In the event any additional sources of revenue shall be authorized by law for educational purposes, the Board shall have the power, as the case may be, to recommend or provide for the lawful collection and appropriation of such revenues for use by the school system.

Chapter 2
Budget

SECTION 4-201.

Budget commission; duties; fiscal
year; preparation of budget.

(a) Budget commission. There shall be a budget commission of the Board consisting of the president of the Board, chairperson of the Finance Committee of the Board, and two members of the Board. Every year, the two members of the Board shall be nominated by the president and confirmed by the members of the Board. The comptroller and superintendent shall serve as ex officio members of the budget commission.

(b) Duties of budget commission. The budget commission shall:

(1) Annually prepare and file with the Board for submission to the superintendent the anticipated revenues for the school system, provided that such anticipated revenue shall not include more than 99 percent of the normal revenues collected during the previous fiscal or calendar year, with appropriate adjustments for changes in the property digest, the millage rate, and any contractual agreement with the city. The anticipated revenues shall include also the amount of funds reasonably expected from the state, taking into consideration any projected changes in student enrollment, as well as any other definable and expected sources of general revenue. However, the budget shall reflect all anticipated revenues from each source, shall designate all of such anticipated revenues among the several funds or accounts of the system, and shall not leave any anticipated revenues undesignated. "Normal revenues" shall include recurring income but not proceeds from the sale of real estate or from insurance thereon or from other nonrecurring sources of revenue. When such anticipated revenues have been filed, they shall be binding upon the Board without any further action;

(2) Allocate a sum sufficient to provide for debt service, including a sinking fund and interest on bond indebtedness, and any other appropriations required by law, which sum shall not be diverted to any other purpose;

(3) In the event the income of the school system should be decreased by law, either by an act of the General Assembly or the Board, it shall be the duty of the budget commission to immediately adjust the anticipated revenues to account for such decreased revenues. In the event of a change in the millage rate or other changes in state or local law, the budget commission may revise the budgeted anticipated revenues accordingly;

(4) In the event the Board receives more money, income, or revenue from any extraordinary source, either by the sale of real property, gift, grant, or otherwise, which has not been considered in the preparation of the anticipated revenues or other normal revenue in excess of appropriations, the Board shall have the right to allocate immediately such increased revenue for lawful purposes. However, during the preparation of the budget for the next year, no such extraordinary revenue shall be considered as part of the normal revenue of the Board;

(5) If at any time during any year, the expenditures exceed the revenues collected and a deficit results, it shall be the duty of the Board before appropriating any other sum for any purpose other than the interest and sinking fund on bonded indebtedness to lower its estimate of anticipated revenues to immediately discharge any deficit which has accrued during the preceding year.

(c) Fiscal year. The fiscal year shall begin and end as provided by law.

(d) Preparation of budget. The superintendent shall prepare a proposed budget for review by the Board and the public. In doing so, the superintendent shall obtain or cause to be

obtained from the comptroller and the various subordinate officers of the school system estimates of expenditures for matters within their jurisdiction in sufficient detail to prepare a program budget based on performance standards and other supporting data as may be necessary and proper. The proposed budget shall provide a complete financial plan for all operations of the school system and shall be based on performance standards.

SECTION 4-202.

Distribution, filing, and publication of budget.

The proposed budget and all supporting data shall be filed in the offices of the superintendent and the comptroller, and shall be open to inspection by the public. Copies of the proposed budget and supporting data shall be made available to the public at the actual cost of duplication.

SECTION 4-203.

Budget hearings; adoption; publication; certification.

The Board shall hold at least one public hearing to receive public input on the proposed budget. Following such hearing, the Board may review and revise the proposed budget and shall tentatively adopt a budget for the fiscal year. After its tentative adoption, a budget summary shall be advertised for two consecutive weeks prior to its final adoption in a newspaper of general circulation in the city, and a copy of the tentatively adopted budget as certified by the budget commission shall be filed in the offices of the superintendent and comptroller. At its next regular meeting or special meeting, the Board shall review the tentatively adopted budget, make any necessary changes, and adopt a final budget. A copy of the budget as finally adopted shall be submitted to the grand juries of Fulton and DeKalb counties then in session, the council of the City of Atlanta, the Atlanta-Fulton Public Library, and the state auditor.

SECTION 4-204.

Budgetary changes.

After the final adoption of a budget for a fiscal year by the Board, the budget shall not be changed except in the manner provided herein. Any action to revise the budget shall be taken at a regular meeting. The Board shall not transfer or reallocate outstanding obligations for any other purpose(s) until such obligations are paid, but it may transfer and reallocate all other funds lawfully anticipated. Should anticipated revenue be changed by law or by a change in the millage rate or in the assessed value of property subject to taxation or by increased or decreased receipts from the state or other revenue sources, the budget commission shall, within a period of 15 days after receipt of such information, certify to the Board the revised amount of the anticipated revenues for the balance of the fiscal year. At its next regular meeting after receiving the revised amount, the Board shall adjust the anticipated revenues accordingly and revise the budget in accordance with the recommended changes.

SECTION 4-205.

Unlawful obligations void.

The Board shall incur no obligation in excess of the annual budget and such other special appropriations as may be lawfully made and shall incur no liability except as authorized by such budget or appropriation. Any such liabilities attempted to be incurred shall be void in law and equity.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Part 9 of Article 8 of Chapter 2 of Title 47 of the Official Code of Georgia Annotated, relating to provisions relative to the Employees' Retirement System of Georgia applicable to judges, court employees, and certain county employees, is amended by inserting immediately following Code Section 47-2-295.1 a new Code Section 47-2-295.2 to read as follows:

"47-2-295.2.

(a) As used in this Code section, the term:

(1) 'Department' means the Department of Children and Youth Services.

(2) 'Local retirement system' means a retirement or pension system maintained by a county which includes as members thereof county juvenile detention employees who become employees of the department as a result of the county juvenile detention services' being transferred to the department, and the term includes any such retirement or pension system created by law or created by ordinance or resolution of the county under the home rule provisions of the Constitution of Georgia.

(b) Except as provided in subsection (c) of this Code section, any person who becomes an employee of the department as a result of a transfer of county juvenile detention services to the department shall become a member of this retirement system. Within 30 days of the day any such employee becomes a member of this retirement system, the board of trustees or other managing body of the applicable local retirement system shall pay to the board of trustees of this retirement system the total employee and employer contributions plus interest made by or on behalf of the employee to the local retirement system, together with accumulated interest thereon, and in addition the governing authority of the county may pay to the board of trustees of this retirement system on behalf of the employee such amount as such county governing authority deems appropriate, and the employee shall receive such creditable service in this retirement system as the total amount will allow without creating any accrued liability against this retirement system; provided, however, that no such person shall receive creditable service in excess of the accredited service previously rendered as an employee of the applicable local retirement system.

(c)(1) An employee subject to this Code section may elect to continue active membership in the local retirement system, and the salary received by such employee as an employee of the department shall be the salary of such employee for all purposes under the local retirement system. Except as otherwise provided in this subsection, such employee shall continue to pay the employee contributions required under the local retirement system, and the department may enter into an agreement with the board of trustees or other managing body of the local retirement system whereby the department may deduct such employee contributions from the compensation of the employee and pay the amount deducted to the local retirement system. Employer contributions for continued membership in the local retirement system shall be computed at the same percentage rate applicable to all other state employees on the basis of the state salary paid to such employees electing to continue membership in the local retirement system and shall be paid by the department when applicable to the local retirement system; provided, however, that:

(A) If the employer contributions paid by the department exceed the employer contributions applicable to all other employees of the local retirement system, the difference between the percentage rate of employer contributions paid by the department and the percentage rate of employer contributions applicable to all other employees of the local retirement system shall be applied to offset the percentage rate of employee contributions required of such state employees remaining in the local retirement system; and

(B) If the employer contributions to be paid by the department under this subsection would exceed the total employee and employer contributions required under the local retirement system, the department shall only be required to pay the total amount of such employee and employer contributions required under the local retirement system.

(2) An employee continuing membership under a local retirement system under this subsection shall retain all rights, benefits, and privileges under the local retirement system in the same manner and to the same extent as if the employee remained an employee of the county; provided, however, that such employee shall not be entitled to health and life insurance benefits available to county employees. An employee electing to continue membership in a local retirement system shall not be and may not become a member of the Employees' Retirement System of Georgia.

(d) To the extent this Code section conflicts with or is inconsistent with the provisions of a local retirement or pension system affected by this Code section, whether such local retirement or pension system was created by law or by local ordinance, the provisions of this Code section shall control."

SECTION 2.

This Act shall become effective on July 1, 1996, only if it is determined to have been concurrently funded as provided in Chapter 20 of Title 47 of the Official Code of Georgia Annotated, the "Public Retirement Systems Standards Law"; otherwise, this Act shall not become effective and shall be automatically repealed in its entirety on July 1, 1996, as required by subsection (a) of Code Section 47-20-50.

SECTION 3.

A bill to amend Article 1 of Chapter 24 of Title 33 of the Official Code of Georgia Annotated, relating to insurance generally, so as to provide for a short title; to provide for legislative findings; to require health insurers to provide coverage for a minimum of 48 hours of in-patient care following vaginal delivery or a minimum of 96 hours of in-patient care following delivery by cesarean section to a mother and her newly born child; to provide definitions; to provide for post-delivery care for a mother and her newly born child in the home.

The following Committee substitute was read and adopted:

A BILL

To amend Article 1 of Chapter 24 of Title 33 of the Official Code of Georgia Annotated, relating to insurance generally, so as to provide for a short title; to provide for legislative findings; to provide definitions; to require health insurers to provide coverage for a minimum of 48 hours of inpatient care following a normal vaginal delivery or a minimum of 96 hours of inpatient care following delivery by cesarean section to a newly born child and its mother; to provide for coverage by insurers of postdelivery care for a newly born child and its mother in the home; to provide for regulations to be issued by the Commissioner of Insurance; to provide for notice to policyholders; to provide for applicability; to provide for adjustment of current contracts; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 1 of Chapter 24 of Title 33 of the Official Code of Georgia Annotated, relating to insurance generally, is amended by adding at the end thereof three new Code sections to read as follows:

"33-24-58.

This Act shall be known and may be cited as the 'Newborn Baby and Mother Protection Act.'

33-24-59.

The General Assembly finds and declares that:

(1) Whereas, until recently health care insurers covered costs of hospital stays of a mother and a newborn until they were discharged by a physician after a consultation with the mother. Now many insurers are refusing payment for a hospital stay that extends beyond 24 hours after an uncomplicated vaginal delivery and 48 hours after a cesarean delivery;

- (2) There is sufficient scientific data to question the safety and appropriateness of such early releases from the hospital following delivery, particularly as it relates to the detection of many problems which if undiagnosed may pose life-threatening and costly complications and may require a longer period of observation by skilled personnel;
- (3) Guidelines developed by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists recommend as a minimum that mothers and infants meet certain medical criteria and conditions prior to discharge, and it is unlikely that these criteria and conditions can be met in less than 48 hours following a normal vaginal delivery and 96 hours following a cesarean delivery;
- (4) The length of postdelivery inpatient stay should be a clinical decision made by a physician based on the unique characteristics of each mother and her infant, taking into consideration the health of the mother, the health and stability of the baby, the ability and confidence of the mother to care for her baby, the adequacy of support systems at home, and access to appropriate follow-up care; and
- (5) Requiring insurers to cover minimum postdelivery inpatient stays will allow identification of early problems with the newborn, prevent disability through appropriate use of metabolic screening, and help ensure that the family is able and prepared to care for the baby at home.

33-24-60.

(a) As used in this Code section, the term:

(1) 'Attending provider' means:

(A) Pediatricians and other physicians attending the newborn; and

(B) Obstetricians, other physicians, and certified nurse midwives attending the mother.

(2) 'Health benefit policy' means any individual or group plan, policy, or contract for health care services issued, delivered, issued for delivery, or renewed in this state, including those contracts executed by the State of Georgia on behalf of indigents and on behalf of state employees under Article 1 of Chapter 18 of Title 45, by a health care corporation, health maintenance organization, preferred provider organization, accident and sickness insurer, fraternal benefit society, hospital service corporation, medical service corporation, or other insurer or similar entity.

(3) 'Insurer' means an accident and sickness insurer, fraternal benefit society, hospital service corporation, medical service corporation, health care corporation, health maintenance organization, or any similar entity authorized to issue contracts under this title and also means any state program funded under Title XIX of the federal Social Security Act, 42 U.S.C.A. Section 1396 et seq., and any other publicly funded state health care program.

(b) Every health benefit policy that provides maternity benefits that is delivered, issued, executed, or renewed in this state or approved for issuance or renewal in this state by the Commissioner on or after the effective date of this Act shall provide coverage for a minimum of 48 hours of inpatient care following a normal vaginal delivery and a minimum of 96 hours of inpatient care following a cesarean section for a mother and her newly born child in a licensed health care facility.

(c) Any decision to shorten the length of stay to less than that provided under subsection (b) of this Code section shall be made by the attending physician, the obstetrician, pediatrician, or certified nurse midwife after conferring with the mother.

(d) If a mother and newborn are discharged pursuant to subsection (c) of this Code section prior to the postpartum inpatient length of stay provided under subsection (b) of this Code section, coverage shall be provided for up to two follow-up visits, provided that the first such visit shall occur within 48 hours of discharge. Such visits shall be conducted by a physician, a physician's assistant, or a registered professional nurse with experience and training in maternal and child health nursing. After conferring with the mother, the health care provider shall determine whether the initial visit will be conducted at home or at the office. Thereafter, he or she shall confer with the mother and determine whether a second visit is appropriate and where it shall be conducted. Services provided shall include, but not be limited to, physical assessment of the newborn, parent education, assistance and training in breast or bottle feeding, assessment of the

home support system, and the performance of any medically necessary and appropriate clinical tests. Such services shall be consistent with protocols and guidelines developed by national pediatric, obstetric, and nursing professional organizations for these services. (e) ~~The Commissioner shall~~ adopt rules and regulations necessary to implement the provisions of this Code section.

(f) Every insurer shall provide notice to policyholders regarding the coverage required by this Code section and any rules and regulations promulgated by the Commissioner relating to this Code section. The notice shall be in writing and prominently positioned in any of the following literature:

- (1) The next mailing to the policyholder;
- (2) The yearly informational packets sent to the policyholder; or
- (3) Other literature mailed before January 1, 1997.

(g) No insurer covered under this Code section shall deselect, terminate the services of, require additional utilization review, reduce capitation payment, or otherwise penalize an attending physician or other health care provider who orders care consistent with the provisions of this Code section. For purposes of this subsection, health care provider shall be defined to include the attending physician, certified nurse midwife, and hospital.”

SECTION 2.

All contracts relating to the provision of health care services in effect on the effective date of this Act shall be appropriately adjusted to reflect any change in services provided as required by this Act.

SECTION 3.

The provisions of this Act shall not be construed to apply to or in any way affect the provisions of the federal Employee's Retirement Income Security Act.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

Any contract entered into pursuant to the provisions of a local Act repealed by the terms of the preceding sentence of this subsection shall not be affected by such repeal for the duration of that contract as specified immediately before April 15, 1993, as long as that contract was valid at such time.”

SECTION 4.

Said chapter is further amended by striking in its entirety Code Section 12-8-24, relating to permits for solid waste or special solid waste handling or disposal and for thermal technology facilities, and inserting in lieu thereof the following:

"12-8-24.

(a) No person shall engage in solid waste or ~~special solid waste~~ handling in Georgia or construct or operate a solid waste handling facility in Georgia, except those individuals exempted from this part under Code Section 12-8-30.10 or persons exempted by rules promulgated by the board, without first obtaining a permit from the director authorizing such activity; provided, however, that the board may not exempt persons disposing of solid waste other than inert solid waste.

~~(b)(1) No permit for a biomedical waste thermal treatment technology facility shall be issued by the director unless the applicant for such facility demonstrates to the director that a need exists for the facility for waste generated in Georgia by showing that there is not presently in existence within the state sufficient disposal facilities for biomedical waste being generated or expected to be generated within the state. For purposes of this part, 'biomedical waste thermal treatment technology facility' means any facility that exists for the purpose of reducing the amount of biomedical waste disposed of through a process of combustion, with or without the process of converting such waste to energy.~~

~~(2) Paragraph (1) of this subsection shall not apply to any biomedical waste thermal treatment technology facility which is operated exclusively by a private biomedical waste generator on property owned by the private biomedical waste generator for the purpose of accepting biomedical waste exclusively from the private biomedical waste generator so long as the operation of the biomedical waste thermal treatment technology facility does not adversely affect the public health or the environment. After commencement of operation by a private biomedical waste generator of a biomedical waste~~

thermal treatment technology facility which is permitted by but not included in a local or regional solid waste management plan, amendment of the local or regional solid waste management plan shall be required for any biomedical waste which is no longer to be disposed of by the private biomedical waste generator in its own biomedical waste thermal treatment technology facility prior to any substantial reduction in the amount of biomedical waste produced by the private biomedical waste generator and accepted by its own biomedical waste thermal treatment technology facility or the closure of such facility.

(e) On or after March 30, 1990, any permit for the transportation of municipal solid waste from a jurisdiction generating solid waste to a municipal solid waste disposal facility located in another county shall be conditioned upon the jurisdiction generating solid waste developing and being actively involved in, by July 1, 1992, a strategy for meeting the state-wide goal of waste reduction by July 1, 1996.

(d)(b) If the director determines that such the activity referred to in subsection (a) of this Code section will result in any violation of this part or any rule or regulation promulgated pursuant to this part, he or she shall deny the permit; otherwise, he or she shall issue the permit, specifying on the permit the conditions under which such activity shall be conducted; provided, however, that a public hearing shall be held by the governing authority of the county or municipality in which the municipal solid waste or special solid waste handling shall occur not less than two weeks prior to the issuance of any permit under this Code section and notice of such hearing shall be posted at the proposed site and advertised in a newspaper of general circulation serving the county or counties in which the proposed activity will be conducted at least 30 days prior to such hearing.

(e)(c)(1) The director may suspend, modify, or revoke any permit issued pursuant to this Code section if the holder of the permit is found to be in violation of any of the permit conditions or any order of the director or fails to perform solid waste handling in accordance with this part or rules promulgated under this part. The director may modify any permit issued pursuant to this Code section in accordance with rules promulgated by the board. All modifications of existing permits shall be classified by the board as either major or minor modifications. All modifications of existing permits to allow vertical or horizontal expansion of existing disposal facilities, except a facility operated by a utility regulated by the Public Service Commission, shall be classified as major permit modifications and shall not be granted by the director sooner than three years from the date any such facility commenced operation; provided, however, that a permit may be modified by the director to allow a vertical or horizontal expansion one time within three years from the date the facility commenced operation so long as the capacity of the facility is not increased more than 10 percent.

(2) Prior to the granting of any major modification of an existing solid waste handling permit by the director, a public hearing shall be held by the governing authority of the county or municipality in which the municipal solid waste facility or special solid waste handling facility requesting the modification is located not less than two weeks prior to the issuance of any permit under this Code section and notice of such hearing shall be posted at the site of such facility and advertised in a newspaper of general circulation serving the county or counties in which such facility is located at least 30 days prior to such hearing.

(3) Except as otherwise provided in this part, major modifications shall meet the siting and design standards applicable to new permit applications in effect on the date the modification is approved by the director; provided, however, that a facility may be granted a variance by the director from those standards when vertically expanded unless such variance is inconsistent with federal laws and regulations; provided, further, that the director shall not grant a variance from the provisions of subparagraph (B), (C), (D), or (E) of paragraph (4) of this subsection.

(4) No vertical expansions shall be approved under this subsection unless:

(A) The owner or operator demonstrates compliance with all standards not varied by the director;

(B) The owner or operator has installed a surface and ground-water monitoring system approved by the division under currently promulgated rules and has submitted the initial sampling results to the division;

(C) ~~The owner or operator~~ has implemented or installed a methane gas monitoring program or system approved by the division under currently promulgated rules and has submitted the initial sampling results to the division;

(D) The owner or operator has a closure and postclosure care plan approved by the division under currently promulgated rules; and

(E) Where noncompliance with the standards for surface water, ground water, or methane gas has been determined, the owner or operator has a schedule and corrective action plan approved by the division for returning the site to compliance within six months of the director's approval of the corrective action plan. If the owner or operator cannot demonstrate that the site can be returned to compliance within said six-month period, the director shall not issue a permit to expand the site vertically but shall order the facility to prepare a final closure plan, including the cessation of waste receipt within six months of the final effective date of the order. If sufficient permitted capacity is not available to allow orderly closure, the director may allow operation of the facility under authority of the closure order for a period not to exceed six months.

(5) Modifications for vertical expansions issued under this Code section may be restricted in duration, but in no case shall be effective beyond July 1, 1998, for landfills not having liners and leachate collection systems.

(6) The owner or operator of any site not having a liner and leachate collection system which is vertically expanded and which subsequently fails to demonstrate compliance with all applicable surface water, ground-water, or methane gas standards shall demonstrate to the satisfaction of the director, through a corrective action plan, that the site has been or can be returned to compliance within six months of the director's approval of the corrective action plan. If the owner or operator fails to demonstrate to the satisfaction of the director that compliance has been attained or can be attained, the director shall notify the owner or operator, ordering cessation of the acceptance of waste for disposal, remediation of noncompliance, and implementation of the final closure plan, to include a final date for closure.

~~(d)~~ In the event of the modification, suspension, amendment, or revocation of a permit, the director shall serve written notice of such action on the permit holder and shall set forth in such notice the reason for such action.

~~(g)~~(e) Prior to the issuance of any permit for a solid waste handling facility or the granting of any major modification of an existing solid waste handling permit, the director shall require written verification to be furnished by the applicant that the proposed facility complies with local zoning or land use ordinances, if any; and after July 1, 1992, that the proposed facility is consistent with the local, multijurisdictional, or regional solid waste management plan developed in accordance with standards promulgated pursuant to this part subject to the provisions of Code Section 12-8-31.1. Further, prior to the issuance of any permit or major permit modification for a municipal solid waste disposal facility, the applicant shall provide the director with written verification and that the host jurisdiction and all jurisdictions generating solid waste destined for the applicants' facility can demonstrate that they, at the time of application and during the operating life of the facility, are part of an approved solid waste plan developed in accordance with standards promulgated pursuant to this part and are actively involved in and have a strategy for meeting the July 1, 1998, state-wide reduction goal provided by subsection (c) of Code Section 12-8-21 of waste reduction by July 1, 1996. Prior to the issuance of any permit for a solid waste handling facility or the granting of any major modification of an existing solid waste handling permit that will handle solid waste from jurisdictions outside Georgia, the out-of-state solid waste generating jurisdictions shall provide documentation that they have a strategy for and are actively involved in meeting planning requirements and a waste reduction goal that are substantially equivalent to the planning requirements and waste reduction goal contained in this part. As a condition of the issuance of a permit and for the continued active life of such a

facility, and before the facility receives any municipal solid waste, the director shall require the permit holder to submit written verification that the jurisdiction in which the facility is located and all jurisdictions from which municipal solid waste are received are part of an approved solid waste plan and are actively involved in and have a strategy for meeting the July, 1, 1998, state-wide reduction goal provided by subsection (c) of Code Section 12-8-21.

~~(h)~~(f) No permit for a disposal facility shall be issued to any regional solid waste management authority created under Part 2 of this article, the 'Regional Solid Waste Management Authorities Act,' until local and regional solid waste management plans consistent with this part have been developed for all jurisdictions participating in such authority and such plans are found to be consistent with the state solid waste management plan pursuant to subsection (d) of Code Section 12-8-31.1.

~~(i)~~(g) No permit shall be issued for a new solid waste thermal treatment technology facility unless the applicant meets or exceeds standards adopted by the board which shall be consistent with and at least as stringent as the Federal New Source Performance Standards for new municipal waste combustors outlined in regulations pursuant to the federal Clean Air Act, 42 U.S.C. Section 1857, et seq., as amended, and 42 U.S.C. Section 7401, et seq., as amended.

~~(j)~~(h) The director or his the director's designee is authorized to inspect any generator in Georgia to determine whether that generator's solid waste is acceptable for the intended handling facility. The division may require any generator in Georgia to cease offering solid waste for handling if such solid waste is not acceptable under standards promulgated by the board, and the division may prohibit the handling of such solid waste until waste management procedures acceptable to the division are developed. Such prohibition shall continue in effect until the waste management procedure for handling is approved in writing by the division. Any generator or handler in Georgia which does not comply with a prohibition made under this subsection shall be in violation of this part.

(i) Landfills or portions of landfills which have had all waste removed and which are subsequently proposed for reuse as lined landfills shall be subject to the requirements of this part relating to major modifications, but such reuse shall not be considered a vertical expansion.

(j) Unless otherwise expressly provided, any amendment of this part or to regulations promulgated pursuant to this part which impose permit conditions for the operation, closure, or postclosure care of any solid waste handling facility shall be applicable to all new facilities as well as to all similar existing permitted facilities.

(k) The governing authority of any county, municipal corporation, authority, or special district or any combination of such public entities shall hold a public hearing before entering into a contract with any private entity for the lease, sale, or management of a landfill or solid waste disposal facility owned or operated by such public entity. Notice of such hearing shall be posted at the site of the landfill or facility and shall be advertised in a newspaper of general circulation in the county or counties in which the landfill or facility is located at least 30 days prior to the date of such hearing."

SECTION 5.

Said chapter is further amended by striking in its entirety Code Section 12-8-25.3, relating to restrictions on solid waste landfill sites within significant ground-water recharge areas or near military bombing ranges, and inserting in lieu thereof the following:

"12-8-25.3.

(a) Notwithstanding the provisions of Code Section 12-8-25.2, no permit shall be issued for a municipal solid waste landfill which accepts solid waste generated from outside the county in which such landfill is located or, in the case of a regional landfill, from outside any of the counties or special districts empowered to engage in solid waste management activities constituting such region if any part of such site is within any area that has been designated by the director as a significant ground-water recharge area.

(b) In addition to the provisions of subsection (a) of this Code section, in the case of a regional municipal solid waste landfill where any part of such site is within any area

that has been designated by the director as a significant ground-water recharge area, no permit shall be issued for such regional landfill unless the boundaries of the counties or special districts empowered to engage in solid waste management activities are contiguous and such counties or special districts have entered into a joint contract for the collection and disposal of solid waste.

(e)(a) No permit or modification of an existing permit shall be issued for land application of untreated municipal sewage sludge located in an area designated by Hydrologic Atlas 18 prepared by the Department of Natural Resources as a significant ground-water recharge area including, but not limited to, those areas designated as probable areas of thick soils.

(d)(b) Notwithstanding any other provision of law or any administrative action, no No permit shall be issued for a municipal solid waste landfill within two miles of a federally restricted military air space which is used for a bombing range or for a solid waste processing facility on property immediately adjacent to property on which is located a church or school. The provisions of this subsection shall apply to all permit applications pending on or submitted on or after the date this subsection becomes effective and to all permits denied prior to such date which are the subject of an appeal or judicial review pending on such date.

(c) No permit shall be issued for a solid waste disposal facility other than a permit-by-rule inert landfill or a solid waste handling facility other than a material recovery facility located within the boundaries of any municipal corporation having a population of 1,500 or less according to the United States decennial census of 1990 or any future such census and which is not included in a regional solid waste plan or multijurisdictional solid waste plan developed pursuant to Code Section 12-8-31.1 without the express approval of the governing authority of each county encompassing any part of the boundary of the municipality in which the facility is proposed to be located. Such governing authority may consider, without limitation, such factors as the impact the proposed facility will have on the infrastructure, health and welfare, economy, environment, and ecology of the region. The provisions of this subsection shall apply to all permit applications pending on or submitted on or after the date this subsection becomes effective and shall apply to all permits issued prior to such date, which permits are the subject of an appeal or judicial review and such appeal or judicial review is in process."

SECTION 6.

Said chapter is further amended by striking in its entirety Code Section 12-8-30.3, relating to the entry of judgments in accordance with the order of the director of the Environmental Protection Division of the Department of Natural Resources, and inserting in lieu thereof the following:

I voted against the Buckner amendment to SB 396 because it has the effect of shifting the age of adulthood upward from 18 to 21, and does not recognize the special status of persons under the age of 21 who serve in the Armed Forces of the United States. As a former marine, I fully believe that anyone in a position to voluntarily offer up their own life in the defense of their country is an adult with all rights and privileges associated with adulthood, and will vote against any bill diminishing those rights and privileges no matter how laudable the intent.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Purchasing Reform Act of 1996."

SECTION 2.

The General Assembly declares and finds that many of the laws establishing guidelines and requirements for the purchasing of supplies, materials, and equipment by and for state departments and agencies were developed decades earlier and prior to the increase in available sources of supply and the expansion of technology. It is the intent of the General Assembly that these laws be amended to reflect these changes in order to provide greater flexibility for state agencies to make their purchases and to eliminate unnecessary bureaucracy which can result in purchase delays and increased administrative costs.

SECTION 3.

Part 1 of Article 3 of Chapter 5 of Title 50 of the Official Code of Georgia Annotated, relating to the general authority, duties, and procedures of the Department of Administrative Services, is amended by striking Code Section 50-5-51, relating to the power, authority, and duty of the department, in its entirety and inserting a new Code Section 50-5-51 to read as follows:

SECTION 1.

Article 2 of Chapter 5 of Title 16 of the Official Code of Georgia Annotated, relating to criminal assault and battery, is amended by striking Code Section 16-5-23.1, relating to criminal battery, and inserting in its place a new Code section to read as follows:

“16-5-23.1.

(a) A person commits the offense of battery when he or she intentionally causes substantial physical harm or visible bodily harm to another.

(b) As used in this Code section, the term ‘visible bodily harm’ means bodily harm capable of being perceived by a person other than the victim and may include, but is not limited to, substantially blackened eyes, substantially swollen lips or other facial or body parts, or substantial bruises to body parts.

(c) Except as provided in subsections (d), (e), ~~and~~ (f), and (g) of this Code section, a person who commits the offense of battery is guilty of a misdemeanor.

(d) Upon the second conviction for battery against the same victim, the defendant shall be punished by imprisonment for not less than ten days nor more than 12 months, by a fine not to exceed \$1,000.00, or both. The minimum sentence of ten days for a second offense shall not be suspended, probated, deferred, stayed, or withheld; provided, however, that it is within the authority and discretion of the sentencing judge to:

(1) Allow the sentence to be served on weekends by weekend confinement or during the nonworking hours of the defendant. A weekend shall commence and shall end in the discretion of the sentencing judge, and the nonworking hours of the defendant shall be determined in the discretion of the sentencing judge; or

(2) Suspend, probate, defer, stay, or withhold the minimum sentence where there exists clear and convincing evidence that imposition of the minimum sentence would either create an undue hardship upon the defendant or result in a failure of justice.

(e) Upon a third or subsequent conviction for battery against the same victim, the defendant shall be guilty of a felony and shall be punished by imprisonment for not less than one nor more than five years. The minimum sentence provisions contained in subsection (d) of this Code section shall apply to sentences imposed pursuant to this subsection.

(f) If the offense of battery is committed between past or present spouses, persons who are parents of the same child, parents and children, stepparents and stepchildren, foster parents and foster children, or other persons living or formerly living in the same household, then such offense shall constitute the offense of family violence battery and shall be punished as follows:

(1) Upon a first conviction of family violence battery, the defendant shall be guilty of and punished for a misdemeanor.

(2) Upon a second or subsequent conviction of family violence battery against the same or another victim, the defendant shall be guilty of a felony and shall be punished by imprisonment for not less than one nor more than five years.

~~(f)~~(g) Any person who commits the offense of battery in a public transit vehicle or station shall, upon conviction thereof, be punished for a misdemeanor of a high and aggravated nature. For purposes of this Code section, ‘public transit vehicle’ has the same meaning as in subsection (c) of Code Section 16-5-20.”

This Code section shall not forbid the transportation of a loaded firearm in any private passenger motor vehicle in an open manner and fully exposed to view or in the glove compartment of the vehicle.

(e) On and after October 1, 1996, licenses issued by other states which authorize the carrying of handguns will be recognized according to the terms thereof but only while a licenseholder is not a resident of Georgia; provided, however, that such licenseholder shall carry the handgun in compliance with the laws of this state.”

16-11-128.

(a) A person commits the offense of carrying a pistol without a license when he has or carries on or about his person, outside of his home, motor vehicle, or place of business, any pistol or revolver without having on his person a valid license issued by the judge of the probate court of the county in which he resides, provided that no permit shall be required for persons with a valid hunting or fishing license on their person or for persons not required by law to have hunting licenses who are engaged in legal hunting, fishing, or sport shooting when the persons have the permission of the owner of the land on which the activities are being conducted; provided, further, that the pistol or revolver, whenever loaded, shall be carried only in an open and fully exposed manner.

(b) Upon conviction of the offense of carrying a pistol without a license, a person shall be punished as follows:

(1) For the first offense, he shall be guilty of a misdemeanor; and

(2) For the second offense, and for any subsequent offense, he is guilty of a felony, and, upon conviction thereof, shall be imprisoned for not less than one year nor more than five years.

16-11-129.

(a) Application for license; term. The judge of the probate court of each county may, on application under oath and on payment of a fee of \$15.00, issue a license valid for a period of five years to any person who is a resident of that county at the time of such application, which license shall authorize that person to carry any pistol or revolver in any county of this state notwithstanding any change in that person's county of residence. Applicants shall submit the application for a license to the judge of the probate court on forms prescribed and furnished free of charge to persons wishing to apply for the license. Forms shall be designed to elicit information from the applicant pertinent to his eligibility under this Code section but shall not require nonpertinent or irrelevant data such as serial numbers or other identification capable of being used as a de facto registration of firearms owned by the applicant. The Department of Public Safety shall furnish application forms and license forms required by this Code section. The forms shall be furnished to each judge of each probate court within the state at no cost.

(b)Licensing exceptions. No license shall be granted to:

(1) Any person under 21 years of age;

(2) Any person who is a fugitive from justice or against whom proceedings are pending for any felony, forcible misdemeanor, or violation of Code Section 16-11-126, 16-11-127, or 16-11-128 until such time as the proceedings are adjudicated;

(3) Any person who has been convicted of a felony by a court of this state or any other state; by a court of the United States including its territories, possessions, and dominions; or by a court of any foreign nation and has not been pardoned for such felony by the President of the United States, the State Board of Pardons and Paroles, or the person or agency empowered to grant pardons under the constitution or laws of such state or nation or any person who has been convicted of a forcible misdemeanor and has not been free of all restraint or supervision in connection therewith for at least five years or any person who has been convicted of a violation of Code Section 16-11-126, 16-11-127, or 16-11-128 and has not been free of all restraint or supervision in connection therewith for at least three years, immediately preceding the date of the application;

(4) Any individual who has been hospitalized as an inpatient in any mental hospital or alcohol or drug treatment center within five years of the date of his application. The probate judge may require any applicant to sign a waiver authorizing any mental hospital or treatment center to inform the judge whether or not the applicant has been an inpatient in any such facility in the last five years and authorizing the superintendent of such facility to make to the judge a recommendation regarding whether a license to carry a pistol or revolver should be issued. The judge shall keep any such hospitalization or treatment information confidential. It shall be at the discretion of the probate judge, considering the circumstances surrounding the hospitalization and the recommendation of the superintendent of the hospital or treatment center where the individual was a patient, to issue the license; or

(5)(A) Any person, the provisions of paragraph (3) of this subsection notwithstanding, who has been convicted of an offense arising out of the unlawful manufacture, distribution, possession, or use of a controlled substance or other dangerous drug.

(B) As used in this paragraph, the term:

(i) "Controlled substance" means any drug, substance, or immediate precursor included in the definition of controlled substances in paragraph (4) of Code Section 16-13-21.

(ii) "Convicted" means a plea of guilty, a finding of guilt by a court of competent jurisdiction, the acceptance of a plea of nolo contendere, or the affording of first offender treatment by a court of competent jurisdiction irrespective of the pendency or availability of an appeal or an application for collateral relief.

(iii) "Dangerous drug" means any drug defined as such in Code Section 16-13-71.

(c)Fingerprinting.

(1) Following completion of the application, the judge of the probate court shall require the applicant to proceed to an appropriate law enforcement agency in the county with the completed application. The appropriate local law enforcement agency in each county shall then make two sets of classifiable fingerprints of the applicant for a license to carry a pistol or revolver, place the fingerprint required by subsection (f) of this Code section on a blank license form which has been furnished to the law enforcement agency by the judge of the probate court, and place the name of the applicant on the blank license form. The law enforcement agency shall be entitled to a fee of \$5.00 from the applicant for its services in connection with the application.

(2) In the case of each applicant who is applying for a license under this Code section for the first time, the judge of the probate court shall direct the law enforcement agency to transmit one set of the applicant's fingerprints to the Georgia Crime Information Center for a search of the Federal Bureau of Investigation records and an appropriate report. In such cases, the applicant shall submit an additional fee in an amount established by the Georgia Bureau of Investigation but not to exceed \$30.00 for a search of records of the Federal Bureau of Investigation and an appropriate report, payable in such form as the judge may direct, to cover the cost of the records search.

(3) Applications for renewal of licenses issued under this Code section shall be made to the judge of the probate court of the county in which the applicant resides at the time of making the renewal application. In the case of an applicant for a renewal of a license, the judge of the probate court may, in his discretion, direct that the local county law enforcement agency request a search of the criminal history file and wanted persons file of the Georgia Crime Information Center by computer access from that county in lieu of transmitting the application and forms.

(d) Investigation of applicant; issuance of license. Each law enforcement agency, upon receiving such applications and obtaining such fingerprints, shall promptly conduct a thorough search of its records and records to which it has access and shall notify the judge of the probate court within 50 days, by telephone and in writing, of any findings relating to the applicant which may bear on his eligibility for a license under the terms of this Code section. When no derogatory information is found on the applicant bearing on his eligibility to obtain a license, a report shall not be required. The law enforcement agency shall return the application and the blank license form with the fingerprint thereon directly to the judge of the probate court within such time period. Not later than 60 days after the date of the application the judge of the probate court shall issue the applicant a license to carry any pistol or revolver if no facts establishing ineligibility have been reported and if the judge determines the applicant has met all the qualifications, is of good moral character, and has complied with all the requirements contained in this Code section.

(e) Revocation, loss, or damage to license. If, at any time during the period for which the license was issued, the judge of the probate court of the county in which the license was issued shall learn or have brought to his attention in any manner any reasonable ground to believe the licensee is not eligible to retain the license, the judge may, after notice and hearing, revoke the license of the person upon adjudication of falsification of application, mental incompetency, chronic alcohol or narcotic usage, conviction of any felony or forcible misdemeanor, or for violation of Code Section 16-11-126, 16-11-127, or 16-11-128. It shall be unlawful for any person to possess a license which has been revoked, and any person found in possession of any such revoked license, except in the performance of his official duties, shall be guilty of a misdemeanor. It shall be required that any license holder under this Code section have in his possession his valid license whenever he is carrying a pistol or revolver under the authority granted by this Code section, and his failure to do so shall be prima-facie evidence of a violation of Code Section 16-11-128. Loss of any license issued in accordance with this Code section or damage to the license in any manner which shall render it illegible shall be reported to the judge of the probate court of the county in which it was issued within 48 hours of the time the loss or damage becomes known to the license holder. The judge of the probate court shall thereupon issue a replacement for and shall take custody of and destroy a damaged license; and in any case in which a license has been lost, he shall issue a cancellation order and notify by telephone and in writing each of the law enforcement agencies whose records were checked before issuance of the original license. A fee of \$3.00 shall be charged by the judge for such services.

(f) License specifications. Licenses issued as prescribed in this Code section shall be printed on durable but lightweight card stock, and the completed card shall be

laminated in plastic to improve its wearing qualities and to inhibit alterations. Measurements shall be $3\frac{1}{4}$ inches long, and $2\frac{1}{4}$ inches wide. Each shall be serially numbered within the county of issuance and shall bear the full name, actual residence address, birth date, weight, height, color of eyes, sex, and a clear print of the right index finger of the licensee. If the right index fingerprint cannot be secured for any reason, the print of another finger may be used but shall be marked to identify the finger from which the print is taken. The license shall show the date of issuance, the expiration date, the probate court in which issued, and shall be signed by the licensee and bear the signature or facsimile thereof of the judge. The seal of the court shall be placed on the face before the license is laminated. The reverse side of the license shall have imprinted thereon in its entirety Code Section 16-11-127.

(g) Alteration or counterfeiting of license; penalty. A person who deliberately alters or counterfeits such a license card commits a felony and, upon conviction thereof, shall be punished by imprisonment for a period of not less than one nor more than five years.

(h) Licenses for former law enforcement officers. Any person who has served as a law enforcement officer for at least ten of the 12 years immediately preceding the retirement of such person as a law enforcement officer shall be entitled to be issued a license as provided for in this Code section without the payment of any of the fees provided for in this Code section. Such person must comply with all the other provisions of this Code section relative to the issuance of such licenses. As used in this subsection, the term "law enforcement officer" means any peace officer who is employed by the United States government or by the State of Georgia or any political subdivision thereof and who is required by the terms of his employment, whether by election or appointment, to give his full time to the preservation of public order or the protection of life and property or the prevention of crime. Such term shall include sheriffs, deputy sheriffs, and conservation rangers.

(i) Temporary renewal licenses.

(1) Any person who holds a license under this Code section to carry a pistol or revolver may, at the time he applies for a renewal of the license, also apply for a temporary renewal license if less than 90 days remain before expiration of the license he then holds or if his previous license has expired within the last 30 days.

(2) Unless the judge of the probate court knows or is made aware of any fact which would make the applicant ineligible for a five-year renewal license, the judge shall at the time of application issue a temporary renewal license to the applicant.

(3) Such a temporary renewal license shall be in the form of a paper receipt indicating the date on which the court received the renewal application and shall show the name, address, sex, age, and race of the applicant and that the temporary renewal license expires 90 days from the date of issue.

(4) During its period of validity the temporary renewal permit, if carried on or about the holder's person together with the holder's previous license, shall be valid in the same manner and for the same purposes as a five-year license.

(5) A \$1.00 fee shall be charged by the probate court for issuance of a temporary renewal license.

(6) A temporary renewal license may be revoked in the same manner as a five-year license.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 33 of the Official Code of Georgia Annotated, relating to insurance, is amended by adding after Chapter 20 a new Chapter 20A to read as follows:

"CHAPTER 20A

33-20A-1.

This chapter shall be known and may be cited as the 'Patient Protection Act of 1996.'

33-20A-2.

(a) The General Assembly finds and declares that it is a vital government concern that the citizens of the State of Georgia have access to quality health care services and that informed consumers will be better able to identify and select plans that offer quality health care services if they are provided specific information before they enroll in health care plans. As the health care market becomes increasingly dominated by health care plans that use managed care techniques that include decisions as to the appropriateness of care, the General Assembly finds and declares that it is a vital government function to protect patients from managed care practices which have the effect of denying or limiting appropriate care. The General Assembly further finds that it is the public policy of the State of Georgia that physicians and health care providers be encouraged to advocate for medically appropriate health care for their patients.

(b) To achieve these ends, the General Assembly declares it necessary for the Commissioner of Insurance to certify qualified managed care plans to conduct business in the State of Georgia and for the Commissioner of Insurance to establish standards for such certification.

33-20A-3.

As used in this chapter, the term:

- (1) 'Commissioner' means the Commissioner of Insurance.
- (2) 'Emergency services' or 'emergency care' means those health care services that are provided for a condition of recent onset and sufficient severity, including but not limited to severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that failure to obtain immediate medical care could result in:
 - (A) Placing the patient's health in serious jeopardy;
 - (B) Serious impairment to bodily functions; or
 - (C) Serious dysfunction of any bodily organ or part.
- (2.1) 'Enrollee' means an individual who has elected to contract for or participate in a managed care plan for that individual or for that individual and that individual's eligible dependents.
- (3) 'Health care provider' or 'provider' means any physician, dentist, podiatrist, pharmacist, optometrist, psychologist, clinical social worker, advance practice nurse, registered optician, licensed professional counselor, physical therapist, marriage and family therapist, chiropractor, occupational therapist, speech language pathologist, audiologist, dietitian, or physician's assistant.
- (4) 'Limited utilization incentive plan' means any compensation arrangement between the plan and a health care provider or provider group that has the effect of reducing or limiting services to patients.
- (5) 'Managed care contractor' means a person who:
 - (A) Establishes, operates, or maintains a network of participating providers;
 - (B) Conducts or arranges for utilization review activities; and
 - (C) Contracts with an insurance company, a hospital or medical service plan, an employer, an employee organization, or any other entity providing coverage for health care services to operate a managed care plan.
- (6) 'Managed care entity' includes an insurance company, hospital or medical service plan, hospital, health care provider network, physician hospital organization, health care provider, health maintenance organization, health care corporation, employer or employee organization, or managed care contractor that offers a managed care plan.
- (7) 'Managed care plan' means a major medical, hospitalization, or dental plan that provides for the financing and delivery of health care services to persons enrolled in such plan through:
 - (A) Arrangements with selected providers to furnish health care services;
 - (B) Explicit standards for the selection of participating providers; and
 - (C) Cost savings for persons enrolled in the plan to use the participating providers and procedures provided for by the plan;
 provided, however, that the term 'managed care plan' does not apply to Chapter 9 of Title 34, relating to workers' compensation.
- (8) 'Out of network' or 'point of service' refer to health care items or services provided to an enrollee by providers who do not belong to the provider network in the managed care plan.
- (8.1) 'Patient' means a person who seeks or receives health care services under a managed care plan.
- (9) 'Qualified managed care plan' means a managed care plan that the Commissioner certifies as meeting the requirements of this chapter.

33-20A-4.

- (a) In addition to other requirements of law, prior to offering a managed care plan to any resident in Georgia, a managed care entity must first obtain a certificate from the Commissioner of Insurance indicating that such managed care plan meets the requirements of this chapter. The Commissioner may impose such costs, by rule or regulation, on managed care entities as deemed necessary to carry out the provisions of this chapter.
- (b) The Commissioner shall establish procedures for the periodic review and recertification of qualified managed care plans.

(c) The Commissioner shall terminate the certification of a qualified managed care plan, revoke or suspend the license of a managed care entity, or in lieu thereof impose a monetary penalty in accordance with Chapter 2 of this title, if the Commissioner determines that such ~~plan no longer meets~~ the applicable requirements for certification or violates any provision of this chapter. Before effecting any such sanction, the Commissioner shall provide the plan with notice and opportunity for a hearing on the proposed sanctions. Nothing in this Code section shall be construed as precluding other remedies at law.

(d) The Commissioner shall establish a process for certification through alternative methods providing that:

(1) An eligible organization, as defined in Section 1876(b) of the federal Social Security Act, shall be deemed to meet the requirements of subsections (a) and (b) of this Code section for certification as a qualified managed care plan; or

(2) If the Commissioner finds that a national accreditation body has established requirements for accreditation of a managed care entity which offers a managed care plan that are at least equivalent to the requirements established under this chapter and that the eligible organization and its plans comply with the requirements of such national accreditation body, then such organization and its plans shall be deemed to meet the requirements of subsections (a) and (b) of this Code section.

33-20A-5.

The Commissioner shall establish standards for the certification of qualified managed care plans that conduct business in this state. Such standards must include the following provisions:

(1) Disclosure to enrollees and prospective enrollees. (A) A managed care entity shall disclose to enrollees and prospective enrollees who inquire as individuals into a plan or plans offered by the managed care entity the information required by this paragraph. In the case of an employer negotiating for a health care plan or plans on behalf of his or her employees, sufficient copies of disclosure information shall be made available to employees upon request. Disclosure of information under this paragraph shall be readable, understandable, and on a standardized form containing information regarding all of the following for each plan it offers:

(i) The health care services or other benefits under the plan offered as well as limitations on services, kinds of services, benefits, or kinds of benefits to be provided;

(ii) Rules regarding copayments, prior authorization, or review requirements including, but not limited to, preauthorization review, concurrent review, postservice review, or postpayment review that could result in the patient's being denied coverage or provision of a particular service;

(iii) Potential liability for cost-sharing for out of network services, including but not limited to providers, drugs, and devices or surgical procedures that are not on a list or a formulary;

(iv) The financial obligations of the enrollee, including premiums, deductibles, copayments, and maximum limits on out-of-pocket expenses for items and services (both in and out of network);

(v) The number, mix, and distribution of participating providers. An enrollee or a prospective enrollee shall be entitled to a list of individual participating providers upon request;

(vi) Enrollee rights and responsibilities, including an explanation of the grievance process provided under this chapter;

(vii) An explanation of what constitutes an emergency situation and what constitutes emergency services;

(viii) The existence of any limited utilization incentive plans;

(ix) The existence of restrictive formularies or prior approval requirements for prescription drugs. An enrollee or a prospective enrollee shall be entitled, upon request, to a description of specific drug and therapeutic class restrictions;

(x) The existence of limitations on choices of health care providers;

(xi) A statement as to where and in what manner additional information is available; and

- (xii) A statement that a summary of the number, nature, and outcome results of grievances filed in the previous three years shall be available for inspection. Copies of such summary shall be made available at reasonable costs.

SECTION 2.

Said Act is further amended by striking Section 2 of said Act and inserting in lieu thereof a new Section 2 to read as follows:

"SECTION 2.
Augusta-Richmond County Consolidated
Government Coliseum Authority.

(a) The body corporate and politic formerly known as the Augusta-Richmond County Coliseum Authority shall, on and after April 1, 1996, be known as the Augusta-Richmond County Consolidated Government Coliseum Authority and shall continue to operate as same as a political subdivision of the State of Georgia and a public corporation and by that name, style, and title said body may contract and be contracted with, sue and be sued, implead and be impleaded, and complain and defend in all courts of law and equity. The authority shall consist of 12 members appointed by the Augusta-Richmond County Commission-Council. The 12 members serving on the Augusta-Richmond County Coliseum Authority on April 1, 1996, shall continue to serve as members of the Augusta-Richmond County Consolidated Government Coliseum Authority for the remainder of their respective terms to which they were appointed. When the term of any member expires, his or her successor shall be appointed by the Augusta-Richmond County Commission-Council. All members shall be appointed for terms of three years and until their respective successors are appointed and qualified. No member shall be authorized to serve more than two consecutive terms of office, except that a

member who is appointed to fill a vacancy on the authority may serve for the remainder of such unexpired term plus two consecutive terms thereafter. All members of the authority, including members appointed to fill a vacancy, shall be residents of the area governed by the Augusta-Richmond County Commission-Council for a period of not less than one year immediately prior to their appointment. The chairperson shall appoint all members of committees of the authority and shall designate the chairperson of each such committee.

(g) The authority shall make and implement rules and regulations for its own government. (n) Each member of the authority shall:

(1) Uphold the Constitution, laws, and regulations of the United States, the State of Georgia, and all governments therein and never be a party to their evasion;

(2) Never discriminate by the dispensing of special favors or privileges to anyone, whether or not for remuneration;

From Jim Woods 3/13/96

I voted in favor of Representative Joyce's motion to instruct the Judiciary Committee to report back to the floor of the House SR 4, also known as the Citizen's Right to Initiative

L. 1964, p. 3211), as amended, so as to change certain provisions relating to the chief judge and judges of the state court; to provide for a statement of intent; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act creating the State Court of Cobb County, approved March 26, 1964 (Ga. L. 1964, p. 3211), as amended, is amended by striking the paragraph at the end of Section 3, which reads as follows:

"The judge of said court who is senior in length of continuous service as a state court judge shall be the chief judge and shall be responsible for the administration and expeditious disposition of the business of the state court and shall have power to make such rules as he or she shall deem necessary or proper for such purpose but not in conflict with the general laws of this state, which rules shall be binding upon the other judge or judges of the state court. If two or more judges of said court have equal continuous

service as state court judges, the judges of the state court shall, by majority vote, elect from their number a chief judge to serve a two-year term and until a successor is elected. The chief judge shall be vested with the power to make all appointments whenever the law provides for the state court judge to make appointments. The chief judge shall serve as liaison between the state court and the Board of Commissioners for Cobb County with respect to the budget, personnel, and other matters. The chief judge shall also serve as liaison between the state court and other courts and between the state court and the general public. The chief judge shall have such additional duties as may be agreed upon by the judges of the state court and as prescribed by general law. The chief judge of the State Court of Cobb County shall receive as additional compensation \$2,800.00 per annum.”,

and inserting in lieu thereof the following:

“The judges of the State Court of Cobb County shall, during the month of July of each odd-numbered calendar year, by a vote of a majority of them, elect from among the judges of division one of said court a chief judge of the State Court of Cobb County to serve a two-year term, beginning October 1 of each odd-numbered calendar year. A vote of the majority of the judges of said court shall be required to fill any vacancy occurring in the office of chief judge. Any such vacancy shall be filled for the remainder of the unexpired term within 30 days after it occurs by majority vote as set out in this paragraph. Until such time as a chief judge is elected pursuant to this paragraph and whenever the position of chief judge is vacant for any reason, the judge of division one of the state court who shall be senior in length of continuous service as a judge of division one of said court shall be ex officio chief judge. In the event that two or more judges shall be equal in such seniority and in the event that two or more judges shall be equal in such seniority within a division of the court, said seniority shall be determined according to length of service of said judge on the state court as a whole. In the event that two or more judges shall be equal in such seniority on the court as a whole, then the judge who was first admitted to the State Bar of Georgia shall be such chief judge.

Upon the failure of a majority of the judges of said court to agree on the administration and the expeditious disposition of the business of the court, the chief judge shall have the power and responsibility to take such action as he or she shall deem necessary or proper for such purpose, but not in conflict with the general laws of this state or the uniform rules of this state, which action, when entered on the minutes of said court, shall be binding upon the other judges of said circuit.

Such chief judge may make appointments authorized by law and may from time to time require reports from the clerk of said court, the solicitor general of said court, and the sheriff of Cobb County relative to business pending before said court, including but not limited to issues involving the jail population.

The chief judge of the State Court of Cobb County shall receive as additional compensation \$2,800.00 per annum.

When matters are to be determined among the various judges according to seniority, in matters not affecting the designation of chief judge, then in all such instances said seniority shall be determined within the two divisions of the court according to length of service of said judge in said division of the court. In the event that two or more judges shall be equal in such seniority within a division of the court, seniority shall be determined according to length of service of said judge on the state court as a whole. In the event that two or more judges shall be equal in such seniority on the court as a whole, then the judge who was first admitted to the State Bar of Georgia shall be considered senior.”

SECTION 6.

Nothing enumerated in this Act shall be deemed to limit or restrict the inherent powers, duties, and responsibilities of state court judges provided by the statutes of the State of Georgia.

SECTION 7.

This Act shall become effective on July 2, 1996, only if 1996 House Bill 1401 becomes law, it being the intent of the General Assembly to exercise the option provided in such legislation of establishing the salaries of the judges of the State Court of Cobb County by local law; otherwise, this Act shall be automatically repealed on July 2, 1996.

SB 348. By Senator Ralston of the 51st:

A bill to amend Code Section 19-7-1 of the Official Code of Georgia Annotated, relating to in whom parental power lies, how such power is lost, and recovery for homicide of a child, so as to provide for additional grounds upon which parental power may be lost; to provide for a standard for loss of parental power.

The following Committee substitute was read:

A BILL

To amend Title 19 of the Official Code of Georgia Annotated, relating to domestic relations, so as to provide for additional grounds upon which parental power may be lost; to provide for a standard for loss of parental power; to change the provisions relating to the discretion of the court relative to the custody of a child; to provide for the best interest and welfare of the child or children; to provide for a rebuttable presumption; to provide for an effective date and for applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 19 of the Official Code of Georgia Annotated, relating to domestic relations, is amended by adding to Code Section 19-7-1, relating to in whom parental power lies, how such power is lost, and recovery for homicide of a child, a new subsection (b.1) to read as follows:

“(b.1) Notwithstanding subsections (a) and (b) of this Code section or any other law to the contrary, in any action involving the custody of a child between the parents or either parent and a third party other than the State of Georgia, parental power may be lost by the ~~parent, parents, or any~~ other person if the court hearing the issue of custody, in the exercise of its sound discretion and taking into consideration all the circumstances of the case, determines that an award of custody to a third party is for the best interest of the child or children and will best promote their welfare and happiness. There shall be a rebuttable presumption that it is in the best interest of the child or children for custody to be awarded to the parent or parents of such child or children, but this presumption may be overcome by a showing that an award of custody to a third party is in the best interest of the child or children. The sole issue for determination in any such case shall be what is in the best interest of the child or children.”

SECTION 2.

Said title is further amended by striking Code Section 19-9-2, relating to the right of a surviving parent to custody of a child and the discretion of the court, and inserting in lieu thereof a new Code Section 19-9-2 to read as follows:

“19-9-2.

Upon the death of either parent, the survivor is entitled to custody of the child; provided, however, that the court, upon petition, may exercise discretion as to the custody of the child, looking solely to the child’s best interest and welfare.”

SECTION 3.

This Act shall become effective on July 1, 1996, and shall be applicable to any action involving the custody of a child filed on or after such date.

‘19-11-12.

(a) The department shall determine the ability of the absent responsible parent to support his or her child or children in accordance with the guidelines prescribed in Code Section 19-6-15.

(b) The department shall implement a process for the periodic review and adjustment of IV-D child support agency orders which were established or subject to enforcement pursuant to Code Section 19-11-6 by the title IV-D enforcement agency so that the order is reviewed no later than 36 months from establishment or from the most recent review after the date of a judicial order or the filing date of an administrative order contemplated in subsection (d) of this Code section. A IV-D child support order shall include a judicial or an administrative order which is subject to enforcement under this title. Exceptions to this procedure are cases where the department determines that such a review would not be in the best interests of the child and neither parent has requested such a review and in cases in which application is made under subsections (c) and (d) of Code Section 19-11-6 (non-AFDC cases) if neither parent requests such a review.

(c)(1) The procedures shall ensure that the state notify each parent subject to a child support order in effect in the state ~~(1)~~ (i) of any review of such order, at least 30 days before the commencement of such review; ~~(2)~~ (ii) of the right of such parent to request the state to review such order; and ~~(3)~~ (iii) of a proposed adjustment (or determination that there should be no change) in the child support award amount, and such parent is afforded, not less than 30 days after such notification, an opportunity to initiate proceedings either through an administrative hearing within the Office of State Administrative Hearings when the subject child support order reviewed is administrative in origin ~~department~~ or before a court to challenge such adjustment or determination when the subject child support order is judicial in origin.

(2) Upon an agency review and determination that there is a significant inconsistency between the amount of the existing child support order and the amount of child support which would result from the application of Code Section 19-16-15, the agency shall make a recommendation for an increase or decrease in the amount of an existing order for support.

~~(3)~~ (3) In the case of an administrative order, the agency shall request the administrative law judge to increase or decrease the amount in the existing order in accordance with the agency recommendation. The administrative order adjusting the child support award amount which results from a hearing or the failure to contest such within 30 days of its issuance shall, upon filing with the local clerk of the court, have the full effect of a modification of the original order or decree of support. As part of the order adjusting the child support award the ~~hearing officer~~ administrative law judge shall issue an income deduction order which shall also be filed with the court pursuant to Code Sections 19-6-30, 19-6-31, 19-6-32, and 19-6-33.

(4) In the case of a judicial order, the agency shall file a petition asking the court to adopt the agency’s recommendation for an increase or decrease in the amount in the

existing order. The parties to the court order shall be sent notice of this action and shall have 30 days to file with the court in writing objections to the agency's recommendation to increase or decrease the amount of support. Upon the filing of a written objection to the agency's recommendation with the clerk of the superior court and with the agency, a de novo proceeding shall be scheduled with the court on the matter. If neither party files an objection to the agency recommendation within the 30 day notice period, the court shall issue an order adopting the recommendation of the department. As part of the order adjusting the child support award, the court shall issue an income deduction order pursuant to Code Sections 19-6-30, 19-6-31, 19-6-32, and 19-6-33.

(d) When the trier of fact, the administrative law judge for administrative orders, or a judge of the superior court for court orders, as the case may be, determines that there is a significant inconsistency between the existing child support order and the amount of child support which would result from the application of Code Section 19-16-15, the trier of fact may use this inconsistency as the basis to increase or decrease the amount of support ordered. The trier of fact may also address the repayment of any arrears accumulated under the existing order.

(e) An obligor shall not be relieved of his or her duty to provide support when he such obligor has brought about his or her own unstable financial condition by voluntarily incurring subsequent obligations.

(f) The department shall be authorized to promulgate rules and regulations to implement the provisions of this Code section.'

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

“32-6-75.2.

Notwithstanding any other provisions of this title, the commissioner shall have the authority to issue permits and the annual renewal thereof for the trimming of trees and vegetation on the state's rights of way for the purposes of administering this article. The General Assembly declares it to be in the public interest in this state for provisions to be made for the visibility of outdoor advertising displays legally erected or maintained along the highways of this state in order to promote tourism and to provide information regarding places offering lodging, food, motor vehicle fuels and lubricants, motor vehicle service and repairs, or any other services or products available to the general public. So as to promote those objectives, the commissioner shall provide, by rule and regulation, for the issuance and annual renewal of permits for the trimming, cutting, or removal of trees and vegetation on the state rights of way with respect to outdoor advertising displays that were legally erected or legally maintained adjacent to said rights of way."

SECTION 2.

Code Section 32-6-75.3 of the Official Code of Georgia Annotated, relating to applications for tree trimming permits and annual renewals, is amended by striking said Code section in its entirety, which reads as follows:

"32-6-75.3.

(a) Application for a tree trimming permit and the annual renewal thereof shall be made upon the forms prescribed and provided by the department and shall contain the signature of the applicant and such other information as may be required by the department's rules and regulations. The applicant shall either:

(1) Attach to the application form a copy of the landscape plan for the area desired to be trimmed and after approval by the department shall trim the area at its own expense; or

(2) Request that the department develop a landscape plan and trim the area, and the applicant shall then reimburse the department for the plan and the trimming.

(b) An application fee of \$25.00 shall accompany the application for each tree trimming permit, and both the application and the fee shall be submitted to the department. There shall be a fee of \$25.00 for the annual renewal of the permit. The money received from these permit fees shall be used to help defray the expenses of administering this Code section, any provisions of Code Section 48-2-17 to the contrary notwithstanding."

and inserting in lieu thereof the following:

"32-6-75.3.

(a) The commissioner of transportation shall issue to the owners or holders of lawfully issued outdoor advertising permits, including permits for those structures described as conforming and nonconforming by federal regulations, to trim, cut, and remove trees and vegetation located on the right of way adjacent to such outdoor advertising and replace the same, as directed, whenever such vegetation prevents clear visibility for a distance not to exceed 500 yards to occupants of vehicles using the main traveled ways of the controlled systems. The maximum area to be controlled shall not exceed 500 feet. The district engineer for the department shall issue a vegetation control permit where all criteria are met following submission of information specified and a fee as specified by rule and regulation for each location involved. When work pursuant to a vegetation control permit has been completed, the department may plant wildflowers within the 500 yard viewing zone. The cost of planting the wildflowers shall be included in the vegetation control application fee.

(b) An application fee shall accompany the application for each vegetation control permit and both the application and the fee shall be submitted to the department. There shall be a fee for the annual renewal of the permit. The department shall promulgate rules and regulations setting forth the application fees and renewal fees. Such application and renewal fees shall be established by the State Transportation Board in reasonable amounts in order to recover costs of administering the vegetation control program.

(c) If the owner of an advertising device chooses to voluntarily remove a nonconforming structure, one vegetation control permit fee will be waived.

(d) This waiver shall not be used as evidence in any future eminent domain proceeding relating to nonconforming structures.

(e) Notwithstanding any other law to the contrary, it is the legislative intent that issuance of permits and carrying out of the work pursuant to this Code section are lawful activities and shall not be construed as violating any provision of law.”

SECTION 2.

Said article is further amended by striking in its entirety Code Section 27-3-7, relating to hunting while intoxicated, which reads as follows:

“27-3-7.

It shall be unlawful for any person to hunt in this state while under the influence of any drugs, intoxicating wines, beers, or liquor. A determination of whether the person is under the influence of drugs, intoxicating liquors, beers, or wines may be made in accordance with Code Section 40-6-392.”

and inserting in lieu thereof the following:

“27-3-7.

(a) As used in this Code section, the term ‘hunt’ or ‘hunting’ means the act of hunting, as such term is defined in Code Section 27-1-2, while in possession of or using a firearm, bow, or any other device which serves to launch a projectile.

(b) A person shall not hunt while:

- (1) Under the influence of alcohol to the extent that it is less safe for the person to hunt;
- (2) Under the influence of any drug to the extent that it is less safe for the person to hunt;
- (3) Under the combined influence of alcohol and any drug to the extent that it is less safe for the person to hunt;
- (4) The person’s alcohol concentration is 0.10 grams or more at any time within three hours after such hunting from alcohol consumed before such hunting ended; or
- (5) Subject to the provisions of subsection (c) of this Code section, there is any amount of marijuana or a controlled substance, as defined in Code Section 16-13-21,

present in the person's blood or urine, or both, including the metabolites and derivatives of each or both without regard to whether or not any alcohol is present in the person's breath or blood.

(c) The fact that any person is charged with violating this Code section is or has been legally entitled to use a drug shall not constitute a defense against any charge of violating this Code section; provided, however, that such person shall not be in violation of this Code section unless such person is rendered incapable of hunting safely as a result of using a drug other than alcohol which such person is legally entitled to use.

(d) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person in violation of subsection (b) of this Code section, evidence of the amount of alcohol or drug in a person's blood, urine, breath, or other bodily substance at the alleged time, as determined by a chemical analysis of the person's blood, urine, breath, or other bodily substance shall be admissible. Where such a chemical test is made, the following provisions shall apply:

(1) Chemical analysis of the person's blood, urine, breath, or other bodily substance, to be considered valid under this Code section, shall have been performed according to methods approved by the Division of Forensic Sciences of the Georgia Bureau of Investigation on a machine which was operated with all the electronic and operating components prescribed by its manufacturer properly attached and in good working order and by an individual possessing a valid permit issued by the Division of Forensic Sciences for this purpose. The Division of Forensic Sciences of the Georgia Bureau of Investigation shall approve satisfactory techniques or methods to ascertain the qualifications and competence of individuals to conduct analyses and to issue permits, along with requirements for properly operating and maintaining any testing instruments, and to issue certificates certifying that instruments have met those requirements, which certificates and permits shall be subject to termination or revocation at the discretion of the Division of Forensic Sciences;

(2) When a person undergoes a chemical test at the request of a law enforcement officer, only a physician, registered nurse, laboratory technician, emergency medical technician, or other qualified person may withdraw blood for the purpose of determining the alcoholic content therein, provided that this limitation shall not apply to the taking of breath or urine specimens. No physician, registered nurse, or other qualified person or employer thereof shall incur any civil or criminal liability as a result of the medically proper obtaining of such blood specimens when requested in writing by a law enforcement officer;

(3) The person tested may have a physician or a qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer. The justifiable failure or inability to obtain an additional test shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer; and

(4) Upon the request of the person who shall submit to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to such person or such person's attorney. The arresting officer at the time of arrest shall advise the person arrested of his or her rights to a chemical test or tests according to this Code section.

(e) In the event of a hunting accident involving a fatality, the investigating coroner or medical examiner having jurisdiction shall direct that a chemical blood test to determine the blood alcohol concentration or the presence of drugs be performed on the dead person and that the results of such test be properly recorded on his or her report.

(f) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person hunting in violation of subsection (b) of this Code section, the amount of alcohol in the person's blood at the time alleged, as shown by chemical analysis of the person's blood, urine, breath, or other bodily substance, shall give rise to the following presumptions:

(1) If there was at that time a blood alcohol concentration of 0.05 grams or less, it shall be presumed that the person was not under the influence of alcohol, as prohibited by paragraphs (1), (2), and (3) of subsection (b) of this Code section;

(2) If there was at that time a blood alcohol concentration in excess of 0.05 grams but less than 0.08 grams, such fact shall not give rise to any presumption that the person was or was not under the influence of alcohol, as prohibited by paragraphs (1), (2), and (3) of subsection (b) of this Code section, but such fact may be considered with other competent evidence in determining whether the person was under the influence of alcohol, as prohibited by paragraphs (1), (2), and (3) of subsection (b) of this Code section;

(3) If there was at that time a blood alcohol concentration of 0.08 grams or more, it shall be presumed that the person was under the influence of alcohol, as prohibited by paragraphs (1), (2), and (3) of subsection (b) of this Code section; and

(4) If there was at that time or within three hours after hunting, from alcohol consumed before such hunting ended, a blood alcohol concentration of 0.10 or more grams, the person shall be in violation of paragraph (4) of subsection (b) of this Code section.

(g)(1) Any person who exercises the privilege of hunting in this state shall be deemed to have given consent, subject to subsection (d) of this Code section, to a chemical test or tests of his or her blood, breath, urine, or other bodily substances for the purpose of determining the presence of alcohol or any other drug, if arrested for any offense arising out of acts alleged to have been committed while such person was hunting in violation of subsection (b) of this Code section. Subject to subsection (d) of this Code section, the requesting law enforcement officer shall designate which test or tests shall be administered.

(2) At the time a chemical test or tests are requested, the arresting officer shall read to the person the following implied consent warning:

‘Georgia law requires you to submit to state administered chemical tests of your blood, breath, urine, or other bodily substances for the purpose of determining if you are under the influence of alcohol or drugs. If you refuse this testing and you are convicted of hunting while under the influence of alcohol or drugs, your privilege to hunt in this state will be suspended for a period of two years. Your refusal to submit to the required testing may be offered into evidence against you at trial. If you consent to the test, the results may be offered into evidence against you. After first submitting to the required state tests, you are entitled to additional chemical tests of your blood, breath, urine, or other bodily substances at your own expense and from qualified personnel of your own choosing. Will you submit to the state administered chemical tests of your (designate which tests) under the implied consent law?’

(h) Any person who is dead, unconscious, or otherwise in a condition rendering such person incapable of refusal shall be deemed not to have withdrawn the consent provided by subsection (g) of this Code section, and the test or tests may be administered, subject to subsection (d) of this Code section.

(i)(1) If a person refuses, upon the request of a law enforcement officer, to submit to a chemical test designated by the law enforcement officer as provided in subsection (g) of this Code section, no test shall be given; provided, however, that subject to the provisions of paragraphs (2) and (3) of this subsection, such refusal shall be admissible in any legal action; and provided, further, that upon conviction of a violation of subsection (b) of this Code section, in addition to any other punishment imposed, such person’s privileges to hunt in this state shall be suspended by operation of law for a period of two years. The fact that such person was not in possession of a valid hunting license at the time of the violation shall have no effect on the suspension of his or her hunting privilege.

(2) If in any legal action a party desires to present evidence of the refusal of a person charged with violating subsection (b) of this Code section to submit to a chemical test designated by a law enforcement officer as provided in subsection (g) of this Code section, the party desiring to present such evidence shall request the judge presiding over such legal proceeding to hold a hearing to determine the admissibility of such evidence after notice to the person alleged to have refused to submit to such testing and to the law enforcement officer.

(3) The scope of the hearing shall be limited to the following issues:

- (A) Whether the law enforcement officer had reasonable grounds to believe the person was hunting while under the influence of alcohol or a controlled substance and was lawfully placed under arrest for violating subsection (b) of this Code section;
- (B) Whether at the time of the request for the test or tests the officer informed the person of the person's implied consent rights and the consequence of submitting or refusing to submit to such test; and
- (C) Whether the person refused to submit to the test.
- (4) It shall be unlawful during any period of a person's hunting privilege suspension for such person to:
- (A) Hunt without a license in violation of Code Section 27-2-1;
- (B) Possess a current Georgia hunting license; or
- (C) Hunt in any situation where a hunting license is not required.
- (5) Any person convicted of hunting while intoxicated while his or her hunting privileges are suspended pursuant to this subsection shall be guilty of a misdemeanor of a high and aggravated nature and, upon conviction thereof, shall be punished by a fine of not more than \$5,000.00 or by imprisonment for not longer than 12 months or both."

(5) ‘Mental abnormality’ means a congenital or acquired condition of a person that affects the emotional or volitional capacity of the person in a manner that predisposes that person to the commission of criminal sexual acts to a degree that makes the person a menace to the health and safety of other persons.

(6) ‘Predatory’ means an act directed at a stranger or a person with whom a relationship has been established or promoted for the primary purpose of victimization.

(7) ‘Sexually violent offense’ means a conviction for violation of Code Section 16-6-1, relating to rape; Code Section 16-6-2, relating to aggravated sodomy; Code Section 16-6-4, relating to aggravated child molestation; Code Section 16-6-22.1, relating to sexual battery; or Code Section 16-6-22.2, relating to aggravated sexual battery; or an offense that has as its element engaging in physical contact with another person with intent to commit such an offense; or a conviction in a federal court or court of another state or territory for a felony offense which under the laws of this state would be classified as a violation of a Code section listed in this paragraph.

(8) ‘Sexually violent predator’ means a person who has been convicted on or after July 1, 1996, of a sexually violent offense and who suffers from a mental abnormality or personality disorder or attitude that places the person at risk of perpetrating any future predatory sexually violent offenses.

(B) A person who is a sexually violent predator shall register the information required under subparagraph (A) of this paragraph with the Georgia Bureau of Investigation until such requirement is terminated under paragraph (2) of subsection (g) of this Code section.

(2)(A) A determination that a person is a sexually violent predator and a determination that a person is no longer a sexually violent predator shall be made by the sentencing court after receiving a report by the Sexual Offender Registration Review Board.

(B) The Sexual Offender Registration Review Board shall be composed of three professionals licensed under Title 43 of this Code and knowledgeable in the field of the behavior and treatment of sexual offenders. The members of such board shall be appointed by the commissioner of human resources for terms of four years with initial terms commencing September 1, 1996. After the initial terms specified in this subparagraph, members of the board shall take office on the first day of September immediately following the expired term of that office and shall serve for a term of four years and until the appointment of their respective successors. No member shall serve on the board more than two consecutive terms. Vacancies occurring on the board, other than those caused by expiration of a term of office, shall be filled in the same manner as the original appointment to the position vacated for the remainder of the unexpired term and until a successor is appointed. Members shall be entitled to an expense allowance and travel cost reimbursement the same as members of certain other boards and commissions as provided in Code Section 45-7-21.

(C) Upon a determination that an offender is guilty of a sexually violent offense, the court may request a report from the Sex Offender Registration Review Board as to the likelihood that the offender suffers from a mental abnormality or personality disorder that would make the person likely to engage in a predatory sexually violent offense. The report shall be requested as a matter of course for any offender with a history of sexually violent offenses. The court shall provide the Sex Offender Registration Review Board with any information available to assist the board in rendering an opinion. The board shall have 60 days from receipt of the court's request to respond with its report. Within 60 days of receiving the report, the court shall issue a ruling as to whether or not the offender shall be classified as a sexually violent predator. If the court determines the offender to be a sexually violent predator, such fact shall be communicated in writing to the appropriate state official and to the Georgia Bureau of Investigation.

(D) An offender who has been determined to be a sexually violent predator and who is required to register under this Code section may make application to the board to have such registration requirements terminated on the grounds that such person no longer suffers from a mental abnormality or personality disorder that would make the person likely to engage in a predatory sexually violent offense. Such an application may be made by the offender and heard by the board only after the offender has been released on parole or probation or from incarceration for a period of three years and not more than once every two years thereafter. If the board determines that such offender should no longer be classified as a sexually violent

predator, such information shall be forwarded to the sentencing court, where a final decision on the matter shall be rendered. If the court concurs with the board's recommendation, such information shall be forwarded to the Georgia Bureau of Investigation and the registration requirements of this Code section shall no longer apply to such offender. If such a determination is not made by the court to terminate the registration requirements, the offender shall be required to continue to comply with the registration requirements of this Code section.

(3)(A) If a person who is required to register under this Code section is released from prison or placed on parole, supervised release, or probation, the appropriate state official shall:

- (i) Inform the person of the duty to register and obtain the information required under subparagraph (b)(1)(A) for such registration;
- (ii) Inform the person that, if the person changes residence address, the person shall give the new address to the sheriff with whom the person last registered;
- (iii) Inform the person that, if the person changes residence to another state, the person shall register the new address with the sheriff with whom the person last registered, and that the person shall also register with a designated law enforcement agency in the new state not later than ten days after establishing residence in the new state if the new state has a registration requirement;
- (iv) Obtain fingerprints and a photograph of the person if such fingerprints and photograph have not already been obtained in connection with the offense that triggered the initial registration; and
- (v) Require the person to read and sign a form stating that the duty of the person to register under this Code section has been explained.

(B) In addition to the requirements of subparagraph (A) of this paragraph, for a person required to register under subparagraph (B) of paragraph (1) of this subsection, the appropriate state official shall obtain the name of the person; descriptive physical and behavioral information to assist law enforcement personnel in identifying the person; known current or proposed residence addresses of the person; place of employment, if any; offense history of the person; and documentation of any treatment received for any mental abnormality or personality disorder of the person; provided, however, that the appropriate state official shall not be required to obtain any information already on the criminal justice information system of the Georgia Crime Information Center.

(C) The Georgia Crime Information Center shall create criminal justice information system network transaction screens by which appropriate state officials shall enter original data required by this Code section. Screens shall also be created for sheriffs' offices for the entry of record confirmation data, changes of residence, employment or other pertinent data, and to assist in offender identification.

(c) The appropriate state official shall, within three days after receipt of information described in paragraph (3) of subsection (b) of this Code section, forward such information to the Georgia Bureau of Investigation. Once the data is entered into the Criminal Justice Information System by the appropriate state official or sheriff, the Georgia Crime Information Center shall immediately notify the sheriff of the county where the person expects to reside. The Georgia Bureau of Investigation shall also immediately transmit the conviction data and fingerprints to the Federal Bureau of Investigation. It shall be the duty of the sheriff of each county within this state to maintain a register of the names and addresses of all offenders whose names have been provided by the Georgia Bureau of Investigation to the sheriff under this Code section. The Georgia Bureau of Investigation shall establish operating policies and procedures concerning record ownership, quality, verification, modification, and cancellation and shall perform mail out and verification duties on a quarterly basis. The Georgia Bureau of Investigation shall send each month criminal justice information system network messages to sheriffs listing offenders due for verification. The bureau shall also create a photo image file from original entries and provide such entries to sheriffs to assist in offender identification and verification.

(d)(1) For a person required to register under subparagraph (b)(1)(A) of this Code section, on each anniversary of the person's initial registration date during the period

in which the person is required to register under this Code section the following applies:

- (A) The Georgia Bureau of Investigation shall mail a nonforwardable verification form to the last reported address of the person;
 - (B) The person shall be required as a condition of parole or probation to respond directly to the sheriff within ten days after receipt of the form;
 - (C) The verification form stating that the person still resides at the address last reported to the Georgia Bureau of Investigation shall be signed by the person and retained by the sheriff; and
 - (D) If the person fails to respond directly to the sheriff within ten days after receipt of the form, the person shall be in violation of this Code section unless the person proves that he or she has not changed the residence address.
- (2) The provisions of paragraph (1) of this subsection shall be applied to a person required to register under subparagraph (b)(1)(B) of this Code section, except that such person must verify the registration every 90 days after the date of the initial release on probation by the court or the initial release by the Department of Corrections or commencement of parole.

On the passage of the Bill, by substitute, as amended, the ayes were 170, nays 0.

The Bill, having received the requisite constitutional majority, was passed, by substitute, as amended.

Pursuant to Rule 137 this is an explanation of my vote on SB 592 as the primary sponsor of this bill in the House. The bill as it passed the Senate was changed by the House Insurance Committee in two ways. First, coverage for services provided to an enrollee, subscriber, or insured by an obstetrician or gynecologist without a referral are those services provided by an obstetrician or gynecologist who is within the health benefit policy network of health care providers. Second, the services that can be provided under this section are limited to those services for which obstetricians and gynecologists are trained. This training includes four years of accredited, clinically oriented graduate medical education of which three years must be focused upon reproductive health care and ambulatory primary health care for women including health maintenance, disease prevention, diagnosis, treatment, consultation and referral.

I believe this is good public policy and voted for it for that reason.

(b) The city council shall by ordinance adopt the final operating budget for the ensuing fiscal year not later than June 30 of each year. If the city council fails to adopt the budget by said date, the amounts appropriated for operation for the then current fiscal year shall be deemed adopted for the ensuing fiscal year on a month-to-month basis, with all items prorated accordingly, until such time as the city council adopts a budget for the ensuing fiscal year. Adoption of the budget shall take the form of an appropriations ordinance setting out the estimated revenues in detail by sources and making appropriations according to fund and by organizational unit, purpose, or activity as set out in the budget preparation ordinance adopted pursuant to Section 6.23 of this charter.

SECTION 6.26.

Levy of taxes.

Following adoption of the operating budget, the city council shall levy by ordinance such taxes as are necessary. The taxes and tax rates set by such ordinance shall be such that reasonable estimates of revenues from such levy shall at least be sufficient, together with other anticipated revenues, fund balances, and applicable reserves, to equal the total

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 11 of Title 15 of the Official Code of Georgia Annotated, relating to juvenile court proceedings, is amended by striking Code Section 15-11-41, relating to limitations on and continuation and implementation of dispositional orders, and inserting in its place a new Code Section to read as follows:

"15-11-41.

(a) Except as otherwise provided by law, an order of disposition committing a delinquent or unruly child to the Department of Children and Youth Services continues in force for two years or until the child is sooner discharged by the Department of Children and Youth Services. The court which made the order may extend its duration for an additional two years subject to like discharge, if:

- (1) A hearing is held upon motion of the Department of Children and Youth Services prior to the expiration of the order;
- (2) Reasonable notice of the factual basis of the motion and of the hearing and an opportunity to be heard are given to the child and the parent, guardian, or other custodian; and
- (3) The court finds that the extension is necessary for the treatment or rehabilitation of the child.

(b) A court's order removing a child from the child's home shall be based upon a finding by that court that continuation in the home would be contrary to the welfare of the child. The court shall also determine as a finding of fact whether reasonable efforts were

made by the Division of Family and Children Services of the Department of Human Resources and any other appropriate agencies to prevent or eliminate the need for removal and to make it possible for the child to return to the child's home. Such findings shall ~~also be made at every~~ subsequent review of the court's order under this ~~stat-~~ ute chapter.

(c) Within 30 days of the date of removal of the child from the home and at each subsequent review of the disposition order, the Division of Family and Children Services of the Department of Human Resources must submit a written report to the court which shall either include a case plan for a reunification of the family which or include a statement of the factual basis or bases for determining that a plan for reunification is not appropriate. Such report shall become a discrete part of the case record in a format determined by the Division of Family and Children Services of the Department of Human Resources and shall be made available to the parents or guardian of the foster child. The plan contents of the report shall be determined at a meeting to be held by the Division of Family and Children Services of the Department of Human Resources in consultation with the citizen review panel, if one is designated by the court for such purpose, and the parents and children, when available. The parents shall be given written notice of the meeting at least five days in advance and shall be advised that the plan report will be submitted to become an order of the court. The report submitted to the court shall also contain any dissenting recommendations of the citizen review panel, if applicable, and any recommendations of the parents, if such are available.

(d) The case plan If the report contains a plan for reunification services, such plan if adopted by the court shall be in effect until modification by the court. The plan will shall address each reason requiring removal and shall contain at least the following:

- (1) The purpose for which the child was placed in foster care, including a statement of the reasons why the child cannot be adequately protected at home and the harm which may occur if the child remains in the home and shall also include a description of the services offered and the services provided to prevent removal of the child from the home;
- (2) A discussion of how the plan is designed to achieve a placement in the least restrictive, most family-like setting available and in close proximity to the home of the parents, consistent with the best interests and special needs of the child;
- (3) A clear description of the specific actions to be taken by the parents; and the specific services to be provided by the Division of Family and Children Services of the Department of Human Resources or other appropriate agencies in order to bring about the identified changes that must be made in order for the child to be returned home; provided, however, that all services and actions required of the parents which are not directly related to the circumstances necessitating separation cannot be made conditions of the return of the child without further court review;
- (4) Specific time frames in which the goals of the plan are to be accomplished to fulfill the purpose of the reunification plan;
- (5) The person within the Division of Family and Children Services of the Department of Human Resources or other agency which is directly responsible for ensuring that the plan is implemented; and
- (6) Consideration of the advisability of a reasonable visitation schedule which allows the parents to maintain meaningful contact with their children through personal visits, telephone calls, and letters.

The report submitted to the court shall also contain any dissenting recommendations of the citizen review panel, if applicable, and the parents which are not in accord with the proposed plan submitted to the court. After receiving the proposed plan, unless a hearing is requested as provided in this Code section, the court shall enter a dispositional

order or supplemental order incorporating all elements of the plan which the court finds essential to reunification of the child with his or her family specifying what must be accomplished by all parties before reunification of the family can be achieved. At the time the proposed plan is transmitted to the court, a copy shall also be transmitted to the parents, along with written notes that the plan will be made the order of the court unless, within five days from the date the copy of the plan was received, they request a hearing before the court to review the plan.

(e) If the submitted report contains a proposed plan for reunification services, and no hearing is requested as provided in this Code section, the court shall enter a dispositional order or supplemental order incorporating all elements of the plan for reunification services which the court finds essential to reunification of the child with his or her family, specifying what must be accomplished by all parties before reunification of the family can be achieved. If the report contains a plan for reunification services, a copy of the report must be transmitted to the parents at the same time the report is transmitted to the court, along with written notice that the report will be made the order of the court unless, within five days from the date the copy of the report was received, the parents request a hearing before the court to review the report.

(f) If the report submitted to the court does not contain a plan for reunification services, upon proper notice being provided to the parents, the court shall, no later than 30 days following the filing of the report, hold a hearing to review the report and the determination that a plan for reunification services is not appropriate.

(g) When a recommendation is made that reunification services are not appropriate and should not be allowed, the report shall address each reason requiring removal and shall contain at least the following:

(1) The purpose for which the child was placed in foster care, including a statement of the reasons why the child cannot be adequately protected at home and the harm which may occur if the child remains in the home and a description of the services offered and the services provided to prevent removal of the child from the home; and

(2) A clear statement describing all of the reasons supporting a finding that reasonable efforts to reunify a child with the child's family will be detrimental to the child, and that reunification services therefore need not be provided, including specific findings as to whether any of the grounds for terminating parental rights exist, as set forth in subsection (b) of Code Section 15-11-81.

(h) At the hearing held for the purpose of reviewing the determination by the Division of Family and Children Services of the Department of Human Resources that a reunification plan is not appropriate, the representative of the Division of Family and Children Services shall notify the court whether and when it intends to proceed with termination of parental rights at that time. If the Division of Family and Children Services indicates that it does not intend to petition for the termination of parental rights, the court may appoint a guardian ad litem and charge such guardian with the duty of determining whether termination proceedings should be commenced.

(i) When reviewing the determination by the Division of Family and Children Services of the Department of Human Resources that a reunification plan is not appropriate, the court shall determine by clear and convincing evidence whether reasonable efforts to reunify a child with his or her family will be detrimental to the child and that reunification services, therefore, should not be provided or should be terminated. There shall be a presumption that reunification services should not be provided if the court finds by clear and convincing evidence that:

(1) The parent has unjustifiably failed to comply with a previously ordered plan designed to reunite the family;

(2) A child has been removed from the home on at least two previous occasions and reunification services were made available on those occasions; or

(3) Any of the grounds for terminating parental rights exist, as set forth in subsection (b) of Code Section 15-11-81.

~~(d)~~(j) Except as otherwise provided by law, an order of disposition placing a deprived child in foster care under the supervision of the Division of Family and Children Services of the Department of Human Resources shall continue in force for ~~18~~ 12 months after the date of original placement with the department or until sooner terminated by the court. All cases of children in foster care in the custody of the Division of Family and Children Services of the Department of Human Resources shall be initially reviewed within 90 days of the entering of the dispositional order but no later than six months following the child's placement; and shall be conducted by the juvenile court judge, ~~or by an associate juvenile court judge a properly designated referee or judge pro tempore,~~ or by judicial citizen review panels established by the court, as the court directs, meeting such standards and using such procedures as shall be established by court rule by the Supreme Court of Georgia, with the advice and consent of the Council of Juvenile Court Judges. At the time of each review of every case of a child in foster care in the custody of the Division of Family and Children Services of the Department of Human Resources, a representative of the Division of Family and Children Services shall notify the court whether the division intends to proceed with the termination of parental rights at that time. If the division indicates that it does not intend to petition for the termination of parental rights at that time, the court may appoint a guardian ad litem and charge such guardian with the duty of determining whether termination proceedings should be commenced. In the event the review is conducted by citizen review panels, the panel shall transmit its report, including its findings and recommendations and those of the department, along with the department's proposed revised plan for reunification or other permanency plan, if necessary, to the court and the parents within five days after the review. Any party may request a hearing on the proposed revised plan in writing within five days after receiving a copy of such plan.

~~(e)~~(k) If no hearing is requested or scheduled by the court on its own motion, the court shall review the proposed revised plan and enter a supplemental order incorporating a revised plan as part of its disposition in the case. In the event that a hearing is held, the court shall, after hearing evidence, enter a supplemental order incorporating all elements that the court finds essential in the proposed revised plan ~~to achieve reunification.~~ The judge's supplemental order shall be entered within a reasonable time from the conclusion of the hearing or expiration of the time for the hearing to be requested and shall also provide one of the following:

(1) That the child return to the home of his or her parents, legal guardian, or custodian with or without court imposed conditions;

(2) That the child continue in the current custodial placement and that the current placement is appropriate for the child's needs; or

(3) That the child continue in the current custodial placement but that the current placement plan is no longer appropriate for the child's needs and direct the department to devise another plan within available resources. The new plan must be submitted within ten days for court approval. Copies of any court approved revised plan shall be furnished to all parties.

In the event that the citizen review panel determines that the parents have unjustifiably failed to comply with the ordered plan designed to reunite the family and that such failure is significant enough to warrant consideration of termination of parental rights, the panel may make a recommendation to the guardian ad litem of the child, the department, and the intake officer of the court that a petition for termination of parental rights should be prepared. Any such party or officer of the court shall file a petition if, upon examination, they find sufficient evidence. In the event that no guardian ad litem

has been appointed when the citizen review panel recommends that a petition to terminate parental rights be filed, the court shall have the authority to appoint a guardian ad litem who shall have the duty to determine whether termination proceedings should be commenced. libtool.com.cn

~~(f)~~(l) The court which made the order may extend its duration for not more than two years if:

(1) A hearing is held upon motion of the Division of Family and Children Services of the Department of Human Resources prior to the expiration of the order, which hearing shall, after the making of appropriate findings of fact, determine the future status of the child including, but not limited to, whether the child should be returned to the ~~parent(s)~~ parent or parents, should be continued in foster care for a specified period, should be placed for adoption, or should, because of the child's special needs or circumstances, be continued in foster care on a permanent or long-term basis and whether reunification services, if in effect, should be continued; and procedural safeguards shall be applied with respect to parental rights pertaining to the removal of the child from the home of his or her parents, to a change in the child's placement, and to any determination affecting visitation privileges of parents;

(2) Reasonable notice of the factual basis of the motion and of the hearing and opportunity to be heard are given to the parties affected; and

(3) The court finds that the extension is necessary to accomplish the purposes of the order extended.

~~(g)~~(m) Except as otherwise provided by law, any other order of disposition in a proceeding involving delinquency, unruliness, or deprivation, except in an order involving the appointment of a guardian of the person or property of a child, continues in force for not more than two years. The court may sooner terminate its order or extend its duration for further periods. An order of extension may be made if:

(1) A hearing is held prior to the expiration of the order upon motion of a party or on the court's own motion;

(2) Reasonable notice of the factual basis of the motion and of the hearing and opportunity to be heard are given to the parties affected;

(3) The court finds that the extension is necessary to accomplish the purposes of the order extended; and

(4) The extension does not exceed two years from the expiration of the prior order.

~~(h)~~(n) Except as provided in subsection (a) of this Code section, the court may terminate an order of disposition or extension prior to its expiration, on or without an application of a party, if it appears to the court that the purposes of the order have been accomplished.

~~(i)~~(o) Unless otherwise provided by law, when the child reaches 21 years of age all orders affecting him or her then in force terminate and he or she is discharged from further obligation or control."

SECTION 2.

(iv) Egregious conduct or evidence of past egregious conduct of the parent toward the child or toward another child of a physically, emotionally, or sexually cruel or abusive nature;

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 2 of Chapter 5 of Title 12 of the Official Code of Georgia Annotated, relating to the control of water pollution and surface-water use, is amended by striking in its entirety Code Section 12-5-23.2, relating to the prohibited discharge of certain waste water, which reads as follows:

“12-5-23.2.

Notwithstanding the provisions of Code Section 12-5-23 or any rule, regulation, or order adopted or issued pursuant to this article, no person who has been issued a National Pollutant Discharge Elimination System permit which allows the discharge of 1,000,000 gallons or more per day from a water pollution control plant operated by such person which discharges waste water into the Chattahoochee River between Buford Dam and West Point Reservoir shall discharge waste water from any such water pollution control plant on or after January 1, 1992, which contains more than 0.75 milligrams of phosphorus per liter of waste water on a monthly average basis or which fails to comply with any stricter standard adopted pursuant to Code Section 12-5-23; provided, however, that, notwithstanding the provisions of this Code section, any person who has been issued a National Pollutant Discharge Elimination System permit and who has entered into a finalized consent order shall conform to the schedule adopted in such order, but in no event shall compliance with the discharge limitation provided by this Code section be extended beyond July 4, 1996, and the order shall require that person to make his best efforts to achieve compliance with the discharge limitation by December 31, 1993.”, and inserting in lieu thereof the following:

“12-5-23.2.

(a) Notwithstanding the provisions of Code Section 12-5-23 or any rule, regulation, or order adopted or issued pursuant to this article, no person who has been issued a National Pollutant Discharge Elimination System permit which allows the discharge of 1,000,000 gallons or more per day from a water pollution control plant operated by such person which discharges waste water into the Chattahoochee River between Buford Dam and West Point Reservoir shall discharge waste water which contains more than 0.75 milligrams of phosphorus per liter of waste water on a monthly average basis or which fails to comply with any stricter standard adopted pursuant to Code Section 12-5-23.

(b) Notwithstanding the provisions of subsection (a) of this Code section, any person who has been issued a National Pollutant Discharge Elimination System permit and who has entered into a finalized consent order shall conform to the schedule adopted in such order as such order appeared on the date this subsection became effective. Except as provided in subsection (c) of this Code section, compliance with the discharge limitation provided by this Code section shall not be extended beyond July 4, 1996, and the order shall require that person to make his or her best efforts to achieve compliance with the discharge limitation by December 31, 1993.

(c)(1) Notwithstanding the provisions of subsection (b) of this Code section, any person who entered into a consent order as provided in subsection (b) of this Code section but fails to complete the required phosphorus reduction improvements by July

4, 1996, shall not later than such date submit to the division a schedule stipulating annual construction milestones for the completion of all improvements required to achieve a discharge level of 0.64 milligrams of phosphorus per liter of water by not later than January 1, 2000; provided, however, that such person shall not discharge waste water from such person's water pollution control plants after February 1, 1997, which exceeds 0.64 milligrams of phosphorus per liter of water.

(2) If the director approves the schedule submitted pursuant to paragraph (1) of this subsection, such person shall be bound by that schedule. If the director does not approve said schedule by August 1, 1996, the director shall not later than September 1, 1996, establish an alternative schedule with a final completion date not later than January 1, 2000, and such person shall be bound by the alternative schedule.

(3) Any monetary penalties stipulated in any consent order regarding phosphorus effluent limitations executed by the director and another person prior to the date this subsection became effective shall be the only monetary penalties required to be paid by such person as long as such person is in compliance with the construction milestones in the schedule approved or established by the director in paragraph (2) of this subsection; provided, however, that if such order is declared invalid by the courts, then the penalties for noncompliance with subsections (a) or (b) of this Code section shall be as provided for in Code Sections 12-5-51 through 12-5-53.

(4) If such person fails to meet a construction milestone, he or she shall pay a penalty in the amount of \$25,000.00 per day until that construction milestone is met. If a particular construction milestone is not met for six months after the date specified, the penalty shall be increased to \$100,000.00 per day until that construction milestone has been met. Failure to meet a construction milestone shall not affect the date of any succeeding construction milestones.

(5) If the person fails to complete all required construction by January 1, 2000, he or she shall pay a civil penalty in the amount of \$100,000.00 per day until construction is completed. After construction is completed, the suspension of the liabilities and penalties provided for in Code Sections 12-5-51 through 12-5-53 for noncompliance with the provisions of subsection (a) of this Code section shall be ended.

(6) If in any month a person is out of compliance with the provisions of either subsection (a) or (b) of this Code section, whichever is applicable, he or she shall not permit any additional sewer connections within such person's corporate limits until he or she has been in compliance with such provisions for three consecutive months. The provisions of this subsection shall apply without regard to the provisions of paragraphs (1) through (5) of this subsection and shall not be suspended or terminated."

SECTION 2.

Said article is further amended by inserting at the end of Code Section 12-5-29, relating to sewerage and waste disposal and related matters, the following:

"(d)(1) The director shall not authorize any new water pollution control discharge permit which if granted would permit water drawn from one river basin to be deposited into another river basin in the discharge of sewerage, industrial waste, treated waste water, or other wastes unless for both the basin of origin and receiving river basin unless:

(A) The director has assessed all waters in order to identify those waters for which applicable effluent limitations are not sufficiently stringent to allow such waters to meet applicable water quality standards and has established total limitations for the pollutants which cause the waters to fail to achieve such water quality standards;

(B) The director has established water quality standards for the nearest downstream lake as provided in Code Section 12-5-23.1; and

(C) All applicable provisions of this article and all rules and regulations promulgated pursuant to this article are met.

(2) All new permits issued after January 1, 2001, discharging in excess of 3 million gallons per day, shall be required to meet a minimum standard of 0.30 milligrams of phosphorus per liter of waste water.

(3) The provisions of this subsection shall not apply to the reissuance of existing permits, permits for the expansion of existing facilities, permits for the withdrawal of

water for agricultural use, or permits for mining activities which use water for the transportation of materials.

(e) The permit limit of any treatment plant which is not in compliance on July 1, 1996, with the provisions of this article or any rule, regulation, order, or permit issued pursuant to this article shall be automatically reduced by 10 percent; provided, however, that this subsection shall not be effective after July 1, 1997."

SECTION 3.

Said article is further amended by striking in its entirety subsection (c) of Code Section 12-5-29.1, relating to combined sewer overflows and related matters, and inserting in lieu thereof the following:

"(c)(1) The plan required by subsection (b) of this Code section shall include, as a minimum, provision for realistic implementation of means to eliminate sewage overflow or effectuate treatment of overflow to meet or exceed such water quality standards in accordance with the following schedules:

(1)(A) Any person who submitted a plan pursuant to subsection (b) of this Code section prior to August 1, 1990, shall implement such plan so that construction is substantially complete and operational to meet the water quality standards in the receiving stream or permit limits as defined by the director, whichever is more stringent, not later than December 31, 1993; and

(2)(B) Any person who did not submit a plan pursuant to subsection (b) of this Code section prior to August 1, 1990, shall comply with the following schedule:

(A)(i) The director shall define the design conditions of subsection (b) of this Code section by December 31, 1991, using information provided by CSO owners and information collected by the director;

(3) In addition to the penalties provided in paragraph (2) of this subsection, the owner or operator of a combined sewer overflow system shall not permit any additional sewer connections to such system until construction has been completed."

By renumbering Sections 1 through 6 as Sections 5 through 10.

By inserting new Sections 1 through 4 to read as follows:

"SECTION 1.

Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, the 'Quality Basic Education Act,' is amended by striking subsections (b) and (c) of Code Section 20-2-189, relating to migrant student grants, and inserting in its place the following:

'(b) The State Board of Education shall provide grants to qualified local units of administration for the purpose of supplementing services and instruction to currently enrolled migrant students. A local unit of administration shall not be eligible for such grant for any school thereof unless the number of migrant students enrolled in such school is at

least 20 or equals at least 5 percent of the latest full-time equivalent program count for such school, whichever is greater. The State Department of Education by regulation shall establish the manner in which a local unit of administration must demonstrate that any of its schools meets the eligibility requirements of this subsection.

(c) Grants under this Code section shall be subject to appropriation by the General Assembly. The grant amount for a local unit of administration to be used for a school thereof under this Code section shall be determined by multiplying the total appropriation for such grants by a fraction, the numerator of which is the average number of eligible migrant students enrolling in that school after the final FTE count as required in subsection (a) of Code Section 20-2-160 but prior to the end of the same academic year and the denominator of which is the average total number of eligible migrant students enrolling after the final FTE count as required in subsection (a) of Code Section 20-2-160 but prior to the end of the same academic year in all local units in the entire state. At least 90 percent of the grant funds received by a local unit under this Code section shall be used for direct program expenditures at the school for which the grant is computed under this subsection. Any portion of that 90 percent not so expended shall be returned to the State Department of Education.'

Said article is further amended by striking paragraph (7.1) of subsection (b) of Code Section 20-2-260, relating to educational capital funding, and inserting in its place the following:

'(7.1) "Exceptional growth" means an increase in the average of a local school system's average full-time equivalent student count for the three most recently completed school years when compared to the average of that system's average full-time equivalent count for the three most recently completed school years prior to the most recently completed school year that growth experienced by an exceptional growth system under the calculations specified in subparagraph (j)(2)(A) of this Code section.'

SECTION 3.

Said Code section is further amended by striking subparagraph (j)(2)(A) thereof and inserting in its place the following:

'(A) The average of each school system's average full-time equivalent count for the three most recently completed school years ("most recent average") will be compared to the average of that system's average full-time equivalent count for the three most recently completed school years prior to the most recently completed school year ("earlier average"). If there is an increase in a school system's most recent average of at least 1.5 percent and at least 65 average full-time equivalent counts over that system's earlier average, that system will be an exceptional growth system. For each such exceptional growth school system with an increased average count of at least 65 average full-time equivalent counts after the above calculation, the amount of such increase will be divided by the total such increase for all school exceptional growth systems with an increased average count under this subsection to provide the ratio of each system's growth to the total growth of all systems with exceptional growth; and'

SECTION 4.

Said Code section is further amended by striking subparagraph (j)(6)(B) thereof and inserting in its place the following:

'(B) Any construction project submitted to utilize growth entitlement shall include construction of at least ~~one~~ three new instructional ~~unit~~ units. If sufficient growth entitlement is not currently available for all of the new instructional units needed under this subsection, additional local funds or entitlements available to meet construction needs identified in the school system's facilities plan pursuant to subsection (g) of this Code section may be combined with any entitlement available for

exceptional growth pursuant to this subsection for the purpose of completing all construction needs identified at a school. Entitlements earned under this subsection shall not be withheld, recalculated, or otherwise reduced for any construction project approved under subsection (g) of this Code section. HB 1227. By Representatives Hanner of the 159th, Porter of the 143rd, Carter of the 166th, Royal of the 164th, Coleman of the 142nd and others:

A bill to amend Code Section 12-8-95.1 of the Official Code of Georgia Annotated, relating to hazardous waste management fees and hazardous substance reporting fees, so as to repeal certain hazardous substance reporting fees.

The following Senate amendment was read:

Amend HB 1227 by inserting on line 6 on page 1, following the word and symbol "property," the following:

"to provide that a person who purchases real property listed on the hazardous site inventory and who completes corrective action may qualify for an exemption from third-party liability; to define certain terms; to provide for an administrative consent order incorporating a corrective action plan; to provide for certification of completion; to provide for a limited exemption from liability;"

By inserting immediately following line 39 on page 5 the following:

"SECTION 3.

Said chapter is further amended by inserting immediately following Code Section 12-8-96.2 the following:

'12-8-96.3.

(a) As used in this Code section, the term:

(1) 'Affected property' means real property listed on the hazardous site inventory maintained pursuant to Code Section 12-8-97.

(2) 'Bona fide purchaser' means a person who has purchased affected property and has complied with the provisions of subsection (b) of this Code section relative to such property; provided, however, that no person may qualify as a bona fide purchaser if such person:

(A) Is a person who has contributed or is contributing to a release;

(B) Has or in the past has had a contractual relationship with a person who has contributed or is contributing to a release;

(C) Is related by blood or marriage to a previous owner of the property or to a person who contributed or is contributing to the release or is a shareholder, employee, agent, or is otherwise affiliated with such person;

(D) Is a predecessor or successor entity, subsidiary, owner, or division of any person who has contributed to or is contributing to a release;

(E) Is in violation of any order, judgment, statute, rule, or regulation within the jurisdiction of the division;

(F) Is an owner or operator of an underground storage tank, as defined by Code Section 12-13-3, located at the affected property and subject to the financial responsibility regulations promulgated pursuant to Code Section 12-13-9;

(G) Is an owner or operator of a solid waste handling, disposal, or thermal treatment technology facility, as defined by Code Section 12-8-22, located at the affected property and subject to permitting requirements pursuant to Code Section 12-8-24;

(H) Is an owner or operator of a "hazardous waste facility" as defined by paragraph (11) of Code Section 12-8-62; or

(I) Is not able to meet such other criteria as may be established by the board pursuant to Code Section 12-8-93.

(3) "Cleanup standards" means those rules adopted by the board pursuant to Code Section 12-8-93.

(4) "Contractual relationship" means a contractual relationship established as provided in subsection (d) of Code Section 12-8-96.1.

(5) "Person who has contributed or is contributing to a release" means such term as defined in paragraph (9) of Code Section 12-8-92.

(b) A person desiring to qualify as a bona fide purchaser shall, before purchasing the affected property, present to the director a corrective action plan which describes in detail those actions needed to bring the affected property into compliance with cleanup standards. The director shall approve the plan if, in his or her opinion, the plan will bring the property into compliance with the cleanup standards. Such plan shall include a schedule for completion, which shall be not longer than one year following the date the plan is finally approved, which shall be the date the purchaser and the director enter into an administrative consent order incorporating the plan; provided, however, that the director may extend the completion date by up to six months if, in his or her opinion, the purchaser has made a good faith attempt to complete the corrective action within the time provided in the consent order and that the corrective action can be completed within the period of the extension. If the corrective action provided for in the administrative consent order is completed to the satisfaction of the director, the director shall certify that the purchaser is a bona fide purchaser of the affected property for purposes of this Code section.

(c) A bona fide purchaser shall not be liable for third-party claims for contribution or for third-party claims for damages arising from a release of the hazardous waste, hazardous substance, or hazardous constituent which is the subject of the corrective action included in the consent order provided for in subsection (b) of this Code section.

(d) The limitation of liability provided for in subsection (c) of this Code section shall commence on the date of execution of the consent order provided for in subsection (b) of this Code section; provided, however, that such limitation shall be withdrawn automatically if the director determines at the end of the cleanup period or any extension thereof to certify that the property has not been brought into compliance with the cleanup standards. The limitation shall apply only to the parties to the consent order and for the hazardous waste, hazardous substance, or hazardous constituent addressed in the consent order. The limitation shall not apply with respect to any release occurring in conjunction with an activity related to a corrective action which results in injury to a person not a party to the consent order."

SB 494. By Senators Oliver of the 42nd, Farrow of the 54th and Starr of the 44th:

A bill to amend Article 4 of Chapter 7 of Title 17 of the Official Code of Georgia Annotated, relating to accusations, so as to provide that certain violations of Code Section 16-13-30 may be tried upon accusations in certain circumstances; to provide for related matters; to provide an effective date; to provide for applicability.

The following Committee substitute was read:

A BILL

To amend Article 4 of Chapter 7 of Title 17 of the Official Code of Georgia Annotated, relating to accusations, so as to provide that violations of Code Section 16-13-30 may be tried upon accusations in certain circumstances; to provide for related matters; to provide an effective date; to provide for applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 4 of Chapter 7 of Title 17 of the Official Code of Georgia Annotated, relating to accusations, is amended by inserting in Code Section 17-7-70.1, relating to trial upon accusations in certain felony cases, a new subsection to be designated subsection (a.1) to read as follows:

“(a.1) The provisions of subsection (a) of this Code section shall apply to violations of Code Section 16-13-30 whenever there has been a finding of probable cause pursuant to a commitment hearing under Article 2 of this chapter or the accused has waived either expressly or by operation of law the right to this hearing.”

SECTION 2.

This Act shall become effective on July 1, 1996, and shall apply to violations occurring on or after July 1, 1996.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

The following amendment was read:

Representative Randall of the 127th moves to amend the Committee substitute to SB 494 by adding in the title on line 4 of page 1 between the semicolon and the word “to” the following:

“to provide that felony offenses under Code Section 49-4-15 may be tried upon accusation; to provide for the deferral of such prosecutions under certain conditions; to provide for procedures relative to such deferrals; to provide for consent agreements between the prosecuting attorney and the accused; to provide for the contents and effect of such consent agreements; to provide for restitution; to provide for the filing of such consent agreements; to provide that the successful completion of the terms and conditions of a consent agreement shall bar criminal prosecution for such offense; to provide for prosecution upon failure to comply with such an agreement;”

By renumbering Sections 2 and 3 at the bottom of page 1 as Sections 3 and 4, respectively, and adding between lines 20 and 21 on page 1 a new Section 2 to read as follows:

“SECTION 2.

Said article is further amended by adding at the end of Code Section 17-7-70.1, relating to trial upon accusation in certain felony cases, a new subsection (f) to read as follows:

“(f)(1) Any felony offense under Code Section 49-4-15 may be prosecuted by accusation as provided in this Code section.

(2) Prior to the filing of an accusation or the return of an indictment for a violation of Code Section 49-4-15, a prosecuting attorney may defer further prosecution of such accusation or indictment and shall have the authority to enter into a consent agreement with the individual in which such individual admits to any overpayment, consents to disqualification for such period of time as is or may hereafter be provided by law, and agrees to repay, as restitution, such overpayment. Such agreement may provide for a lump sum repayment, installment payments, formula reduction of benefits, or any combination thereof. Such agreement shall toll the running of the statute of limitations for such offense for the period of the agreement. A consent agreement entered into in accordance with this paragraph shall not constitute a criminal charge.

(3) Any such agreement shall be filed in the criminal docket of the court having jurisdiction over the violation of Code Section 49-4-15 without the necessity of the state filing an accusation or an indictment being returned by a grand jury. The clerk shall enter upon the docket “CONSENT AGREEMENT NOT A CRIMINAL CHARGE.”

(4) Upon successful completion of the terms and conditions of the consent agreement, criminal prosecution of the individual for such offense shall be barred; provided, however, that nothing in this paragraph shall prohibit the state from introducing evidence of such offense as a similar transaction in any subsequent prosecution or for the purpose of impeachment. The successful completion of the terms and conditions of the agreement shall not be considered a criminal conviction.

(5) If the individual fails to comply with the terms of such consent agreement, the state may proceed with a criminal prosecution.”

A bill to amend Chapter 13 of Title 48 of the Official Code of Georgia Annotated, relating to specific, business, and occupation taxes, so as to authorize the imposition and levy of certain excise taxes upon certain rental motor vehicles.

The following Senate substitute was read:

A BILL

To amend Chapter 13 of Title 48 of the Official Code of Georgia Annotated, relating to specific, business, and occupation taxes, so as to authorize the imposition and levy of certain excise taxes upon certain rental motor vehicles; to provide for legislative purpose and intent; to provide for definitions; to provide for the creation of special districts; to provide for the levy and collection of such taxes and for the use of the proceeds thereof; to provide for procedures, conditions, and limitations; to provide for statutory construction; to provide for reimbursements and procedures; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 13 of Title 48 of the Official Code of Georgia Annotated, relating to specific, business, and occupation taxes, is amended by adding immediately following Article 4 thereof a new article to read as follows:

“ARTICLE 5

48-13-90.

It is declared to be the purpose and intent of the General Assembly that:

- (1) Each county and municipality in this state shall be authorized to levy certain excise taxes as provided in this article; and
- (2) Funds derived from such tax shall be made available for the purpose of promoting industry, trade, commerce, and tourism; for the provision of convention, trade, sports, and recreational facilities; and for public safety purposes.

48-13-91.

As used in this article, the term:

- (1) ‘Rental charge’ means the total value received by a rental motor vehicle concern for the rental or lease for 31 or fewer consecutive days of a rental motor vehicle, including the total cash and nonmonetary consideration for the rental or lease including, but not limited to, charges based on time or mileage and charges for insurance coverage or collision damage waiver but excluding all charges for motor fuel taxes or sales taxes.
- (2) ‘Rental motor vehicle’ means a motor vehicle designed to carry ten or fewer passengers and used primarily for the transportation of persons that is rented or leased without a driver regardless of whether such vehicle is licensed in this state.
- (3) ‘Rental motor vehicle concern’ means a person or legal entity which owns or leases five or more rental motor vehicles and which regularly rents or leases such vehicles to the public for value.

48-13-92.

Pursuant to the authority granted by Article IX, Section II, Paragraph VI of the Constitution of this state, there are created within this state 159 special districts. One such

district shall exist within the geographical boundaries of each county, and the territory of each district shall include all of the territory within the county except territory located within the boundaries of any municipality that imposes an excise tax on charges to the public for the rental or lease of rental motor vehicles under this article.

48-13-93.

(a)(1) The governing authority of each municipality in this state may levy and collect an excise tax upon the rental charge collected by a rental motor vehicle concern when such charge constitutes a taxable event for purposes of sales and use tax under Article 1 of Chapter 8 of this title. Within the territorial limits of the special district located within the county, each county in this state may levy and collect an excise tax upon the rental charge collected by a rental motor vehicle concern when such charge constitutes a taxable event for purposes of sales and use tax under Article 1 of Chapter 8 of this title. The tax levied pursuant to this article shall be levied or collected at the rate of 3 percent of the rental charges. The tax levied pursuant to this article shall be imposed only at the time when and place where a customer pays sales tax with respect to the rental charge. The customer who pays a rental charge that is subject to a tax levied as provided in this article shall be liable for the tax. The tax shall be paid by the customer to the rental motor vehicle concern. The tax shall be a debt of the customer to the rental motor vehicle concern until it is paid and shall be recoverable at law in the same manner as authorized for the recovery of other debts. The rental motor vehicle concern collecting the tax shall remit the tax to the governing authority imposing the tax, and the tax remitted shall be a credit against the tax imposed on the rental motor vehicle concern. Every rental motor vehicle concern subject to a tax levied as provided in this article shall be liable for the tax at the applicable rate on the charges actually collected or the amount of taxes collected from the customers whichever is greater.

(2) A county or municipality levying an excise tax as provided in paragraph (1) of this subsection shall only levy such tax by ordinance which shall specify with particularity the authorized projects or purposes, or both, for which proceeds of the tax are to be expended and shall apply in each fiscal year during which the tax is collected such tax proceeds for the purpose of:

(A) Promoting industry, trade, commerce, and tourism;

(B) Capital outlay projects consisting of the construction of convention, trade, sports, and recreational facilities, or public safety facilities, including the acquiring, constructing, renovating, improving, and equipping of parking facilities, pedestrian walkways, plazas, connections, and other public improvements associated with such convention, trade, sports, and recreational facilities or public safety facilities or the retirement of debt issued with respect to such capital outlay projects; and

(C) Maintenance and operation expenses or security and public safety expenses associated with capital outlay projects funded pursuant to subparagraph (B) of this paragraph.

(3) Amounts collected pursuant to this article may be expended pursuant to a contract or contracts with a county, municipality, development authority, downtown development authority, urban redevelopment authority, recreation authority, or any combination of two or more of such entities. Nothing in this article shall be construed to limit the formation of intergovernmental contracts pursuant to the authority granted by Article IX, Section III, Paragraph I of the Constitution of this state to accomplish the purposes described in paragraph (2) of this subsection including the construction and maintenance of facilities located outside the special district within which the excise tax is levied and collected and which benefit the special district.

(4) Any tax levied pursuant to this article shall terminate not later than December 31, 2038. Following the termination of the tax, any county or municipality which has levied a tax pursuant to this article shall not thereafter be again authorized to levy a tax under this article.

(5) No tax shall be imposed under this article on the rental charge associated with the rental or lease of a rental motor vehicle if either:

(A) The customer picks up the rental motor vehicle outside this state and returns it in this state; or

(B) The customer picks up the rental motor vehicle in this state and returns it outside this state.

(6) Nothing in this Code section shall be construed to impair, or authorize or require the impairment of, any existing contract or contractual rights.

(7) Any action by a local governing authority to impose the tax authorized under this Code section shall become effective no sooner than the first day of the month following the month of its adoption by the local governing authority.

(b) No tax under this article may be levied or collected by a county outside the territorial limits of the special district located within the county.

48-13-94.

Each person collecting the tax authorized by this article shall be allowed a percentage of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if the amount due is not delinquent at the time of payment. The rate of deduction shall be 3 percent of the amount due but only if the amount due was not delinquent at the time of payment.

48-13-95.

The manner of imposition, payment, and collection of the tax and all other procedures related to the tax shall be as provided by each county and municipality electing to exercise the powers conferred by this article.

48-13-96.

As a part of the audit report required under Code Section 36-81-7, the auditor shall include, in a separate schedule, a report of the revenues and expenditures pertaining to the tax under this article.”

SECTION 2.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

The following amendment was read:

Representative Burkhalter of the 41st moves to amend the Senate substitute to HB 1319 as follows:

On page 4 on line 6 after “entities.” insert

“If the amounts collected are to be expended, directly or indirectly, for any sports or recreational facility or public improvements associated with any such facility and such facility is to replace another facility which is to be demolished and the facility to be demolished had been leased by any professional sports franchise for at least two of the five years immediately preceding such demolition, the owners or operators of the replacement facility shall make reasonable attempts to accommodate the needs of each such franchise; otherwise, such amounts collected may not be used for such facilities or public improvements associated therewith.”

The following Senate substitute was read:

A RESOLUTION

Re-creating the Joint Study Committee on DeKalb County's Form of Government; and for other purposes.

WHEREAS, DeKalb County's form of government is unique in the State of Georgia; and

WHEREAS, the local Act of the General Assembly which established this unique form of county government and fixed the powers and duties of the officers constituting the governing authority, including the Chief Executive Officer, was enacted in 1981, pursuant to authority granted by a local constitutional amendment enacted in 1979 and subsequently approved by the voters; and

WHEREAS, many portions of the local Act can be amended only after approval by the voters of DeKalb County in a referendum; and

WHEREAS, DeKalb County's form of government was adopted after careful study by several commissions, including the DeKalb County Government Reorganization Commission, which was created by an Act of the General Assembly in 1979 providing for the membership to be appointed by former members of a previous study committee, by the Chairman of the Board of Commissioners of DeKalb County, by other members of the Board of Commissioners of DeKalb County, by the DeKalb County legislative delegation to the General Assembly, and by numerous civic organizations; and

WHEREAS, DeKalb County has been through many changes in the 14 years since the adoption of its form of government, and careful study is needed to determine if a reorganization of the county's government could provide a government more representative of county citizens and more responsive to their needs and promote more efficient and effective delivery of governmental services for the citizens of the county; and

WHEREAS, the Joint Study Committee on DeKalb County's Form of Government, created in 1995 to explore these issues, made excellent progress but went out of existence without completing its task.

NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY that there is re-created the Joint Study Committee on DeKalb County's Form of Government to be composed of 14 members. Three members of the House of Representatives shall be appointed by the chairperson of the DeKalb County delegation in the House of Representatives, and three members of the Senate shall be appointed by the chairperson of the DeKalb County delegation in the Senate. In the event the committee makes a report of its findings and recommendations, with suggestions for proposed legislation, if any, such report shall be made on or before December 1, 1996. The committee shall stand abolished on December 1, 1996.

SECTION 4.

Said chapter is further amended by striking in its entirety Code Section 12-8-24, relating to permits for solid waste or special solid waste handling or disposal and for thermal technology facilities, and inserting in lieu thereof the following:

"12-8-24.

(a) No person shall engage in solid waste ~~or special solid waste~~ handling in Georgia or construct or operate a solid waste handling facility in Georgia, except those individuals exempted from this part under Code Section 12-8-30.10 or persons exempted by rules promulgated by the board, without first obtaining a permit from the director authorizing such activity; provided, however, that the board may not exempt persons disposing of solid waste other than inert solid waste.

~~(b)(1) No permit for a biomedical waste thermal treatment technology facility shall be issued by the director unless the applicant for such facility demonstrates to the director that a need exists for the facility for waste generated in Georgia by showing that there is not presently in existence within the state sufficient disposal facilities for biomedical waste being generated or expected to be generated within the state. For purposes of this part, 'biomedical waste thermal treatment technology facility' means any facility that exists for the purpose of reducing the amount of biomedical waste disposed of through a process of combustion, with or without the process of converting such waste to energy.~~

~~(2) Paragraph (1) of this subsection shall not apply to any biomedical waste thermal treatment technology facility which is operated exclusively by a private biomedical waste generator on property owned by the private biomedical waste generator for the purpose of accepting biomedical waste exclusively from the private biomedical waste generator so long as the operation of the biomedical waste thermal treatment technology facility does not adversely affect the public health or the environment. After commencement of operation by a private biomedical waste generator of a biomedical waste~~

thermal treatment technology facility which is permitted by but not included in a local or regional solid waste management plan; amendment of the local or regional solid waste management plan shall be required for any biomedical waste which is no longer to be disposed of by the private biomedical waste generator in its own biomedical waste thermal treatment technology facility prior to any substantial reduction in the amount of biomedical waste produced by the private biomedical waste generator and accepted by its own biomedical waste thermal treatment technology facility or the closure of such facility.

(e) On or after March 30, 1990, any permit for the transportation of municipal solid waste from a jurisdiction generating solid waste to a municipal solid waste disposal facility located in another county shall be conditioned upon the jurisdiction generating solid waste developing and being actively involved in, by July 1, 1992, a strategy for meeting the state-wide goal of waste reduction by July 1, 1996.

(d)(b) If the director determines that such the activity referred to in subsection (a) of this Code section will result in any violation of this part or any rule or regulation promulgated pursuant to this part, he or she shall deny the permit; otherwise, he or she shall issue the permit, specifying on the permit the conditions under which such activity shall be conducted; provided, however, that a public hearing shall be held by the governing authority of the county or municipality in which the municipal solid waste or special solid waste handling shall occur not less than two weeks prior to the issuance of any permit under this Code section and notice of such hearing shall be posted at the proposed site and advertised in a newspaper of general circulation serving the county or counties in which the proposed activity will be conducted at least 30 days prior to such hearing.

(e)(c)(1) The director may suspend, modify, or revoke any permit issued pursuant to this Code section if the holder of the permit is found to be in violation of any of the permit conditions or any order of the director or fails to perform solid waste handling in accordance with this part or rules promulgated under this part. The director may modify any permit issued pursuant to this Code section in accordance with rules promulgated by the board. All modifications of existing permits shall be classified by the board as either major or minor modifications. All modifications of existing permits to allow vertical or horizontal expansion of existing disposal facilities, except a facility operated by a utility regulated by the Public Service Commission, shall be classified as major permit modifications and shall not be granted by the director sooner than three years from the date any such facility commenced operation; provided, however, that a permit may be modified by the director to allow a vertical or horizontal expansion one time within three years from the date the facility commenced operation so long as the capacity of the facility is not increased more than 10 percent.

(2) Prior to the granting of any major modification of an existing solid waste handling permit by the director, a public hearing shall be held by the governing authority of the county or municipality in which the municipal solid waste facility or special solid waste handling facility requesting the modification is located not less than two weeks prior to the issuance of any permit under this Code section and notice of such hearing shall be posted at the site of such facility and advertised in a newspaper of general circulation serving the county or counties in which such facility is located at least 30 days prior to such hearing.

(3) Except as otherwise provided in this part, major modifications shall meet the siting and design standards applicable to new permit applications in effect on the date the modification is approved by the director; provided, however, that a facility may be granted a variance by the director from those standards when vertically expanded unless such variance is inconsistent with federal laws and regulations; provided, further, that the director shall not grant a variance from the provisions of subparagraph (B), (C), (D), or (E) of paragraph (4) of this subsection.

(4) No vertical expansions shall be approved under this subsection unless:

(A) The owner or operator demonstrates compliance with all standards not varied by the director;

(B) The owner or operator has installed a surface and ground-water monitoring system approved by the division under currently promulgated rules and has submitted the initial sampling results to the division;

~~(C) The owner or operator~~ (C) The owner or operator has implemented or installed a methane gas monitoring program or system approved by the division under currently promulgated rules and has submitted the initial sampling results to the division;

(D) The owner or operator has a closure and postclosure care plan approved by the division under currently promulgated rules; and

(E) Where noncompliance with the standards for surface water, ground water, or methane gas has been determined, the owner or operator has a schedule and corrective action plan approved by the division for returning the site to compliance within six months of the director's approval of the corrective action plan. If the owner or operator cannot demonstrate that the site can be returned to compliance within said six-month period, the director shall not issue a permit to expand the site vertically but shall order the facility to prepare a final closure plan, including the cessation of waste receipt within six months of the final effective date of the order. If sufficient permitted capacity is not available to allow orderly closure, the director may allow operation of the facility under authority of the closure order for a period not to exceed six months.

(5) Modifications for vertical expansions issued under this Code section may be restricted in duration, but in no case shall be effective beyond July 1, 1998, for municipal solid waste landfills not having liners and leachate collection systems.

(6) The owner or operator of any site not having a liner and leachate collection system which is vertically expanded and which subsequently fails to demonstrate compliance with all applicable surface water, ground-water, or methane gas standards shall demonstrate to the satisfaction of the director, through a corrective action plan, that the site has been or can be returned to compliance within six months of the director's approval of the corrective action plan. If the owner or operator fails to demonstrate to the satisfaction of the director that compliance has been attained or can be attained, the director shall notify the owner or operator, ordering cessation of the acceptance of waste for disposal, remediation of noncompliance, and implementation of the final closure plan, to include a final date for closure.

~~(f)~~(d) In the event of the modification, suspension, amendment, or revocation of a permit, the director shall serve written notice of such action on the permit holder and shall set forth in such notice the reason for such action.

~~(g)~~(e) Prior to the issuance of any permit for a solid waste handling facility or the granting of any major modification of an existing solid waste handling permit, the director shall require written verification to be furnished by the applicant that the proposed facility complies with local zoning or land use ordinances, if any; and after July 1, 1992, that the proposed facility is consistent with the local, multijurisdictional, or regional solid waste management plan developed in accordance with standards promulgated pursuant to this part subject to the provisions of Code Section 12-8-31.1. Further, prior to the issuance of any permit or major permit modification for a municipal solid waste disposal facility, the applicant shall provide the director with written verification and that the host jurisdiction and all jurisdictions generating solid waste destined for the applicants' facility can demonstrate that they, at the time of application and during the operating life of the facility, are part of an approved solid waste plan developed in accordance with standards promulgated pursuant to this part and are actively involved in and have a strategy for meeting the July 1, 1998, state-wide reduction goal provided by subsection (c) of Code Section 12-8-21 of waste reduction by July 1, 1996. Prior to the issuance of any permit for a solid waste handling facility or the granting of any major modification of an existing solid waste handling permit that will handle solid waste from jurisdictions outside Georgia, the out-of-state solid waste generating jurisdictions shall provide documentation that they have a strategy for and are actively involved in meeting planning requirements and a waste reduction goal that are substantially equivalent to the planning requirements and waste reduction goal contained in this part. As a condition of the issuance of a permit and for the continued active life of such a

facility, and before the facility receives any municipal solid waste, the director shall require the permit holder to submit written verification that the jurisdiction in which the facility is located and all jurisdictions from which municipal solid waste are received are part of an approved solid waste plan and are actively involved in and have a strategy for meeting the July, 1, 1998, state-wide reduction goal provided by subsection (c) of Code Section 12-8-21.

~~(h)~~(f) No permit for a disposal facility shall be issued to any regional solid waste management authority created under Part 2 of this article, the 'Regional Solid Waste Management Authorities Act,' until local and regional solid waste management plans consistent with this part have been developed for all jurisdictions participating in such authority and such plans are found to be consistent with the state solid waste management plan pursuant to subsection (d) of Code Section 12-8-31.1.

~~(i)~~(g) No permit shall be issued for a new solid waste thermal treatment technology facility unless the applicant meets or exceeds standards adopted by the board which shall be consistent with and at least as stringent as the Federal New Source Performance Standards for new municipal waste combustors outlined in regulations pursuant to the federal Clean Air Act, 42 U.S.C. Section 1857, et seq., as amended, and 42 U.S.C. Section 7401, et seq., as amended.

~~(j)~~(h) The director or ~~his~~ the director's designee is authorized to inspect any generator in Georgia to determine whether that generator's solid waste is acceptable for the intended handling facility. The division may require any generator in Georgia to cease offering solid waste for handling if such solid waste is not acceptable under standards promulgated by the board, and the division may prohibit the handling of such solid waste until waste management procedures acceptable to the division are developed. Such prohibition shall continue in effect until the waste management procedure for handling is approved in writing by the division. Any generator or handler in Georgia which does not comply with a prohibition made under this subsection shall be in violation of this part.

(i) Landfills or portions of landfills which have had all waste removed and which are subsequently proposed for reuse as lined landfills shall be subject to the requirements of this part relating to major modifications, but such reuse shall not be considered a vertical expansion.

(j) Unless otherwise expressly provided, any amendment of this part or to regulations promulgated pursuant to this part which impose permit conditions for the operation, closure, or postclosure care of any solid waste handling facility shall be applicable to all new facilities as well as to all similar existing permitted facilities.

(k) The governing authority of any county, municipal corporation, authority, or special district or any combination of such public entities shall hold a public hearing before entering into a contract with any private entity for the lease, sale, or management of a landfill or solid waste disposal facility owned or operated by such public entity. Notice of such hearing shall be posted at the site of the landfill or facility and shall be advertised in a newspaper of general circulation in the county or counties in which the landfill or facility is located at least 30 days prior to the date of such hearing."

SECTION 5.

Said chapter is further amended by striking in its entirety Code Section 12-8-25.3, relating to restrictions on solid waste landfill sites within significant ground-water recharge areas or near military bombing ranges, and inserting in lieu thereof the following:

"12-8-25.3.

(a) Notwithstanding the provisions of Code Section 12-8-25.2, no permit shall be issued for a municipal solid waste landfill which accepts solid waste generated from outside the county in which such landfill is located or, in the case of a regional landfill, from outside any of the counties or special districts empowered to engage in solid waste management activities constituting such region if any part of such site is within any area that has been designated by the director as a significant ground-water recharge area.

(b) In addition to the provisions of subsection (a) of this Code section, in the case of a regional municipal solid waste landfill where any part of such site is within any area

that has been designated by the director as a significant ground-water recharge area, no permit shall be issued for such regional landfill unless the boundaries of the counties or special districts empowered to engage in solid waste management activities are contiguous and such counties or special districts have entered into a joint contract for the collection and disposal of solid waste.

(e)(a) No permit or modification of an existing permit shall be issued for land application of untreated municipal sewage sludge located in an area designated by Hydrologic Atlas 18 prepared by the Department of Natural Resources as a significant ground-water recharge area including, but not limited to, those areas designated as probable areas of thick soils.

(d)(b) Notwithstanding any other provision of law or any administrative action, no permit shall be issued for a municipal solid waste landfill within two miles of a federally restricted military air space which is used for a bombing range. The provisions of this subsection shall apply to all permit applications pending on or submitted on or after the date this subsection becomes effective and to all permits denied prior to such date which are the subject of an appeal or judicial review pending on such date.

(c) No permit shall be issued for a solid waste disposal facility other than a permit-by-rule inert landfill or a solid waste handling facility other than a material recovery facility located within the boundaries of any municipal corporation having a population of 1,500 or less according to the United States decennial census of 1990 or any future such census and which is not included in the same regional solid waste plan or multijurisdictional solid waste plan developed pursuant to Code Section 12-8-31.1 without the express approval of the governing authority of each county encompassing any part of the boundary of the municipality in which the facility is proposed to be located. Such governing authority may consider, without limitation, such factors as the impact the proposed facility will have on the infrastructure, health and welfare, economy, environment, and ecology of the region. The provisions of this subsection shall apply to all permit applications pending on or submitted on or after the date this subsection becomes effective and shall apply to all permits issued prior to such date, which permits are the subject of an appeal or judicial review and such appeal or judicial review is in process.

(d) No new permit shall be issued prior to July 1, 1998, for a solid waste disposal facility other than a permit-by-rule inert waste landfill or a private industry solid waste disposal facility located within the boundaries of any municipal corporation existing within the boundaries of one or more counties which have enacted zoning ordinances unless such municipal corporation is included in a regional solid waste plan or multijurisdictional solid waste plan which also includes the county or counties in which the municipal corporation is located."

The following Committee substitute was read and adopted:

A RESOLUTION

To create the Gainesville-Hall County Task Force on Governmental Unification and provide for its composition, powers, and funding; to provide for a special election; and for other purposes.

WHEREAS, the voters of the City of Gainesville and Hall County have indicated an interest in having a study conducted of the advantages and disadvantages of consolidating the governments of that city and county; and

WHEREAS, until such a study can be completed, creation of a charter commission to implement such consolidation would be unnecessary; and

WHEREAS, the expenditure of city and county funds for a study of possible consolidation constitutes a valid public service for which public funds may be spent.

NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY OF GEORGIA that there is created the Gainesville-Hall County Task Force on Governmental Unification. The task force shall be composed of 19 members. Five members shall be appointed by the councilmembers of the City of Gainesville by each of such councilmembers appointing one member. One member who is a resident of the unincorporated part of the county shall be appointed by each member of the House of Representatives who represents a portion of Hall County. Four members who are residents of the unincorporated part of the county shall be appointed by the Senator from Hall County. One member shall be appointed by the governing authority of each of the following four cities: Flowery Branch, Clermont, Lula, and Gillsville. The governing authority of the City of Oakwood shall appoint two members. In the event that any municipality has failed to appoint the member or members authorized by April 15, 1996, the judges of the Superior Court of Hall County shall appoint such member or members. No member of the task force may be a current or former elected officer of Hall County or any municipality located therein. The chairperson of the board of commissioners of Hall County shall call the first meeting of the task force within 30 days after this resolution becomes effective at which meeting the task force shall elect from its members a chairperson and vice chairperson and otherwise organize itself. All decisions of the task force shall be made by a majority of members present. Thirteen members will be required to constitute a quorum. The task force shall operate according to Robert's Rules of Order.

BE IT FURTHER RESOLVED that members of the task force shall receive no compensation or expenses for their services upon the task force. The task force may employ no more than one staff member and may contract with persons or organizations with knowledge and expertise in governmental consolidation. The task force may accept donations, grants, or funds from any legal source. The task force may use the Georgia Mountains Regional Development Commission as the official repository of such funds. All local governments within Hall County are authorized to provide assistance to the task force.

BE IT FURTHER RESOLVED that the task force shall study all matters relating to consolidating the governments of the City of Gainesville and Hall County. It shall also explore alternatives other than consolidation to provide a more effective and efficient government for the county and the cities within the county in the event consolidation is not feasible or desirable. The task force shall issue a report of its findings no later than January 31, 1997, to the governing authorities of Hall County and the cities within Hall County, upon which date the task force shall be abolished. Those governing authorities shall make available at no cost to the public copies of such report and shall have published in the legal organ of Hall County for at least once a week for four consecutive weeks a notice specifying where such copies may be obtained. The cost of such copies and notice shall be paid from funds donated, granted, or received by the task force.
