BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 1 of Chapter 20 of Title 45 of the Official Code of Georgia Annotated, relating to personnel administration, is amended by striking Code Section 45-20-1, relating to the merit system generally, in its entirety and inserting in its place a new Code Section 45-20-1 to read as follows:

"45-20-1.

(a) It is the purpose of this article to establish in the state a system of personnel administration based on merit principles and scientific methods governing the classification of positions and the employment, conduct, movement, and separation of public officers and employees. It is also the purpose of this article to build a career service in government which will attract, select, and retain the best employees based on merit, free from coercive political influences, with incentives in the form of equal opportunities for promotions in the service, which will eliminate unnecessary and inefficient employees and all, which will provide technically competent and loyal personnel to render impartial service to the public at all times and to render such service according to the dictates of ethics and morality; and which will eliminate unnecessary and inefficient employees. It is specifically the intent of the General Assembly to promote this purpose by allowing agencies greater flexibility in personnel management so as to promote the overall effectiveness and efficiency of state government. To this end, and in accordance with Code Sections 45-20-2 and 45-20-6, all positions filled after July 1, 1996, shall be included in the unclassified service of the state merit system. It is also specifically the intent of the General Assembly that employees in the classified service prior to July 1, 1996, shall continue to be covered employees in the classified service and shall remain subject to the rules and regulations of the state merit system so long as they remain in covered positions or as otherwise provided by law.

(b) In order to achieve these purposes, it is the policy of the state that the merit system established by this article be applied and administered agencies treat all employees, whether included in the classified or unclassified service, in accordance with the following principles:

(1) Equal opportunity for all regardless of race, color, sex, age, national origin, physical disability, or political or religious opinions or affiliations. No person shall be discriminated against in any case because of any physical disability in examination, appointment, reinstatement, reemployment, promotion, transfer, demotion, or removal with respect to any position the duties of which in the opinion of the commissioner of personnel administration may be efficiently performed by a person with such a physical disability, provided that the employment will not be hazardous to the appointee or endanger the health and safety of his fellow employees or others;

(2) Impartial selection of the best qualified person for government service by means of competitive tests which are fair, objective, practical, and predictive of or significantly correlated with important elements of work behavior which comprise or are relevant to the position or positions for which such persons are being evaluated;

(3) Equal opportunity for competent employees to be promoted with the service;

(4) Reasonable job security for the competent employee including the right of appeal from adverse personnel actions;

(5) Systematic classification of all positions through adequate job evaluation; and

(6) Proper balance in employer-employee relations to achieve a well-trained, productive, and happy working force.

(1) Assuring fair treatment of applicants and employees in all aspects of personnel administration without regard to race, color, national origin, sex, age, disability, religious creed, or political affiliations. This 'fair treatment' principle includes compliance with all state and federal equal employment opportunity and nondiscrimination laws;

(2) Recruiting, selecting, and advancing employees on the basis of their relative ability, knowledge, and skills, including open consideration of qualified applicants for initial employment;

(3) Providing equitable and adequate compensation based on merit and performance;

- (4) Training employees, as needed, to assure high quality performance;
- (5) Retaining employees on the basis of the adequacy of their performance, correcting inadequate performance where possible and appropriate, and separating employees whose performance is inadequate; and
- (6) Assuring that employees are protected against coercion for partisan political purposes and are prohibited from using their official authority for the purpose of interfering with or affecting the result of an election or nomination for office.
- (c) With respect to employees in the unclassified service, it shall generally be the responsibility of the state merit system to perform the following functions:
- (1) Establish and maintain a statewide system of pay ranges for all job classes;
 - (2) Define common job classes, establish associated minimum qualifications for those classes and assign those classes to appropriate pay ranges;
 - (3) Develop and maintain a common employment application form to be used by all applicants for state employment, which form may be supplemented as necessary by agencies in seeking information about agency unique job classes;
 - (4) Serve as the central contact point for all potential employees to receive application forms, provide information to applicants, refer applicants to agencies and make applications available to agencies for review and consideration;
 - (5) Upon request, develop, validate, or develop and validate applicant screening devices being utilized by agencies;
 - (6) Upon request, administer screening devices on behalf of agencies;
 - (7) Make employment related training available to agencies and allow agencies the opportunity to provide input into the nature and scope of said training programs;
 - (8) Develop model standards and processes which agencies may use in developing internal processes for (i) defining agency unique job classes, establishing associated minimum qualifications, and assigning these classes to appropriate state-wide pay ranges; and (ii) developing and applying applicant screening devices for all job classes;
 - (9) Audit agencies' processes and report findings as appropriate;
 - (10) Provide technical support and assistance to agencies as requested; and
 - (11) Maintain and make available to the public at large a state-wide central registry of employment vacancies and job announcements in state government as provided to the state merit system by agencies seeking assistance in filling job vacancies.
- (d) With respect to employees in the unclassified service, it shall generally be the responsibility of the employing agency to perform the following functions:
- (1) Define agency unique job classes, establish associated qualifications for those job classes, and assign those job classes to pay ranges on an appropriate state-wide compensation plan;
 - (2) Allocate all agency positions to defined job classes;
 - (3) Recruit and screen applicants for job vacancies;
 - (4) Develop and administer appropriate job applicant screening devices to ensure the integrity of the hiring process; and
 - (5) Develop policies to ensure compliance with all applicable employment related state and federal laws.
- (e) Subsections (c) and (d) of this Code section shall not apply to any agency which employs no classified employees as of July 1, 1996.
- (f) In the event agencies do not use a competitive civil service examination to fill some or all of their unclassified positions, it is expressly the intent of the General Assembly that appropriate consideration be given to veterans as defined under Article IV, Section III, Paragraph II of the Constitution of Georgia and Article 2 of Chapter 2 of this title in the filling of job vacancies in this state.
- ~~(e)~~(g) The rules of statutory construction contained in Chapter 3 of Title 1, relating to general provisions concerning the construction of statutes, as now or hereafter amended, shall apply to this article."

33-20A-2.

The General Assembly finds and declares:

- (1) Many citizens of this state are without health insurance;
- (2) The costs of health care are escalating, forcing employers to trim the level and availability of benefits to their employees;
- (3) The projected increase in the older population in this state will create even greater demands on the state to provide long-term care for those in need;
- (4) In response to the runaway cost increases in health care spending, medical care savings accounts shall be created to increase health insurance availability for citizens of this state, to provide incentives to eliminate unnecessary medical treatment and paperwork, and to encourage competition;
- (5) To alleviate the impoverishment of citizens of this state requiring long-term care, medical care savings accounts shall be created to promote saving for long-term care and to provide incentives for individuals to protect themselves from financial hardship due to a long-term health care need; and
- (6) By setting aside money in a medical care savings account:
 - (A) Citizens of this state can insure themselves for both routine and major medical services and long-term care through employer funded or individual funded medical

care savings account programs and reduced cost, qualified higher deductible insurance policies;

(B) Employees can change jobs, using the medical care savings account to provide for their health care needs while they are between jobs;

(C) Sole proprietors during times of recession will have medical dollars saved to cushion them;

(D) Individuals and families will continue to have the freedom to choose their own physicians and other health care service providers;

(E) High school graduates not attending college and full-time or part-time college or technical school students no longer considered dependents will be better able to afford health care;

(F) Early retirees will have medical dollars saved to continue health care coverage;

(G) Health care costs and spending increases will be reduced by comparative shopping by consumers for quality health care services; and

(H) The problem of long-term care financing will be substantially reduced by empowering the citizens of this state to save for their future needs.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 3 of Chapter 13 of Title 48 of the Official Code of Georgia Annotated, relating to county and municipal excise tax levies on charges to the public for rooms, lodgings, and accommodations, is amended by striking paragraphs (1) and (2) of subsection (a) of Code Section 48-13-51, relating to the levy and collection of certain excise taxes, and inserting in their places new paragraphs (1) and (2) to read as follows:

“(a)(1) The governing authority of each municipality in this state may levy and collect an excise tax upon the furnishing for value to the public of any room or rooms, lodgings, or accommodations furnished by any person or legal entity licensed by, or required to pay business or occupation taxes to, the municipality for operating a hotel, motel, inn, lodge, tourist camp, tourist cabin, or any other place in which rooms, lodgings, or accommodations are regularly furnished for value. Within the territorial limits of the special district located within the county, each county in this state may levy and collect an excise tax upon the furnishing for value to the public of any room or rooms, lodgings, or accommodations furnished by any person or legal entity licensed by, or required to pay business or occupation taxes to, the county for operating within the special district a hotel, motel, inn, lodge, tourist camp, tourist cabin, or any other place in which rooms, lodgings, or accommodations are regularly furnished for value. No tax shall be levied as provided in this Code section upon the fees or charges for any rooms, lodgings, or accommodations furnished for a period of more than ten consecutive days or for use as meeting rooms. No tax shall be levied as provided in this Code section upon the fees or charges for any rooms, lodgings, or accommodations furnished for a period of one or more days for use by Georgia state or local government officials or employees when traveling on official business. Except as provided in paragraphs (3), (3.1), (3.2), (3.3), (3.4), (3.5), (4), (4.1), (5), and (5.1) of this subsection, no tax levied pursuant to this Code section shall be levied or collected at a rate exceeding 3 percent of the charge to the public for the furnishings.

(2) A county or municipality levying a tax as provided in paragraph (1) of this subsection shall in each fiscal year beginning on or after July 1, 1987, expend for the purpose of promoting tourism, conventions, and trade shows a percentage of the total taxes collected under this Code section which is not less than the percentage of such tax collections expended for such purposes during the immediately preceding fiscal year. In addition, if during such immediately preceding fiscal year any portion of such tax receipts was expended for such purposes through a grant to or a contract or contracts with the state, a department of state government, a state authority, or a private sector nonprofit organization, then in each fiscal year beginning on or after July 1, 1987, at least the same percentage shall be expended through a contract or contracts with one or more such entities for the purpose of promoting tourism, conventions, and trade shows. The expenditure requirements of this paragraph shall cease to apply to a county or municipality which levies a tax at a rate in excess of 3 percent, as authorized under paragraphs (3), (3.1), (3.2), (3.3), (3.4), (3.5), (4), (4.1), (5), and (5.1) of

this subsection; and in such case the expenditure requirements of such paragraph of this subsection pursuant to which such tax is levied shall apply instead.”

A local consolidated government levying a tax pursuant to this paragraph shall expend (in each fiscal year during which the tax is collected under this paragraph (3.5)) an amount equal to the amount by which the total taxes collected under this Code section exceed the taxes which would be collected at a rate of 3 percent for the purpose of promoting tourism, conventions, and trade shows through a contract with a private sector nonprofit organization. In addition to the amounts thus required to be expended, a local consolidated government levying a tax pursuant to this paragraph shall further expend (in each fiscal year during which the tax is collected under this paragraph (3.5)) an amount equal to 16 $\frac{2}{3}$ percent of the total taxes collected at the rate of 6 percent for the purpose of supporting a civic center owned and operated by the local consolidated government.”

SECTION 3.

Said article is further amended by striking paragraph (5.1) of subsection (a) of Code Section 48-13-51, relating to county and municipal levies on public accommodations charges for promotion of tourism, conventions, and trade shows, and inserting in its place a new paragraph (5.1) to read as follows:

(5.1) Notwithstanding any other provision of this subsection, a county (within the territorial limits of the special district located within the county) and the municipalities within a county in which a coliseum and exhibit hall authority has been created by local Act of the General Assembly for a county and one or more municipalities therein, and which local coliseum and exhibit hall authority is in existence on or before January 1, 1991, and which local coliseum and exhibit hall authority has not constructed or operated any facility before January 1, 1991, may levy a tax under this Code section at a rate of 8 percent. A county or municipality levying a tax pursuant to this paragraph shall expend (in each fiscal year during which the tax is collected under this paragraph (5.1)) an amount equal to at least 62 $\frac{1}{2}$ percent of the total taxes collected at the rate of 8 percent for the purpose of: (A) promoting tourism, conventions, and trade shows; (B) funding, supporting, acquiring, constructing, renovating, improving, and equipping buildings, structures, and facilities, including, but not limited to, a coliseum, exhibit hall, conference center, performing arts center, or any combination thereof, for convention, trade show, athletic, musical, theatrical, cultural, civic, and performing arts purposes and other events and activities for similar and related purposes, acquiring the necessary property therefor, both real and personal, and funding all expenses incident thereto, and supporting, maintaining, and promoting such facilities owned, operated, or leased by or to the local coliseum and exhibit hall authority or a downtown development authority; or (C) for some combination of such purposes; provided, however, that at least 50 percent of the total taxes collected at the rate of 8 percent shall be expended for the purposes specified in subparagraph (B) of this paragraph (5.1). taxes, and other taxes imposed by a county or municipality, or both, shall not exceed 13 percent; provided, however, that any sales tax for educational purposes which is imposed pursuant to Article VIII, Section VI, Paragraph IV of the Constitution shall not be included in calculating such limitation. Any tax levied pursuant to this paragraph (5.1) shall terminate not later than December 31, 2028, provided that during any period during which there remains outstanding any obligation issued to fund a facility as contemplated by this paragraph (5.1), secured in whole or in part by a pledge of a tax authorized under this Code section, the powers of the counties and municipalities to impose and distribute the tax imposed by this paragraph (5.1) shall not be diminished or impaired by the state and no county or municipality levying the tax imposed by this paragraph (5.1) shall cease to levy the tax in any manner that will impair the interests and rights of the holder of any such obligation. This proviso shall be for the benefit of the holder of any such obligation and, upon the issuance of any such obligation by a local coliseum and exhibit hall authority or a downtown development authority, shall constitute a contract with the holder of such obligation. Notwithstanding any other provision of this Code section to the contrary, as used in this paragraph (5.1), the term: 'fund' or 'funding' shall include the cost and expense of all things deemed necessary by a local coliseum and exhibit hall authority or a downtown development authority for the construction and operation of a facility or facilities including but not limited to the study, operation, marketing, acquisition, construction, financing, including the payment of principal and interest on any obligation of the local coliseum and exhibit hall authority or the downtown development authority and any obligation of the local coliseum and exhibit hall authority or the downtown development authority to refund any prior obligation of the local coliseum and exhibit hall authority or the downtown development authority, development, extension, enlargement, or improvement of land, waters, property, streets, highways, buildings, structures, equipment, or facilities and the repayment of any obligation incurred by an authority in connection therewith; 'obligation' shall include bonds, notes, or any instrument creating an obligation to pay or reserve moneys and having an initial term of not more than 37 years; 'facility' or 'facilities' shall mean any of the buildings, structures, and facilities described in subparagraph (B) of this paragraph (5.1) and any associated parking areas or improvements originally owned or operated incident to the ownership or operation of such facility used for any purpose or purposes specified in subparagraph (B) of this paragraph (5.1) by a local coliseum and exhibit hall authority or a downtown development authority; and 'downtown development authority' shall mean a downtown development authority created by local Act of the General Assembly for a municipality pursuant to a local constitutional amendment."

The distribution shall be made according to the proportion that the millage rate levied for the state and each other tax jurisdiction or district respectively bears to the total millage rate levied for all purposes applicable to real and tangible personal property having the same taxable situs as the intangible personal property on which the intangible tax was collected. The revenue distributed to municipalities having independent school systems supported by taxes levied by the municipality shall be divided between the municipality and the independent

school system according to the proportion that the millage rate levied by the municipality for nonschool purposes and the millage rate levied for school purposes bear to the total millage rate levied by the municipality for all purposes. The intangible personal property tax digest, returns, and related records shall be confidential and shall not be subject to inspection by any person other than authorized personnel of appropriate tax administrators. Nothing in this Code section, however, shall prevent any disclosure necessary or proper to the collection of any tax in any administrative or court proceeding.

48-6-44.

(a) It shall be unlawful for any person willfully to violate any provision of this article or willfully to fail to do any act required of him by this article.

(b) Any person who violates subsection (a) of this Code section shall be guilty of a misdemeanor.”

48-6-32.

Willful failure to return any property to the commissioner for taxation as required by this article shall be a bar to any action upon the property in any court and may be pleaded ~~as a complete defense~~ to the action, but the holder of the property may at any time pay all taxes, accrued interest, and penalties. Payment in full shall relieve the holder from the penalty provided in this Code section.

Each tax commissioner or tax receiver shall record the value certified by the commissioner, shall assess all property certified but not assessed, and shall cause the aggregate assessments so fixed to be entered on a separate intangible personal property tax digest of the county.

(b) At or before the time certification is made to local officials, the commissioner shall notify the taxpayer of the assessment. The taxpayer shall have 15 days within which he may offer objections.

(c) The commissioner, in the event of an error, may make a corrected certification. In no event shall such a correction be made after the tax has become delinquent under this article.

48-6-36.

Notwithstanding the fact that the assessment of all intangible personal property is fixed by the commissioner, the tax receiver or tax commissioner shall be entitled for his services to his usual commissions as though he himself made the assessment.

48-6-37.

The taxes on property imposed by this article at the rates fixed in this article shall be collected by the tax commissioners or tax collectors, subject to the provisions of law as to remuneration of the tax commissioner or tax collector and subject to all the remedies provided by law for enforcement or collection of real and tangible personal property taxes.

48-6-38.

In all applications to restrain or enjoin the collection of any tax imposed by this article, the judge, should he grant a restraining order or temporary injunction, shall require the petitioner to give a good and sufficient bond payable to the tax commissioner or tax collector in double the amount of the tax the collection of which is sought to be enjoined. The bond shall be approved by the clerk of superior court and shall be conditioned to pay the tax in the event the petitioner does not finally prevail in his effort to resist the payment of the tax. If the petitioner does not finally prevail, the tax commissioner or tax collector shall bring an action on the bond and shall distribute the amount recovered pursuant to Code Sections 48-6-39, 48-6-40, and 48-6-41.

48-6-39.

Each year the millage rates used in the distributions of revenue under this Code section shall be based upon the immediately preceding year's millage rate of each participating tax authority as provided in this article.

48-6-40.

The distribution shall be made according to the proportion that the millage rate levied for the state and each other tax jurisdiction or district respectively bears to the total millage rate levied for all purposes applicable to real and tangible personal property having the same taxable situs as the intangible personal property on which the intangible tax was collected. The revenue distributed to municipalities having independent school systems supported by taxes levied by the municipality shall be divided between the municipality and the independent school system according to the proportion that the millage rate levied by the municipality for nonschool purposes and the millage rate levied for school purposes bear to the total millage rate levied by the municipality for all purposes. The tax levied by this article shall be deemed to be levied by the participating tax authorities in the proportion that the millage rate of each participating tax authority bears to the aggregate millage rate of all the participating tax authorities.

48-6-41.

48-6-42.

The schedules required by this article to be filed with the commissioner shall be subject to hearings and appeals in all respects as provided by law for income taxes.

48-6-43.

The intangible personal property tax digest, returns, and related records shall be confidential and shall not be subject to inspection by any person other than authorized personnel of appropriate tax administrators. Nothing in this Code section, however, shall prevent any disclosure necessary or proper to the collection of any tax in any administrative or court proceeding.

48-6-44.

(a) It shall be unlawful for any person willfully to violate any provision of this article or willfully to fail to do any act required of him by this article.

(b) Any person who violates subsection (a) of this Code section shall be guilty of a misdemeanor.”,

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by adding a new Code section immediately following Code Section 48-2-6, to be designated Code Section 48-2-6.1. to read as follows:

"48-2-6.1.

(a) As used in this Code section, the term 'return information' means any information secured by the commissioner incident to the administration of any tax.

(b) Notwithstanding any other provision of law, the commissioner shall be permitted to disclose any return information to such other persons as may be authorized by law to collect delinquent tax liabilities on behalf of the state to the extent such information is reasonably needed to effect such collections. Such information shall retain its privileged and confidential nature in the hands of such other persons to the same extent and under the same conditions as that information is privileged and confidential in the hands of the commissioner. Any such other person shall be subject to the same civil and criminal penalties as those provided for divulgence of information by employees of the department."

SECTION 2.

Said title is further amended by striking subsection (c) of Code Section 48-7-108, relating to employers' liability for current income tax payment, and inserting in its place a new subsection (c) to read as follows:

"(c) Assessment, collection, and payment. Except as otherwise provided by law, the liability of an employer under subsection (a) of this Code section and the amount of the fund described in subsection (b) of this Code section shall be assessed, collected, and paid in

the same manner and subject to the same provisions and limitations including, but not limited to, penalties as are income taxes. In the event any employer is delinquent in payment of the tax imposed by this article, the commissioner may give notice of the amount of the delinquency by registered or certified mail to all persons having in their possession or under their control any credits or other personal property belonging to the employer and to all persons owing any debts to the employer at the time of receipt by them of the notice. In lieu of registered or certified mail, the notice may be served and the recipient may acknowledge service thereof by telephonic facsimile transmission or by other means of instantaneous electronic transmission. Thereafter, no person so notified shall transfer or make any other disposition of the credits, other personal property, or debts until the commissioner has consented to a transfer or disposition or until 30 days have elapsed after receipt of the notice. Each person so notified must advise the commissioner, within five days after receipt of the notice, of any and all credits, other personal property, or debts in his such person's possession, under his such person's control, or owing by him such person as provided in this Code section."

"(a) Each dealer, on or before the twentieth day of each month, shall transmit returns to the commissioner showing the gross sales and purchases arising from all sales and purchases taxable under this article during the preceding calendar month. The commissioner may provide by regulation for quarterly or annual returns or, upon application, may permit a dealer to file a return on a quarterly or annual basis if deemed advisable by the commissioner. The returns required by this subsection shall be made upon forms prescribed, prepared, and furnished by the commissioner."

In lieu of registered or certified mail, the notice may be served and the recipient may acknowledge service thereof by telephonic facsimile transmission or by other means of instantaneous electronic transmission. Each person so notified must advise the commissioner within five days after receipt of the notice of any and all credits, other personal property, or debts in his such person's possession, under his such person's control, or owing by him such person as provided in this Code section."

SECTION 5.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 7

Said title is further amended by striking in its entirety Code Section 43-40-12, relating to license fees, and inserting in lieu thereof a new Code Section 43-40-12 to read as follows:

"43-40-12.

(a) To pay the expense of the maintenance and operation of the office of the commission and the enforcement of this chapter, the commission shall establish reasonable fees in accordance with Code Sections 43-40-13 and 43-40-3 and in accordance with its rule-making authority. No fee or portion of a fee required under this chapter which is paid to the commission shall be refunded. Each licensee shall be responsible for filing his or her own fees.

(b) When the commission administers an examination, at the time an application for examination is submitted, the commission shall collect from the applicant a fee for the examination and an investigation fee if necessary. If an applicant fails to pass an examination, upon filing a new application and paying an additional fee, the applicant may take another examination as soon as scheduling permits.

(c) Prior to the issuance of an original license, each applicant who has passed the examination required by Code Section 43-40-8 and each corporation, limited liability company, and partnership shall pay an activation fee in advance.

(d) All licenses shall be renewed periodically as determined by the commission in its rules and regulations, and the commission shall charge a fee for any such license renewed. When renewing a license, a broker must complete a form prescribed by the commission regarding the status of such broker's trust account or accounts and any trust account or accounts that the broker allows affiliated licensees to maintain. The time for renewal of a license and the number of years for which it may be renewed shall be in the discretion of the commission. All fees shall be deposited into the state treasury for the expenses of the commission. This Code section shall not obviate any other fees or conditions required to maintain such license in accordance with this chapter. A license not renewed in accordance with this subsection shall be viewed as lapsed.

(e) Applications and fees must be filed personally in the commission's offices during regular business hours or may be mailed to the commission's offices in a letter post-marked by the United States Postal Service. The commission, through its rules and regulations, may establish standards for the filing of applications and fees by electronic means or by courier services.

(f) Any licensee whose license lapses for failure to pay a renewal fee may reinstate that license within two years of the date of its lapsing by paying the total amount of all renewal fees and late charges which would have been due during the period when the license was lapsed plus a reinstatement fee. If any licensee who has passed an examination administered by or approved by the commission allows a license to lapse for a period longer than two years and less than ten years due solely to a failure to pay a renewal fee, the licensee may reinstate that license by paying the total amount of all renewal fees and late charges which would have been due during the period when the license was lapsed plus a reinstatement fee and by successfully completing any educational course or courses which the commission may require. Any licensee whose license has lapsed for longer than ten years for failure to pay a renewal fee and who seeks to reinstate that license must meet the education and examination requirements for that license as set forth in Code Section 43-40-8. Any nonresident licensee whose license lapses for failure to pay a renewal fee may reactivate that license by paying the fee required of an original applicant if such nonresident licensee has maintained an active license in his or her state of residence during the period that his or her license lapsed and has met its continuing education requirements. Any licensee whose license has lapsed for longer than one year and who is not subject to the continuing education requirements of subsection ~~(d)~~ (e) of Code Section 43-40-8 and who reinstates such

license under the terms of this subsection shall thereafter be subject to the continuing education requirements of subsection ~~(d)~~ (e) of Code Section 43-40-8.

(g) Any real estate broker who does not wish to be actively engaged in the brokerage business or any licensee who is temporarily not actively engaged on behalf of a broker may continue a license by making a written request within 14 days of ceasing work that the license be placed on inactive status. Any licensee whose license has been placed on an inactive status may not engage in the real estate brokerage business except in connection with property owned by the licensee. To reinstate a license held on inactive status, a licensee other than a broker must secure the signature of the broker for whom the licensee wishes to act; and a broker must make application to the commission prior to resuming brokerage activity. Any individual licensee who seeks to activate a license which has been on inactive status for a period of two years or longer shall be required to attend a commission approved course of study prior to activating an inactive license. The course of study shall consist of a commission approved education course or courses totaling at least six hours for each year the license was on inactive status. This education requirement for activating a license on inactive status shall not apply to licensees who meet the continuing education requirement of subsection ~~(d)~~ (e) of Code Section 43-40-8 in each renewal period that they are on inactive status nor to licensees who maintained an active license in another state that has continuing education requirements while such licensee's license was on inactive status in Georgia.

(h) Any licensee who places a license on inactive status ~~after June 30, 1985,~~ shall be required to pay the license renewal fee provided for in subsection (d) of this Code section. Whenever any licensee on inactive status fails to pay the required renewal fees, the licensee's license shall be lapsed. ~~Licenses whose licenses were placed on inactive status prior to July 1, 1985, shall remain subject to the conditions for reactivating their licenses which were in effect at the time they placed their licenses on inactive status. However, any license placed on inactive status prior to July 1, 1985, which has been or will be on inactive status for a period of five years or longer shall be lapsed; provided that, if such licensee seeks reinstatement within ten years of placing a license on inactive status, the licensee shall be allowed to reinstate the license under the terms the law permitted at the time the license was placed on inactive status.~~ If a licensee on inactive status changes address, the licensee shall notify the commission of the new address, in writing, within 14 days.

(i) Any check which is presented to the commission as payment for any fee which the commission is permitted to charge under this chapter and which is returned unpaid may be cause for denial of license or for imposing any sanction permitted under Code Section 43-40-25.

(j) Any licensed broker or associate broker who wishes to be licensed as a salesperson may do so by surrendering that broker's license and applying for a license as a salesperson. No examination shall be required of a licensed broker or associate broker who surrenders that license and applies for a salesperson's license. In the event that such person later wishes to be relicensed as a broker, no additional broker's examination shall be required. When a licensee changes status as contemplated in this subsection, the licensee shall be required to pay the same fee as an original applicant.

(k) Should a license be suspended or revoked, as provided for by this chapter, said suspension or revocation shall prevent the licensee from making either application as set out in subsection (j) of this Code section.

(l) Any school approved to offer required education courses under this chapter and instructors approved to teach those courses shall pay the same original application fee and renewal fee established by the commission for broker applicants and licensees. If such approvals lapse, the school or instructor may reinstate the approval by paying the total amount of all renewal fees and late charges which would have been due during the period the approval was lapsed plus a reactivation fee and by successfully completing any educational course or courses which the commission may require.

(m) A reasonable fee, not to exceed the renewal fee charged broker licensees, may be imposed by the commission on a licensee who:

- (3) Fails to respond within 14 days to a written inquiry from the commission requesting further information on any application the licensee has filed with the commission; ~~and~~
- (4) Submits to the commission a check that is returned unpaid.
- (n) Whenever a licensee who resides in a county designated as a disaster area by state or federal authorities suffers uninsured major damage or loss to such licensee's residence or place of business, the commission may extend such licensee's renewal period for up to two years without further payment of any fee by the licensee upon satisfactory proof of the licensee's uninsured major damage or loss. The commission is further authorized to make appropriate adjustments in deadline dates mandated by this chapter for applications filed by applicants and licensees located in counties designated as disaster areas by state or federal authorities."

(b)(1) As used in this Code section, the term:

(B) 'Felony' includes any offense which, if committed in this state, would be deemed a felony, without regard to its designation elsewhere.

(2) Where an applicant for a community association manager's license or a salesperson's license has been convicted of forgery, embezzlement, obtaining money under false pretenses, theft, extortion, conspiracy to defraud, or other like offense or offenses or has been convicted of a felony or a crime involving moral turpitude and has been convicted thereof in a court of competent jurisdiction of this or any other state, district, or territory of the United States, or of a foreign country, such conviction in itself may be a sufficient ground for refusal of a license. An applicant for licensure as an associate broker or a broker who has been convicted of any offense enumerated in this subsection may be licensed by the commission as an associate broker or a broker only if:

(c) Where an applicant or licensee has been found guilty of a violation of the federal fair housing law or Article 4 of Chapter 3 of Title 8 by an administrative law judge or a court of competent jurisdiction and after any appeal of such conviction is concluded, such conviction may in itself be a sufficient ground for refusal of a license or the imposition of any sanction permitted by this chapter.

(d) Where an applicant or licensee has made a false statement of material fact on his or her application or caused to be submitted or been a party to preparing or submitting any falsified application to the commission, such action may, in itself, be a sufficient ground for the refusal, suspension, or revocation of the license.

(f) The conduct provided for in subsections (a), (b), (c), (d), and (h) of this Code section which relates to the denial of a real estate license to an applicant shall also be grounds for imposition of any sanction permitted by this chapter when the conduct is that of a licensee.

Such order of revocation shall be final ten days after it is issued unless the licensee named in the order requests a hearing before the commission. If such licensee requests a hearing, the commission shall file a notice of hearing and provide a hearing for such licensee in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(i) Whenever any licensee is convicted of any offense enumerated in subsection (b) of this Code section, the licensee must immediately notify the commission of that conviction. The licensee's license shall automatically be revoked 60 days after the licensee's conviction unless the licensee makes a written request to the commission for a hearing during that 60 day period. The failure of a licensee to notify the commission of the licensee's conviction within 60 days of the date of that conviction shall be grounds for automatically revoking the licensee's license prior to any hearing at the time the commission receives evidence of that conviction. Following any such hearing held pursuant to this subsection, the commission in its discretion may impose upon that licensee any sanction permitted by this chapter.

(j) Whenever the commission revokes or suspends the license of a community association manager, a salesperson, an associate broker, or a broker, then any school or instructor approval which such licensee holds shall also be revoked or suspended. The following Senate substitute was read:

A BILL

To amend Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, so as to provide for income tax credits for water conservation facilities and qualified water conservation investment property and for reductions, transfers, and shifts from ground-water usage; to provide for definitions and the terms, conditions, and procedures relating to such credits; to provide for a sales and use tax exemption for the sale of certain machinery and equipment used for water conservation purposes or qualified water conservation facility purposes; to provide for effective dates; to provide for applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by adding immediately following Code Section 48-7-40.9, relating to certain income tax credits, new Code sections to read as follows:

“48-7-40.10.

(a) As used in this Code section, the term:

(1) ‘Machinery and equipment’ means all tangible personal property used directly in a ~~minimum 10 percent reduction~~ in permit by relinquishment or transfer of annual permitted water usage from existing permitted ground-water sources.

(2) ‘Qualified water conservation investment’ means all spending by a taxpayer for use in this state for the modification of existing manufacturing processes, for the construction of a new water conservation facility, or for the expansion of an existing water conservation facility provided that such modification, construction, or expansion results in a minimum 10 percent reduction in permit by relinquishment or transfer of annual permitted water usage from existing permitted ground-water sources and has been certified pursuant to rules and regulations promulgated by the Department of Natural Resources as necessary to promote its ground-water management efforts for areas with a multiyear record of consumption at, near, or above sustainable use signaled by declines in ground-water pressure, threats of salt-water intrusion, need to develop alternate sources to accommodate economic growth and development, or any other indication of growing inadequacy of the existing resource.

(3) ‘Water conservation’ means a minimum 10 percent reduction in permit by relinquishment or transfer of annual permitted water usage from existing permitted ground-water sources due to increased efficiencies or recycling of water which results in reduced ground-water usage, or a change from a ground-water source to a surface-water source or an alternate source.

(4) ‘Water conservation facility’ means any facility, buildings, and machinery and equipment used in the water conservation process resulting in a minimum 10 percent reduction in permit by relinquishment or transfer of annual permitted water usage from existing ground-water sources, provided that up to 10 percent of any building that is a component of a water conservation facility may be used for office space to house support staff for the operation.

(b) Any taxpayer who financially participates in qualified water conservation investment in this state shall be allowed a credit against the tax imposed under this article in the taxable year following that in which the modified manufacturing process or the new or expanded water conservation facility has been placed in service and in which the taxpayer has initiated a minimum 10 percent reduction in permit by relinquishment or transfer of annual permitted water usage from existing permitted ground-water sources. This credit shall have a maximum carry forward of ten years, provided that such property remains in service, that the reduction in permit is maintained, and that the property continues to be used by the taxpayer. The amount of the credit allowed under this Code section shall be a percentage of the taxpayer’s qualified water conservation investment. For projects of \$50,000.00 to \$499,999.00, the credit for such taxpayer shall be 10 percent; for projects of \$500,000.00 to \$799,999.00, the credit shall be 8 percent; for projects of \$800,000.00 to \$999,999.00, the credit shall be 6 percent; and for projects of \$1 million or more, the credit shall be 5 percent. The amount of the credit which may be used in any tax year shall not exceed 50 percent of that year’s tax liability as determined without regard to any other credits.

(c) The credit granted under subsection (b) of this Code section shall be subject to the following conditions and limitations:

(1) In order to qualify as a basis for the credit, the modified manufacturing process or the new or expanded water conservation facility must not be placed in service before January 1, 1997. The credit may be only taken with respect to qualified water conservation investment in a project costing \$50,000.00 or more. For every year in which the taxpayer claims the credit, the taxpayer shall attach a schedule to the taxpayer’s income tax return setting forth as a minimum the following information:

(A) The amounts, dates, and nature of the qualified water conservation investments which have allowed a modified manufacturing process or a new or expanded water conservation facility to be placed in service in the prior taxable year;

(B) The amount and date of reduction in permitted ground-water usage occurring as a result of this investment;

- (C) The amount of tax credit claimed for these investments for the current taxable year;
 - (D) The amounts of qualified water conservation investment reported for tax years preceding the prior taxable year;
 - (E) The amounts of tax credit which have been utilized in prior taxable years;
 - (F) The amounts of tax credit which has been carried over from prior years;
 - (G) The amounts of tax credit allowed under this Code section being utilized by the taxpayer in the current taxable year; and
 - (H) The amounts of tax credit to be carried over to subsequent years;
- (2) In the initial year in which the taxpayer claims the credit granted in subsection (b) of this Code section, the taxpayer shall include in the description of the project required by subparagraph (A) of paragraph (1) of this subsection information which demonstrates that the project completed with the qualified water conservation investment had an aggregate cost of \$50,000.00 or more. The taxpayer shall also include a copy of the certification by the Department of Natural Resources under paragraph (2) of this Code section;
- (3) Any lease for a period of five years or longer of any real or personal property resulting from qualified water conservation investment shall be treated as qualified water conservation investment by the lessee. The taxpayer may treat the full value of the leased property as qualified water conservation investment in the taxable year in which the lease becomes binding on the lessor and the taxpayer if all other conditions of this subsection have been met;
- (4) The utilization of the credit granted in this Code section shall have no effect on the taxpayer's ability to claim depreciation for tax purposes on assets acquired by the taxpayer, nor shall the credit have any effect on the taxpayer's basis in such assets for the purpose of depreciation; and
- (5) If, after receiving approval for the water conservation credit, the annual permit for water usage from the same ground-water source is increased, any unused credits will expire immediately.

48-7-40.11.

- (a) As used in this Code section, the term:
- (1) 'Qualified water conservation facility' means any facility including buildings, machinery, and equipment used in the water conservation process provided:
 - (A) The use of the facility results in reduced ground-water usage or utilizes a surface-water source; and

 - (2) 'Shift from ground-water usage' means a minimum 10 percent transfer of annual permitted ground-water usage from ground-water sources due to the purchase of water from a qualified water conservation facility.

- (1) The amount of the credit allowed under this Code section shall be \$.0001 per gallon of the total gallons of relinquished and transferred annual ground-water permit issued after July 1, 1996; and
 - (2) The amount of the credit which may be used in any tax year shall not exceed 50 percent of that year's tax liability as determined without regard to other credits.
- (c) The credit granted under this Code section shall be subject to the following conditions and limitations:
- (1) For every year in which the taxpayer claims the credit, the taxpayer shall attach a schedule to the taxpayer's income tax return setting forth as a minimum the following information:

- (2) In the initial year in which the taxpayer claims the credit granted in subsection (b) of this Code section, the taxpayer shall include a copy of the certification by the Department of Natural Resources under paragraph (2) of subsection (a) of this Code section; and
- (3) If, after receiving approval for the water conservation credit, the annual permit for water usage from the same ground-water source is increased, eligibility to use such credits shall expire immediately."

(i) 'Qualified water conservation facility' means any facility, including buildings, and any machinery and equipment used in the water conservation process resulting in a minimum 10 percent reduction in permit by relinquishment or transfer of annual permitted water usage from existing permitted ground-water sources. In addition, such facility shall have been certified pursuant to rules and regulations promulgated by the Department of Natural Resources as necessary to promote its ground-water management efforts for areas with a multiyear record of consumption at, near, or above sustainable use signaled by declines in ground-water pressure, threats of salt-water intrusion, need to develop alternate sources to accommodate economic growth and development, or any other indication of growing inadequacy of the existing resource.

(ii) 'Water conservation' means a minimum 10 percent reduction resulting in the relinquishment of transfer of annual permitted water usage from existing ground-water sources due to increased manufacturing process efficiencies or recycling of manufacturing process water which results in reduced ground-water usage, or a change from a ground-water source to a surface-water source or an alternate source.

(C) Any person making a sale of machinery and equipment for the purposes specified in this paragraph shall collect the tax imposed on this sale unless the purchaser furnishes such person with a certificate issued by the commissioner certifying that the purchaser is entitled to purchase the machinery and equipment without paying the tax;"

(iii) 'Notice' means a ~~written~~ communication ~~containing~~ all of the disclosures required by this paragraph to be ~~received by a participant given to a consumer that has been selected, or has purportedly been selected, to participate in a promotion. If the original notice is in writing, it shall include all of the disclosures required by this paragraph. If the original notice is oral, it shall include all of the disclosures required by this paragraph and shall be followed by a written notice to the consumer of the same disclosures. In all cases, written notice shall be received by the consumer before any agreement or other arrangement is entered into which obligates the consumer in any manner.~~

(iv) 'Participant' means a person who is offered an opportunity to participate in a promotion.

~~(v) 'Prize' means a gift, award, or other item to be distributed in a promotion.~~

~~(vi)~~(v) 'Promoter' means the person conducting the promotion.

~~(viii)~~(vii) 'Verifiable retail value,' when referring to a prize, means:

(I) The price at which the promoter or sponsor can substantiate that a substantial number of those prizes have been sold at retail by someone other than the promoter or sponsor; or

(II) In the event that substantiation as described in subdivision (I) of this division is not readily available to the promoter or sponsor, no more than three times the amount which the promoter or sponsor has actually paid for the prize.

(A.1) Persons who are offered an opportunity to participate in a promotion must be given a notice as required by this paragraph. The written notice must be ~~in the hands of~~ given to the participant either prior to the person's traveling to the place of business or, if no travel by the participant is necessary, prior to any seminar, sales presentation, or other presentation, by whatever name denominated. ~~Notices~~ Written notices may be delivered by hand, by mail, by newspaper, or by periodical. Any offer to participate made through any other medium must be preceded by or followed by the required written notice at the required time. It is the intent of this paragraph that full, clear, and meaningful disclosure shall be made to the participant in a manner such that the participant can fully study and understand the disclosure prior to deciding whether to travel to the place of participation or whether to allow a presentation to be made in the participant's home; and that this paragraph be liberally construed to effect this purpose. The notice requirements of this

paragraph shall be applicable to any promotion offer made by any person in the State of Georgia or any promotion offer made to any person in the State of Georgia; (B) The ~~promotional giveaway or contest promotion~~ must be an advertising and promotional ~~undertaking~~ in good faith, solely for the purpose of advertising the goods, services, or property, real or personal, of the sponsor. The notice shall contain the name and address of the promoter and of the sponsor, as applicable. The promoter and the sponsor may be held liable for any failure to comply with the provisions of this paragraph;

(C) ~~A Notwithstanding that a promotion in which there is a nominal charge for a prize is subject to regulation under this paragraph,~~ that promotion shall be a violation of this paragraph if a person is required to pay any money or furnish any consideration for the prize, other than the consideration of traveling to the place of business or to the presentation or of allowing the presentation to be made in the participant's home, in order to receive any prize; provided, however, that the payment of any deposit made in connection with an activity described in subparagraph (B) of paragraph (22) of this subsection shall not constitute a requirement to pay any money under this subparagraph;

(D) Each notice must state the verifiable retail value of each prize which the participant has a chance of receiving. Each notice must state the odds of the participant's receiving each prize if there is an element of chance involved. The odds must be clearly identified as 'odds.' Odds must be stated as the total number of that particular prize which will be given and of the total number of notices. The total number of notices shall include all notices in which that prize may be given, regardless of whether it includes notices for other sponsors. If the odds of winning a particular prize would not be accurately stated on the basis of the number of notices, then the odds may be stated in another manner, but must be clearly stated in a manner which will not deceive or mislead the participant regarding the participant's chance of receiving the prize. The verifiable retail value and odds for each prize must be stated in conjunction and in immediate proximity with each listing of the prize in each place where it appears on the written notice and must be listed in the same size type and same boldness as the prize. Odds and verifiable retail values may not be listed in any manner which requires the participant to refer from one place in the written notice to another place in the written notice to determine the odds and verifiable retail value of the particular prize. (F) No participant shall be required or invited to view, hear, or attend any sales presentation, by whatever name denominated, unless such requirement or invitation has been conspicuously disclosed to the participant in the written notice in at least ten-point boldface type;

(G) ~~In the Except in relation to an activity described in subparagraph (B) of paragraph (22) of this subsection, in no event shall any prize be offered or given which will require the participant to purchase additional goods or services, including shipping fees, handling fees, or any other charge by whatever name denominated, from any person in order to make the prize conform to what it reasonably appears to be in the mailing or delivery, such requirement and the additional cost to the participant must be clearly disclosed in each place where the prize is listed in the notice; this disclosure shall be made by using the following appropriately completed statement: unless such requirement and the additional cost to the participant is clearly disclosed in each place where the prize is listed in the written notice using a statement in the same size type and boldness as the prize listed~~

~~'You must pay \$ _____ in order to receive this item.'~~

~~This statement shall be in the same size type and same boldness as the prize listed;~~
 (H) Any limitation on eligibility of participants must be clearly disclosed in the notice;

(I) ~~Substitutes of prizes~~ shall not be made. A BILL

To amend Chapter 3 of Title 15 of the Official Code of Georgia Annotated, relating to the Court of Appeals, so as to increase the membership of the Court of Appeals; to provide that the court shall sit in four divisions; to provide for the manner in which cases are heard; to provide for the manner in which decisions can be overruled; to specify what constitutes a quorum; to provide for election and term of office; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 3 of Title 15 of the Official Code of Georgia Annotated, relating to the Court of Appeals, is amended by striking in its entirety Code Section 15-3-1, relating to the composition and division of the Court of Appeals, and inserting in lieu thereof a new Code Section 15-3-1 to read as follows:

"15-3-1.

(a)Composition. The Court of Appeals shall consist of ~~nine~~ ten Judges who shall elect one of their number as Chief Judge, in such manner and for such time as may be prescribed by rule or order of the court.

(b)Divisions. The court shall sit in three divisions composed of three Judges in each division. Two Judges shall constitute a quorum of a division. The assignment of Judges

to each division shall be made by the Chief Judge, and the personnel of the divisions shall from time to time be changed in accordance with rules prescribed by the court. The Chief Judge shall designate the Presiding Judges of the three divisions and shall, under rules prescribed by the court, distribute the cases among the divisions in such manner as to equalize their work as far as practicable.

(c)How cases heard.

(1) Each division shall hear and determine, independently of the others, the cases assigned to it, except that ~~all members of the court, sitting as one court, shall pass on and determine the division next in line in rotation and a seventh Judge shall participate in the determination of each case in which there is a dissent in the division to which the case was originally assigned.~~

(2) In all cases which involve one or more questions which, in the opinion of the majority of the Judges of the division or of the two divisions plus a seventh Judge to which a case is assigned, should be passed upon by all the members of the court, ~~sitting as one court~~, the questions may be presented to all the members of the court; ~~sitting as one court~~; and if a majority of all the members of the court, ~~sitting as one court~~, decide that the question or questions involved should, in their judgment and discretion, be decided by all the members of the court, ~~sitting as one court~~, the case shall be passed upon by all the members of the court, ~~sitting as one court~~, provided that a majority of the Judges passing upon the case concur in the judgment.

(3) In neither class of cases referred to in this subsection shall there be oral argument except before the division to which the cases are originally assigned.

(d)How decision of ~~division~~ overruled. It being among the purposes of this Code section to avoid and reconcile conflicts among the decisions ~~of the three divisions made by less than all of the Judges on the court~~ and to secure more authoritative decisions, it is provided that when the two divisions plus a seventh Judge sit as one court ~~composed of all three divisions~~ the court may, by the concurrence of a majority, overrule any previous decision ~~by any division alone~~, in the same manner as prescribed for the Supreme Court. As precedent, a decision by such ~~entire~~ court with a majority concurring shall take precedence over a decision by any division or two divisions plus a seventh Judge. A decision concurred in by all the ~~judges~~ Judges shall not be overruled or materially modified except with the concurrence of all the ~~judges~~ Judges.

(e)Quorum. When all the members of the court are sitting together as one court, ~~five~~ six Judges shall be necessary to constitute a quorum. In all cases decided by such court as a whole by less than ~~nine~~ ten Judges, the concurrence of at least five shall be essential to the rendition of a judgment.

(f)Oral arguments. The Court of Appeals may hear oral arguments at places other than the seat of government. Reasonable notice shall be given of such hearings.

(g)Assistance of other judges; procedure. Whenever the court unanimously determines that the business of the court requires the temporary assistance of an additional judge or additional judges or one additional panel, the court may request the assistance of senior appellate judges as provided in Chapter 3A of this title or senior superior court judges as provided in Article 8 of Chapter 10 of Title 47. The ~~judge~~ Judge whose case assignment is transferred to the additional judge shall not vote on the case."

SECTION 2.

Said chapter is further amended by striking in its entirety Code Section 15-3-4, relating to the election and term of office of Judges of the Court of Appeals, and inserting in lieu thereof a new Code Section 15-3-4 to read as follows:

"15-3-4.

and an initial successor to the Judge appointed by the Governor on or after July 1, 1996, shall be duly elected and qualified at the general state election to be held in 1998. Such successor shall serve until January 1, 2001, and a successor to that Judge shall be duly elected and qualified at the general state election to be held in 2000. Thereafter, successors to such Judge shall be elected and qualified at each six-year interval. The terms of the Judges shall begin on January 1 following their election and, except as provided above, shall continue for six years and until their successors are qualified. They shall be commissioned accordingly by the Governor."

SECTION 3.

This Act shall become effective on July 1, 1996.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

By renumbering Sections 3 and 4 as Sections 4 and 5, respectively.

By inserting a new Section 3 to read as follows:

"SECTION 3.

Code Section 15-6-29 of the Official Code of Georgia Annotated, relating to compensation of superior court judges, is amended by adding at its end a new subsection (c) to read as follows:

'(c) When a new superior court judgeship is created by law for any judicial circuit, the new superior court judge shall upon taking office become entitled to and shall receive from the county or counties comprising the circuit the same county salary supplement, if any, then in effect for the other judge or judges of the judicial circuit. Such salary supplement for such new judge shall be authorized by this subsection and no other legislation or local legislation shall be required in order to authorize such salary supplement, but nothing in this Code section shall be construed to prohibit the enactment of local legislation relating to such salary supplements. A publication of notice of intention to introduce local legislation as provided for in Code Section 28-1-14 shall be required for any local legislation granting, changing the amount of, or removing a salary supplement; but no publication of notice of intention shall be required for a bill creating one or more new superior court judgeships."

A RESOLUTION

Creating the Joint Coastal Zone Management Study Committee; and for other purposes.

WHEREAS, Georgia's coastal economy such as tourism, industrial facilities, and fisheries are dependent upon the continued health and abundance of coastal resources, and the recent crush of human population along the coast has put a severe strain on both facilities and resources; and

WHEREAS, with a coastal zone management program, the state would gain additional legal authority through federal approval to review activities in border states that are injurious to Georgia's economy and coastal resources; and

WHEREAS, with a comprehensive coastal management program, the state bureaucracy may be reduced and consolidated to provide better, more efficient service, and Georgia would receive its share of federal funding for local projects.

NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY OF GEORGIA that there is created the Joint Coastal Zone Management Study Committee to be composed of a total of ten members, consisting of four members of the Senate to be appointed by the President of the Senate, four members of the House of Representatives to be appointed by the Speaker of the House of Representatives, and, as ex officio members, the chairperson of the Senate Natural Resources Committee and the chairperson of the House Committee on Natural Resources and the Environment who shall be cochairpersons of the committee. Either cochairperson may call meetings of the committee.

BE IT FURTHER RESOLVED that the committee shall undertake a study of the conditions, needs, issues, and problems mentioned above or related thereto and recommend any actions or legislation which the committee deems necessary or appropriate. The committee may conduct such meetings at such places and at such times as it may deem necessary or convenient to enable it to exercise fully and effectively its powers, perform its duties, and accomplish the objectives and purposes of this resolution. The members of the committee shall receive the allowances authorized for legislative members of interim legislative committees but shall receive the same for not more than five days unless additional days are authorized. The funds necessary to carry out the provisions of this resolution shall come from the funds appropriated to the Senate and House of Representatives. SB 446. By Senator Boshears of the 6th:

A bill to amend Code Section 49-4-15 of the Official Code of Georgia Annotated, relating to fraud in obtaining and wrongful receipt of public assistance and benefits, so as to change provisions relating to definitions of criminal offenses and penalties; to specifically provide that it shall be a criminal offense for any person to accept assistance and benefits with the knowledge that he or she is not eligible for such assistance or benefits.

The following Committee substitute was read:

A BILL

To amend Code Section 49-4-15 of the Official Code of Georgia Annotated, relating to fraud in obtaining public assistance, food stamps, or Medicaid, so as to change provisions relating to prosecution of such criminal offenses; to provide for the deferral of such prosecutions under certain conditions; to provide for procedures relative to such deferrals; to provide for consent agreements between the prosecuting attorney and the accused; to provide for the contents and effect of such consent agreements; to provide for restitution; to provide for the filing of such consent agreements; to provide that the successful completion of the terms and conditions of a consent agreement shall bar criminal prosecution for such offense; to provide for prosecution upon failure to comply with such an agreement; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 49-4-15 of the Official Code of Georgia Annotated, relating to fraud in obtaining public assistance, food stamps, or Medicaid, is amended by adding after subsection (b) new subsections (c) and (d) to read as follows:

“(c) Any felony offense under this Code section may be prosecuted by accusation as provided in Code Section 17-7-70.1.

(d)(1) Prior to the filing of an accusation or the return of an indictment, a prosecuting attorney may defer further prosecution of such accusation or indictment and shall have the authority to enter into a consent agreement with the individual in which such individual admits to any overpayment, consents to disqualification for such period of time as is or may hereafter be provided by law, and agrees to repay, as restitution, such overpayment. Such agreement may provide for a lump sum repayment, installment payments, formula reduction of benefits, or any combination thereof. Such agreement shall toll the running of the statute of limitations for such offense for the

period of the agreement. A consent agreement entered into in accordance with this subsection shall not constitute a criminal charge.

(2) Any such agreement shall be filed in the criminal docket of the court having jurisdiction over the violation of this Code section without the necessity of the state filing an accusation or an indictment being returned by a grand jury. The clerk shall enter upon the docket 'CONSENT AGREEMENT NOT A CRIMINAL CHARGE.'

(3) Upon successful completion of the terms and conditions of the consent agreement, criminal prosecution of the individual for such offense shall be barred; provided, however, that nothing in this paragraph shall prohibit the state from introducing evidence of such offense as a similar transaction in any subsequent prosecution or for the purpose of impeachment. The successful completion of the terms and conditions of the agreement shall not be considered a criminal conviction.

(4) If the individual fails to comply with the terms of such consent agreement, the state may proceed with a criminal prosecution."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 2 of Chapter 5 of Title 12 of the Official Code of Georgia Annotated, relating to the control of water pollution and surface-water use, is amended by striking in its entirety Code Section 12-5-23.2, relating to the prohibited discharge of certain waste water, which reads as follows:

“12-5-23.2.

Notwithstanding the provisions of Code Section 12-5-23 or any rule, regulation, or order adopted or issued pursuant to this article, no person who has been issued a National Pollutant Discharge Elimination System permit which allows the discharge of 1,000,000 gallons or more per day from a water pollution control plant operated by such person which discharges waste water into the Chattahoochee River between Buford Dam and West Point Reservoir shall discharge waste water from any such water pollution control plant on or after January 1, 1992, which contains more than 0.75 milligrams of phosphorus per liter of waste water on a monthly average basis or which fails to comply with any stricter standard adopted pursuant to Code Section 12-5-23; provided, however, that, notwithstanding the provisions of this Code section, any person who has been issued a National Pollutant Discharge Elimination System permit and who has entered into a finalized consent order shall conform to the schedule adopted in such order, but in no event shall compliance with the discharge limitation provided by this Code section be extended beyond July 4, 1996, and the order shall require that person to make his best efforts to achieve compliance with the discharge limitation by December 31, 1993.”, and inserting in lieu thereof the following:

“12-5-23.2.

(a) Notwithstanding the provisions of Code Section 12-5-23 or any rule, regulation, or order adopted or issued pursuant to this article, no person who has been issued a National Pollutant Discharge Elimination System permit which allows the discharge of 1,000,000 gallons or more per day from a water pollution control plant operated by such person which discharges waste water into the Chattahoochee River between Buford Dam and West Point Reservoir shall discharge waste water from such person's water pollution control plants which contains more than 0.75 milligrams of phosphorus per liter of waste water on a monthly average basis or which fails to comply with any stricter standard adopted pursuant to Code Section 12-5-23.

(b) Notwithstanding the provisions of subsection (a) of this Code section, any person who has been issued a National Pollutant Discharge Elimination System permit and who has entered into a finalized consent order shall conform to the schedule adopted in such order as such order appeared on the date this subsection became effective. Except as provided in subsection (c) of this Code section, compliance with the discharge limitation provided by this Code section shall not be extended beyond July 4, 1996, and the order shall require that person to make his or her best efforts to achieve compliance with the discharge limitation by December 31, 1993.

(c)(1) Notwithstanding the provisions of subsection (b) of this Code section, any person who entered into a consent order as provided in subsection (b) of this Code section but fails to complete the required phosphorus reduction improvements by July 4, 1996, shall not later than such date submit to the division a schedule stipulating annual construction milestones for the completion of all improvements required to achieve a discharge level of 0.64 milligrams of phosphorus per liter of water at each of such person's individual waste-water plants by not later than January 1, 2001; provided, however, that such person shall not discharge waste water from such person's water pollution control plants after February 1, 1997, which exceeds 0.64 milligrams of phosphorus per liter of water.

(2) If the director approves the schedule submitted pursuant to paragraph (1) of this subsection, such person shall be bound by that schedule. If the director does not approve said schedule by August 1, 1996, the director shall not later than September 1, 1996, establish an alternative schedule with a final completion date not later than January 1, 2001, and such person shall be bound by the alternative schedule.

(3) Any monetary penalties stipulated in any consent order regarding phosphorus effluent limitations executed by the director and another person prior to the date this subsection became effective shall be the only monetary penalties required to be paid by such person as long as such person is in compliance with the construction milestones in the schedule approved or established by the director in paragraph (2) of this subsection; provided, however, that if such order is declared invalid by the courts, then the penalties for noncompliance with subsections (a) or (b) of this Code section shall be as provided for in Code Sections 12-5-51 through 12-5-53.

(4) If such person fails to meet a construction milestone, he or she shall pay a penalty in the amount of \$25,000.00 per day until that construction milestone is met. If a particular construction milestone is not met for six months after the date specified, the penalty shall be increased to \$100,000.00 per day until that construction milestone has been met. Failure to meet a construction milestone shall not affect the date of any succeeding construction milestones.

(5) If the person fails to complete all required construction by January 1, 2001, he or she shall pay a civil penalty in the amount of \$100,000.00 per day until construction is completed. After construction is completed, the suspension of the liabilities and penalties provided for in Code Sections 12-5-51 through 12-5-53 for noncompliance with the provisions of subsection (a) of this Code section shall be ended.

(6) If in any month after July 1, 1996, and before December 31, 1998, a person discharges waste water from such person's water pollution control plants containing more than 0.75 milligrams of phosphorous per liter of water on a monthly average basis; or if in any month after January 1, 1999, and before December 31, 2000, a person discharges waste water from such person's water pollution control plants containing more than 0.64 milligrams of phosphorous per liter of water on a monthly average basis; or if in any month after January 1, 2001, a person discharges waste water from any individual water pollution control plant containing more than 0.64 milligrams of phosphorous per liter of water on a monthly average basis, such person shall not permit any additional sewer connections within such person's corporate limits until he or she has been in compliance with such provisions for three consecutive months. The provisions of this subsection shall apply without regard to the provisions of paragraphs (1) through (5) of this subsection and shall not be suspended or terminated."

SECTION 2.

Said article is further amended by inserting at the end of Code Section 12-5-29, relating to sewerage and waste disposal and related matters, the following:

"(d)(1) The director shall not authorize any new water pollution control discharge permit which if granted would permit water drawn from one river basin to be deposited into another river basin in the discharge of sewerage, industrial waste, treated waste water, or other wastes unless for both the basin of origin and receiving river basin unless:

(A) The director has assessed all waters in order to identify those waters for which applicable effluent limitations are not sufficiently stringent to allow such waters to meet applicable water quality standards and has established total limitations for the pollutants which cause the waters to fail to achieve such water quality standards;

(B) The director has established water quality standards for the nearest downstream lake as provided in Code Section 12-5-23.1; and

(C) All applicable provisions of this article and all rules and regulations promulgated pursuant to this article are met.

(2) All new permits issued after January 1, 2001, discharging in excess of 3 million gallons per day, shall be required to meet a minimum standard of 0.30 milligrams of phosphorus per liter of waste water.

- (3) The provisions of this subsection shall not apply to the reissuance of existing permits, permits for the expansion of existing facilities, permits for the withdrawal of water for agricultural use, or permits for mining activities which use water for the transportation of materials.
- (e) If any treatment plant is not in compliance with permit requirements at any time between July 1, 1996, and July 1, 1997, the division shall be authorized to decrease the permitted capacity of such treatment plant in an amount up to 10 percent of the permitted capacity and may issue a new permit based upon such amount of decrease."

SECTION 3.

Said article is further amended by striking in its entirety subsection (c) of Code Section 12-5-29.1, relating to combined sewer overflows and related matters, and inserting in lieu thereof the following:

"(c)(1) The plan required by subsection (b) of this Code section shall include, as a minimum, provision for realistic implementation of means to eliminate sewage overflow or effectuate treatment of overflow to meet or exceed such water quality standards in accordance with the following schedules:

(1)(A) Any person who submitted a plan pursuant to subsection (b) of this Code section prior to August 1, 1990, shall implement such plan so that construction is substantially complete and operational to meet the water quality standards in the receiving stream or permit limits as defined by the director not later than December 31, 1993; and

(2)(B) Any person who did not submit a plan pursuant to subsection (b) of this Code section prior to August 1, 1990, shall comply with the following schedule:

(A)(i) The director shall define the design conditions of subsection (b) of this Code section by December 31, 1991, using information provided by CSO owners and information collected by the director;

(B)(ii) The CSO owners shall prepare approvable plans and specifications by October 1, 1992, and, based on the director's approval of plans and specifications by December 31, 1992, the owners shall commence construction of the approved CSO facilities by April 1, 1993; and

(C)(iii) The construction shall be substantially complete and operational to meet the water quality standards in the receiving stream or permit limits as defined by the director by December 31, 1995.

(2) Any person The owner of any combined sewer overflow system which discharges into the Chattahoochee River or its tributaries who fails failed to implement an approved plan by the dates provided in this subsection December 31, 1995, shall, after the applicable date and until such person implements an approved plan, be subject to in lieu of the liability and penalties provided in Code Sections 12-5-51, 12-5-52, and through 12-5-53, pay a civil penalty in the amount of \$10,000.00 per day until the construction is completed but not later than October 1, 1997, after which date the penalty shall be increased to \$100,000.00 per day until construction is completed; provided, however, that if such person owns or operates two separate combined sewer overflow systems, he or she shall pay a separate penalty on the second such system in the amount of \$10,000.00 per day until construction is completed, but not later than July 1, 1998, after which date the penalty shall be increased to \$100,000.00 per day for such system. On and after the dates the penalties for each such system increase to \$100,000.00 per day, the owner or operator shall be subject to the liabilities and penalties provided in Code Sections 12-5-51 through 12-5-53 with regard to the respective system.

(3) In addition to the penalties provided in paragraph (2) of this subsection, the owner or operator of a combined sewer overflow system shall not permit any additional sewer connections to such system until construction has been completed."

SECTION 1.

There is created the Board of Commissioners of Stewart County to be elected and organized as provided for in this Act. The board of commissioners shall be the successor to the office of commissioner of Stewart County and shall continue to have the obligations and liabilities of the commissioner of Stewart County as they existed immediately prior to January 1, 1997. The board of commissioners shall constitute the governing authority of Stewart County and shall exercise the powers, duties, and responsibilities vested in and upon said officers by the provisions of this Act. The term "board," whenever used in this Act, shall mean the Board of Commissioners of Stewart County, including the chairperson and all members.

SECTION 2.

(a) The Board of Commissioners of Stewart County shall consist of a chairperson and two additional commissioners. The chairperson shall be a resident of the county and shall be elected by the electors of the county at large. Each of the other two commissioners shall

be a resident of his or her respective commissioner district described in subsection (b) of this section and shall be elected by the electors of such district as provided in Section 3 of this Act.

(b) For the purpose of electing members of the board of commissioners, Stewart County shall be divided into two commissioner districts. One member of the board shall be elected from each such district. Those districts shall consist of the territory of Stewart County as contained in the description of the districts attached to this Act and made a part hereof and further identified as: "Operator: local Client: stewart Plan: stewart6."

(c) For purposes of subsection (b) of this section:

(1) The terms "Tract," "Block," and "VTD" shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 1990 for the State of Georgia;

(2) The term "Precinct" is synonymous with the term "voting precinct" and means a geographical area designated by Article 7 of Chapter 2 or 3 of Title 21 of the O.C.G.A., within which all electors vote at one polling place;

(3) Whenever the description of any commissioner district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census map for the United States decennial census of 1990 for the State of Georgia;

(4) Precinct names and designations following VTD designations are included for convenience only; and in the event the description of any commissioner district contains a conflict between the geographical boundaries of any VTD and the boundaries of the following named precinct, the geographical boundary of the VTD as shown on the census maps for the United States decennial census of 1990 for the State of Georgia shall control;

(5) Any part of Stewart County which is not included in any commissioner district described in subsection (b) of this section shall be included within that commissioner district contiguous to such part which contains the least population according to the United States decennial census of 1990 for the State of Georgia; and

(6) Any part of Stewart County which is described in subsection (b) of this section as being included in a particular commissioner district shall nevertheless not be included within such commissioner district if such part is not contiguous to such commissioner district. Such noncontiguous part shall instead be included within that commissioner district contiguous to such part which contains the least population according to the United States decennial census of 1990 for the State of Georgia.

SECTION 3.

(a) No person shall be a member of the board if that person is ineligible for such office pursuant to Code Section 45-2-1 of the O.C.G.A. or any other general law.

(b) In order to be elected as chairperson of the board, a person must be 21 years of age or older, must have resided in the county for at least 12 months prior to election thereto, and must receive the number of votes cast for that office by the electors of Stewart County as required by the general laws of this state for election to such office. A person elected as chairperson of the board must continue to reside in the county during that person's term of office or that office shall thereupon become vacant. In order to be elected as a member of the board from a commissioner district, a person must be 21 years of age or older, must have resided in that district for at least 12 months prior to election thereto, and must receive the number of the votes cast for that office by the electors of the district as required by the general laws of this state for election to such office. At the time of qualifying for election as a member of the board from a commissioner district, each candidate for such office shall specify the commissioner district for which that person is a candidate. A person elected as a member of the board from a commissioner district must continue to reside in that district during that person's term of office or that office shall thereupon become vacant.

SECTION 4.

(a) The members of the Board of Commissioners of Stewart County shall be elected at a special election conducted on the date of the state-wide general election on the Tuesday next following the first Monday in November, 1996. The chairperson and other members

of the board elected thereto shall take office on the first day of January immediately following that election and shall serve for initial terms of office which expire December 31, 2000, and upon the election and qualification of their respective successors. Those and all future successors to the members of the board whose terms of office are to expire shall be elected at the state-wide general election immediately preceding the expiration of such terms, shall take office on the first day of January immediately following that election, and shall serve for terms of office of four years. Members of the board shall serve for the terms of office specified therefor in this subsection and until their respective successors are elected and qualified.

(b) All members of the board who are elected thereto shall be nominated and elected in accordance with Chapter 2 of Title 21 of the O.C.G.A., the "Georgia Election Code."

(c) The commissioner of Stewart County who is in office on January 1, 1996, or any person filling a vacancy in such office, shall serve out the remainder of that person's term of office until the regular expiration of the term of office on December 31, 1996.

SECTION 5.

(a) In the event of a vacancy occurring on or after January 1, 1997, in the membership of the board for any reason other than expiration of term, that vacancy shall be filled as provided in this section.

(b) In the event a vacancy occurs on the board of commissioners when at least 180 days remain in the unexpired term of office, the election superintendent of Stewart County, within 15 days after the vacancy occurs, shall issue the call for a special election to fill the vacancy for the unexpired term. Such special election shall be called and conducted as provided in Chapter 2 of Title 21 of the O.C.G.A., the "Georgia Election Code," as now or hereafter amended. Any person elected in a special election to fill such a vacancy shall take office immediately upon certification of the results of such special election and qualification. If such vacancy is in the office of chairperson of the board of commissioners, the vice chairperson of the board shall exercise the powers and duties of the chairperson for the period beginning on the date the vacancy occurs and ending on the date the successor chairperson is elected for the unexpired term.

(c) In the event a vacancy occurs on the board of commissioners when less than 180 days remain in the unexpired term of office, the remaining members of the board of commissioners shall appoint a qualified person to fill the vacancy for the unexpired term. Any person appointed by the board to fill a vacancy as provided in this subsection shall possess the residency and other qualifications required for the office and shall take office immediately upon appointment and qualification. If such vacancy is in the office of chairperson of the board of commissioners, the vice chairperson of the board shall exercise the powers and duties of the chairperson for the period beginning on the date the vacancy occurs and ending on the date the successor member of the board takes office for the unexpired term following his or her appointment as provided for in this subsection.

(d) A vice chairperson serving as chairperson shall be authorized to vote as a member of the board of commissioners during such service.

SECTION 6.

Before entering upon the discharge of their duties, the commissioners shall subscribe an oath before the judge of the probate court of said county for the true and faithful performance of their duties and that they are not the holders of any public funds unaccounted for. In addition, the chairperson shall further give a satisfactory surety bond to the judge of the probate court of the county and payable to the judge of the probate court or that judge's successor in office and filed in the office of the judge of the probate court, in the sum of \$50,000.00, conditioned upon the faithful performance of the duties of the office. Each commissioner shall give like bond in the sum of \$10,000.00. The costs of said bonds shall be paid out of the county treasury.

Commissioners, other than the chairperson, shall be paid a salary of \$250.00 per month. Such compensation shall be paid in equal monthly installments from the funds of Stewart County.

(b) The chairperson and the other commissioners may be reimbursed for reasonable expenses incurred in carrying out their duties. Expenses may be reimbursed only after the submission of receipts for said expenses to the county clerk and the approval by majority vote of the board of commissioners at a regularly scheduled meeting. The chairperson and commissioners shall be entitled to compensation for serving on any other boards or authorities for which their membership is provided by law.

SECTION 8.

At the first regular meeting of each odd-numbered year, the board of commissioners shall select from its members a vice chairperson. Section 58. Wherever in this Act the terms "Budget Unit Object Classes" or "Combined Object Classes For Section" are used, it shall mean that the object classification following such term shall apply to the total expenditures within the Budget Unit or combination of budget units within a designated section, respectively, and shall supersede the object classification shown in the Governor's Budget Report.

For budget units within the Legislative Branch, all transfers shall require prior approval of at least eight members of the Legislative Services Committee in a meeting of such Committee, except that no approval shall be required for transfers within the Senate Functional Budget or the House Functional Budget.

Section 59. There is hereby appropriated a specific sum of Federal grant funds, said specific sum being equal to the total of the Federal grant funds available in excess of the amounts of such funds appropriated in the foregoing sections of this Act, for the purpose of supplanting appropriated State funds, which State funds shall thereupon be unavailable for expenditure unless re-appropriated by the Georgia General Assembly. This provision shall not apply to project grant funds not appropriated in this Act.

Representative Goodwin of the 79th stated that he had been called from the floor of the House during the preceding roll call. He wished to be recorded as voting "nay" thereon.

House Bill 1265 contains many good and justifiable expenses; however, someone must raise the caution flag about the state's increasing bond debt and the expenses that are not justifiable. The outstanding debt as of March 12, 1996 is just over 5 billion dollars. This will require over 4 million dollars of debt service in fiscal year 1997 alone. The bond debt was increased by the conference committee even higher than when HB 1265 left the House Chamber and the Senate Chamber. Taxpayers were told no tax money would be spent on the Olympics and this document contains millions of expenditures specifically for the Olympics. There are several good expenditures such as some educational support, maintenance and operation, lunch room workers, bus drivers and janitors; however, questions continue to surface as we spend tax dollars to manage the flathead catfish population and the process local money is distributed. The Department of Community Affairs contains several good projects and several questionable. We must stop the growing state debt and my no vote expresses this, but it is incorrect to say I am opposed to the good projects.

I voted in favor of HB 1265, the 1997 Fiscal Year budget, because I believe that it follows the precedent established by former President Ronald Reagan in that it slows the traditional rate of growth of state government. Moreover this budget is a result of a purposeful effort by the Governor to examine the continuation budget and to redirect funds based upon public priorities, which process I support and would like to see performed not just this once, but annually.

Mr. Robbie Rivers
Clerk of the House of Representatives
309 Capitol Building
Atlanta, Georgia 30334

Dear Mr. Rivers:

Pursuant to rule 137 I submit these comments to explain my "NO" vote on H.B. 1265, the FY 1997 General Appropriations Act.

I support many things in this budget, including a six percent pay raise for teachers, the governors redirection, privatization of prisons, the abolishment of the Merit System, in addition to many other properly funded items in the budget, including capital outlay for fast growing school systems that greatly benefits Cobb County. Unfortunatley, the amount of bond indebtedness in this Conference Committee report greatly exceeds both the House and Senate versions. This additional bond debt will push our total state debt to over five BILLION DOLLARS. That's right \$5,000,000,000! This deficit spending must stop, and for that reason I voted "No"

Sincerely,
/s/ Mitchell A. Kaye, Sr.

Any member of the county board of tax assessors shall be eligible for reappointment after review of his or her service on the board by the appointing authority. In case of a vacancy on the board at any time, whether caused by death, resignation, removal, or otherwise, the vacancy shall be filled ~~and the appointment shall be made in the same manner as provided by law for the appointment of the members of the board by appointment of the county governing authority.~~ Any person appointed to fill a vacancy shall be appointed only to serve for the remainder of the unexpired term of office and shall possess the same qualifications required under this part for regular appointment to a full term of office.”

(8) ‘Licensee’ means any person holding a license.

(9) 'Licensing entity' means any state agency, department, or board of this state which issues or renews any license, certificate, permit, or registration to authorize a person to drive a motor vehicle, or to engage in a profession, business, or occupation including those under Article 3 of Chapter 7 of Title 2, the 'Georgia Pesticide Use and Application Act of 1976'; Article 13 of Chapter 1 of Title 7, relating to mortgage lenders and mortgage brokers; Part 2 of Chapter 6 of Title 12, relating to foresters; Part 3 of Chapter 4 of Title 26, relating to pharmacists; Chapter 23 of Title 33, relating to insurance agents, counselors, and other personnel; Chapter 1 of Title 43, relating to professions and businesses; Chapter 39A of Title 43, relating to real estate appraisers; or Chapter 40 of Title 43, relating to real estate brokers and salespersons.

(b) The agency shall maintain a state-wide certified list of those persons included in any case enforced under this article for whom an order for child support has been rendered and who are not in compliance with that order. The certified list must be updated on a monthly basis. The agency shall submit to each licensing entity a certified list with the name, social security number, if known, date of birth, and last known address of each person on the list.

(c) On or before January 1, 1997, all licensing entities shall implement procedures to accept and process the list provided by the agency in accordance with this Code section.

(d) Promptly after receiving the certified list from the agency, all licensing entities shall determine whether an applicant or licensee is on the most recent certified list. If an applicant or licensee is on the certified list, the licensing entity shall immediately notify the agency. That notification shall include the applicant's or licensee's last known mailing address on file with the licensing entity.

(e) After receiving notice from a licensing entity of applicants or licensees who are on the certified list, the agency shall immediately notify those individuals as specified in subsection (f) of this Code section of the agency's intent to request that all pertinent licensing entities suspend all licenses or withhold issuance or renewal of any license.

(f) Notice for purposes of this Code section shall be initiated by the department. Notice to the delinquent obligor shall include the address and telephone number of the agency and shall inform the delinquent obligor of the agency's intent to submit the obligor's name to relevant licensing entities and to request that the licensing entities withhold issuance or renewal of the license, or suspend the license. The notice must also inform the delinquent obligor of the following:

(1) The delinquent obligor has 20 days from the date of mailing to come into compliance with the order or to reach an agreement to pay the delinquency with the agency. If an agreement cannot be reached within that time or if the delinquent obligor does not respond within that time, the agency will send notice to the licensing entities requesting that the licenses be suspended or the licensure applications be denied;

(2) The obligor may request an administrative hearing and judicial review of that hearing under subsection (g) of this Code section. A request for a hearing must be made in writing and must be received by the agency within 20 days of service of notice; and

(3) If the delinquent obligor requests a hearing within 20 days of service, the department shall stay all action pending the hearing and any appeals.

(g) All delinquent obligors subject to the sanctions imposed in this Code section shall have the right to a hearing before an administrative law judge of the Office of State Administrative Hearings pursuant to Article 2 of Chapter 13 of Title 50. A delinquent obligor who requests a hearing within the time prescribed in subsection (f) of this Code section shall have the right to a hearing. The hearing shall be conducted as provided in Article 2 of Chapter 13 of Title 50 within 45 days after such demand is received. The only issues at the hearing will be the following:

(1) Whether there is an order for child support being enforced pursuant to this article;

(2) Whether the licensee or applicant is the obligor covered by that order;

(3) Whether the support obligor is or is not in compliance with the order for child support;

(4) Whether the support obligor shall be entitled to pay past due child support in periodic payments; and

(5) Whether the support obligor has been able and willing to comply with such order for support.

With respect to the issues listed in this subsection, evidence relating to the ability and willingness of ~~an obligor to~~ comply with such order for support shall be considered in making the decision to either suspend a license or deny the issuance or renewal of a license under this Code section. The administrative law judge shall be authorized to enter into an agreement or enter an order requiring such periodic payments and, in each event, the administrative law judge shall be authorized to issue a release for the obligor to obtain each license or licenses. Such an agreement will not act to modify an existing child support order, but rather only affects the payment of the arrearage.

(h) The decision at the hearing shall be subject to appeal and judicial review pursuant to Article 2 of Chapter 13 of Title 50 but only as to those issues referred to in subsection (g) of this Code section. Notwithstanding any hearing requirements for suspension and denials within each licensing entity, the hearing and appeal procedures outlined in this Code section shall be the only hearing required to suspend a license or deny the issuance or renewal of a license under this Code section.

(i) The department shall prescribe release forms for use by the agency. When the obligor is determined to be in compliance with an order for child support or is determined to be not in compliance with such order but has been determined in a hearing pursuant to subsection (g) of this Code section to be unable to comply with the order or to be not willfully out of compliance with such order, the agency shall mail to the delinquent obligor and the appropriate licensing entity a notice of release stating such determination. The receipt of a notice of release shall serve to notify the delinquent obligor and the licensing entity that, for the purpose of this Code section, he or she is in compliance with an order for child support, and the licensing entity shall promptly thereafter issue or reinstate the license, unless the agency, pursuant to subsection (b) of this Code section, certifies subsequent to the issuance of a notice of release that the delinquent obligor is once again not in compliance with an order for child support.

(j) Any payments received by the department on behalf of a child support recipient under this Code section shall be forwarded to such recipient within 15 days after any such payment is received by the department.

(k) The department may enter into interagency agreements with state agencies that have responsibility for the administration of licensing entities as necessary to implement this Code section. Those agreements shall provide for the receipt by other state agencies and boards of federal funds to cover that portion of costs allowable under federal law and regulation and incurred by state agencies and boards in implementing this Code section.

(l) In furtherance of the public policy of increasing child support enforcement and collections, on or before January 1, 1998, the department shall make a report to the General Assembly and the Governor based on data collected by the boards and the department in a format prescribed by the department. The report shall contain all of the following:

- (1) The number of delinquent obligors certified by the agency under this Code section;
- (2) The number of delinquent obligors who also were applicants for issuance or renewal of a license or licenses subject to this Code section;
- (3) The number of new licenses and renewals that were denied subject to this Code section and the number of new licenses issued and renewals granted following a licensing entity's receipt of releases;
- (4) The number of licenses suspended subject to this Code section, and the number of licenses reissued following the licensing entity's receipt of releases; and
- (5) The amount of revenue collected by the department after sending notices pursuant to this Code section.

(m) Any licensing entity receiving an inquiry as to the license status of an applicant who has had an application for issuance or renewal of a license denied under this Code section shall respond only that the license was suspended or the licensure application was denied pursuant to this Code section.

(n) The department shall, and the licensing entities as appropriate may, adopt regulations necessary to implement this Code section.”

For purposes of this Code section, accident and sickness coverage shall be deemed available if the obligor has access to any policy of insurance authorized under Title 33 through an employer or other group health insurance plan. If the accident and sickness insurance is deemed available at reasonable cost, the court shall order the obligor to obtain the coverage; provided, however, if the obligee has accident and sickness insurance for the child or children reasonably available at reasonable costs through employment related or other group health insurance policies, then the court may order that the child or children be covered under such insurance and the obligor contribute as part of the child support order such part of the cost of providing such insurance or such part of any medical expenses incurred on behalf of the child or children not covered by such insurance as the court may deem equitable or appropriate. If currently unavailable or unreasonable in cost, the court shall order the obligor to obtain coverage when it becomes available at a reasonable cost, unless such insurance is provided by the obligee as provided in this subsection. When support is awarded, the party who is required to pay the support shall not be liable to third persons for necessities furnished to the children embraced in the verdict or decree. In any contested case, the parties shall submit to the court their proposed findings regarding the gross income of the father and the mother and the presence or absence of special circumstances. In any case in which child support is determined by a jury, the court shall charge the provisions of this Code section and the jury shall be required to return a special interrogatory similar to the form of the order contained in Code Section 19-5-12 regarding the gross income of the father and the mother and the presence or absence of special circumstances. Furthermore, nothing contained within this Code section shall prevent the parties from entering into an enforceable agreement to the contrary which may be made the order of the court pursuant to the review by the court of child support amounts contained in this Code section; provided, however, any such agreement of the parties shall include a written statement regarding the gross income of the father and the mother and the presence or absence of special circumstances in accordance with subsection (c) of this Code section.'

The commissioner is authorized, on behalf of the state, to accept and execute the licensing agreements with the Shriner organization or its licensor allowing the state to be the beneficiary of and to receive such portion of the tag fee as exceeds the actual cost of manufacturing and issuing the tags or \$10.00 per tag, whichever is less. The commissioner may charge fees, make payments, take other actions, and agree to or impose terms and conditions which might normally be envisioned in licensing and cross-licensing agreements for the use of designs and similar intellectual property. Without limitation, the commissioner may agree to allow to others the exclusive or nonexclusive use of the design of the special license plate. The design of the special license plate, excepting only the Shriner logo and any other part of the design owned by others and licensed to the state, shall be owned solely by the State of Georgia for its exclusive use and control, except as authorized by the commissioner. The commissioner may take steps necessary to give notice of and protect such right, including the copyright. BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 30 of the Official Code of Georgia Annotated, relating to handicapped persons, is amended by adding at the end thereof a new Chapter 9 to read as follows:

**“CHAPTER 9
ARTICLE 1**

30-9-1.

This chapter shall be known and may be cited as the ‘Technology Related Assistance for Individuals with Disabilities Act.’

30-9-2.

Individuals with disabilities comprise a significant and increasing percentage of Georgia’s population. The General Assembly finds and declares that action is necessary to assist these individuals in their homes, schools, employment, and communities to become more independent and productive citizens of the state. Many of these individuals require technology related devices and technology related services in order to perform functions, such as caring for themselves, performing manual tasks, walking, seeing, hearing, speaking, breathing, and learning, in order to have the ability to participate in society and the work force. The General Assembly finds that the majority of these individuals incurred permanent disabilities as a result of accidental injuries and crime related incidents. In order to meet present and increasing needs of Georgians for technology related devices and technology related services, it is necessary for the state to provide funds that neither supplant nor replace existing state or federal funds for the Technology Related Trust Fund for Individuals with Disabilities.

30-9-3.

As used in this chapter, the term:

- (1) ‘Commission’ means the Technology Related Assistance Trust Fund for Individuals with Disabilities Commission created in Code Section 30-9-4.
- (2) ‘Individual with disability’ means any individual of any age who, for the purposes of Georgia or federal law, is considered to have a disability, including victims of crimes, injuries, and chronic health conditions, whether congenital or acquired; and who is or would be enabled by technology related devices or technology related services to maintain or improve his or her ability to function in society and the workplace.
- (3) ‘Qualifying borrower’ means any individual, nonprofit corporation, or partnership which demonstrates that the loan will assist one or more persons with disabilities to improve their independence or become more productive members of the community. The individual must demonstrate credit worthiness and repayment abilities to the satisfaction of the commission.
- (4) ‘Technology related assistance’ means either the provision of technology related devices or technology related services to improve the independence, quality of life, or productive involvement in the community of individuals with disabilities.

“SECTION 2.

Said title is further amended by inserting a new chapter to be designated Chapter 10 to read as follows:

‘CHAPTER 10

30-10-1.

The General Assembly finds and declares the following:

- (1) It is an essential function of state government to provide basic support for persons with one or more mental or physical impairments that substantially limit one or more major life activities, whether the impairments are congenital or occur by reason of accident, injury, age, or disease;
- (2) The cost of providing basic support for persons with mental or physical impairments is difficult for many citizens to afford, and they are forced to rely upon the government to provide that support;
- (3) The families and friends of persons with mental or physical impairments desire to supplement, but not replace, the basic support provided by state government and other governmental programs;
- (4) Medical, social, and other supplemental services are often provided by family members and friends of persons with mental or physical impairments for the lifetime of the impaired persons; and
- (5) It is necessary and desirable for the public health, safety, and welfare of the citizens of this state to encourage, enhance, and foster the ability of family members and friends of those individuals with mental or physical impairments to supplement, but not to replace, the basic support provided by state government and other governmental programs and to provide for medical, social, or other supplemental services for those persons with impairments.

30-10-2.

As used in this chapter, the following words shall have the following meanings:

- (1) ‘Board of trustees’ means a board of trustees of a Community Trust established pursuant to this chapter.

(2) 'Community Trust' means a trust administered in accordance with this chapter by a nonprofit organization that qualifies as a tax-exempt organization under Section 501(c)(3) of the United States Internal Revenue Code for the benefit of persons with impairments. libtool.com.cn

(3) 'Co-trustee' means any person named by the donor to work with the board of trustees in providing benefits to a life beneficiary; provided, however, that neither the donor nor the donor's spouse shall be the co-trustee if the donor or the donor's spouse is the life beneficiary.

(4) 'Donor' means any person who contributes assets to a Community Trust to establish an account for a life beneficiary.

(5) 'Impairment' means a mental or physical disability that substantially limits one or more major life activities, whether the impairment is congenital or acquired by accident, injury, age, or disease, and where the impairment is verified by medical findings.

(6) 'Life beneficiary' means a beneficiary designated by a donor to a Community Trust.

(7) 'Successor trust' means the trust established upon distribution by the board of trustees pursuant to notice of agreement of withdrawal or termination with a co-trustee and administered as set forth in this chapter.

(8) 'Successor trustee' means the trustee as designated by the donor who shall administer the successor trust.

(9) 'Trustee' means a member of a Community Trust board of trustees.

30-10-3.

(a) Donors may supplement the care, support, habilitation, rehabilitation, and treatment of persons with impairments pursuant to this chapter. Neither the contribution to a Community Trust for the benefit of a life beneficiary nor the use of Community Trust income or principal to provide benefits shall in any way reduce, impair, or diminish the benefits for which a person is otherwise eligible by law.

(b) The assets held by the board of trustees of any Community Trust and its income and operations shall be exempt from all state and local taxation.

30-10-4.

Nonprofit organizations which qualify as tax-exempt organizations under Section 501 (c)(3) of the United States Internal Revenue Code and which have expertise regarding the care, support, habilitation, rehabilitation, and treatment of persons with impairments are eligible to create Community Trusts in accordance with the provisions of this chapter. Two or more organizations which qualify as tax-exempt organizations under Section 501 (c)(3) of the United States Internal Revenue Code and which have expertise regarding the care, support, habilitation, rehabilitation, and treatment of impaired persons are eligible to create joint Community Trusts in accordance with the provisions of this chapter.

30-10-5.

Each Community Trust shall have a board of trustees appointed by the governing body of the nonprofit organization forming the trust, which shall include persons with expertise in business and investments and persons with expertise regarding the care, support, habilitation, rehabilitation, and treatment of persons with impairments. The members of the board of trustees shall serve without compensation but shall be reimbursed by the Community Trust for their actual expenses relating to the trust. The board of trustees shall administer the Community Trust and establish policies and rules and regulations necessary to exercise its powers in accordance with this chapter.

30-10-6.

(a) The board of trustees shall take all steps necessary to satisfy all federal and state laws to ensure that the Community Trust is qualified to supplement the provision of government funding for persons with one or more impairments and, where necessary, is qualified as a tax-exempt entity under the United States Internal Revenue Code.

(b) The documents establishing a Community Trust shall include and be limited by the following:

(1) To be eligible to participate in a Community Trust, a life beneficiary must suffer from one or more impairments as defined in this chapter;

(2) A Community Trust may accept contributions from any source, so long as basic eligibility requirements are satisfied, to be held, administered, managed, invested, and distributed in order to facilitate the coordination and integration of private financing for individuals who have one or more impairments, while maintaining the eligibility of those individuals for government funding. All contributions and the earnings of a Community Trust shall be administered as one trust for purposes of investment and management of funds. Notwithstanding the administration as one trust for investment and management, separate accounts shall be established for each designated life beneficiary. The net income earned after deducting administrative expenses shall be credited to the accounts of the life beneficiaries, in proportion to the amount of the contribution made for each life beneficiary to the total contributions made for all life beneficiaries. Administrative fees charged to an account of a life beneficiary shall not exceed the income allocated to that account;

(3) Every donor shall designate a specific person as the life beneficiary of the contribution made by the donor. In addition, each donor shall name a co-trustee and a successor or successors to the co-trustee to act with the trustees of the Community Trust on behalf of the designated life beneficiary. A life beneficiary or the spouse of a life beneficiary shall not be eligible to be a co-trustee or a successor co-trustee;

(4) If a donor designates himself or herself or his or her spouse as the life beneficiary, then the account of the life beneficiary shall, regardless of any other provision of this chapter, meet the following additional conditions:

(A) The contribution to the Community Trust shall be irrevocable;

(B) The funds remaining in the life beneficiary's account upon the death of the life beneficiary shall be retained by the Community Trust; and

(C) Neither the donor nor the donor's spouse shall serve as co-trustee;

(5) During his or her lifetime, any donor who has not designated himself or herself or his or her spouse as the life beneficiary may revoke any contribution made to a Community Trust. Notwithstanding the first sentence of this paragraph, any donor may, at any time, voluntarily waive the right to revoke. Upon revocation, an amount equal to the current fair market value of the balance of the life beneficiary's account in the Community Trust as determined on the date of revocation shall be returned to the donor;

(6) The co-trustee and the trustees annually shall agree on the amount of income or principal, or both, to be used to provide noncash benefits and the nature and type of benefits to be provided to the life beneficiary. Such permissible benefits shall include, but not be limited to: more sophisticated dental, medical, and diagnostic work or treatment than is otherwise available from public assistance; private rehabilitative training; supplementary education aid; entertainment; periodic vacations and outings; expenditures to foster the interests, talents, and hobbies of the life beneficiary; and expenditures to purchase personal property and services which will make life more comfortable and enjoyable for the life beneficiary but which will not defeat the life

beneficiary's eligibility for public assistance. Expenditures may include payment of the funeral and burial costs of the life beneficiary. The trustees and co-trustee may exercise discretion to make payments from time to time for a person to accompany the life beneficiary on vacations and outings and for the transportation of the life beneficiary or of friends and relatives of the life beneficiary to visit the life beneficiary. Expenditures shall not be made for the primary support or maintenance of the life beneficiary, including basic food, shelter, and clothing if, as a result, the life beneficiary would no longer be eligible to receive public benefits or assistance for which the life beneficiary would otherwise be eligible. Any net income which is not used shall be added annually to the principal;

(7) Any co-trustee other than the donor may, for good and sufficient reason upon written notice to the trustees, withdraw all of the current fair market value of the balance of the life beneficiary's account in the trust as determined on the date of withdrawal. In no event shall a co-trustee be entitled to withdraw only a portion of the current fair market value of the life beneficiary's account in the trust. In the event of withdrawal, the current fair market value of the balance of the life beneficiary's account in the trust shall be distributed to the trustee of the successor trust;

(8) If a life beneficiary for whose benefit a contribution has been made to the trust ceases to be eligible to participate in the trust, and neither the donor nor the co-trustee revokes or withdraws the contribution, then the board of trustees may, by written notice to the donor or co-trustee, terminate the trust as to such life beneficiary. Upon termination, the board of trustees shall distribute the fair market value of such life beneficiary's account in the trust to the trustee of the successor trust to be held, administered, and distributed by the successor trustee in accordance with the successor trust described in paragraph (10) of this subsection;

(9) Upon the death of the life beneficiary, then an amount equal to the current fair market value of the balance of the life beneficiary's account in the trust, as determined on the date of death, less payment of funeral and burial costs of the life beneficiary, shall be distributed to the person or persons the donor has designated. To the extent this provision must be modified for the life beneficiary to remain eligible for government benefits, such modifications shall be made; and

(10) Upon receipt of a notice of withdrawal from a co-trustee other than the donor and a determination by the board of trustees that the reason for the withdrawal is good and sufficient or upon the issuance of a notice of termination by the board of trustees, the board of trustees shall distribute and pay over to the trustee of the successor trust the current fair market value of the life beneficiary's account in the trust. The trustee of the successor trust shall hold, administer, and distribute the principal and income of the successor trust, in the discretion of the trustee, for the maintenance, support, health, education, and general well-being of the life beneficiary, recognizing that it is the purpose of the successor trust to supplement, not replace, any government benefits for the life beneficiary's basic support for which the life beneficiary may be eligible and to improve the quality of the life beneficiary's life by providing him or her with those amenities which cannot otherwise be provided by public assistance or other available sources. Permissible expenditures include, but are not limited to: more sophisticated dental, medical, and diagnostic work or treatment than is otherwise available from public assistance; private rehabilitative training; supplementary education aid; entertainment; periodic vacations and outings; expenditures to foster the interests, talents, and hobbies of the life beneficiary; and expenditures to purchase personal property and services which will make life more comfortable and enjoyable for the life beneficiary but which will not defeat his or her eligibility for public assistance. Expenditures may include payment of the funeral and burial costs of the life beneficiary. The trustee of the successor trust, in his or her discretion, may make payments from time to time for a person to accompany the life beneficiary on vacations and outings and for the transportation of the life beneficiary or of friends or relatives of the life beneficiary to visit the life beneficiary. Any undistributed

income of the successor trust shall be added to the principal from time to time. Expenditures shall not be made for the primary support or maintenance of the life beneficiary, including basic food, shelter, and clothing, if, as a result, the life beneficiary ~~would no longer be eligible~~ to receive public benefits or assistance for which the life beneficiary would otherwise be eligible. After the death and burial of the life beneficiary, the remaining balance of the successor trust shall be distributed to the person or persons as the donor has designated.

30-10-7.

(a) No life beneficiary shall have any vested or property rights or interests in a Community Trust. No life beneficiary shall have the power to anticipate, assign, convey, alienate, or otherwise encumber any interest in the income or principal of a Community Trust. The income or principal or any interest of any life beneficiary under a Community Trust shall not be liable for any debt incurred by the life beneficiary. The principal or income of a Community Trust shall not be subject to seizure by any creditor of any life beneficiary under any writ or proceeding in law or in equity.

(b) Except for the right of a donor other than a donor or a donor's spouse who is a life beneficiary to revoke any contribution made to a Community Trust, pursuant to paragraph (5) of subsection (b) of Code Section 30-10-6, and the right of any co-trustee other than the donor, to withdraw all or a portion of the contribution made to the account of a life beneficiary, pursuant to paragraph (7) of subsection (b) of Code Section 30-10-6, neither the donor nor any co-trustee has the right to sell, assign, convey, alienate, or otherwise encumber, for consideration or otherwise, any interest in the income or the principal of a Community Trust. The income or the principal or any interest of any life beneficiary in the trust shall not be liable for any debt incurred by the donor or any co-trustee. The principal or income of a Community Trust shall not be subject to seizure by any creditor of any donor or any co-trustee under any writ or proceeding in law or in equity.

30-10-8.

No trustee, co-trustee, or successor trustee serving pursuant to the provisions of this chapter shall at any time be liable for any mistake of law or fact, or of both law and fact, or errors of judgment, or for any loss sustained by a Community Trust, or by any life beneficiary, or by any other person, except through actual fraud or willful misconduct on the part of such trustee, co-trustee, or successor co-trustee.

30-10-9.

(a) Upon the dissolution of any organization administering a Community Trust, the remaining balance of each trust account shall be distributed to other Community Trusts. The attorney general may bring an action in the superior courts for the dissolution of a nonprofit organization or a Community Trust for the purpose of terminating the trust or merging it with another Community Trust.

(b) Community Trusts shall not be subject to or held to be in violation of any principle of law against perpetuities or restraints on alienation, including the Uniform Statutory Rule Against Perpetuities.

(c) Nothing contained in this chapter shall be construed so as to impair or limit the creation of other forms of trusts or charitable trusts, whether or not similar to Community Trusts permitted by this chapter.'

House of Representatives
Atlanta, Georgia 30334

I voted against SB 510 because as amended it redefined new houses as public buildings but did not also clearly state that those houses once again become private dwellings once they are sold to homeowners. Allowing private residences to remain defined as "public buildings" invites an unwarranted intrusion of the state into private homes. This threat to civil liberties is a cost that exceeds the potential benefit of handicapped access to a restroom on the first floor of a dwelling.

SR 101. By Senator James of the 35th:

A resolution creating the Joint Study Commission on Economic Development and Revitalization in South Fulton County.

The following Committee substitute was read:

A RESOLUTION

Creating the Joint Study Commission on Economic Development and Revitalization in South Fulton County; and for other purposes.

WHEREAS, the fiscal solvency of the nation depends upon the economic vitality of its states, and the fiscal solvency of the State of Georgia depends upon the economic vitality of its counties and cities; and

WHEREAS, Fulton County is located in the State of Georgia; and

WHEREAS, the economies of North and South Fulton County, respectively, differ in degree and range from each other; and

WHEREAS, the economy of South Fulton County experienced considerable regression in recent years despite a steady increase in population; and

WHEREAS, the economy of South Fulton County has been burdened by increased competition for services despite a corresponding decrease in industry and business expansion; and

WHEREAS, although many studies have been conducted relating to the economic development and revitalization of South Fulton County and many plans based on the conclusions reached by such studies have been formulated and disseminated, little progress has been made towards integrating the divergent points of such plans and implementing a comprehensive plan that will effectuate actual growth and economic progress in South Fulton County; and

WHEREAS, the economic outlook of South Fulton County deserves meaningful and immediate consideration.

NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY OF GEORGIA that there is created the Joint Study Commission on Economic Development and Revitalization in South Fulton County to be composed of three members of the House of Representatives to be appointed by the Speaker of the House of Representatives and three members of the Senate to be appointed by the President of the Senate. The Speaker of the House of Representatives shall designate a member of the House of Representatives and the President of the Senate shall designate a member of the Senate who shall serve as cochairpersons of the commission. The Governor shall appoint 15 additional members, three of whom shall represent the Atlanta Chamber of Commerce, the banking community, and the real estate development community; one elected official, or the designee of such official, representing each area comprising a distinct political entity affected by development in South Fulton County, including the Cities of Hapeville, East Point, College Park, Union City, Fairburn, Palmetto, and the areas of Southeast Atlanta comprising City Council District 12, and the areas of Southwest Atlanta comprising City Council District 11, and including the Fulton County Commissioner representing Fulton County Commission District 7 or such person's designee; and three private citizens who are residents of South Fulton County. The commission shall meet at the call of the cochairpersons.

BE IT FURTHER RESOLVED that the commission shall undertake a study of the conditions, needs, issues, and problems mentioned above or related thereto and shall include as integral to its undertaking a study of any existing plans related to economic development and revitalization in South Fulton County which may have been developed as a result of previous studies conducted by an affected municipality or other governmental entity, a civic organization, a business enterprise, or other interested party. The commission shall recommend any actions or legislation which the commission deems necessary or appropriate for achieving the goal of implementation of a comprehensive economic development and revitalization plan for South Fulton County. The commission may conduct such meetings at such places and at such times as it may deem necessary or convenient to enable it to exercise fully and effectively its powers, perform its duties, and accomplish the objectives and purposes of this resolution. In the event the commission makes a report of its findings and recommendations, with suggestions for proposed legislation, if any, such report shall be made on or before December 31, 1996. The commission shall stand abolished on December 31, 1996.

The following amendment was read and adopted:

"; and"

By inserting immediately following line 30 on page 1 the following:

“WHEREAS, James Edward Oglethorpe was born in England to Theophilus and Eleanor Oglethorpe in 1696; and

WHEREAS, James Edward Oglethorpe was elected to Parliament, where he successfully led a humanitarian movement for the founding of a new British colony in America as a home for England’s worthy poor; and

WHEREAS, on April 12, 1732, King George II signed a charter creating the new colony of Georgia and naming James Edward Oglethorpe as one of 21 trustees for the colony; and

WHEREAS, James Edward Oglethorpe personally led the first shipload of colonists to settle in Georgia, arriving in 1733; and

WHEREAS, James Edward Oglethorpe chose the site and laid out the plan for Savannah, Georgia’s first settlement, and in 1736 for the town and fort of Augusta; and

WHEREAS, James Edward Oglethorpe was responsible for the defense of Georgia, successfully repelling a Spanish invasion force on St. Simons Island in 1742, thus ensuring Georgia’s future as a British colony and, ultimately, as a member of the United States of America; and

WHEREAS, 1996 marks the 300th anniversary of the birth of Georgia’s founder and defender, and it is only fitting and proper that Georgia recognize and honor its founder on this historic occasion.”

These 12 members of the commission may include officials or representatives of public or private organizations, businesses, schools, or sites bearing the Oglethorpe name. Vacancies on the commission shall be filled in the same manner in which the original appointments were made.

BE IT FURTHER RESOLVED that it shall be the duty of the commission to plan, coordinate, encourage, and conduct an observance of the 300th anniversary of the birth of James Edward Oglethorpe throughout 1996. Such observances may include official, unofficial, cultural, historical, educational, charitable, and other activities and projects designed to promote a proper awareness and appreciation for Georgia’s founder. Furthermore, the commission is directed to coordinate commemorative activities undertaken by the State of Georgia or by organizations, educational institutions, or private citizens within the state in conjunction with those that may be conducted by public officials, organizations, educational institutions, or private citizens in London, Godalming, Oxford, Cranham, or any other site in Great Britain associated with the life or death of James Edward Oglethorpe.

BE IT FURTHER RESOLVED that the commission is authorized and empowered to accept grants or gifts from any level of government; from any board, commission, or other unit of government; from any public corporation or authority; from any organization, public or private; from any business; from any group; or from any individual. The commission shall be further empowered to hold, invest, reinvest, and disburse such grants and gifts and any income derived therefrom in carrying out the objectives and purposes of the commission and shall not be required to pay such grants and gifts or income into the general

fund of the state treasury. The commission shall be further authorized to adopt such rules and regulations and perform such other activities as necessary or appropriate for carrying out its purposes and duties.

BE IT FURTHER RESOLVED that the James Edward Oglethorpe Tercentenary Commission is further authorized to have printed or reprinted portraits or biographies of Georgia's founder, General James Edward Oglethorpe, and to take such other commemorative steps that will promote the knowledge of and appreciation for the contributions of General James Edward Oglethorpe throughout the State of Georgia. The commission may expend any and all remaining funds for said purposes as are enumerated in this resolution.

BE IT FURTHER RESOLVED that the commission shall hold its initial meeting not later than July 1, 1996, and may hold such additional meetings at such places and at such times as it may deem necessary or convenient to enable it to exercise fully and effectively its powers and duties.

BE IT FURTHER RESOLVED that the members of the commission shall receive no compensation for their service and shall not receive any reimbursement of expenses; provided, however, that to the extent that sufficient grants, gifts, and other income is received, members of the commission may be reimbursed for actual expenses incurred during their service, such reimbursement not to exceed the allowances authorized for members of state boards.

BE IT FURTHER RESOLVED that the James Edward Oglethorpe Tercentenary Commission shall stand abolished on March 31, 1997."

“CHAPTER 56

- (6) ‘NAIC’ means the National Association of Insurance Commissioners.
- (7) ‘Negative trend’ means, with respect to a life and health insurer, a negative trend over a period of time, as determined in accordance with the trend test calculation included in the RBC instructions.
- (8) ‘Property and casualty insurer’ means any insurance company licensed to write insurance as defined in Code Section 33-7-3 or 33-7-6 but shall not include monoline mortgage guaranty insurers, financial guaranty insurers, and title insurers.
- (9) ‘RBC’ means risk-based capital.

(C) 'Mandatory control level RBC' means the product of .70 and the authorized control level RBC; and

(D) 'Regulatory action level RBC' means the product of 1.5 and its authorized control level RBC.

(12) 'RBC plan' means a comprehensive financial plan containing the elements specified in subsection (b) of Code Section 33-56-3. If the Commissioner rejects the RBC plan and it is revised by the insurer, with or without the Commissioner's recommendation, the plan shall be called the revised RBC plan.

(13) 'RBC report' means the report required in Code Section 33-56-2.

(14) 'Total adjusted capital' means the sum of:

(A) An insurer's statutory capital and surplus; and

33-56-2.

(a) Every domestic insurer shall, on or prior to each March 1, prepare and submit to the Commissioner a report of its RBC levels, as of the end of the previous calendar year, containing such information as is required by the RBC instructions. In addition, every domestic insurer shall file its RBC report:

(1) With the NAIC in accordance with the RBC instructions; and

(2) With the insurance commissioner in any state in which the insurer is authorized to do business, if the insurance commissioner has notified the insurer of its request in writing, in which case the insurer shall file its RBC report not later than the later of:

(A) Fifteen days from the receipt of notice to file its RBC report with that state; or

(B) March 1.

(b) A life and health insurer's RBC shall be determined in accordance with the formula set forth in the RBC instructions. The formula shall take into account and may adjust for the covariance between:

(1) The risk with respect to the insurer's assets;

(2) The risk of adverse insurance experience with respect to the insurer's liabilities and obligations;

(3) The interest rate risk with respect to the insurer's business; and

(4) All other business risks and such other relevant risks as are set forth in the RBC instructions,

determined in each case by applying the factors in the manner set forth in the RBC instructions.

(d) An excess of capital over the amount produced by the risk-based capital requirements contained in the chapter and the formulas, schedules, and instructions referenced in this chapter is desirable in the business of insurance. Accordingly, insurers should seek to maintain capital above the RBC levels required by this chapter. Additional capital is useful in the insurance business and helps to secure an insurer against various risks inherent in or affecting the business of insurance and is not accounted for or only partially measured by the risk-based capital requirements contained in this chapter.

(e) If a domestic insurer files an RBC report which in the judgment of the Commissioner is inaccurate, then the Commissioner shall adjust the RBC report and notify the

insurer of the inaccuracy. The notice shall contain a statement of the reason for the inaccuracy. The insurer must, within 30 days, correct the inaccuracy or request a hearing. If the insurer fails to correct the inaccuracy or to request a hearing, the Commissioner may order a hearing to determine the corrections that are necessary. An RBC report adjusted in accordance with this subsection is referred to as an adjusted RBC report.

(5) Identify the quality of, and problems associated with, the insurer's business, including but not limited to its assets, anticipated business growth and associated surplus strain, extraordinary exposure to risk, mix of business, and use of reinsurance, if any, in each case.

(c) An RBC plan shall be submitted:

(1) Within 45 days after the notification from the Commissioner; or

(2) If the insurer challenges the notification from the Commissioner under Code Section 33-56-7, within 45 days after a notification to the insurer that the Commissioner has, after a hearing, rejected the insurer's challenge.

(e) In the event of a notification by the Commissioner to an insurer that the insurer's RBC plan or revised RBC plan is unsatisfactory, the Commissioner may at the Commissioner's discretion, subject to the insurer's right to a hearing under Code Section

33-56-7, specify in the notification that the notification constitutes a regulatory action level event.

(f) Every domestic insurer which files an RBC plan or revised RBC plan with the Commissioner shall file a copy of the RBC plan or revised RBC plan with the insurance commissioner in any state in which the insurer is authorized to do business if:

(1) Such state has an RBC provision substantially similar to subsection (a) of Code Section 33-56-8; and

(6) Notification by the Commissioner to the insurer that:

(A) The RBC plan or revised RBC plan submitted by the insurer is, in the judgment of the Commissioner, unsatisfactory; and

(B) Such notification constitutes a regulatory action level event with respect to the insurer, provided the insurer has not challenged the determination under Code Section 33-56-7;

(7) If, pursuant to Code Section 33-56-7, the insurer challenges a determination by the Commissioner under paragraph (6) of this subsection, the notification by the Commissioner to the insurer that the Commissioner has, after a hearing, rejected such challenge;

(8) Notification by the Commissioner to the insurer that the insurer has failed to adhere to its RBC plan or revised RBC plan, but only if such failure has a substantial adverse effect on the ability of the insurer to eliminate the company action level event in accordance with its RBC plan or revised RBC plan and the Commissioner has so stated in the notification, provided the insurer has not challenged the determination under Code Section 33-56-7; or

(9) If, pursuant to Code Section 33-56-7, the insurer challenges a determination by the Commissioner under paragraph (8) of this subsection, the notification by the Commissioner to the insurer that the Commissioner has, after a hearing, rejected the challenge.

(3) Subsequent to the examination or analysis described in paragraph (2) of this subsection, issue an order specifying such corrective actions as the Commissioner shall determine are required.

(c) In determining corrective actions, the Commissioner may take into account such factors as are deemed relevant with respect to the insurer based upon the Commissioner's examination or analysis of the assets, liabilities, and operations of the insurer, including, but not limited to, the results of any sensitivity tests undertaken pursuant to the RBC instructions. The RBC plan or revised RBC plan shall be submitted:

- (1) Within 45 days after the occurrence of the regulatory action level event;
- (2) If the insurer challenges an adjusted RBC report pursuant to Code Section 33-56-7 and the challenge is not frivolous in the judgment of the Commissioner within 45 days after the notification to the insurer that Commissioner has, after a hearing, rejected the insurer's challenge; or
- (3) If the insurer challenges a revised RBC plan pursuant to Code Section 33-56-7 and the challenge is not frivolous in the judgment of the Commissioner, within 45 days after the notification to the insurer that the Commissioner has, after a hearing, rejected the insurer's challenge.

- (1) The filing of an RBC report by the insurer which indicates that the insurer's total adjusted capital is greater than or equal to its mandatory control level RBC but less than its authorized control level RBC;

(b) In the event of an authorized control level event with respect to an insurer, the Commissioner shall:

- (1) Take such actions as are required under Code Section 33-56-4 regarding an insurer with respect to which a regulatory action level event has occurred; or
- (2) If the Commissioner deems it to be in the best interests of the policy holders and creditors of the insurer and of the public, take such actions as are necessary to cause the insurer to be placed under regulatory control under Chapter 37 of this title.

In the event the Commissioner takes such actions, the authorized control level event shall be deemed sufficient grounds for the Commissioner to take action under Chapter 37 of this title, and the Commissioner shall have the rights, powers, and duties with respect to the insurer as are set forth in Chapter 37 of this title. In the event the commissioner takes actions under this paragraph pursuant to an adjusted RBC report, the insurer shall be entitled to such protections as are afforded to insurers under the provisions of Chapter 2 of this title pertaining to summary proceedings.

33-56-6.

(a) For purposes of this Code section, 'mandatory control level event' means any of the following events:

- (1) The filing of an RBC report which indicates that the insurer's total adjusted capital is less than its mandatory control level RBC;

(2) Notification by the Commissioner to the insurer of an adjusted RBC report that indicates the event in paragraph (1) of this subsection, provided that the insurer does not challenge the adjusted RBC report under Code Section 33-56-7; or

(3) If, pursuant to Code Section 33-56-7, the insurer challenges an adjusted RBC report that indicates the event in paragraph (1) of this subsection, notification by the Commissioner to the insurer that the Commissioner has, after a hearing, rejected the insurer's challenge.

(b) In the event of a mandatory control level event:

(1) With respect to a life insurer, the Commissioner shall take such actions as are necessary to place the insurer under regulatory control under Chapter 37 of this title. In that event, the mandatory control level event shall be deemed sufficient grounds for the Commissioner to take action under Chapter 37 of this title, and the Commissioner shall have the rights, powers, and duties with respect to the insurer as are set forth in Chapter 37 of this title. If the Commissioner takes actions pursuant to an adjusted RBC report, the insurer shall be entitled to the protections of Chapter 2 of this title pertaining to summary proceedings. Notwithstanding any of the foregoing, the Commissioner may forego action for up to 90 days after the mandatory control level event if the Commissioner finds there is a reasonable expectation that the mandatory control level event may be eliminated within the 90 day period.

(2) With respect to a property and casualty insurer, the Commissioner shall take such actions as are necessary to place the insurer under regulatory control under Chapter 37 of this title, or in the case of an insurer which is writing no business and which is running-off its existing business may allow the insurer to continue its run-off under the supervision of the Commissioner. In either event, the mandatory control level event shall be deemed sufficient grounds for the Commissioner to take action under Chapter 37 of this title and the Commissioner shall have the rights, powers, and duties with respect to the insurer as are set forth in Chapter 37 of this title. If the Commissioner takes actions pursuant to an adjusted RBC report, the insurer shall be entitled to the protections of Chapter 2 of this title pertaining to summary proceedings. Notwithstanding any of the foregoing, the Commissioner may forego action for up to 90 days after the mandatory control level event if the Commissioner finds there is a reasonable expectation that the mandatory control level event may be eliminated within the 90 day period.

33-56-7.

Upon notification:

(1) To an insurer by the Commissioner of an adjusted RBC report;

(2) To an insurer by the Commissioner that:

(A) The insurer's RBC plan or revised RBC plan is unsatisfactory; and

(B) Such notification constitutes a regulatory action level event with respect to such insurer;

(3) To any insurer by the Commissioner that the insurer has failed to adhere to its RBC plan or revised RBC plan and that such failure has a substantial adverse effect on the ability of the insurer to eliminate the company action level event with respect to the insurer in accordance with its RBC plan or revised RBC plan; or

(4) To an insurer by the Commissioner of a corrective order with respect to the insurer,

the insurer shall have the right to a departmental hearing, on a record, at which the insurer may challenge any determination or action by the Commissioner. The insurer shall notify the Commissioner of its request for a hearing within five days after the notification by the Commissioner under this Code section. Upon receipt of the insurer's request for a hearing, the Commissioner shall set a date for the hearing, which date shall be no less than ten nor more than 30 days after the date of the insurer's request.

33-56-8.

(a) Notwithstanding the provisions of Article 4 of Chapter 18 of Title 50, all RBC reports, to the extent the information therein is not required to be set forth in a publicly available annual statement schedule, and RBC plans, including the results or report of

any examination or analysis of an insurer performed pursuant hereto, and any corrective order issued by the Commissioner pursuant to examination or analysis, with respect to any domestic insurer or foreign insurer, which are filed with the Commissioner, constitute information that might be damaging to the insurer if made available to its competitors and therefore shall be kept confidential by the Commissioner. This information shall not be made public or be subject to subpoena, other than by the Commissioner, and then only for the purpose of enforcement actions taken by the Commissioner pursuant to this chapter or any other provision of the insurance laws of this state.

(b) It is the judgment of the General Assembly that the comparison of an insurer's total adjusted capital to any of its RBC levels is a regulatory tool which may indicate the need for possible corrective action with respect to the insurer and is not intended as a means to rank insurers generally. Therefore, except as otherwise required under the provisions of this chapter, the making, publishing, disseminating, circulating or placing before the public, or causing, directly or indirectly to be made, published, disseminated, circulated or placed before the public, in a newspaper, magazine or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio or television station, or in any other way, an advertisement, announcement or statement containing an assertion, representation or statement with regard to the RBC levels of any insurer, or of any component derived in the calculation by any insurer, agent, broker, or other person engaged in any manner in the insurance business would be misleading and is therefore prohibited; provided, however, that if any materially false statement with respect to the comparison regarding an insurer's total adjusted capital to its RBC levels or an inappropriate comparison of any other amount to the insurer's RBC levels is published in any written publication and the insurer is able to demonstrate to the Commissioner with substantial proof the falsity of such statement, or the inappropriateness, as the case may be, of such statement, then the insurer may publish an announcement in a written publication if the sole purpose of the announcement is to rebut the materially false or inappropriate statement.

(c) It is the further judgment of the General Assembly that the RBC instructions, RBC reports, adjusted RBC reports, RBC plans, and revised RBC plans are intended solely for use by the Commissioner in monitoring the solvency of insurers and the need for possible corrective action with respect to insurers and shall not be used by the Commissioner for rate-making purposes, considered or introduced as evidence in any rate proceeding, or used by the Commissioner to calculate or derive any elements of an appropriate premium level or rate of return for any line of insurance which an insurer or any affiliate is authorized to write.

33-56-9.

(a) The provisions of this chapter are supplemental to any other provisions of the laws of this state and shall not preclude or limit any other powers or duties of the Commissioner under such laws, including, but not limited to, Chapters 2, 3, 13, and 37 of this title.

(b) The Commissioner may adopt reasonable rules necessary for the implementation of this chapter.

(c) The Commissioner may exempt from the application of this chapter any domestic property and casualty insurer which:

- (1) Writes direct business only in this state;
- (2) Writes direct annual premiums of \$2,000,000.00 or less; and
- (3) Assumes no reinsurance in excess of 5 percent of direct premium written.

33-56-10.

(a) Any foreign insurer shall, upon the written request of the Commissioner, submit to the Commissioner an RBC report as of the end of the previous calendar year the later of:

- (1) The date an RBC report would be required to be filed by a domestic insurer under this chapter; or
- (2) Fifteen days after the request is received by the foreign insurer.

(b) Any foreign insurer shall, at the written request of the Commissioner, promptly submit to the Commissioner a copy of any RBC plan that is filed with the insurance commissioner of any other state.

(c) In the event of a company action level event, regulatory action level event, or authorized control level event with respect to any foreign insurer as determined under the RBC statute applicable in the state of domicile of the insurer, or, if no RBC statute is in force in that state, under the provisions of this chapter, if the insurance commissioner of the state of domicile of the foreign insurer fails to require the foreign insurer to file an RBC plan in the manner specified under that state's RBC statute, or, if no RBC statute is in force in that state, under Code Section 33-56-2, the Commissioner may require the foreign insurer to file an RBC plan with the Commissioner. In such event, the failure of the foreign insurer to file an RBC plan with the Commissioner shall be grounds to order the insurer to cease and desist from writing new insurance business in this state.

(d) In the event of a mandatory control level event with respect to any foreign insurer, if no domiciliary receiver has been appointed with respect to the foreign insurer under the rehabilitation and liquidation statute applicable in the state of domicile of the foreign insurer, the Commissioner may make application to the superior court permitted under Chapter 37 of this title with respect to the liquidation of property of foreign insurers found in this state, and the occurrence of the mandatory control level event shall be considered adequate grounds for the application.

33-56-11.

There shall be no liability on the part of, and no cause of action shall arise against, the Commissioner or the insurance department or its employees or agents for any action taken by them in the performance of their powers and duties under this chapter.

33-56-12.

In the event any section, subsection, sentence, clause, or phrase of this chapter shall be declared or adjudged invalid or unconstitutional, such adjudication shall in no manner affect the other sections, subsections, sentences, clauses, or phrases of this chapter, which shall remain of full force and effect as if the section, subsection, sentence, clause, or phrase so declared or adjudged invalid or unconstitutional were not originally a part of this chapter. The General Assembly declares that it would have passed the remaining parts of this chapter if it had known that such part or parts of this chapter would be declared or adjudged invalid or unconstitutional.

33-56-13.

All notices by the Commissioner to an insurer which may result in regulatory action hereunder shall be effective upon dispatch if transmitted by registered or certified mail or, in the case of any other transmission, shall be effective upon the insurer's receipt of such notice."

SECTION 2.

Said title is further amended by adding immediately following Code Section 33-37-8 a new Code section, to be designated Code Section 33-37-8.1, to read as follows:

"33-37-8.1.

(a) For the purposes of this Code section, the persons entitled to protection under this Code section are:

- (1) All receivers responsible for the conduct of a delinquency proceeding under this chapter, including present and former receivers; and
- (2) Their employees, meaning all present and former special deputies and assistant special deputies appointed by the Commissioner and all persons whom the Commissioner, special deputies, or assistant special deputies have employed to assist in a delinquency proceeding under this chapter. Attorneys, accountants, auditors, and other professional persons or firms who are retained by the receiver as independent contractors and their employees shall not be considered employees of the receiver for purposes of this Code section.

(b) The receiver and his or her employees shall have official immunity and shall be immune from suit and liability, both personally and in their official capacities, for any claim for damage to or loss of property, personal injury, or other civil liability caused by or resulting from any alleged act, error, or omission of the receiver or any employee arising out of or by reason of their duties or employment, provided that nothing in this provision shall be construed to hold the receiver or any employee immune from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of the receiver or any employee.

(c) If any legal action is commenced against the receiver or any employee, whether against him or her personally or in his or her official capacity, alleging property damage, property loss, personal injury, or other civil liability caused by or resulting from any alleged act, error, or omission of the receiver or any employee arising out of or by reason of their duties or employment, the receiver and any employee shall be indemnified from the assets of the insurer for all expenses, attorneys' fees, judgments, settlements, decrees, or amounts due and owing or paid in satisfaction of or incurred in the defense of such legal action unless it is determined upon a final adjudication on the merits that the alleged act, error, or omission of the receiver or employee giving rise to the claim did not arise out of or by reason of his or her duties or employment or was caused by intentional or willful and wanton misconduct.

(d)(1) Attorneys' fees and any and all related expenses incurred in defending a legal action for which immunity or indemnity is available under this Code section shall be paid from the assets of the insurer, as they are incurred, in advance of the final disposition of such action upon receipt of an undertaking by or on behalf of the receiver or employee to repay the attorneys' fees and expenses if it shall ultimately be determined upon a final adjudication on the merits that the receiver or employee is not entitled to immunity or indemnity under this Code section.

(2) Any indemnification for expense payments, judgments, settlements, decrees, attorneys' fees, surety bond premiums, or other amounts paid or to be paid from the insurer's assets pursuant to this Code section shall be an administrative expense of the insurer.

(3) In the event of any actual or threatened litigation against a receiver or any employee for which immunity or indemnity may be available under this Code section, a reasonable amount of funds which in the judgment of the Commissioner may be needed to provide immunity or indemnity shall be segregated and reserved from the assets of the insurer as security for the payment of indemnity until such time as all applicable statutes of limitation shall have run, and all actual or threatened actions against the receiver or any employee shall have been completely and finally resolved, and all obligations of the insurer and the Commissioner under this Code section shall have been satisfied.

(4) In lieu of the segregation and reserving of funds, the Commissioner may, in his or her discretion, obtain a surety bond or make other arrangements which will enable the Commissioner to fully secure the payment of all obligations under this Code section.

(e) If any legal action against an employee for which indemnity may be available under this Code section is settled prior to final adjudication on the merits, the insurer must pay the settlement amount on behalf of the employee or indemnify the employee for the settlement amount unless the Commissioner determines:

(1) That the claim did not arise out of or by reason of the employee's duties or employment; or

(2) That the claim was caused by the intentional or willful and wanton misconduct of the employee.

(f) In any legal action in which the receiver is a defendant, that portion of any settlement relating to the alleged act, error, or omission of the receiver shall be subject to the approval of the court before which the delinquency proceeding is pending. The court shall not approve that portion of the settlement if it determines:

The following Senate substitute was read:

A BILL

www.libtool.com.cn
To amend Title 35 of the Official Code of Georgia Annotated, relating to law enforcement officers and agencies, so as to prohibit the unauthorized use of any municipal or county police department's nomenclature or symbols; to provide a statement of public policy; to provide a short title; to define certain terms; to provide procedures for seeking permission to use any municipal or county police department's nomenclature or symbols; to authorize the local governing authority of any municipality or county to grant permission to use such nomenclature or symbols under certain circumstances; to provide for appeals; to provide for injunctive relief to restrain violations of this Act; to provide for civil damages for certain violations; to provide for criminal penalties; to provide that no law enforcement agency shall enforce the traffic laws of this state or any traffic ordinances with any name of law enforcement authority on its vehicles other than the name of the applicable county or municipality or the state; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 35 of the Official Code of Georgia Annotated, relating to law enforcement officers and agencies, is amended by striking in its entirety Chapter 10, known as the "Law Enforcement Integrity Act of 1994," and inserting in lieu thereof a new Chapter 10 to read as follows:

"CHAPTER 10

35-10-1.

This chapter shall be known and may be cited as the 'Municipal and County Police Departments' Nomenclature Act of 1996.'

35-10-2.

It is declared to be contrary to the health, safety, and public welfare of the people of this state for any individual or organization to act in a manner which would mislead the public into believing that a member of the public is dealing with any municipal or county police department or with a member thereof when in fact the individual or organization is not the municipal or county police department or a member thereof. Furthermore, the municipal or county police department, which has provided quality law enforcement services to the citizens of this state, has established a name for excellence in its field. This name should be protected for the department, its members, and the citizens of this state. Therefore, no person or organization should be allowed to use any municipal or county police department's name or any term used to identify the department or its members without the expressed permission of the local governing authority. The provisions of this chapter are in furtherance of the promotion of this policy.

35-10-3.

As used in this chapter, the term:

- (1) 'Badge' means any official badge used in the past or present by members of municipal or county police departments.
- (2) 'Chief of police' means the chief of police for any municipal or county police department.
- (3) 'Department' means any municipal or county police department.
- (4) 'Director of public safety' means the director of public safety for any municipal or county police department.
- (5) 'Emblem' means any official patch or other emblem worn currently or formerly or used by the department to identify the department or its employees.
- (6) 'Local governing authority' means, with respect to a county, the governing authority of the county and, with respect to a municipality, the governing authority of the municipality.

(7) 'Person' means any person, corporation, organization, or political subdivision of this state.

(8) 'Willful violator' means any person who knowingly violates the provisions of this chapter. Any person who violates this chapter after being advised in writing by the local governing authority that such person's activity is in violation of this chapter shall be considered a willful violator and shall be considered in willful violation of this chapter. Any person whose agent or representative is a willful violator and who has knowledge of the violation by the agent or representative shall also be considered a willful violator and in willful violation of this chapter, unless upon learning of the violation he or she immediately terminates the agency or other relationship with such violator.

35-10-4.

Whoever, except with the express written permission of the local governing authority, knowingly uses words pertaining to a particular municipal or county police department in connection with the planning, conduct, or execution of any solicitation; advertisement, circular, book, pamphlet, or other publication; or play, motion picture, broadcast, telecast, telemarketing, or other production in a manner reasonably calculated to convey the impression that such solicitation; advertisement, circular, book, pamphlet, or other publication; or play, motion picture, broadcast, telecast, telemarketing, or other production is approved, endorsed, or authorized by or associated with the department shall be in violation of this chapter.

35-10-5.

Any person who uses or displays any current or historical symbol, including any emblem, seal, or badge, used by the department in connection with the planning, conduct, or execution of any solicitation; advertisement, circular, book, pamphlet, or other publication; or play, motion picture, broadcast, telecast, telemarketing, or other production in a manner reasonably calculated to convey the impression that such solicitation; advertisement, circular, book, pamphlet, or other publication; or play, motion picture, broadcast, telecast, telemarketing, or other production is approved, endorsed, or authorized by or associated with the department without written permission from the local governing authority shall be in violation of this chapter.

35-10-6.

Any person wishing permission to use the nomenclature or a symbol of a department may submit a written request for such permission to the chief of police or director of public safety. Within 15 calendar days after receipt of the request, the chief of police or director of public safety shall send a notice with his or her recommendation to the local governing authority stating whether the person may use the requested nomenclature or symbol. Within 30 calendar days after receipt of a recommendation from the chief of police or director of public safety, the local governing authority shall send a notice to the requesting party of their decision on whether or not the person may use the requested nomenclature or symbol. If the local governing authority does not respond within the 30 day time period, then the request is presumed to have been approved. The grant of permission under Code Section 35-10-4 or 35-10-5 shall be in the discretion of the local governing authority under such conditions as the local governing authority may impose.

35-10-7.

Whenever there shall be an actual or threatened violation of Code Section 35-10-4 or 35-10-5, the local governing authority shall have the right to apply to the superior court of the county of residence of the violator for an injunction to restrain the violation.

35-10-8.

In addition to any other relief or sanction for a violation of Code Section 35-10-4 or 35-10-5, where the violation is willful, the local governing authority shall be entitled to collect a civil penalty in the amount of \$500.00 for each violation. Further, when there is a finding of willful violation, the local governing authority shall be entitled to recover

reasonable attorney's fees for bringing any action against the violator. The local governing authority shall be entitled to seek civil sanctions in the superior court in the county of residence of the violator.

35-10-9. www.libtool.com.cn

Any person who has given money or any other item of value to another person due in part to such person's use of department nomenclature or symbols in violation of this chapter may maintain a suit for damages against the violator. Where it is proven that the violation was willful, the victim shall be entitled to recover treble damages, punitive damages, and reasonable attorney's fees.

35-10-10.

Any person who violates the provisions of this chapter shall be guilty of a felony and upon conviction thereof shall be subject to a fine of not less than \$1,000.00 or more than \$5,000.00 or to imprisonment for not less than one or more than five years, or both. Each violation shall constitute a separate offense.

35-10-11.

No law enforcement agency shall enforce the traffic laws of this state or any traffic ordinances with any name of law enforcement authority on its vehicles other than the name of the applicable county or municipality or the state."

SECTION 2.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

sale the dealer shall collect the ad valorem tax which would be applicable for the county where the heavy-duty equipment motor vehicle was held in inventory at the time of the sale. Each dealer, on or before the last day of the month following a sale to such person or entity, shall transmit returns and remit the ad valorem taxes collected to the tax collector of the county where the heavy-duty equipment motor vehicle was held in inventory at the time of the sale. Such returns shall show all sales and purchases taxable under this article during the preceding calendar month. The returns required by this subsection shall be made upon forms prescribed, prepared, and furnished by the commissioner. If any dealer liable for any tax, interest, or penalty imposed by this article sells out his or her business's heavy-duty equipment motor vehicles or quits the business, he or she shall make a final return and payment within 30 days after the date of selling or quitting the business. Any dealer who does not collect tax as required under this paragraph or who fails to properly remit taxes collected under this paragraph shall be liable for the tax and the tax collector or tax commissioner shall collect such tax, penalty, and interest in the same manner that other taxes are collected.

(c) Except as otherwise provided in this subsection, heavy-duty equipment motor vehicles which are owned by a dealer are not included within the distinct classification of tangible property made by this article for all other heavy-duty equipment motor vehicles. The procedures prescribed in this article for returning heavy-duty equipment motor vehicles for ad valorem taxation, determining the applicable rates for taxation, and collecting the ad valorem taxes imposed on heavy-duty equipment motor vehicles do not apply to heavy-duty equipment motor vehicles which are owned by a dealer. Heavy-duty equipment motor vehicles which are owned by a dealer shall not be returned for ad valorem taxation, shall not be taxed, and no taxes shall be collected on such heavy-duty equipment motor vehicles until they become subject to taxation as provided in subsections (a) and (b) of this Code section. No heavy-duty equipment motor vehicle held by a dealer in inventory for resale shall be subject to ad valorem tax unless such heavy-duty equipment motor vehicle was in the dealer's inventory on the first day of January of the taxable year and continued to remain in such dealer's inventory on the thirty-first day of December of such taxable year. In any such case where a heavy-duty equipment motor vehicle remains in a dealer's inventory throughout the year, the dealer shall be required to return the heavy-duty equipment motor vehicle for ad valorem taxes and pay the ad valorem tax on such vehicle for the taxable year ending on the thirty-first day of December. The assessed value of each heavy-duty equipment motor vehicle owned by a dealer shall be 40 percent of the fair market value of the heavy-duty equipment motor vehicle on January 1 of that year. The taxes levied under this subsection shall be due 60 days after the billing therefor. Penalties and interest for unpaid taxes as provided in this chapter shall accrue at the expiration of 60 days after the billing therefor.

(d) Within 30 days of the last day of a month during which there is a sale of any heavy-duty equipment motor vehicle other than for resale, the dealer shall mail to the tax commissioner of the county where the purchaser is domiciled a statement upon forms prescribed, prepared, and furnished by the commissioner notifying the local tax commissioner of the sale which shall include information such as the date of the sale, the selling price, and the name and address of the purchaser. The local county tax commissioner would then be authorized to place the heavy-duty equipment motor vehicle on the tax digest of the county and invoice the purchaser for the applicable ad valorem tax for the current year as provided for in this Code section.

48-5-507.

Any taxpayer who contests the assessment of an ad valorem tax against a heavy-duty equipment motor vehicle as defined in this article may file with the tax collector or tax commissioner an affidavit of illegality to the assessment together with a surety bond issued by a surety company authorized to do business in this state or, in lieu of such bond, a bond approved by the clerk of the superior court of the county or a cash bond.

The bond shall be made payable to the tax collector or tax commissioner and shall be conditioned upon the payment of taxes and penalties ultimately found to be due. The affidavit of illegality and the bond shall be transferred immediately by the tax collector or tax commissioner to the superior court, shall be filed in the superior court, and shall be tried as affidavits of illegality are tried in tax cases. Any taxpayer who contests the value assessment of a heavy-duty equipment motor vehicle as defined in this article may appeal such assessed value as provided for in Code Section 48-5-311, insofar as applicable.

48-5-508.

The commissioner shall be authorized to promulgate rules and regulations to facilitate and ensure compliance with the provisions of this article."

SECTION 5.

Sections 2 through 4 of this Act shall become effective January 1, 1997. The remaining provisions of this Act shall become effective July 1, 1996.

SECTION 6.

All laws and parts of laws in conflict with this Act are repealed.'

A BILL

To amend Chapter 13 of Title 48 of the Official Code of Georgia Annotated, relating to specific, business, and occupation taxes, so as to authorize the imposition and levy of certain excise taxes upon certain rental motor vehicles; to provide for legislative purpose and intent; to provide for definitions; to provide for the creation of special districts; to provide for the levy and collection of such taxes and for the use of the proceeds thereof; to provide for procedures, conditions, and limitations; to provide for statutory construction; to provide for reimbursements and procedures; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 13 of Title 48 of the Official Code of Georgia Annotated, relating to specific, business, and occupation taxes, is amended by adding immediately following Article 4 thereof a new article to read as follows:

“ARTICLE 5

48-13-90.

It is declared to be the purpose and intent of the General Assembly that:

(1) Each county and municipality in this state shall be authorized to levy certain excise taxes as provided in this article; and

(2) Funds derived from such tax shall be made available for the purpose of promoting industry, trade, commerce, and tourism; for the provision of convention, trade, sports, and recreational facilities; and for public safety purposes.

www.libtool.com.cn

48-13-91.

As used in this article, the term:

(1) 'Rental charge' means the total value received by a rental motor vehicle concern for the rental or lease for 31 or fewer consecutive days of a rental motor vehicle, including the total cash and nonmonetary consideration for the rental or lease including, but not limited to, charges based on time or mileage and charges for insurance coverage or collision damage waiver but excluding all charges for motor fuel taxes or sales taxes.

(2) 'Rental motor vehicle' means a motor vehicle designed to carry ten or fewer passengers and used primarily for the transportation of persons that is rented or leased without a driver regardless of whether such vehicle is licensed in this state.

(3) 'Rental motor vehicle concern' means a person or legal entity which owns or leases five or more rental motor vehicles and which regularly rents or leases such vehicles to the public for value.

48-13-92.

Pursuant to the authority granted by Article IX, Section II, Paragraph VI of the Constitution of this state, there are created within this state 159 special districts. One such district shall exist within the geographical boundaries of each county, and the territory of each district shall include all of the territory within the county except territory located within the boundaries of any municipality that imposes an excise tax on charges to the public for the rental or lease of rental motor vehicles under this article.

48-13-93.

(a)(1) The governing authority of each municipality in this state may levy and collect an excise tax upon the rental charge collected by a rental motor vehicle concern when such charge constitutes a taxable event for purposes of sales and use tax under Article 1 of Chapter 8 of this title. Within the territorial limits of the special district located within the county, each county in this state may levy and collect an excise tax upon the rental charge collected by a rental motor vehicle concern when such charge constitutes a taxable event for purposes of sales and use tax under Article 1 of Chapter 8 of this title. The tax levied pursuant to this article shall be levied or collected at the rate of 3 percent of the rental charges. The tax levied pursuant to this article shall be imposed only at the time when and place where a customer pays sales tax with respect to the rental charge. The customer who pays a rental charge that is subject to a tax levied as provided in this article shall be liable for the tax. The tax shall be paid by the customer to the rental motor vehicle concern. The tax shall be a debt of the customer to the rental motor vehicle concern until it is paid and shall be recoverable at law in the same manner as authorized for the recovery of other debts. The rental motor vehicle concern collecting the tax shall remit the tax to the governing authority imposing the tax, and the tax remitted shall be a credit against the tax imposed on the rental motor vehicle concern. Every rental motor vehicle concern subject to a tax levied as provided in this article shall be liable for the tax at the applicable rate on the charges actually collected or the amount of taxes collected from the customers whichever is greater.

(2) A county or municipality levying an excise tax as provided in paragraph (1) of this subsection shall only levy such tax by ordinance which shall specify with particularity the authorized projects or purposes, or both, for which proceeds of the tax are to be expended and shall apply in each fiscal year during which the tax is collected such tax proceeds for the purpose of:

(A) Promoting industry, trade, commerce, and tourism;

(B) Capital outlay projects consisting of the construction of convention, trade, sports, and recreational facilities, or public safety facilities, including the acquiring, constructing, renovating, improving, and equipping of parking facilities, pedestrian

walkways, plazas, connections, and other public improvements associated with such convention, trade, sports, and recreational facilities or public safety facilities or the retirement of debt issued with respect to such capital outlay projects; and (C) Maintenance and operation expenses or security and public safety expenses associated with capital outlay projects funded pursuant to subparagraph (B) of this paragraph.

(3) Amounts collected pursuant to this article may be expended pursuant to a contract or contracts with a county, municipality, development authority, downtown development authority, urban redevelopment authority, recreation authority, or any combination of two or more of such entities. Nothing in this article shall be construed to limit the formation of intergovernmental contracts pursuant to the authority granted by Article IX, Section III, Paragraph I of the Constitution of this state to accomplish the purposes described in paragraph (2) of this subsection including the construction and maintenance of facilities located outside the special district within which the excise tax is levied and collected and which benefit the special district.

(4) Any tax levied pursuant to this article shall terminate not later than December 31, 2038. Following the termination of the tax, any county or municipality which has levied a tax pursuant to this article shall not thereafter be again authorized to levy a tax under this article.

(5) No tax shall be imposed under this article on the rental charge associated with the rental or lease of a rental motor vehicle if either:

(A) The customer picks up the rental motor vehicle outside this state and returns it in this state; or

(B) The customer picks up the rental motor vehicle in this state and returns it outside this state.

(6) Nothing in this Code section shall be construed to impair, or authorize or require the impairment of, any existing contract or contractual rights.

(7) Any action by a local governing authority to impose the tax authorized under this Code section shall become effective no sooner than the first day of the month following the month of its adoption by the local governing authority.

(b) No tax under this article may be levied or collected by a county outside the territorial limits of the special district located within the county.

48-13-94.

Each person collecting the tax authorized by this article shall be allowed a percentage of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if the amount due is not delinquent at the time of payment. The rate of deduction shall be 3 percent of the amount due but only if the amount due was not delinquent at the time of payment.

48-13-95.

The manner of imposition, payment, and collection of the tax and all other procedures related to the tax shall be as provided by each county and municipality electing to exercise the powers conferred by this article.

48-13-96.

As a part of the audit report required under Code Section 36-81-7, the auditor shall include, in a separate schedule, a report of the revenues and expenditures pertaining to the tax under this article."

SECTION 2.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 62 of Title 36 of the Official Code of Georgia Annotated, known as the "Development Authorities Law," is amended by striking in its entirety subparagraph (E) of paragraph (6) of Code Section 36-62-2, relating to definitions applicable to said chapter, and inserting in lieu thereof a new subparagraph (E) to read as follows:

SECTION 2.

Said chapter is further amended by striking in its entirety Code Section 36-62-7, relating to the prohibition against the operation of projects by governmental units and the sale or

lease of property for operation, and inserting in lieu thereof a new Code Section 36-62-7 to read as follows:

Any disposition of real property by an authority pursuant to paragraph (7) of Code Section 36-62-6 shall be made to one or more persons, firms, corporations, or governmental or public entities. If sold, the purchase price may be paid at one time or in installments falling due over not more than 40 years from the date of transfer of possession. The lessee or purchaser shall be required to pay all costs of operating and maintaining the leased or purchased property and to pay rentals or installments in amounts sufficient to pay the principal of and the interest and premium, if any, on all of its bonds and other obligations as such principal and interest become due. If the project is managed, the management contract must contain a term not less than the final maturity date of any bonds or other obligations of the authority to provide financing for the managed project and must provide that all costs of operating and maintaining the managed project, including all management fees payable under the management contract, shall be paid solely from the revenues of the managed project and from the proceeds of any bonds or other obligations of the authority to provide financing for the managed project. Any such management contract may contain provisions allowing the authority to terminate the management contract, but if the authority exercises any right to terminate a management contract, it must immediately enter into another management contract meeting the requirements of this Code section.”

SECTION 4.

Said title is further amended by striking subsection (a) of Code Section 33-9-21, relating to maintenance, filing, and effectiveness of insurers' rates, rating plans, rating systems, and underwriting rules, and inserting in its place a new subsection to read as follows:

“(a) Every insurer shall maintain with the Commissioner copies of the rates, rating plans, rating systems, underwriting rules, and policy or bond forms used by it. The maintenance of rates, rating plans, rating systems, underwriting rules, and policy or bond forms with the Commissioner by a licensed rating organization of which an insurer is a member or subscriber will be sufficient compliance with this Code section for any insurer maintaining membership or subscriberships in such organization, to the extent that the insurer uses the rates, rating plans, rating systems, underwriting rules, and policy or bond forms of such organization; provided, however, the Commissioner, when he or she deems it necessary, without compliance with the rule-making procedures of this title or Chapter 13 of Title 50, the ‘Georgia Administrative Procedure Act’:

Such premium rates shall be developed and established based upon each individual insurer's experience in the State of Georgia to the extent actuarially credible. The experience filed shall include the loss ratios, reserves, reserve development information, expenses including commissions paid and dividends paid, investment income, pure premium data adjusted for loss development and loss trending, profits, and all other data and information used by that insurer in formulating its workers' compensation premium rates which are used in this state and any other information or data required by the Commissioner. In establishing and maintaining loss reserves, no workers' compensation insurer shall be allowed to maintain any excess loss reserve for any claim or potential claim for more than 90 days after the amount of liability for such claim or potential claim has been established, whether by final judgment, by settlement agreement, or otherwise. This limitation on the maintenance of loss reserves shall be enforced through this Code section, as well as through Code Section 33-9-23, relating to examination of insurers, Code Section 34-9-135, relating to required disclosure of costs by workers' compensation insurers, and any other appropriate enforcement procedures. The Commissioner is authorized to accept such rate classifications as are reasonable and necessary for compliance with this chapter. (b) For experience rating purposes no workers' compensation insurer shall maintain any case reserve for any claim in excess of the amount established by final judgment, by settlement, or otherwise. All reductions in case reserves shall be made and reported to the appropriate rating organization within 90 days. Any further adjustments upward in the case reserve may only be made due to additional paid claims or a case reserve established on a claim which was previously closed but reopened due to a claimant's request for additional benefits. This limitation on the maintenance of reserves shall be enforced through this Code section, as well as through Code Section 33-9-21, relating to rate filings, Code Section 33-9-23, relating to examination of insurers, Code Section 34-9-135, relating to required disclosure of costs by workers' compensation insurers, and any other appropriate enforcement procedures."

The general public shall be excluded from such hearings and the files and records relating thereto shall be confidential and not subject to public inspection.

Guardians may be allowed an additional annual commission of ~~5~~ one-half of 1 percent of the market value, determined as of December 31 of each year, of the property held in their estates.

(b) Extra compensation, compensation for delivery of property in kind, and traveling expenses shall be allowed to ~~them~~ guardians upon the same principles as to administrators.

(c) The provisions of this Code section shall not apply to any guardianship created by appointment made pursuant to the provisions of Chapter 6 of this title."

SECTION 2.

Said title is further amended by striking Chapter 6 thereof, relating to the guardianship of beneficiaries of the United States Department of Veterans Affairs, and inserting in lieu thereof a new Chapter 6 to read as follows:

"CHAPTER 6

29-6-1.

As used in this chapter, the term:

- (1) 'Benefits' means all moneys payable by the United States through the United States Department of Veterans Affairs.

(3) 'Guardian' means any person acting as a fiduciary for a ward appointed by any probate court within the State of Georgia under the provisions of this chapter.

(4) 'Incompetent' means a person of unsound mind rated incompetent by the United States Department of Veterans Affairs as provided under the provisions of Code Section 29-6-3.

29-6-3.

Where a petition is filed for the appointment of a guardian for a mentally incompetent ward, a certificate of the secretary of veterans affairs or his or her authorized representative, setting forth the fact that the person was rated incompetent by the United States Department of Veterans Affairs on examination in accordance with the laws and regulations governing the United States Department of Veterans Affairs and that the appointment of a guardian is a condition precedent to the payment of any moneys due the person by the United States Department of Veterans Affairs, shall be prima-facie evidence of the necessity for the appointment. The judges of the probate courts of the several counties are authorized to appoint guardians pursuant to this chapter for any incompetent wards entitled to any benefits which may be payable to the incompetents by the United States Department of Veterans Affairs or its successor.

29-6-4.

Where a petition is filed for the appointment of a guardian for a minor ward, a certificate of the secretary of veterans affairs or his or her representative, setting forth the age of the minor as shown by the records of the United States Department of Veterans Affairs, and the fact that the appointment of a guardian is a condition precedent to the payment of any moneys due the minor by the United States Department of Veterans Affairs, shall be prima-facie evidence of the necessity for the appointment.

29-6-5.

Upon an application for the appointment of a guardian under this chapter, notice shall be given as provided by Code Section 29-4-10 for the appointment of guardians for minors under the age of 14 years who are not the children of the applicant to the United States Department of Veterans Affairs Guardianship Unit and to two adult relatives of the proposed ward by certified mail by the clerk of the probate court unless service is acknowledged. If two adult relatives of the proposed ward cannot be located, notice to one adult relative shall be sufficient. If no adult relative can be located, the court shall give notice of the application in the newspaper in which legal advertisements of the county are published once a week for two weeks. If all parties entitled to notice waive further notice and consent to appointment instanter, the court may, in its discretion, grant letters instanter to the applicant.

29-6-6.

(a) A petition for the appointment of a guardian may be filed in the probate court having jurisdiction by or on behalf of any person who is entitled to priority of appointment. If there is no person so entitled or if the person so entitled neglects or refuses to file

29-6-7.

The nomination of a person by the Department of Veterans Affairs shall be prima-facie evidence of that person's fitness. A qualified natural person shall ordinarily be preferred for appointment as guardian under this chapter, but the judge of the probate court may in his or her discretion appoint a qualified nonnatural person as guardian.

29-6-8.

In such a case, the Department of Veterans Affairs will have the right to direct the judge of the probate court in writing to deny the petition.

(b) Upon presentation of a petition by the Department of Veterans Affairs alleging that a guardian is acting in a fiduciary capacity in violation of this Code section and requesting his or her discharge, the probate court, upon proof substantiating the petition, shall require a final accounting forthwith from a sufficient number of guardianships, in reverse chronological order, to bring the guardian within compliance with this Code section, shall require final accountings forthwith on such guardianships, and shall discharge the guardian in such cases.

29-6-9.

(a) Upon the appointment of a guardian by the probate court under this chapter, the guardian shall execute and file a bond, to be approved by the court, in an amount not less than the sum then due and estimated to become payable during the ensuing year, which bond shall be a security bond made by a solvent surety company in the form required for bonds of guardians appointed under the general guardianship laws and shall be conditioned as are such bonds. Where the total estate coming into the hands of the guardian will at no time exceed the sum of \$1,000.00, a bond with at least two personal sureties may be accepted if the personal sureties are solvent and are each worth the amount named as the penalty of the bond.

(b) The court shall have the power from time to time to require the guardian to file an additional bond.

(c) The judge of the probate court, upon a proper showing that the value of the ward's estate has decreased, may permit a decrease in the amount of the bond to then current value of the estate, plus the sums estimated to be payable to the ward during the ensuing year. No such reduction shall affect the liability of the surety for past waste or misconduct of the guardian.

(d) The judge of the probate court may order the guardian to post the bond for a period in excess of one year, as may be appropriate in the circumstances. A surety on a bond posted pursuant to this subsection shall not be relieved of liability merely because of the expiration of the term of the bond but shall be subject to the provisions of law for the discharge of a surety applicable to other bonds.

(a) A bank or trust company doing business in this state shall not be required to file a bond for any guardianship in connection with this chapter unless required by the United States Department of Veterans Affairs.

(b) Any other person serving as a guardian under this chapter shall execute and file a bond, to be approved by the probate court, in an amount not less than the sum of the value of the estate at the time of the last accounting and funds estimated to become payable during the ensuing year, which bond shall be a security bond made by a solvent and acceptable surety company in the form required for bonds of guardians appointed under the general guardianship laws and shall be conditioned as are such bonds. After each annual accounting, the court shall review the amount of the bond and shall order such increase or decrease as shall be warranted by the accounting. No reduction shall affect the liability of the surety for past waste or misconduct of the guardian.

(c) A surety on a bond posted pursuant to this Code section shall not be relieved from liability merely because of the expiration of the term of the bond but shall be subject to provisions of law for discharge of a surety applicable to other bonds.

29-6-10.

Every guardian shall invest the funds of his or her ward's estate in the manner provided by law for general guardians, in which investments the guardian shall have no interest.

29-6-11.

(a) A guardian shall not apply any portion of the estate of his or her ward for the support, maintenance, and education of any person other than his or her ward, his or her ward's spouse, and the children of the ward who are legally dependent upon the ward, except upon order of the court after a hearing, notice of which has been given to the proper office of the United States Department of Veterans Affairs in the manner provided in Code Section 29-6-15. A guardian shall be authorized to make expenditures of funds of his ward for the proper support, maintenance, and education of the spouse or

dependent child of the ward without a court order, in the same manner as expenditures are made for the support, maintenance, and education of the ward by certified mail to the United States Department of Veterans Affairs Guardianship Unit not less than 30 days prior to a hearing on the petition, unless the Department of Veterans Affairs consents in writing to the petition, in which case no hearing need be had.

(b) No guardian shall name himself or herself as beneficiary of any insurance policy which insures the life of his or her ward. As to any insurance policy which is purchased after the establishment of the guardianship where premiums are or have been paid from benefits, the guardian shall ensure that the beneficiary named is the estate of his or her ward.

(c) Unless a guardian under this chapter is the next of kin under the laws of descent and distribution of the State of Georgia, no such guardian shall be named as a beneficiary under the last will and testament of his or her ward under any will executed while the guardian is serving as such. Any provision in any such will to the contrary shall be null and void.

(d) All property of a ward having a guardian under this chapter which is purchased with benefits shall be titled in the name of the current guardian or any successor guardian for (name of ward) a beneficiary of the Department of Veterans Affairs, further indicating the fact of guardianship and the name of the beneficiary, on any documents of title. Any such assets which should prudently be insured shall be insured with a policy of insurance denominated in the same manner.

29-6-12.

Every guardian who receives on account of his ward any money from the United States Department of Veterans Affairs appointed pursuant to this chapter shall file with the probate court annually, in the same manner as provided under the general law for guardians, a full, true, and accurate account accounting, on oath, of all moneys so received by him or her and all disbursements thereof, showing the balance in his or her hands at the date of the account accounting and how it is invested. The guardian shall list in each account accounting all the investments of his or her ward's funds, showing therein the amount of each investment, the date made, the interest rate, the date of maturity, the dates and amounts of any liquidations, and the dates and amounts of interest payments. A certified copy of each of such accounts accountings filed with the court shall be sent by the guardian the court within ten days after the account accounting is filed to the office of the United States Department of Veterans Affairs Guardianship Unit having jurisdiction over the area in which the court is located. Each such accounting shall include a computation of commissions allowed and taken during the period covered by the accounting. No account accounting shall be allowed or admitted to record for a period of 60 days following the date of the filing thereof.

29-6-13.

If any guardian fails to file the accounting any account of the moneys received by him from the United States Department of Veterans Affairs or fails to furnish the United States Department of Veterans Affairs a copy of his accounts as required by Code Section 29-6-12, such failure shall be grounds for removal. If any guardian fails to file any accounting within 30 days after demand is made by the judge of any probate court to do so, the court shall notify the surety for such guardian of such failure by certified mail. Whereafter, on the motion of any interested party, including the surety, or on its own motion, the court may enter an order moving the guardian without further notice or hearing. Every guardian who fails or refuses to file his or her return by the due date shall receive no commission or compensation for any service during that year unless by special order of the probate court he or she is exonerated from all fault.

29-6-14.

The secretary of veterans affairs or his authorized representative shall be a party in interest in any proceeding brought under any law of this state for the appointment or discharge of the guardian of a veteran or other beneficiary on whose account benefits are payable by the United States Department of Veterans Affairs and in the administration of the estate of any such ward on whose account such benefits are payable or whose

estate includes assets derived from benefits paid by the United States Department of Veterans Affairs, its predecessor, or its successor. Written notice of the time and place for hearing on any petition or pleading or in connection with any proceeding pertaining to or affecting in any manner the administration of the estate of any beneficiary of the United States Department of Veterans Affairs shall be given to the office of the United States Department of Veterans Affairs having jurisdiction over the area in which the court is located. The notice shall include a copy of the petition or other pleading and shall be given at such time so as to reach the office in due course of mailing not less than ten days before the date of the hearing or other proceeding, unless otherwise provided in this chapter.

(a) The United States Department of Veterans Affairs Guardianship Unit for Georgia shall be a party in interest in any proceedings for the appointment or discharge of a guardian of a veteran or a beneficiary appointed pursuant to this chapter and in the administration of the estate of any such ward. Written notice of the time and place for hearing on any petition or pleading or in connection with any proceeding pertaining to a guardianship pursuant to this chapter shall be given by certified mail to the United States Department of Veterans Affairs Guardianship Unit for Georgia. The notice shall include a copy of the petition or other pleadings and shall be given so as to arrive in due course of mailing not less than ten days before the date of a hearing or other proceedings, unless otherwise provided in this chapter.

(b) In any proceeding involving a guardianship established pursuant to any other chapter of this title, the United States Department of Veterans Affairs Guardianship Unit for Georgia may, by giving written notice to the probate court having jurisdiction over such proceedings and to the guardian or proposed guardian, become a party in interest as to any such guardianship or proposed guardianship and shall thereafter be entitled to notice as if such guardianship was originally established under this chapter.

29-6-15.

(a) As compensation for his or her service, a guardian shall have a commission of 5 percent on all income of the ward during any year coming into his or her hands during any months while the guardian serves as such. If the ward receives at least \$350.00 per month, the minimum fee shall be \$35.00 per month.

(b) In the event that the ward's monthly service connected disability compensation payment from the United States Department of Veterans Affairs is discontinued or suspended pursuant to Public Law 101-508, known as the federal Congressional Omnibus Budget Reconciliation Act of 1990, then in that event, the guardian, subject to court approval which shall be given unless it appears to the court that the estate is unfairly prejudiced or the payment would be a manifest injustice, shall be entitled to 5 percent additional commission on all sums paid out by him or her from the time the disability compensation payment is discontinued or suspended until the time the disability compensation payment is resumed.

(c) In the event that extraordinary services are rendered by the guardian, the court, upon petition and after hearing thereon, may authorize additional compensation therefor, payable from the estate of the ward. Notice of the petition and hearing shall be given to the proper office of the United States Department of Veterans Affairs by certified mail to the United States Department of Veterans Affairs Guardianship Unit not less than 30 days prior to the hearing on the petition. No compensation shall be allowed on the corpus of an estate received from a preceding guardian. The guardian may also be allowed from the estate of his ward reasonable premiums paid by him to any corporate surety upon his bond.

(d) A guardian shall be allowed from the estate of his or her ward reasonable premiums paid by him or her to any corporate surety on his or her bond.

29-6-16.

(a) A guardian appointed under this chapter, upon filing a petition and making a satisfactory accounting, shall be discharged when his or her ward, if a minor at the time of his or her appointment, reaches the age of majority, and whether or not a minor at the

time of his or her appointment, if previously declared incompetent, is declared competent by the United States Department of Veterans Affairs and or the probate court.

(b) A county guardian who ceases to serve as such continues to serve as a guardian under this chapter at the pleasure of the probate court for which he or she formerly served as county guardian. The probate court may at any time require his or her final accounting and discharge as to any or all guardianships under this chapter which he or she accepted as county guardian, whereupon the probate court shall appoint as successor guardian the new county guardian or such other person as shall be requested by the Department of Veterans Affairs. A former county guardian may file a petition with the probate court, a copy of which shall be served by certified mail upon the United States Department of Veterans Affairs Guardianship Unit, together with his or her final accounting as to any or all guardianships under this chapter, whereupon the probate judge shall appoint as his or her successor the new county guardian or such other person as shall be designated by the Department of Veterans Affairs.

29-6-17.

Except where inconsistent with this chapter, the general guardianship laws of this state and the laws establishing the practice in such matters, including rights of appeal, shall be applicable to wards and their estates governed by this chapter.

29-6-18.

This chapter shall be construed liberally to secure the beneficial intents and purposes thereof and shall apply only to beneficiaries of the United States Department of Veterans Affairs who are entitled to benefits from the United States Department of Veterans Affairs."

All laws and parts of laws in conflict with this Act are repealed.

"16-11-126.

(a) A person commits the offense of carrying a concealed weapon when ~~he~~ such person knowingly has or carries about his or her person, unless in an open manner and fully exposed ~~to view, any bludgeon,~~ metal knuckles, firearm, knife designed for the purpose of offense and defense, or any other dangerous or deadly weapon or instrument of like character outside of his or her home or place of business, except as permitted under this Code section.

(b) Upon conviction of the offense of carrying a concealed weapon, a person shall be punished as follows:

(1) For the first offense, he or she shall be guilty of a misdemeanor; and

(c) This Code section shall not permit, outside of his or her home, motor vehicle, or place of business, the concealed carrying of a pistol, revolver, or concealable firearm by any person unless ~~he~~ that person has on his or her person a valid license issued under Code Section 16-11-129 and the pistol, revolver, or firearm may only be carried in a shoulder ~~or holster,~~ waist belt holster, any other holster, hipgrip, or any other similar device, in which event the weapon may be concealed by the person's clothing, or a handbag, purse, attache case, briefcase, or other closed container. Carrying on the person in a concealed manner other than as provided in this subsection shall not be permitted and shall be a violation of this Code section.

The judge of the probate court of each county may, on application under oath and on payment of a fee of \$15.00, issue a license valid for a period of five years to any person ~~who is a resident of whose domicile is in~~ that county or who is on active duty with the United States armed forces and who is not a domiciliary of this state but who either resides in that county or on a military reservation located in whole or in part in that county at the time of such application, which license shall authorize that person to carry any pistol or revolver in any county of this state notwithstanding any change in that person's county of residence or state of domicile.

In the case of an applicant for a renewal of a license, the judge of the probate court may, in his or her discretion, direct that the local county law enforcement agency request a search of the criminal history file and wanted persons file of the Georgia Crime Information Center by computer access from that county in lieu of transmitting the application and forms."

After such notification, the bureau shall forthwith, and in no event later than the end of the day the request is made by the licensee, either inform the requesting licensee if its records demonstrate that the potential buyer is prohibited from receipt or possession of a handgun under state or federal law or provide the licensee a unique transaction number. After such notification, the center shall, as soon as possible but in no event later than noon of the next business day after the day the request is made, inform the licensee if its records indicate the buyer or transferee is prohibited

from possessing or transporting a firearm by state or federal law or if a requested purchase of transfer is authorized. Unless notified by the ~~close of business~~ the morning of the next day after the request is made that the potential buyer or transferee is so prohibited, ~~and without regard to whether he or she has received a unique transaction number,~~ the licensee may complete the transaction and shall not be deemed in violation of this part."

(d) Prior to the levy of any benefit assessments by the board under this chapter, the board shall have caused to have been prepared plans and specifications for the project or projects to which such benefit assessments relate and shall have approved such plans and specifications in the manner and subject to the conditions set forth in Code Section 36-88-17.

(e) By no later than August 31 of each year, the board shall determine and certify to the tax commissioner of the county in which the district is located the respective total amounts of ad valorem taxes, benefit assessments, and maintenance assessments levied or to be levied upon each parcel of property located within the district, which taxes, benefit assessments, and maintenance assessments shall be entered by the county tax commissioner on the county tax rolls. Any tax or assessment so levied shall be collected by the county in which the district is located in the same manner as taxes levied by such county or municipality. The proceeds of taxes so levied, less such fee to cover the cost of collection as may be specified by law, shall be transmitted by the collecting county to the board of supervisors of the community improvement district and shall be expended by the board of supervisors of the district for the purposes authorized by this chapter.

36-88-10.

Notwithstanding any provision of this chapter to the contrary, all ad valorem taxes levied by a district under this chapter shall be subject to the same exemptions as ad valorem taxes levied by a county under the laws of this state.

36-88-11.

The collection and enforcement of all ad valorem taxes and assessments levied by any district created under this chapter shall be at the same time and in like manner as ad valorem taxes levied by a county. All provisions of the laws of this state relating to the levy and collection by a county within the state of ad valorem taxes, the creation and priority of liens upon property for the nonpayment of such taxes, and the foreclosure of such liens, and all procedures to be undertaken or complied with under the laws of this state in connection therewith, shall be applicable to any ad valorem taxes, benefit assessments, and maintenance assessments levied by a district in accordance with the terms of this chapter to the same extent as if a district were a county within this state,

and all of such provisions, as now or hereafter amended, are incorporated in this chapter as if expressly set forth in this chapter.

36-88-12.

(a) Any district created under this chapter shall have the right to:

- (1) Pay any delinquent state, county, district, municipal, or other tax or assessment upon lands located wholly or partially within the boundaries of the district; and
- (2) Purchase any execution issued on account of any state, county, district, municipal, or other taxes or assessments upon lands located wholly or partially within the boundaries of the district.

(b) Delinquent taxes paid or executions purchased by the district together with all penalties for the default in payment of the same and all costs in collecting the same and a reasonable attorney's fee shall constitute a lien in favor of the district upon the related property in the same manner and with the same priority, and may be foreclosed in the same manner, as any lien created or which would have been created under the laws of this state in favor of the state, county, district, or municipality to which such taxes were paid or from which such execution was purchased, all as provided for by the laws of this state relating thereto.

36-88-13.

(a) Any district created under this chapter is authorized to prescribe, fix, establish, and collect rates, fees, rentals, or other charges, hereinafter referred to collectively as 'fees' or 'revenues,' and to revise the same from time to time, for the facilities and services furnished by the district, within the limits of the district, including, but not limited to, recreational facilities, water management and control facilities, and water and sewer systems; to recover the costs of making connection with any district facility or system; and to provide for reasonable penalties against any user or property for nonpayment of any such fees.

(b) No such fees for any of the facilities or services of a district shall be fixed until after a public hearing at which all the users of the proposed facility or services or owners, tenants, or occupants served or to be served thereby, and all other interested persons shall have an opportunity to be heard concerning the proposed fees. Fees shall be adopted under the administrative rule-making authority of the district but shall not apply to district leases. Notice of such public hearing setting forth the proposed schedule or schedules of fees shall have been published in a newspaper of general circulation in the district at least once and at least ten days prior to such public hearing. The rule-making hearing may be adjourned from time to time. After such hearing, such schedule or schedules, either as initially proposed or as modified or amended, may be finally adopted. A copy of the schedule or schedules of such rates, fees, rentals, or charges as finally adopted shall be kept on file in an office designated by the board and shall be open at all reasonable times to public inspection. The rates, fees, rentals, or charges so fixed for any class of users or property served shall be extended to cover any additional users or properties thereafter served which shall fall in the same class, without the necessity of any notice or hearing.

(c) Such fees shall be just and equitable and uniform for users of the same class and when appropriate may be based or computed either upon the amount of service furnished, upon the number or average number of persons residing or working in or otherwise occupying the premises served, or upon any other factor affecting the user of the facilities furnished, or upon any combination of the foregoing factors, as may be determined by the board on an equitable basis.

(d) The fees prescribed shall be such as will produce revenues, together with any other assessments, taxes, revenues, or funds available or pledged for such purpose, at least sufficient to provide for the items in this subsection listed, but not necessarily in the order stated:

- (1) All expenses of operation and maintenance of such facility or service;
- (2) Payment when due of all bonds or other obligations and the interest thereon which are or will be secured by or payable from such revenues, including reasonable reserves for such payments; and

(3) The funding of any other funds which may be required under the resolution or resolutions authorizing the issuance of bonds or other obligations secured by or payable from such revenues pursuant to this chapter.

(e) ~~The board of any district~~ created under this chapter shall have the power to enter into contracts for the lease, rental, or other use of the projects of the district and with respect to the services and facilities furnished or to be furnished by the district and shall charge such fees for the lease, rental, or other use of such projects, services, and facilities as the board of the district shall determine.

36-88-14.

(a) In the event that any fees duly determined and charged by the board of any district pursuant to the terms of this chapter shall not have been paid within 60 days of the date set by the board as the date such fees are due and payable, the unpaid balance thereof and all interest accrued thereon, together with reasonable attorney's fees and costs, may be recovered by the district in a civil action filed by the district in accordance with the laws of this state.

(b) In the event any fees for water and sewer services, or either of them, are not paid when due, the board shall have the power, under such reasonable rules and regulations as the board may adopt, to discontinue and shut off both water and sewer services until such fees, including interest, penalties, and charges for the shutting off and discontinuance and the restoration of such water and sewer services or both, are fully paid; and, for such purposes, the board may enter on any lands, waters, or premises of any person within the district limits. Such delinquent fees, together with interest, penalties, and charges for the shutting off and discontinuance and the restoration of such services and facilities and reasonable attorney's fees and other expenses may be recovered by the district, which may also enforce payment of such delinquent fees, rentals, or other charges by any other lawful method of enforcement.

36-88-15.

To the full extent permitted by law, any district created under this chapter shall require all lands, buildings, premises, persons, firms, and corporations within the district to use the water management and control facilities and water and sewer facilities of the district.

36-88-16.

(a) No community improvement district may purchase or sell a water or sewer utility that provides service to the public for compensation until the governing body of the community improvement district has held a public hearing on such purchase or sale and made a determination that the purchase or sale is in the public interest. The community improvement district shall consider, at a minimum, the following:

- (1) The most recent available income and expense statement for the utility;
- (2) The most recent available balance sheet for the utility listing assets and liabilities and clearly showing the amount of contributions in aid of construction and the accumulated depreciation thereon;
- (3) A statement of the existing rate base of the utility for regulatory purposes;
- (4) The physical condition of the utility facilities being purchased or sold;
- (5) The reasonableness of the purchase or sales price and terms;
- (6) The impacts of the purchase or sale on utility customers, both positive and negative;
- (7) Any additional investment required and the ability and willingness of the purchaser to make that investment, whether the purchaser is the community improvement district or the entity purchasing the utility from the community improvement district;
- (8) The alternatives to the purchase or sale and the potential impact on utility customers if the purchase or sale is not made; and
- (9) The ability of the purchaser to provide and maintain high-quality and cost-effective utility service, whether the purchaser is the community improvement district or the entity purchasing the utility from the community improvement district.

(b) The community improvement district shall prepare a statement showing that the purchase or sale described in subsection (a) of this Code section is in the public interest, including a summary of the purchaser's experience in water and sewer utility operation and a showing of financial ability to provide the service, whether the purchaser is the community improvement district or the entity purchasing the utility from the community improvement district.

36-88-17.

In the event any district created under this chapter undertakes any project as provided in this chapter, the board shall proceed to adopt plans and specifications for such project as follows:

(1) The board shall cause to be made by the district's engineer, or such other engineer or engineers as the board may employ for that purpose, complete and comprehensive plans and specifications for the lands located within the district that will be improved in any part or in whole by any system or facilities that may be outlined and adopted. Said engineer or engineers shall make a report in writing to the board describing the project and setting forth the projected cost of completion of the project, which report shall include surveys, maps, and profiles of said project or projects.

(2) The board shall also prepare, or cause to be prepared, a financing plan for the project or projects being considered, which plan shall include a description of the proposed source or sources of financing for such project, which may include the issuance of bonds by the district under this chapter, and a statement of projected revenues, if any, from the project. To the extent the cost of such project or projects is to be paid, in whole or in part, through benefit assessments levied by the district, whether directly or through the issuance of assessment or revenue bonds, the board shall also cause to be prepared an assessment plat showing the lands to be benefited by the project and the proposed amount of total assessments per acre to be levied upon such lands;

(3) Upon the completion of such plans and specifications and submission of such report and financing plan, the board shall hold a hearing thereon to hear objections thereto, shall give notice of the time and place fixed for such hearing by publication once each week for two consecutive weeks in a newspaper of general circulation in the general area of the district, and shall permit the inspection of the plans and specifications, engineer's report, and financing plan at the office of the district by all persons interested. All objections thereto shall be filed at or before the time fixed in the notice for the hearing and shall be in writing; and

(4) After the hearing, the board shall consider the proposed plans and specifications, engineer's report, and financing plan and any objections thereto and may modify, reject, or adopt the same or continue the hearing to a day certain for further consideration or modification thereof. If the board determines to approve the proposed plans and specifications, engineer's report, and financing plan, the board shall adopt a resolution declaring such approval, which may be included in a resolution of the board declaring the levy of benefit assessments for such project or projects, as set forth in Code Section 36-88-18.

36-88-18.

(a) Prior to levying any assessments under this chapter, the board shall adopt a resolution declaring its intent to levy such assessments, which resolution shall include the following:

(1) If the board intends to levy benefit assessments, the resolution shall include, or shall refer to, the board's approval of the plans and specifications, engineer's report, and financing plan for the project or projects for which the benefit assessments are to be levied, as provided in Code Section 36-88-17;

(2) A description of the project or projects, facilities, and improvements for which such assessments are being levied;

(3) An assessment plat and legal description of the specific parcel or parcels of land to be assessed, together with the respective amounts of benefit assessments and maintenance assessments to be levied per acre, which amounts shall be prorated accordingly for portions thereof;

(4) The total amount of benefit assessments and the total amount of maintenance assessments to be levied upon each parcel of land assessed, based upon the per acre assessment referred to in paragraph (3) of this subsection; and

(5) ~~With respect to any~~ benefit assessment to be levied, the term over which such benefit assessment may be paid, which term shall not exceed 30 years, together with the amount of the installment due in each year of such term, determined such that such installments are materially the same in each year of such term.

(b) Upon the adoption of the resolution declaring the board's intent to levy assessments as described in subsection (a) of this Code section, the board shall cause to be made an assessment roll in accordance with the method of assessment provided for in said resolution, which assessment roll shall be completed and filed with the tax commissioner of the county within which the district is located as promptly as possible. Said assessment roll shall describe the lots and lands assessed, the total amount of the benefit assessments, the total amount of maintenance assessments levied against each lot or parcel of land, and if any such benefit assessment is to be paid in installments, the number of installments and amount of each such installment of such benefit assessment due in each year.

(c) Upon completion of the assessment roll, the board shall by resolution fix a time and place at which the owners of the property to be assessed or any other persons interested therein may appear before the board and be heard regarding the amount, purpose, and necessity of any maintenance assessments being levied and the propriety and advisability of undertaking the project or projects for which any benefit assessments are being levied, the cost thereof, the manner of payment therefor, and the amount of the benefit assessment to be levied against each benefitted property. The board shall provide at least ten days' notice in writing of such time and place to the owners of any property being assessed, which notice shall be mailed to each such property owner at his or her last known address. Notice of the time and place of such hearing shall also be published in a newspaper of general circulation in the district, once a week for the two consecutive weeks immediately preceding said hearing, which notice shall state the board's intention to levy maintenance assessments or benefit assessments or both, describe the facilities to which such maintenance assessments relate or the project or projects to be undertaken or both, and advise all persons interested that the description of each property to be assessed and the amount of the benefit or maintenance assessment or both attributable to each such parcel may be ascertained at the office of the board of supervisors of the district.

(d) At the hearing regarding the assessment roll described in subsection (c) of this Code section, the board shall meet as an equalizing board to hear and consider any and all complaints as to the assessments to be levied and shall adjust and equalize such assessments, if appropriate, on a basis of justice and right, and when so equalized and approved by resolution of the board, such assessments shall stand confirmed and remain legal, valid, and binding liens upon the property against which such assessments are made, until paid, with such priority as may be provided for in this chapter. Notwithstanding the foregoing provisions of this subsection, upon completion of any project or projects for which any benefit assessments are levied, the district shall credit to each of such benefit assessments the difference in the benefit assessment as originally made, approved, and confirmed and the proportionate part of the actual cost of the project or projects to be paid from such benefit assessments as finally determined upon the completion of the project or projects, but in no event shall the final benefit assessments levied exceed the amount originally assessed.

(e) Promptly after confirmation of such assessments, such assessments shall be recorded by the secretary of the board in a special book to be known as the 'Improvement Lien Book,' and the record of the lien recorded in such book shall constitute prima facie evidence of its validity.

(f) Any informality or irregularity in the proceedings in connection with the levy of any assessment under the provisions of this chapter shall not affect the validity of the same where the assessment roll has been confirmed by the board, and the assessment roll as finally approved and confirmed shall be competent and sufficient evidence that the

assessment was duly levied, that the benefit assessment was duly made and adopted, and that all other proceedings adequate to the adoption of the said assessment roll were duly had, taken, and performed as required by this chapter. No variance from the directions under this chapter shall be held material unless it is clearly shown that the party objecting was materially injured thereby.

36-88-19.

(a) No contract shall be let by the board of any district created under this chapter for the construction of any project authorized by this chapter, nor shall any goods, supplies, or materials be purchased, when the amount thereof to be paid by the district shall exceed \$10,000.00 unless notice of bids shall be advertised once in a newspaper in general circulation in the county in which the district is located and in the district. In each case, the bid of the lowest responsive and responsible bidder shall be accepted unless all bids are rejected because the bids are too high, or the board determines it is in the best interests of the district to reject all bids. The board may require the bidders to furnish bond with a responsible surety to be approved by the board. No provision of this Code section shall prevent the board from undertaking and performing the construction, operation, and maintenance of any project or facility authorized by this chapter by the employment of labor, material, and machinery.

(b) Contracts for maintenance services for any district facility or project or for other services to be performed for a district shall be subject to competitive bidding requirements to the same extent and subject to the same requirements as set forth by the laws of this state for contracts for similar services entered into by the governing body of a county within this state. Contracts for services not subject to competitive bidding under such laws shall not be subject to competitive bidding for a district unless the district adopts a rule applying competitive bidding procedures to said contracts.

36-88-20.

The district shall take affirmative steps to provide for the full disclosure of information relating to the public financing and maintenance of any projects or other improvements to real property undertaken by the district. Such information shall be made available to all existing residents and to all prospective residents of the district. The district shall furnish each developer of a residential development within the district with sufficient copies of that information to provide each prospective purchaser of property in that development with a copy. Any developer of a residential development within the district, when required by law to provide a public offering statement, shall include a copy of such information relating to the public financing and maintenance of improvements in the public offering statement. The Department of Community Affairs shall keep a current list of districts and their disclosures pursuant to this chapter and shall make such studies and reports and take such actions as it deems necessary.

36-88-21.

Any district created under this chapter may issue general obligation bonds, revenue bonds or assessment bonds, bond anticipation notes, or other evidences of indebtedness in accordance with the terms and provisions of this chapter.

36-88-22.

Any bonds issued by a district under this chapter may be sold at public or private sale upon such terms and conditions as the board may reasonably determine, but in any event not at a price less than 90 percent of the par value thereof, together with accrued interest thereon.

36-88-23.

Any series of bonds to be issued under this chapter shall be authorized by resolution or resolutions of the board which shall be adopted by a majority of all the members thereof then in office. Such resolution or resolutions may be adopted at the same meeting at which they are introduced and need not be published or posted. Any such resolution shall:

- (1) Authorize the issuance of bonds and fix the aggregate amount of bonds to be issued;
- (2) Set forth the purpose or purposes for which the moneys derived from the issuance of ~~bonds authorized thereby~~ shall be expended;
- (3) Set forth the source or sources of payment of the bonds and any revenues, taxes, assessments, or other amounts pledged or to be pledged to the payment thereof, and whether such bonds shall be payable from and secured by the full faith, credit, and taxing power of the district;
- (4) If such bonds are revenue bonds or assessment bonds, authorize the terms and conditions under which additional parity bonds may be issued and secured by and payable from the assessments or revenues pledged to and securing the bonds being authorized;
- (5) Authorize the rate or rates of interest to be borne by the bonds and the authorized denomination or denominations of the bonds;
- (6) Authorize the date or dates of maturity of such bonds, which shall not exceed 40 years from the respective date of issuance of such bonds;
- (7) Authorize the creation of funds or accounts relating to such bonds and the project or projects or other facilities to be financed thereby;
- (8) Set forth the medium of payment of principal, redemption premium, if any, and interest on the bonds and the place or places within or outside this state where such payments shall be made;
- (9) Set forth the provisions regarding registration and registration of transfer and exchange of bonds, redemption terms, and privileges, whether with or without premium, the manner of execution of such bonds, the form of such bonds, and any and all other terms, covenants, and conditions thereof; and
- (10) Contain such covenants with the holders of such bonds as the board may deem advisable. All such covenants shall constitute valid and legal binding and enforceable contracts between the district and the bondholders. Covenants may include, without limitation, covenants concerning the disposition of proceeds of the bonds; the use and disposition of project revenues; the pledging of revenues, taxes, and assessments; the obligations of the district with respect to the operation of the project and the maintenance of adequate project revenues; the issuance of additional bonds; the appointment, powers, and duties of trustees and receivers; the acquisition of outstanding bonds and obligations; restrictions on the establishing of competing projects or facilities; restrictions on the sale or disposal of the assets and property of the district; the maintenance of deposits to assure the payment of revenues by users of district facilities and services; the discontinuance of district services by reason of delinquent payments; acceleration upon default; the execution of necessary instruments; the procedure for amending or abrogating covenants with the bondholders; and such other covenants as may be deemed necessary or desirable for the security of the bondholders.

36-88-24.

Bonds issued by a district under this chapter shall be executed by the manual or duly authorized facsimile signature of the chairperson or other officer of the board specifically authorized to execute bonds on behalf of the district, and the official seal of the district, or an authorized facsimile thereof, shall be impressed, affixed, lithographed, engraved, or otherwise reproduced on such bonds. In case any officer whose signature shall appear on any bonds shall cease to be such officer before the delivery of such bonds, such signature or facsimile thereof shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery.

36-88-25.

Pending the preparation of definitive bonds, the board may issue interim certificates or receipts or temporary bonds, in such form and with such provisions as the board may determine, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The board may also provide for the replacement of any bonds which become mutilated, lost, or destroyed.

36-88-26.

Any bond issued under this chapter or any temporary bond, in the absence of an express recital on the face thereof that it is nonnegotiable, shall be fully negotiable and shall be and constitute a negotiable instrument within the meaning and for all purposes of the laws of this state.

36-88-27.

(a) Any district created under this chapter shall have the power and authority to issue revenue bonds from time to time without limitation as to amount, in compliance with the terms and provisions of Article 3 of Chapter 82 of Title 36, the "Revenue Bond Law." Such revenue bonds may be secured by, or be payable from, the gross or net pledge of the revenues to be derived from any project or combination of projects; from the rates, fees, or other charges to be collected from the users of any project or projects; from any revenue-producing undertaking or activity of the district; or from any other revenues of the district. Such bonds shall not constitute an indebtedness of the district, this state, or any political subdivision of this state and shall not be secured by or be payable from the full faith and credit nor the taxing power of the district.

(b) Any two or more projects may be combined and consolidated into a single project and may thereafter be operated and maintained as a single project. Revenue bonds authorized in this Code section may be issued to finance any one or more of such projects, regardless of whether or not such projects have been combined and consolidated into a single project. If the board deems it advisable, the proceedings authorizing such revenue bonds may provide that the district may thereafter combine the projects then being financed or theretofore financed with other projects to be subsequently financed by the district and that revenue bonds to be thereafter issued by the district shall be on parity with the revenue bonds then being issued, all on such terms, conditions, and limitations as shall have been provided in the proceeding which authorized the original bonds.

36-88-28.

(a) Any district created under this chapter shall have the power from time to time to issue general obligation bonds to finance or refinance capital projects or facilities of the district, or to refund general obligation bonds theretofore issued by the district and currently outstanding, in compliance with the terms and provisions of the general obligation bond law, including the requirement of a referendum authorizing the issuance of such bonds held within the district.

(b) All provisions contained in the general obligation bond law relating to the issuance of bonds by any county within this state shall apply to the issuance of general obligation bonds by any district as if such district were a county for purposes of such general obligation bond law. Notwithstanding the foregoing provisions of this subsection, no referendum shall be required to be held on behalf of, and no consent or other approval shall be required to be obtained from, any person or persons who are not landowners within the district at the time such general obligation bonds are to be authorized and issued by such district.

(c) Any such general obligation bonds issued by a district shall be payable from and shall be secured by the full faith, credit, and taxing power of the district but shall not be payable from, or be secured by, or otherwise have any claim upon the faith, credit, or taxing power of this state or any political subdivision of this state, other than the district.

36-88-29.

(a) Any district created under this chapter may, after any benefit assessments for assessable improvements are determined and levied as provided in this chapter, issue assessment bonds payable from a special fund into which moneys received by the district from such benefit assessments shall be deposited, which special fund shall be pledged as security for such assessment bonds. Moneys deposited in such special fund, together with any interest earnings thereon, shall be used only for the payment of the assessment bonds to which such moneys are pledged.

(b) Any district issuing assessment bonds under this chapter is authorized to covenant with the holders of such assessment bonds that:

(1) It will diligently and faithfully enforce and collect all the benefit assessments and interest and penalties thereon pledged as security for such assessment bonds and deposit the amounts so collected in the special fund created therefor; and

(2) It will act diligently to foreclose any liens on property subject to such assessments created and existing by virtue of the nonpayment thereof, as provided by the terms of this chapter, and to deposit the proceeds derived from any such foreclosure, including interest and penalties, in such special fund.

(c) Any district issuing assessment bonds under this Code section may also pledge to the payment of such assessment bonds any revenues of the district derived from any project or projects or other facilities of the district; provided, however, that any lien upon any such revenues created in favor of the holders of any assessment bonds shall be subordinate to the lien or liens thereon in favor of the holders of any revenue bonds or other assessment bonds of the district to which such revenues have theretofore been pledged, unless the resolution authorizing such revenue bonds or other assessment bonds specifically contemplates otherwise.

(d) Notwithstanding any provision of this Code section to the contrary, assessment bonds issued under this Code section shall mature not later than two years after the due date of the last permitted installment of any benefit assessments securing the payment of such assessment bonds.

36-88-30.

In addition to the other powers provided for in this chapter, and not in limitation thereof, any district created under this chapter shall have the power, at any time and from time to time after the issuance of any bonds of the district shall have been authorized, to borrow money for the purposes for which such bonds are to be issued in anticipation of the receipt of the proceeds of the sale of such bonds and to issue bond anticipation notes in a principal sum not in excess of the authorized maximum amount of such bond issue. Such notes shall be in such denomination or denominations, bear interest at such rate or rates as the board may determine, mature at such time or times not later than five years from the date of issuance, and be in such form and executed in such manner as the board shall prescribe. Such notes may be sold at either public or private sale or, if such notes shall be renewal notes, may be exchanged for notes then outstanding on such terms as the board shall determine. Such notes shall be paid from the proceeds of such bonds when issued. The board may, in its discretion, in lieu of retiring the notes by means of bonds, retire them by means of current revenues or from any taxes or assessments levied for the payment of such bonds; but in such event a like amount of the bonds authorized shall not be issued.

36-88-31.

Any revenue bonds or assessment bonds issued by a district under this chapter shall be validated in the manner and under the terms and conditions set forth in Article 3 of Chapter 82 of Title 36, the "Revenue Bond Law." Any general obligation bonds issued by a district under this chapter shall be validated in the manner and under the terms and conditions set forth in the general obligation bond law.

36-88-32.

All bonds issued under this chapter and interest paid thereon, all fees, charges, and other revenues derived by any district created under this chapter from the projects provided for by this chapter, and any tangible or intangible real or personal property owned by any such district shall be exempt from all taxes by this state or by any political subdivision, agency, or instrumentality thereof.

36-88-33.

Notwithstanding any provisions of any other law to the contrary, all bonds issued under the provisions of this chapter shall constitute legal investments for savings banks, banks, trust companies, insurance companies, executors, administrators, trustees, guardians, and other fiduciaries and for any board, body, agency, instrumentality, county, municipality,

or other political subdivision of this state and shall be and constitute security which may be deposited by banks or trust companies as security for deposits of state, county, municipal, or other public funds or by insurance companies as required or voluntary statutory deposits. www.deposits.tool.com.cn

36-88-34.

Any bonds issued by a district under this chapter may be secured by a trust agreement by and between the district and a corporate trustee or trustees, which may be any trust company or bank having the powers of a trust company within or outside this state. The resolution authorizing the issuance of the bonds may authorize the execution and delivery of such trust agreement, a copy of which shall be attached to such resolution and expressly refer to the provisions of such trust agreement with respect to certain provisions regarding such bonds which are required to be set forth in such resolution. Such trust agreement may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as the board may approve, including, without limitation, covenants setting forth the duties of the district in relation to the acquisition, construction, reconstruction, improvement, maintenance, repair, operation, and insurance of any projects; the fixing and revising of rates, fees, and charges with respect to any projects; and the custody, safeguarding, and application of all moneys and for the employment of consulting engineers in connection with such acquisition, construction, reconstruction, improvement, maintenance, repair, or operation. It shall be lawful for any bank or trust company within or outside this state which may act as a depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the district. Such resolution or trust agreement may set forth the rights and remedies of the bondholders and of the trustee, if any, and may restrict the individual right of action by bondholders. The board may provide for the payment of proceeds of the sale of the bonds and the revenues of any project to such officer, board, or depository as it may designate for the custody thereof and may provide for the method of disbursement thereof with such safeguards and restrictions as it may determine. All expenses incurred in carrying out the provisions of such resolution or trust agreement may be treated as part of the cost of operation of the project to which such trust agreement pertains.

36-88-35.

All district property shall be exempt from levy and sale by virtue of an execution, and no execution or other judicial process shall issue against such property, nor shall any judgment against the district be a charge or lien on its property or revenues; however, nothing contained in this Code section shall apply to or limit the rights of bondholders to pursue any remedy for the enforcement of any lien or pledge given by the district in connection with any of the bonds or obligations of the district.

36-88-36.

Any suit or action brought or maintained against any district created under this chapter for damages arising out of tort, including, without limitation, any claim arising upon account of an act causing an injury or loss of property, personal injury, or death, shall be subject to the laws of this state relating to sovereign immunity of the state and any of its political subdivisions with respect to any such action.

36-88-37.

The board of any district created under this chapter may resolve, of its own accord or upon request of a landowner pursuant to reasonable guidelines adopted by the board, to petition to contract or expand the boundaries of a community improvement district. Such petition shall be submitted and reviewed and consents to such expansion or contraction shall be obtained as follows:

- (1) The petition shall be submitted to the governing bodies of the county and any municipality within which all or part of the district is located, which petition shall contain the same information required by subsection (c) of Code Section 36-88-3. In addition, if the petitioner seeks to expand the district, the petition shall describe the proposed timetable for construction of any district services to the area, the estimated

cost of constructing the proposed services, and the designation of the future general distribution, location, and extent of public and private uses of land proposed for the area. If the petitioner seeks to contract the district, the petition shall describe what services and facilities are currently provided by the district to the area being removed and the designation of the future general distribution, location, and extent of public and private uses of land proposed for the area.

(2) In order to expand or contract the boundaries of a district, written consent of the landowners whose property is to be excluded from or included within the district following such contraction or expansion shall be obtained to the same extent, and in the same manner, as provided in subsection (b) of Code Section 36-88-3. Notwithstanding the foregoing provisions of this paragraph, if the creation of the district, as originally bounded, was consented to by 100 percent of the landowners originally included therein as provided in subsection (c) of Code Section 36-88-8, the consent of 100 percent of the landowners to be excluded from or included within the district after contraction or expansion of the boundaries thereof shall be obtained prior to such contraction or expansion.

(b) The governing body of the county or of any municipality within which a district is located may adopt a resolution providing for a plan for the transfer of a specific community improvement service from a district to such county or municipality (a 'transfer plan resolution'). The plan must provide for the assumption and guarantee of the district debt that is related to the service by the county or municipality and must demonstrate the ability of the county or municipality to provide such service:

The board of any district created under this chapter or any aggrieved person may have recourse to such remedies in law and at equity as may be necessary to ensure compliance with the provisions of this chapter, including injunctive relief to enjoin or restrain any person violating the provisions of this chapter or any bylaws, resolutions, regulations, rules, codes, or orders adopted under this chapter. In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained, or any building, structure, land, or water is used, in violation of this chapter or of any code, order, resolution, or other regulation made under authority conferred by this chapter or under law, the board or any citizen residing in the district may institute any appropriate action or proceeding to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance, or use; to restrain, correct, or avoid such violation; to prevent the occupancy of such building, structure, land, or water; and to prevent any illegal act, conduct, business, or use in or about such premises, land, or water."
