other officers as it deems necessary, who need not be members of the board. ~~(e) The board shall have power, by affirmative vote of four of its members, to recommend that the Commissioner examine, without previous advance notice, the assets, conditions, and affairs of any insurer when the board believes that the insurer's further transaction of business may be hazardous to its policyholders, to its creditors, or to the public. The expenses of such examination shall be borne by the insolvency pool. The examination may extend to general agencies, management entities, or affiliates of insurance companies with respect to matters affecting such companies. The report of examination shall be treated as confidential until a hearing shall have been held or waived pursuant to Code Section 33-2-14. A refusal by an insurance company, a general agent, a management entity, or an affiliate of an insurance company to submit its books, papers, accounts, records, or affairs to examination shall be reported to the Commissioner and shall constitute grounds for suspension, rehabilitation, liquidation, or conservation of the insurer within the purview of the applicable laws of this state for the license revocation of the agent, as the case may be.~~

~~(f) The board may also so examine the affairs of an insurer after formal adjudication of insolvency to assist in the conservation of assets; and, if it does so, the board shall furnish its report to the Commissioner and the insolvency pool.~~

SECTION 12.

Said title is further amended by striking Code Section 33-36-6, relating to plan to govern members, rules, assignment of claims or judgments against insolvent insurers, and claimants of assets of insolvent insurers, and inserting in lieu thereof a new Code Section 33-36-6 to read as follows:

33-36-6.

(a) The Georgia Insurers Insolvency Pool is a nonprofit legal entity with the right to bring and defend actions and such right to bring and defend actions includes the power and right to intervene as a party before any court in this state that has jurisdiction over

an insolvent insurer as defined in this chapter. The pool shall adopt, and the Commissioner shall approve, a reasonable plan which is not inconsistent with this chapter and which is fair to insurers and equitable to their policyholders, pursuant to which all admitted insurers shall become members of the pool. All members of the pool shall adhere to the rules of the plan. The plan may be amended by an affirmative vote of a majority of the Insurers Solvency Board.

(b) If, for any reason, the pool fails to adopt a suitable plan within six months following July 1, 1970, or if at any time after July 1, 1970, the pool fails to adopt necessary amendments to the plan, the Commissioner shall adopt and promulgate, after a hearing, such reasonable rules as are necessary to effectuate this chapter. The rules shall continue in force until modified by the Commissioner or superseded by a plan of operation adopted by the pool and approved by the Commissioner.

(c) The plan as provided for in subsection (a) of this Code section shall:

(1) Establish the procedures whereby all the powers and duties of the pool under this chapter will be performed;

(2) Establish procedures for handling assets of the pool;

(3) Mandate that procedures be established for the disposition of liquidating dividends or other moneys received from the estate of the insolvent insurer;

(4) Mandate that procedures be established to designate the amount and method of reimbursing members of the board of trustees under Code Section 33-36-4;

(5) Establish procedures by which claims may be filed with the pool and establish acceptable forms of proof of covered claims. Notice of claims to the receiver or liquidator of the insolvent insurer shall be deemed notice to the pool or its agent and a list of claims shall be periodically submitted to the pool or insolvency fund or its equivalent in another state by the receiver or liquidator;

(6) Establish regular places and times for meetings of the board of trustees;

(7) Mandate that procedures be established for records to be kept of all financial transactions of the pool, its agents, and the board of trustees;

(8) Establish the procedures whereby selections for the board of trustees will be submitted to the Commissioner; and

(9) Contain additional provisions necessary or proper for the execution of the powers and duties of the pool.

(d) In accordance with the plan, the pool may designate insurers to act on behalf of the pool to carry out the purposes of this chapter, but a member may decline such designation. The Commissioner may disapprove such designation. The plan may provide a procedure under which pending claims or judgments against the insolvent insurer or its insureds are assigned to the member companies designated to act for the pool. The assignee-insurer is authorized to appear and defend a claim in a court of competent jurisdiction or otherwise and to investigate, adjust, compromise, and settle a covered claim or to investigate, handle, and deny a noncovered claim, and to do so on behalf of and in the name of the pool. If an assignee-insurer pays the covered claim, it shall be reimbursed by the pool or be entitled to set off said payment against future assessments. The unreimbursed claim of such an insurer against the pool shall be an

admitted asset of the insurer. Insureds entitled to protection of this chapter shall cooperate with the pool and the assignee-insurer.

~~(d)~~(e) The pool as a legal entity and any of its individual members shall have no cause of action against the insured of the insolvent insurer for any sums it has paid out except such causes of action as the insolvent insurer would have had if such sums had been paid by the insolvent insurer and except as otherwise provided in this chapter. The pool shall be subrogated to the rights of any insured or claimant, to the extent of a covered claim, to participate in the distribution of assets of the insolvent insurer to the extent that the pool has made payment. Any claimant or insured entitled to the benefits of this chapter shall be deemed to have assigned to the pool, to the extent of any payment received, his or her rights against the estate of the insolvent insurer. ~~The pool shall receive the benefit of any reinsurance contracts or treaties entered into by the insolvent insurer which cover any of the liabilities insured by the insolvent insurer with respect to covered claims.~~ After determination of insolvency of any insurer, the pool shall be a party in interest in all proceedings involving policies insured or assumed by the pool with the same rights to receive notice and defend, appeal, and review as the insolvent insurer would have had if solvent. All moneys recovered under this Code section or any other Code section shall be added to the assessments collected under Code Section 33-36-7.

(f) Except for actions by member insurers aggrieved by final actions or decisions of the pool pursuant to Code Section 33-36-18, all actions relating to or arising out of this chapter against the pool must be brought in the courts in this state. Such courts shall have exclusive jurisdiction over all actions relating to or arising out of this chapter against the pool.

(g) Exclusive venue in any action by or against the pool is in the Superior Court of DeKalb County. The pool may, at the option of the pool, waive such venue as to specific actions.

SECTION 13.

Said title is further amended by striking subsection (b) of Code Section 33-36-7. relating to levy of assessments against insurers, and inserting in lieu thereof a new subsection (b) to read as follows:

(b) To the extent necessary to secure the funds for the respective accounts of the pool for the payment of covered claims and also to pay the reasonable costs to administer the pool, the Commissioner, upon certification of the pool, shall levy assessments in the proportion that each insurer's net direct written premiums in this state in the classes protected by the account bear to the total of the net direct written premiums received in this state by all such insurers for the preceding calendar year for the kinds of insurance included within such account. Assessments shall be remitted to and administered by the pool in the manner specified by the approved plan. Each insurer so assessed shall have at least 30 days' written notice as to the date the assessment is due and payable. Every assessment shall be made as a uniform percentage applicable to the net direct written premiums of each insurer in the kinds of insurance included within the account in which the assessment is made. The assessments levied against any insurer shall not

exceed in any one year more than 2 percent of that insurer's net direct written premiums in this state for the kinds of insurance included within such account during the calendar year next preceding the date of such assessments. If sufficient funds from the assessments, together with funds previously raised, are not available in any one year in the respective account to make all the payments or reimbursements then owing to insurers designated to act for the pool, the funds available shall be prorated and the unpaid portion shall be paid as soon thereafter as funds become available. ~~Assessments shall be included as an appropriate factor in the making of rates.~~

SECTION 14.

Said title is further amended by inserting a new Code Section 33-36-7.1 to read as follows:

33-36-7.1.

(a) The plan adopted pursuant to Code Section 33-36-6 shall contain provisions whereby each member insurer is required to recoup over the year following the year of the assessment a sum calculated to recoup the assessments paid by the member insurer under this chapter by way of a surcharge on premiums charged for insurance policies to which this article applies. Amounts recouped shall not be considered premiums for any other purpose, including the computation of gross premium tax or agents' commission.

(b) The amount of any surcharge shall be separately stated on either a billing or policy declaration sent to an insured. Member insurers who collect surcharges in excess of assessments paid pursuant to Code Section 33-36-7 for an insolvent insurer shall remit the excess to the pool as an additional assessment within 30 days after the pool has determined the amount of the excess recoupment and given notice to the member of that amount. The excess shall be applied to reduce future assessment charges in the appropriate category.

(c) The plan of operation may permit a member insurer to omit collection of the surcharge from its insureds when the expense of collecting the surcharge would exceed the amount of the surcharge. However, nothing in this Code section shall relieve the member insurer of its obligation to recoup the amount of surcharge otherwise collectible.

SECTION 15.

Said title is further amended by striking Code Section 33-36-9, relating to coverage afforded by insolvent insurers to become obligation of pool, and inserting in lieu thereof a new Code Section 33-36-9 to read as follows:

33-36-9.

In the event an insurer is ~~determined to be insolvent~~ ordered to be liquidated, the coverage afforded by property and casualty insurance policies issued by such insurer shall, with respect to covered claims, become the obligation of the pool for a period of 30 days from the date of such determination or until policy expiration date if less than said 30 days or until the policy has been replaced by the insurer within said 30 days. The pool shall be deemed ~~to be the insurer for such period with respect and to the extent of the claims with~~ only to the extent of its obligation on the covered claims and

to such extent, subject to the limitations provided in this chapter, shall have all the rights, duties, and obligations of the insolvent insurer; and the pool shall have all the rights, duties, and obligations of the insolvent insurer, as if the insurer had not become insolvent, including, but not limited to, the right to pursue and retain salvage and subrogation recoverable on paid covered claim obligations. The pool shall not be deemed the insolvent insurer for any purpose relating to the issue of whether the pool is amenable to the personal jurisdiction of the courts of any state. The pool is authorized to investigate, adjust, compromise, and settle covered claims or to investigate, handle, and deny noncovered claims. The pool shall have the authority, upon approval of the Commissioner, to borrow funds necessary to effect the purposes of this chapter. The pool shall have the authority to establish procedures for requesting financial information from insureds on a confidential basis for purposes of applying Code sections concerning their net worth, subject to such information being shared with any other association similar to the pool and the liquidator for the insolvent company on the same confidential basis. If the insured refuses to provide the requested financial information and an auditor's certification of the same where requested and available, the pool may deem the net worth of the insured, in the instance of a first party claim, to be in excess of \$10 million at the relevant time or, in the event of a third party claim, to be in excess of \$25 million at the relevant time. In any lawsuit contesting the applicability of subparagraph (G) of paragraph (4) of Code Section 33-36-3 or subsection (d) of Code Section 33-36-14 where the insured has declined to provide financial information under the procedure provided pursuant to this Code section, the insured shall bear the burden of proof concerning its net worth at the relevant time. If the insured fails to prove that its net worth at the relevant time was less than the applicable amount, the court shall award the pool its full costs, expenses, and reasonable attorney's fees in contesting the claim.

SECTION 16.

Said title is further amended by striking Code Section 33-36-11, relating to procedure for proof and allowance of covered claims, and inserting in lieu thereof a new Code Section 33-36-11 to read as follows:

33-36-11.

(a) ~~Except for (1) voluntary settlements or compromises between a claimant and an assignee insurer on behalf of the pool or (2) a final judgment, other than a default judgment, against the insured or insurer in a court of competent jurisdiction rendered prior to the determination of insolvency of the insurer, the proof and allowance of a covered claim shall be governed by Code Sections 33-37-54 and 33-37-55; provided, however, in no case shall a covered claim include any claim filed with the pool, ancillary receiver, or liquidator after the final date set by a court for the filing of claims against the liquidator or ancillary receiver of an insolvent insurer. Notwithstanding any other provisions of this chapter, a covered claim shall not include a claim filed with the pool after the earlier of (i) 18 months after the date of the order of liquidation, or (ii) the final date set by the court for the filing of claims against the liquidator or receiver of an insolvent insurer and shall not include any claim filed with the pool or a liquidator for~~

protection afforded under the insured's policy for incurred-but-not-reported losses.

(b) The pool may not be found in default. No default judgments may be entered against the pool, the insolvent insurer, or the insured of the insolvent insurer after the instigation of an insolvency proceeding prior to ~~a finding of insolvency~~ an order of liquidation, nor during the pendency of insolvency proceedings, nor during a 120 day stay following a ~~finding of insolvency~~ an order of liquidation.

(c) In no instance may a finding of default or the entry of a default judgment against an insurer be applicable or enforceable against the pool or the insured of the insolvent insurer.

As a condition of an insurer doing business in this state, all property and casualty insurance policies issued or renewed shall be deemed to provide that the insurer appoints the pool as its agent with respect to investigation, adjustment, compromise, and settlement of covered claims and to reimburse the pool for any payment made under the terms of this chapter, and that such appointment and obligation shall be binding on any receiver, liquidator, or statutory successor appointed to liquidate or wind up its affairs.

(2) Any person who is an affiliate of the insolvent insurer.

SECTION 19.

Said title is further amended by adding a new Code Section 33-36-14.1 to read as follows:

A RESOLUTION compensating Mr. Clarence Harrison; and for other purposes.

Senate Sponsor: Senator Tate of the 38th.

The Senate Appropriations Committee offered the following substitute to HR 108:

A RESOLUTION

Compensating Mr. Clarence Harrison; and for other purposes.

WHEREAS, in the early morning hours of October 25, 1986, a woman was attacked as she walked to a bus stop in downtown Decatur, Georgia. The woman was grabbed from behind, struck on the head, and dragged to an unknown location where she was sexually assaulted. The woman was subsequently dragged to two other unknown locations and again sexually assaulted and her wrist watch was stolen; and

WHEREAS, physical evidence was collected from the victim, including the clothing that she was wearing and other evidence that was capable of showing DNA; and

WHEREAS, in June of 1987, Mr. Harrison was tried for rape, kidnapping, and robbery in DeKalb County, Georgia. Mr. Harrison maintained his innocence from his arrest on November 5, 1986, and throughout his trial, but the victim identified Mr. Harrison from a photographic line-up and a witness who lived in the neighborhood where the attack occurred identified Mr. Harrison as a man who had come to her door on the evening of the attack and circumstances suggested to her that he was the assailant; and

WHEREAS, Mr. Harrison was convicted and on June 26, 1987, he was sentenced to life in prison for rape and 20 years each for kidnapping and robbery to run consecutive to the life sentence; and

WHEREAS, in September 1998, Mr. Harrison sought DNA testing but the laboratory conducting the analysis was unable to produce results due to previous testing of the evidence; and

WHEREAS, despite being told that all of the evidence in his case had been destroyed, Mr. Harrison continued to try to prove his innocence. In 2004, with the consent of the DeKalb County District Attorney and Mr. Harrison's attorney, further DNA testing, which was not available in 1987, was performed, and the test concluded with 100 percent certainty that Mr. Harrison's DNA did not match the DNA from the semen obtained from

the victim's rape kit and therefore he was not the perpetrator of the crimes for which he had been tried and convicted; and

WHEREAS, based on this new evidence, the 1986 indictment against Mr. Harrison was nolle prossed on August 31, 2004; and

WHEREAS, Mr. Harrison was immediately released from custody after serving 17 years, nine months, and 26 days in prison; and

WHEREAS, during his imprisonment, Mr. Harrison was divorced by his wife and virtually prevented from seeing his two children throughout his incarceration; he missed the birth of his first grandchild; his mother and one sister died; and he suffered from medical conditions including a worsened back problem that causes him now to have to walk with a cane, migraine headaches for three years for which he received no treatment, and due to a delayed diagnosis of kidney cancer, he had to have a kidney removed; and

WHEREAS, Mr. Harrison has suffered loss of liberty, personal injury, lost wages, injury to reputation, emotional distress, and other damages as a result of his nearly 18 years of incarceration and expenses in trying to prove his innocence; and

WHEREAS, the conviction, incarceration, and subsequent loss of liberty and other damages occurred through no fault or negligence on the part of Mr. Harrison, and it is only fitting and proper that he be compensated for his loss.

NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY OF GEORGIA that the Department of Corrections is authorized and directed to pay the sum of \$1 million to Mr. Clarence Harrison as compensation as provided above. Said sum shall be paid from funds appropriated to or available to the Department of Corrections and shall be in full and complete satisfaction of all claims against the state arising out of said occurrence. Said sum shall be paid in the form of an annuity over a 20 year period of time with an initial lump sum payment of \$100,000.00.

~~(e)~~(d) In the event any taxpayer's claim for refund is approved by the commissioner or his or her delegate and the taxpayer has not paid other state taxes which have become due, the commissioner or department may set off the unpaid taxes against the refund. When the setoff authorized by this subsection is exercised, the refund shall be deemed granted and the amount of the setoff shall be considered for all purposes as a payment toward the particular tax debt which is being set off. (A) For any taxable year in which the taxpayer takes a federal net operating loss deduction on its federal income tax return, the amount of such deduction shall be added back to federal taxable income, and Georgia taxable net income for such taxable year shall be computed from the taxpayer's federal taxable income as so adjusted. There shall be allowed as a separate deduction from Georgia taxable net income so computed an amount equal to the aggregate of the Georgia net operating loss carryovers to such year, plus the Georgia net operating loss carrybacks to such year;

(B) The Georgia net operating loss for such taxable year shall be computed by making the adjustments to federal taxable income required by this article and in the

(C) In the event the taxpayer elects to forgo the carryback period for the federal net operating loss as allowed under the Internal Revenue Code, the taxpayer shall also forgo the carryback period for Georgia purposes. If the taxpayer does not elect to forgo the carryback period for the federal net operating loss, the election to forgo the net operating loss period shall not be allowed for Georgia purposes. Such election must be made on or before the due date for filing the income tax return for the taxable year wherein the loss was incurred, including any extensions which have been granted;

(D) The provisions of Sections 108, 381, 382, and 384 of the Internal Revenue Code of 1986, as amended, as they relate to net operating losses also apply for Georgia purposes. The commissioner shall by regulation provide the method of determining how such sections apply;

Such tax refund shall be deemed to have been erroneously assessed and collected, and shall be paid under the provisions of Code Section 48-2-35; provided, however, that no interest shall accrue or be paid for any period prior to the close of the taxable year in which such net operating loss arises and no interest shall be paid if the claim for refund is processed within 90 days from the last day of the month in which the claim for such refund is filed; and

SECTION 1.

Chapter 5 of Title 21 of the Official Code of Georgia Annotated, relating to ethics in government, is amended by striking Code Section 21-5-2, relating to declaration of policy, and inserting in lieu thereof the following:

"21-5-2.

It is declared to be the policy of this state, in furtherance of its responsibility to protect the integrity of the democratic process and to ensure fair elections for constitutional

offices; state offices; district attorneys; members of the Georgia House of Representatives and Georgia Senate; all constitutional judicial officers; and all county and municipal elected officials, to institute and establish a requirement of public disclosure of campaign contributions and expenditures relative to the seeking of such offices, to the recall of public officers holding elective office, and to the influencing of voter approval or rejection of a proposed constitutional amendment, a state-wide referendum, or a proposed question which is to appear on the ballot in any county or municipal election. Further, it is the policy of this state that the state's public affairs will be best served by disclosures of significant private interests of public officers and officials which may influence the discharge of their public duties and responsibilities. The General Assembly further finds that it is for the public to determine whether significant private interests of public officers have influenced the state's public officers to the detriment of their public duties and responsibilities and, in order to make that determination and hold the public officers accountable, the public must have reasonable access to the disclosure of the significant private interests of the public officers of this state."

(7) 'Qualified interest rate management agreement' means an agreement, including a confirmation evidencing a transaction effected under a master agreement entered into by the local governmental entity in accordance with, and fulfilling the requirements of, Code Section 36-82-253, which agreement in the judgment of the local governmental entity is designed to manage interest rate risk or interest cost of the local governmental entity on any debt or lease or installment purchase contract the local governmental entity is authorized to incur, including, but not limited to, interest rate swaps or exchange agreements, interest rate caps, collars, corridors, ceiling, floor, and lock agreements, forward agreements, swaptions, warrants, and other interest rate agreements which, in the judgment of the local governmental entity, will assist the local governmental entity in managing its interest rate risk or interest cost.

36-82-251.

With respect to all or any portion of any debt or lease or installment purchase contract, either issued or anticipated to be issued by the local governmental entity, the local governmental entity may enter into, terminate, amend, or otherwise modify a qualified interest rate management agreement under such terms and conditions as the local governmental entity may determine, including, without limitation, provisions permitting the local governmental entity to pay to or receive from any counterparty any loss of benefits under such agreement upon early termination thereof or default under such agreement.

36-82-252.

(a) Prior to executing and delivering a qualified interest rate management agreement, the local governmental entity shall have adopted an interest rate management plan that includes:

- (1) An analysis of the interest rate risk, basis risk, termination risk, credit risk, market-access risk, and other risks to the local governmental entity entering into qualified interest rate management agreements;
 - (2) The local governmental entity's procedure for approving and executing qualified interest rate management agreements;

 - (5) Such other provisions as may from time to time be required by the governing body of the local governmental entity, including but not limited to additional provisions due to changes in market conditions for qualified interest rate management agreements.
- (b) The local governmental entity shall conduct an annual review of its interest rate management plan as to the adequacy of the procedures set forth in such plan for the analysis and monitoring requirements set forth in subsection (a) of this Code section. A

report summarizing the results of such review shall be submitted annually to the governing body of the local governmental entity. The requirements of this subsection shall not be construed as to require the review of any existing interest rate management plan by an independent financial adviser.

36-82-253.

(a) Each qualified interest rate management agreement shall meet the following requirements:

(1) Subject to subsection (b) of this Code section, the maximum term, including any renewal periods, of any qualified interest rate management agreement may not exceed ten years unless such longer term has been approved by the governing body of the local governmental entity; provided, however, that in no case may the term of the qualified interest rate management agreement exceed the latest maturity date of the bonds, notes, or debt or lease or installment purchase contract referenced in the qualified interest rate management agreement;

(2) The local governmental entity shall enter into a qualified interest rate management agreement only with a counterparty meeting the requirements set forth in paragraph (1) of Code Section 36-82-250;

(3) Prior to the execution and delivery by the local governmental entity of any qualified interest rate management agreement, an interest rate management plan meeting the requirements of Code Section 36-82-252 must have been approved by the governing body of the local governmental entity and the governing body of the local governmental entity shall have been provided evidence that such qualified interest rate management agreement is in compliance with the existing interest rate management plan;

(4) Any qualified interest rate management agreement shall be payable only in the currency of the United States of America; and

(5) Unless otherwise approved by the governing body of the local governmental entity, the notional amount of any qualified interest rate management agreement shall not exceed the outstanding principal amount of the debt or the aggregate payments due under any lease or installment purchase contract to which such agreement relates.

(b) A qualified interest rate management agreement may renew from calendar year to calendar year and may provide for the payment of any fee related to a termination or a nonrenewal, so long as the following requirements are satisfied:

(1) Such qualified interest rate management agreement shall terminate absolutely at the close of the calendar year in which it was executed and at the close of each succeeding calendar year for which it may be renewed;

(2) Any such qualified interest rate management agreement may provide for automatic renewal unless positive action is taken by the local governmental entity to terminate such contract, or may provide for termination or renewal in some other manner not prohibited by law, which method of renewal or termination, in either case, shall be specified in the qualified interest rate management agreement; and

(3) Such qualified interest rate management agreement shall include a statement of the total obligation of the local governmental entity for the calendar year of execution and, if renewed, for the calendar year of renewal.

A qualified interest rate management agreement meeting the requirements of this subsection may also provide that the local governmental entity's obligations will terminate immediately and absolutely at such time as appropriated and other funds encumbered for payment by the local governmental entity pursuant to the terms of such qualified interest rate management agreement are no longer available to satisfy such obligations. The total obligation of the local governmental entity for the calendar year payable pursuant to a qualified interest rate management agreement may be stated in contingent but objective terms with respect to variable rate payments or termination payments, but in that event a qualified interest rate management agreement must provide that it will terminate immediately and absolutely at such time as appropriated and other funds encumbered for its payment are no longer available to satisfy the obligations of the local governmental entity under such agreement. A qualified interest rate management agreement executed under this subsection shall not be deemed to create a debt of the local governmental entity or otherwise obligate the payment of any sum beyond the calendar year of execution or, in the event of a renewal, beyond the calendar year of such renewal.

(c)(1) Any qualified interest rate management agreement of a local governmental entity may provide that it is an unconditional, limited recourse obligation of such local governmental entity payable from a specified revenue source.

(2) A local governmental entity may, in any qualified interest rate management agreement that constitutes a limited recourse obligation of the local governmental entity, pledge to the punctual payment of amounts due under the qualified interest rate management agreement revenues from a specified revenue source, which shall not include any taxes, including, without limitation, collateral derived from such revenue source or proceeds of the debt, including debt for future delivery, to which such qualified interest rate management agreement relates.

(d) A qualified interest rate management agreement that constitutes a limited recourse obligation shall not be payable from or charged upon any funds other than the revenue identified as the source of payment thereof, nor shall the local governmental entity entering into the same be subject to any pecuniary liability thereon. No counterparty under any such qualified interest rate management agreement shall ever have the right to compel any exercise of the taxing power of the state or the local governmental entity to pay any amount due under any such qualified interest rate management agreement, nor to enforce payment thereof against any property of the state or local governmental entity, other than the specified revenue source; nor shall any such qualified interest rate management agreement constitute a charge, lien, or encumbrance, legal or equitable, upon any property of the state or local governmental entity, other than the specified revenue source. Every such qualified interest rate management agreement shall contain a recital setting forth the substance of this subsection.

(e) Any local governmental entity may enter into credit enhancement or liquidity agreements ~~in connection with~~ any qualified interest rate management agreement containing such terms and conditions as the governing body determines are necessary or desirable, provided that any such agreement has the same source of payment as the related qualified interest rate management agreement.

36-82-254.

The local governmental entity that has entered into a qualified interest rate management agreement shall include in its annual financial statements information with respect to each qualified interest rate management agreement it has authorized or entered into, including any information required pursuant to any statement issued by the Governmental Accounting Standards Board.

36-82-255.

When entering into any qualified interest rate management agreement authorized under this article, the agreement shall be governed by the laws of the State of Georgia, and jurisdiction over the local governmental entity in any matter concerning a qualified interest rate management agreement shall lie exclusively in the courts of the State of Georgia or in the applicable federal court having jurisdiction and located within the State of Georgia."

SECTION 2.

(3) 'Debt' shall include all debt and revenue obligations that a state party is authorized to incur by law, including without limitation general obligation debt in the form of bonds or other obligations, guaranteed revenue debt in the form of bonds or other obligations, revenue bonds and other forms of revenue obligations, and all other debt or revenue undertakings, including, but not limited to, bonds, notes, warrants, certificates or other evidences of indebtedness, or other obligations for borrowed money issued or to be issued by any state party. 'Debt' includes any financing lease or installment purchase contracts of any state authority.

(4) 'Independent financial adviser' means a person or entity experienced in the financial aspects and risks of qualified interest rate management agreements that is retained by the state party to render advice with respect to a qualified interest rate management agreement. (5) 'Interest rate management plan' means a written plan prepared or reviewed by an independent financial adviser with respect to qualified interest rate management agreements of the state party.

(6) 'Lease or installment purchase contract' means multiyear lease, purchase, installment purchase, or lease purchase contracts within the meaning of Code Sections 50-5-64, 50-5-65, and 50-5-77 or substantially similar other or successor Code sections.

(8) 'Qualified interest rate management agreement' means an agreement, including a confirmation evidencing a transaction effected under a master agreement, entered into by the state party in accordance with, and fulfilling the requirements of, Code Section 50-17-101 which agreement in the judgment of the state party is designed to manage interest rate risk or interest cost of the state party on any debt or lease or installment purchase contract the state party is authorized to incur, including, but not limited to, interest rate swaps or exchange agreements, interest rate caps, collars, corridors, ceiling, floor, and lock agreements, forward agreements, swaptions, warrants, and other interest rate agreements which, in the judgment of the state party, will assist the state party in managing the interest rate risk or interest cost of the state or state authority.

guidelines, rules, and regulations shall apply to the interest rate management plans and qualified ~~interest rate management~~ agreements of any state party. Such guidelines, rules, and regulations shall not constitute a rule within the meaning of Chapter 13 of this title, the 'Georgia Administrative Procedure Act,' including, without limitation, the term 'rule' as defined in paragraph (6) of Code Section 50-13-2 and used in Code Section 50-13-4.

(b) With respect to all or any portion of any debt or any lease or installment purchase contract, either issued or anticipated to be issued by the state party, the state party may enter into, terminate, amend, or otherwise modify a qualified interest rate management agreement under such terms and conditions as the state party may determine, including, without limitation, provisions permitting the state party to pay to or receive from any counterparty any loss of benefits under such agreement upon early termination thereof or default under such agreement.

(c) Payments received by a state party pursuant to the terms of a qualified interest rate management agreement shall not be deposited into the state general fund but shall be subject to disposition by the state party and applied in accord with the goals of managing interest rate risk and interest cost as set forth in the qualified interest rate management agreement, any authorizing document for the debt or the lease or installment purchase contract to which such qualified interest rate management agreement relates, or such state party's interest rate management plan.

(d)(1) With respect to any qualified interest rate management agreement related to all or any portion of debt of a state party, the obligations of the state party contained in such qualified interest rate management agreement may be incurred as related or additional obligations of such debt and approved in the same manner as required for authorizing, approving, and issuing such debt to the extent not otherwise prohibited, limited, or impractical and consistent with any tax-exempt status of the related debt. If this power is exercised with respect to state debt, the obligations to pay a counterparty shall be subordinate to the obligations to pay holders of general obligation debt, guaranteed revenue debt, and all payments required under contracts entitled to the protection of the second paragraph of Paragraph I(a), Section VI, Article IX of the Constitution of 1976.

(2) When the obligations of the state party are not incurred as related or additional obligations pursuant to paragraph (1) of this subsection and the qualified interest rate management agreement relates to debt of a state authority, the qualified interest rate management agreement shall be on such terms and conditions as the state party and counterparty agree consistent with provisions of this article.

(3) When the obligations of the state party are not incurred as related or additional obligations pursuant to paragraph (1) of this subsection and the qualified interest rate management agreement relates to debt of the state or to a lease or installment purchase contract, the obligations of the state party contained in such qualified interest rate management agreement may renew from fiscal year to fiscal year and may provide for the payment of any fee related to a termination or a nonrenewal, so long as the following requirements are satisfied:

(A) Such qualified interest rate management agreement shall terminate absolutely at the close of the fiscal year in which it was executed and at the close of each succeeding fiscal year for which it may be renewed;

(B) Any renewal of such qualified interest rate management agreement shall require positive action taken by the state party or in such other manner not otherwise prohibited by law which method of renewal and termination, in either case, shall be specified in the qualified interest rate management agreement; and

(C) Such qualified interest rate management agreement shall include a statement of the total obligation of the state party for the fiscal year of execution and, if renewed, for the fiscal year of renewal.

A qualified interest rate management agreement meeting the requirements of this paragraph may also provide that the state's obligations will terminate immediately and absolutely at such time as appropriated and other funds encumbered for payment by the state pursuant to the terms of such qualified interest rate management agreement are no longer available to satisfy such obligations. The total obligation of the state for the fiscal year payable pursuant to a qualified interest rate management agreement may be stated in contingent but objective terms with respect to variable rate payments or termination payments, but in that event a qualified interest rate management agreement must provide that it will terminate immediately and absolutely at such time as appropriated and other funds encumbered for its payment are no longer available to satisfy the obligations of the state under such agreement. A qualified interest rate management agreement executed under this paragraph shall not be deemed to create a debt of the state or otherwise obligate the payment of any sum beyond the fiscal year of execution or, in the event of a renewal, beyond the fiscal year of such renewal. When a qualified interest rate management agreement is executed under this paragraph or paragraph (1) of this subsection, the obligation of the state may be treated as an operating expense of the commission within the meaning of Paragraph VII of Section IV of Article VII of the Constitution and within the meaning of paragraph (2) of subsection (g) of Code Section 50-17-22 and of subsection (b) of Code Section 50-17-27.

(e)(1) The obligations of a state party to pay a counterparty under a qualified interest rate management agreement with respect to debt may be paid from any lawful source, to the extent not otherwise prohibited, limited, or impractical and consistent with any tax exempt status of the related debt and in compliance with the Budget Act, including without limitation, as to the state, proceeds of general obligation debt, earnings on investments of proceeds of general obligation debt, appropriations of state and federal funds, and agency funds; and, as to any state authority, any funds of such state authority to the extent not otherwise prohibited, limited, or impractical and consistent with any tax exempt status of the related debt.

(2) The obligations of a state party to pay a counterparty under a qualified interest rate management agreement with respect to a lease or installment purchase contract may be paid from any lawful source, to the extent not otherwise prohibited, limited, or impractical and consistent with any tax-exempt status of the related lease or

installment purchase agreement and in compliance with the Budget Act, including without limitation appropriations of state and federal funds and agency funds.

(f)(1) With respect to obligations of a state authority to pay a counterparty, any qualified interest rate management agreement of a state authority may provide that it is an unconditional, limited recourse obligation of such state authority payable from a specified revenue source.

(2) A state authority may, in any qualified interest rate management agreement that constitutes a limited recourse obligation of the state authority, pledge to the punctual payment of amounts due under the qualified interest rate management agreement revenues from a specified revenue source, which shall not include any taxes, including without limitation collateral derived from such revenue source or proceeds of the debt, including debt for future delivery, to which such qualified interest rate management agreement relates.

(3) A qualified interest rate management agreement that constitutes a limited recourse obligation shall not be payable from or charged upon any funds other than the revenue identified as the source of payment thereof, nor shall the state authority entering into the same be subject to any pecuniary liability thereon. No counterparty under any such qualified interest rate management agreement shall ever have the right to compel any exercise of the taxing power of the state or the state authority to pay any amount due under any such qualified interest rate management agreement, nor to enforce payment thereof against any property of the state or state authority, other than the specified revenue source; nor shall any such qualified interest rate management agreement constitute a charge, lien, or encumbrance, legal or equitable, upon any property of the state or state authority, other than the specified revenue source. Every such qualified interest rate management agreement shall contain a recital setting forth the substance of this paragraph.

(g)(1) The commission shall act for the state with respect to debt of the state and a qualified interest rate management agreement. However, upon authorization of the Governor, the Office of Treasury and Fiscal Services shall act as fiscal agent or provide other administrative services.

(2) A state authority shall act for itself with respect to an interest rate management plan, a qualified interest rate management agreement, and an independent financial advisor regarding the debt of the state authority subject, however, to the guidelines, rules, and regulations of the commission under subsection (a) of this Code section. Further, the interest rate management plan, a qualified interest rate management agreement, and retention of an independent financial advisor will be treated as financial advisory matters within the exclusive authority and jurisdiction of the commission under paragraph (1) of subsection (f) of Code Section 50-17-22 and will require specific commission approval, unless the commission otherwise directs in either the specific case or in general terms. Upon authorization of the Governor, the Office of Treasury and Fiscal Services shall act as fiscal agent or provide other administrative services for a qualified interest rate management agreement of the state authority.

(3) The agency responsible for payment shall act for the state with respect to a lease or installment purchase contract but only under the supervision and approval of the commission. Upon authorization of the Governor, the Office of Treasury and Fiscal Services shall act as fiscal agent or provide other administrative services.

50-17-102.

(a) Prior to executing and delivering a qualified interest rate management agreement, the state party shall have adopted an interest rate management plan that includes:

- (1) An analysis of the interest rate risk, basis risk, termination risk, credit risk, market-access risk, and other risks to the state party entering into qualified interest rate management agreements;
- (2) The state party's procedure for approving and executing qualified interest rate management agreements;
- (3) The state party's plan to monitor interest rate risk, basis risk, termination risk, credit risk, market-access risk, and other risks; and
- (4) Such other provisions as may from time to time be required by the commission, including but not limited to additional provisions due to changes in market conditions for qualified interest rate management agreements.

Any interest rate management plan adopted by the state shall be approved by the commission or by a designated officer of the commission and shall have been reviewed by an independent financial adviser approved by the commission.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act to create the office of Commissioner of Towns County, approved March 14, 1984 (Ga. L. 1984, p. 4130), as amended, is amended by striking Section 1 and all other

substantive sections of said Act and inserting in place thereof the following revision and restatement of the law relating to the Board of Commissioners of Towns County:

"SECTION 1.

(a) The office of the sole county commissioner of Towns County which exists on January 1, 2005, is continued in existence as the governing authority of Towns County until December 31, 2008, except as otherwise provided in subsections (b) and (c) of this section. On and after January 1, 2009, a board of commissioners shall be constituted as provided in this Act and shall be the ruling authority of Towns County.

(b) In the event a vacancy in the office of the sole county commissioner of Towns County occurs before the election and qualification of the members of the board of commissioners established by subsection (a) of this section, the vacancy shall be filled for the unexpired term of the sole county commissioner by special election of five members of the board of commissioners, as provided in this Act. Such special election shall be called within 60 days after the date of the vacancy and shall be held and conducted in accordance with the applicable provisions of Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code.'

(c) In the event a vacancy in the office of the sole county commissioner of Towns County occurs after the election and qualification of the members of the board of commissioners established by subsection (a) of this section but before January 1, 2009, such vacancy shall be filled by the five newly elected members if possible. In this event, the terms of office of the newly elected members of the board of commissioners shall expire as provided in Section 2 of this Act.

(d) In the event of a vacancy in the office of sole commissioner as set out in subsection (b) or (c) of this section, the judge of the Probate Court of Towns County shall be vested with and exercise the powers and duties of the sole commissioner until the vacancy is filled by the procedure set out in subsection (b) or (c), as appropriate.

SECTION 2.

(a) The Board of Commissioners of Towns County shall be composed of five members.

(b) The member of the board who is the chairperson of the board may reside anywhere within Towns County and, if elected, must receive the number of votes cast for that office as required by general law in the entire county. The chairperson must continue to reside within the county during that person's term of office, or that office shall become vacant. The chairperson shall devote full time to the duties of such office.

(c) For purposes of electing members of the board of commissioners, other than the chairperson, Towns County is divided into four commissioner districts. One member of the board shall be elected from each district. The four commissioner districts shall be and correspond to those four numbered districts described in and attached to and made a part of this Act and further identified as Plan Name: TOWNSP1 Plan Type: Local User: staff Administrator: Towns.

(d) When used in such attachment, the terms 'Tract' and 'BG' (Block Group) shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2000 for the State of Georgia. The separate numeric designations in a Tract description which are underneath a 'BG' heading shall mean and describe individual Blocks within a Block Group as provided in the report of the Bureau of the census for the United States decennial census of 2000 for the State of Georgia. Any part of Towns County which is not included in any such district described in that attachment shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2000 for the State of Georgia. Any part of Towns County which is described in that attachment as being in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2000 for the State of Georgia.

(e) In order to be elected as a member of the board from a commissioner district, a person must receive the number of votes cast as required by general law for that office in that district only. Only electors who are residents of that commissioner district may vote for a member of the board for that district. At the time of qualifying for election as a member of the board from a commissioner district, each candidate for such office shall specify the commissioner district for which that person is a candidate. A person elected or appointed as a member of the board from a commissioner district must continue to reside in that district during that person's term of office or that office shall become vacant.

(f) All members of the board who are elected thereto shall be nominated and elected in accordance with Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code.'

(g) No person shall be a member of the board if that person is ineligible for such office pursuant to Code Section 45-2-1 of the O.C.G.A. or any other general law applicable to that office.

(h) The first members of the board of commissioners elected under this Act shall be elected in the general election of November 2008.

(i) The terms of office of members elected from Commissioner Districts 1 and 3 shall expire December 31, 2010, when their successors are elected and qualified. The terms of office of members elected from Commissioner Districts 2 and 4 shall expire December 31, 2010, when their successors are elected and qualified. Successors to members so elected shall be elected at the general election next preceding the expiration of such terms of office and shall take office on January 1 following their election for terms of four years and until their successors are elected and qualified.

SECTION 3.

When a vacancy occurs in the board of commissioners, and the unexpired term of office exceeds six months, it shall be the duty of the judge of the probate court to call a special election to elect a successor and fill the vacancy in not less than 30 nor more than 60

days, as prescribed in Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code.' If the unexpired term to be filled is less than six months in duration, the judge of the superior court of the county shall have the power to appoint a successor to fill the unexpired term.

SECTION 4.

(a) The board shall have the power and authority to fix and establish by appropriate resolution, entered on its minutes, policies, rules, and regulations governing all matters reserved to the jurisdiction of the board. Such policies, rules, and regulations, when so adopted with proper entry thereof made on the minutes of the board, shall be conclusive and binding. (c) When the person has provided the information as required by this Code section, the person shall be issued a provisional ballot and allowed to cast such ballot as any other duly registered elector subject to the provisions of Code Section 21-2-419.

(d) Notwithstanding any provision of this chapter to the contrary, in primaries and elections in which there is a federal candidate on the ballot, in the event that the time for closing the polls at a polling place or places is extended by court order, all electors who vote during such extended time period shall vote by provisional ballot only. Such ballots shall be separated and held apart from other provisional ballots cast by electors during normal poll hours. Primaries and elections in which there is no federal candidate on the ballot shall not be subject to the provisions of this subsection.

(e) The registrars shall establish a free access system, such as a toll-free telephone number or Internet website, by which any elector who casts a provisional ballot in a primary or election, or runoff of either, in which federal candidates are on the ballot may ascertain whether such ballot was counted and, if such ballot was not counted, the reason why such ballot was not counted. The registrars shall establish and maintain reasonable procedures necessary to protect the security, confidentiality, and integrity of personal information collected, stored, or otherwise used by such free access system. Access to such information about an individual provisional ballot shall be restricted to the elector who cast such ballot.

(f) At the time an elector casts a provisional ballot, the poll officers shall give the elector written information that informs the elector of the existence of the free access system required by subsection (e) of this Code section by which the elector will be able to ascertain if his or her ballot was counted and, if such ballot was not counted, the reason why such ballot was not counted.

(g) Failure to establish such free access system shall subject the registrars and the county by which the registrars are employed to sanctions by the State Election Board.

(h) Notwithstanding any other provision of this chapter to the contrary, in the event that the voting machines or DRE units at a polling place malfunction and cannot be used to cast ballots or some other emergency situation exists which prevents the use of such equipment to cast votes, provisional ballots may be used by the electors at the polling place to cast their ballots. In such event, the ballots cast by electors whose names appear on the electors list for such polling place shall not be considered provisional ballots and shall not require verification as provided by Code Section 21-2-419; provided, however, that persons whose names do not appear on the electors list for such polling place shall vote provisional ballots which shall be subject to verification under Code Section 21-2-419."

SECTION 61.

Said chapter is further amended by striking Code Section 21-2-430, relating to opening of ballot boxes and posting of instruction cards and notices of penalties, and inserting in lieu thereof a new Code Section 21-2-430 to read as follows:

"21-2-430.

In precincts ~~in which ballots~~ are used, the poll officers shall, after taking the oath, publicly open the ballot boxes which have been furnished to them and shall, prior to opening of the polls, totally destroy any ballots and other papers which they may find therein which are not intended for use in such primary or election. When the polling place is opened, the ballot box shall be securely locked and shall not be opened until the close of the polls, as provided in Code Section 21-2-436. At the opening of the polls, the seals of the packages furnished by the superintendent shall be publicly broken and such packages shall be opened by the chief manager. The cards of instruction shall be immediately posted in each voting compartment. ~~Not less than three such cards and notices of penalties~~ One card of instruction, one notice of penalties, and one voting rights poster shall be immediately posted in or about the voting room outside the enclosed space; and such ~~cards~~ card of instruction, ~~and notices~~ notice of penalties, ~~and voting rights poster~~ shall be given to any elector at his or her request so long as there are any on hand."

SECTION 62.

Said chapter is further amended by striking subsection (a) of Code Section 21-2-450, relating to opening of the polls, and inserting in lieu thereof a new subsection (a) to read as follows:

"(a)(1) In the precincts in which voting machines are used, the seals of the package furnished by the superintendent shall be publicly broken at the opening of the polls and such package shall be opened by the chief manager. ~~Not less than three cards of instruction and notices of penalties,~~ One card of instructions, one notice of penalties, one voting rights poster, and not less than two diagrams of the face of the machine shall be immediately posted in or about the voting room outside the enclosed space; and such cards, ~~and notices of penalties, and voting rights posters~~ shall be given to any elector at his or her request, so long as there are any on hand.

(2) The managers, before opening the envelope containing the keys which unlock the operating mechanism and registering counters or counter compartment of the voting machine, shall examine the number of the seal on the machine and the number registered on the protective counter or device and shall see whether they are the same as the numbers written on the envelope containing the keys. If either number shall be found not to agree, the envelope shall remain unopened until the poll officers shall have notified the proper custodian of voting machines; or the superintendent and until the custodian or some other person authorized by the superintendent shall have presented himself or herself at the polling place for the purpose of reexamining the machine and shall have certified that it is properly arranged. But, if the numbers on the seal and the protective counter or device shall both be found to agree with the numbers on the envelope, the envelope shall be opened, and where the voting machine provided is not equipped with a mechanism for printing paper proof sheets, the poll officers shall examine the registering counters and, for that purpose, shall open the doors concealing such counter, if the construction of the voting machine shall so require; and, before the polls are opened, each manager shall carefully

examine every counter and shall see that it registers zero. When the voting machine provided is equipped with a mechanism for printing paper proof sheets and requires the simultaneous use of three keys to unlock the registering counters or counter compartment, the chief manager shall deliver one of the two keys to an assistant manager, to be retained by him or her, and shall then print at least two proof sheets, one of which each manager shall carefully examine to ascertain whether every counter registers zero and shall then preserve such proof sheets to be signed by them and returned to the superintendent, with the duplicate return sheet, and shall sign and post the other proof sheet upon the wall of the polling place, where it shall remain until the polls are closed. The key delivered by the chief manager to such assistant manager, as provided in this subsection, shall be retained by him or her until the polls have been closed; and the voting and counting mechanism of the machine shall have been locked and sealed against voting and shall then be returned to the chief manager, for return by him or her to the superintendent, as provided in this part."

SECTION 63.

Said chapter is further amended by striking Code Section 21-2-501, relating to number of votes required for election, and inserting in lieu thereof a new Code Section 21-2-501 to read as follows:

"21-2-501.

(a) Except as otherwise provided in this Code section, no candidate shall be nominated for public office in any primary or special primary or elected to public office in any election or special election unless such candidate shall have received a majority of the votes cast to fill such nomination or public office. In instances where no candidate receives a majority of the votes cast, a run-off primary, special primary runoff, run-off election, or special election runoff between the candidates receiving the two highest numbers of votes shall be held. Unless such date is postponed by a court order, such run-off primary; or special primary runoff; ~~or special election runoff~~ shall be held on the twenty-first day after the day of holding the preceding primary or special primary or special election, provided that, unless postponed by court order, a runoff in the case of a ~~special primary~~ an election or special election shall be held ~~no sooner than the fourteenth day and no later than the twenty-first~~ on the twenty-eighth day after the day of holding the preceding ~~special primary~~ election or special election, ~~which run-off day shall be determined by the Secretary of State in a runoff to fill a federal or state office or by the superintendent in a runoff to fill a county or militia district office.~~ If any candidate eligible to be in a runoff withdraws, dies, or is found to be ineligible, the remaining candidates receiving the two highest numbers of votes shall be the candidates in the runoff. The candidate receiving the highest number of the votes cast in such run-off primary, special primary runoff, run-off election, or special election runoff to fill the nomination or public office sought shall be declared the winner. The name of a write-in candidate eligible for election in a runoff shall be printed on the election or special election run-off ballot in the independent column. The run-off primary, special primary runoff, run-off election, or special election runoff shall be a continuation of the primary,

special primary, election, or special election for the particular office concerned. Only the electors who were duly registered to vote and not subsequently deemed disqualified to vote in the primary, special primary, election, or special election for candidates for that particular office shall be entitled to vote therein, and only those votes cast for the persons designated as candidates in such run-off primary, special primary runoff, run-off election, or special election runoff shall be counted in the tabulation and canvass of the votes cast. No elector shall vote in a run-off primary or special primary runoff in violation of Code Section 21-2-224.

(b) For the purposes of this subsection ~~and notwithstanding the provisions of paragraph (22) of Code Section 21-2-2~~, the word 'plurality' shall mean the receiving by one candidate alone of the highest number of votes cast. If the municipal charter or ordinances of a municipality as now existing or as amended subsequent to September 1, 1968, provide that a candidate may be nominated or elected by a plurality of the votes cast to fill such nomination or public office, such provision shall prevail. Otherwise, no municipal candidate shall be nominated for public office in any primary or elected to public office in any election unless such candidate shall have received a majority of the votes cast to fill such nomination or public office.

(c) In instances in which no municipal candidate receives a majority of the votes cast and the municipal charter or ordinances do not provide for nomination or election by a plurality vote, a run-off primary or election shall be held between the candidates receiving the two highest numbers of votes. Such runoff shall be held on the twenty-first day after the day of holding the first primary or election, unless such run-off date is postponed by court order. Only the electors entitled to vote in the first primary or election shall be entitled to vote in any run-off primary or election resulting therefrom; provided, however, that no elector shall vote in a run-off primary in violation of Code Section 21-2-216. The run-off primary or election shall be a continuation of the first primary or election, and only those votes cast for the candidates receiving the two highest numbers of votes in the first primary or election shall be counted. No write-in votes may be cast in such a primary, run-off primary, or run-off election. If any candidate eligible to be in a runoff withdraws, dies, or is found to be ineligible, the remaining candidates receiving the two highest numbers of votes shall be the candidates in such runoff. The municipal candidate receiving the highest number of the votes cast in such run-off primary or run-off election to fill the nomination or public office sought shall be declared the winner.

(d) The name of a municipal write-in candidate eligible for election in a municipal runoff shall be printed on the municipal run-off election ballot in the independent column.

(e) In all cities having a population in excess of 100,000 according to the United States decennial census of 1980 or any future such census, in order for a municipal candidate to be nominated for public office in any primary or elected to public office in any municipal election, he or she must receive a majority of the votes cast.

(f) Except for presidential electors, to be elected to public office in a general election, a candidate must receive a ~~plurality~~ majority of the votes cast in an election to fill such

public office. To be elected to the office of presidential electors, no slate of candidates shall be required to receive a plurality majority of the votes cast, but that slate of candidates shall be elected to such office which receives the highest number of votes cast.

~~(g) In the event that no candidate receives a plurality of the votes cast in a general election, a runoff of the general election between the candidates receiving the two highest numbers of votes shall be held. If more than one candidate in a general election receives a plurality of the votes cast, the candidate receiving the highest number of votes cast shall be declared the winner. Unless such date is postponed by a court order, such runoff shall be held on the twenty first day after the day of holding the preceding general election. If any candidate eligible to be in such runoff withdraws, dies, or is found to be ineligible, the remaining candidates receiving the two highest numbers of votes shall be the candidates in the runoff. The candidate receiving the highest number of the votes cast in such runoff to fill the public office such candidate seeks shall be declared the winner. The name of a write in candidate eligible for election in a runoff shall be printed on the run off election ballot in the independent column. The run off election of a general election shall be a continuation of the general election for the particular office concerned. Only the electors who were duly registered to vote and not subsequently deemed disqualified to vote for that particular office in such general election shall be entitled to vote therein, and only those votes cast for the persons designated as candidates in such runoff shall be counted in the tabulation and canvass of the votes cast."~~

SECTION 64.

Said chapter is further amended by striking subsections (b) and (e) of Code Section 21-2-540, relating to conduct of special elections generally, and inserting in lieu thereof new subsections (b) and (e) to read as follows:

"(b) At least 29 days shall intervene between the call of a special primary and the holding of same, and at least 29 days shall intervene between the call of a special election and the holding of same. The period during which candidates may qualify to run in a special primary or a special election shall remain open for a minimum of two and one-half days. ~~Municipal special~~ Special elections which are to be held in conjunction with a state-wide general primary or state-wide general election shall be called at least 60 days prior to the date of such state-wide general primary or state-wide general election; provided, however, that this requirement shall not apply to special elections held on the same date as such state-wide general primary or state-wide general election but conducted completely separate and apart from such state-wide general primary or state-wide general election using different ballots or voting equipment, facilities, poll workers, and paperwork."

"(e) Candidates in special elections for partisan offices shall ~~not~~ be listed on the ballot according to party affiliation ~~unless a candidate has been nominated in a special primary, in which event such a candidate shall have his or her name placed in a column~~

~~under the name of his or her party. The incumbency of a candidate seeking election for the public office he or she then holds shall be indicated on the ballot."~~

SECTION 65.

Said chapter is further amended by adding a new Code Section 21-2-603 to read as follows:

"21-2-603.

A person commits the offense of conspiracy to commit election fraud when he or she conspires or agrees with another to commit a violation of this chapter. The crime shall be complete when the conspiracy or agreement is effected and an overt act in furtherance thereof has been committed, regardless of whether the violation of this chapter is consummated. A person convicted of the offense of conspiracy to commit election fraud involving a violation of this chapter which is a felony shall be punished by imprisonment for not less than one year nor more than one-half the maximum period of time for which he or she could have been sentenced if he or she had been convicted of the crime conspired to have been committed, by one-half the maximum fine to which he or she could have been subjected if he or she had been convicted of such crime, or both. A person convicted of the offense of conspiracy to commit election fraud involving a violation of this chapter which is a misdemeanor shall be punished as for a misdemeanor."

SECTION 66.

Code Section 40-5-103 of the O.C.G.A., relating to fee for identification cards, is amended by adding a new subsection (d) to read as follows:

"(d) The department shall not be authorized to collect a fee for an identification card from any person:

(2) Who produces evidence that he or she is registered to vote in Georgia.

This subsection shall not apply to a person who has been issued a driver's license in this state."

SECTION 67.

In the event any Code section, subsection, paragraph, subparagraph, item, sentence, clause, phrase, or word of this Act is declared or adjudged to be invalid or unconstitutional, such declaration or adjudication shall not affect the remaining portions of this Act, which shall remain of full force and effect as if such portion so declared or adjudged invalid or unconstitutional were not originally a part of this Act. The General Assembly declares that it would have enacted the remaining parts of this Act if it had known that such portion thereof would be declared or adjudged invalid or unconstitutional.

SECTION 68.

Except for Section 13, this Act shall become effective on July 1, 2005. Section 13 shall become effective on January 1, 2006.
